Analysis and Adjustment of Sales

Adjustments are considered for the following factors in the sequence shown below.

Transactional Adjustments***Real Property Rights Conveyed***

All the comparables represent fee simple estate transactions. Therefore, adjustments for property rights are not necessary.

Financing Terms

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

A market conditions adjustment is applied when market conditions at the time of sale differ from market conditions as of the effective date of value. Adjustments can be positive when prices are rising, or negative when markets are challenged by factors such as a deterioration of the economy or adverse changes in supply and/or demand in the market area. Consideration must also be given to when the property was placed under contract, versus when the sale actually closed.

In evaluating market conditions, changes between the comparable sale date and the effective date of this appraisal may warrant adjustment; however, if market conditions have not changed, then no adjustment is required.

In addition to transaction data, which is slowly materializing, we have interviewed market participants (developers, investors, lenders, brokers) as a leading indicator of where the market is currently, and where they believe the market is heading. These survey results have been analyzed and incorporated into our analysis and conclusions.

The sales took place from August 2022 to July 2024. Market conditions had generally been strengthening prior to the rapid interest rate hikes in 2022 and remained relatively stable. Thus, no change from June 1, 2022, through the effective date of value.

Property Adjustments***Location***

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values.

All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes.

Sale 5 is similar to the subject and requires no adjustment. Sales 1, 2, 3, 4, 6 and 7 are superior to the subject. Downward adjustments are applied.

Size

Due to economies of scale, the market exhibits an inverse relationship between land area and price per square foot, such that larger sites generally sell for a lower price per square foot than smaller lots, all else being equal. To account for this relationship, applicable adjustments are applied for differences in land area. The comparables that are larger than the subject are adjusted upward, and vice versa.

Sales 1, 2, 3, 4 and 5 are similar to the subject and require no adjustment. Sales 6 and 7 are larger than the subject and require upward adjustments.

Shape and Topography

This category accounts for the shape of the site influencing its overall utility and/or development potential, as well as the grade of the land.

All of the comparables are similar to the subject. No adjustments are necessary.

Zoning

This element of comparison accounts for government regulations that can affect the types and intensities of uses allowable on a site. Moreover, this category includes considerations such as allowable density or floor area ratio, structure height, setbacks, parking requirements, landscaping, and other development standards. The subject has a zoning designation of PUD (Planned Unit Development) - Mixed-use.

Sales 6 and 7 are similar to the subject and require no adjustment. Sales 1, 2, 3, 4 and 5 are inferior to the subject. Upward adjustments are applied.

Adjustments Summary

The sales are compared to the subject and adjusted to account for material differences that affect value. The following table summarizes the adjustments applied to each sale.

Land Value Conclusion – Lot 7

Prior to adjustments, the sales reflect a range of \$18.00 - \$28.40 per usable square foot. After adjustment, the range is narrowed to \$22.50 - \$24.06 per usable square foot, with an average of \$23.08 per usable square foot. To arrive at an indication of value, equal weight is given to all sales.

Based upon the preceding analysis, the land value conclusion is as follows:

Land Value Conclusion

Indicated Value per Usable Square Foot	\$23.00
Subject Usable Square Feet	118,309
Indicated Value	\$2,721,106
Rounded	\$2,720,000

Lot 8 (2.660 Acres; 115,870 SF)

To apply the sales comparison approach to Lot 8, the research focused on transactions within the following parameters:

- Location: General Market Area
- Size: Less than 4.0 acres
- Use: Commercial
- Transaction Date: Past 24 months

For this analysis, price per usable square foot is used as the appropriate unit of comparison. The most relevant sales are summarized in the following table.

Analysis and Adjustment of Sales

Adjustments are considered for the following factors in the sequence shown below.

Transactional Adjustments***Real Property Rights Conveyed***

All the comparables represent fee simple estate transactions. Therefore, adjustments for property rights are not necessary.

Financing Terms

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

A market conditions adjustment is applied when market conditions at the time of sale differ from market conditions as of the effective date of value. Adjustments can be positive when prices are rising, or negative when markets are challenged by factors such as a deterioration of the economy or adverse changes in supply and/or demand in the market area. Consideration must also be given to when the property was placed under contract, versus when the sale actually closed.

In evaluating market conditions, changes between the comparable sale date and the effective date of this appraisal may warrant adjustment; however, if market conditions have not changed, then no adjustment is required.

In addition to transaction data, which is slowly materializing, we have interviewed market participants (developers, investors, lenders, brokers) as a leading indicator of where the market is currently, and where they believe the market is heading. These survey results have been analyzed and incorporated into our analysis and conclusions.

The sales took place from October 2022 to July 2024. Market conditions had generally been strengthening prior to the rapid interest rate hikes in 2022 and remained relatively stable. Thus, no change from June 1, 2022, through the effective date of value.

Property Adjustments***Location***

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values.

All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes.

Sale 5 is similar to the subject and requires no adjustment. Sales 1, 2, 3 and 4 are superior to the subject. Downward adjustments are applied.

Size

Due to economies of scale, the market exhibits an inverse relationship between land area and price per square foot, such that larger sites generally sell for a lower price per square foot than smaller lots, all else being equal. To account for this relationship, applicable adjustments are applied for differences in land area. The comparables that are larger than the subject are adjusted upward, and vice versa.

All of the comparables are similar to the subject. No adjustments are necessary.

Shape and Topography

This category accounts for the shape of the site influencing its overall utility and/or development potential, as well as the grade of the land.

All of the comparables are similar to the subject. No adjustments are necessary.

Zoning

This element of comparison accounts for government regulations that can affect the types and intensities of uses allowable on a site. Moreover, this category includes considerations such as allowable density or floor area ratio, structure height, setbacks, parking requirements, landscaping, and other development standards. The subject has a zoning designation of PUD (Planned Unit Development) - Mixed-use.

All of the comparables are similar to the subject. No adjustments are necessary.

Analysis and Adjustment of Sales

Adjustments are considered for the following factors in the sequence shown below.

Transactional Adjustments***Real Property Rights Conveyed***

All the comparables represent fee simple estate transactions. Therefore, adjustments for property rights are not necessary.

Financing Terms

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

A market conditions adjustment is applied when market conditions at the time of sale differ from market conditions as of the effective date of value. Adjustments can be positive when prices are rising, or negative when markets are challenged by factors such as a deterioration of the economy or adverse changes in supply and/or demand in the market area. Consideration must also be given to when the property was placed under contract, versus when the sale actually closed.

In evaluating market conditions, changes between the comparable sale date and the effective date of this appraisal may warrant adjustment; however, if market conditions have not changed, then no adjustment is required.

In addition to transaction data, which is slowly materializing, we have interviewed market participants (developers, investors, lenders, brokers) as a leading indicator of where the market is currently, and where they believe the market is heading. These survey results have been analyzed and incorporated into our analysis and conclusions.

The sales took place from August 2022 to July 2024. Market conditions had generally been strengthening prior to the rapid interest rate hikes in 2022 and remained relatively stable. Thus, no change from June 1, 2022, through the effective date of value.

Property Adjustments***Location***

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values.

All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes.

Sale 5 is similar to the subject and requires no adjustment. Sales 1, 2, 3, 4, 6 and 7 are superior to the subject. Downward adjustments are applied.

Size

Due to economies of scale, the market exhibits an inverse relationship between land area and price per square foot, such that larger sites generally sell for a lower price per square foot than smaller lots, all else being equal. To account for this relationship, applicable adjustments are applied for differences in land area. The comparables that are larger than the subject are adjusted upward, and vice versa.

Sales 1, 2, 3, 4 and 5 are similar to the subject and require no adjustment. Sales 6 and 7 are larger than the subject and require upward adjustments.

Shape and Topography

This category accounts for the shape of the site influencing its overall utility and/or development potential, as well as the grade of the land.

All of the comparables are similar to the subject. No adjustments are necessary.

Zoning

This element of comparison accounts for government regulations that can affect the types and intensities of uses allowable on a site. Moreover, this category includes considerations such as allowable density or floor area ratio, structure height, setbacks, parking requirements, landscaping, and other development standards. The subject has a zoning designation of PUD (Planned Unit Development) - Mixed-use.

Sales 6 and 7 are similar to the subject and require no adjustment. Sales 1, 2, 3, 4 and 5 are inferior to the subject. Upward adjustments are applied.

Adjustments Summary

The sales are compared to the subject and adjusted to account for material differences that affect value. The following table summarizes the adjustments applied to each sale.

Land Value Conclusion – Lot 9

Prior to adjustments, the sales reflect a range of \$18.00 - \$28.40 per usable square foot. After adjustment, the range is narrowed to \$22.50 - \$24.06 per usable square foot, with an average of \$23.08 per usable square foot. To arrive at an indication of value, equal weight is given to all sales.

Based upon the preceding analysis, the land value conclusion is as follows:

Land Value Conclusion

Indicated Value per Usable Square Foot	\$23.00
Subject Usable Square Feet	133,816
Indicated Value	\$3,077,775
Rounded	\$3,080,000

Lot 10 (3.687 Acres; 160,606 SF)

To apply the sales comparison approach to Lot 10, the research focused on transactions within the following parameters:

- Location: General Market Area
- Size: Less than 4.0 acres
- Use: Commercial
- Transaction Date: Past 24 months

For this analysis, price per usable square foot is used as the appropriate unit of comparison. The most relevant sales are summarized in the following table.

Summary of Comparable Land Sales - Lot 10

No.	Name/Address	Sale Date; Status	Sale Price	SF; Acres	Usable SF; Usable Acres	Zoning	\$/SF Land	\$/Usable SF
1	Land - FM 528 Southwest corner of FM 528 and Madison Avenue Friendswood Harris County TX <i>Comments: This site was purchased for retail/office development. No on-site retention required. Analysis and Adjustment of Sales

Adjustments are considered for the following factors in the sequence shown below.

Transactional Adjustments

Real Property Rights Conveyed

All the comparables represent fee simple estate transactions. Therefore, adjustments for property rights are not necessary.

Financing Terms

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

A market conditions adjustment is applied when market conditions at the time of sale differ from market conditions as of the effective date of value. Adjustments can be positive when prices are rising, or negative when markets are challenged by factors such as a deterioration of the economy or adverse changes in supply and/or demand in the market area. Consideration must also be given to when the property was placed under contract, versus when the sale actually closed.

In evaluating market conditions, changes between the comparable sale date and the effective date of this appraisal may warrant adjustment; however, if market conditions have not changed, then no adjustment is required.

In addition to transaction data, which is slowly materializing, we have interviewed market participants (developers, investors, lenders, brokers) as a leading indicator of where the market is currently, and where they believe the market is heading. These survey results have been analyzed and incorporated into our analysis and conclusions.

The sales took place from October 2022 to July 2024. Market conditions had generally been strengthening prior to the rapid interest rate hikes in 2022 and remained relatively stable. Thus, no change from June 1, 2022, through the effective date of value.

Property Adjustments

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values.

All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes.

Sale 5 is similar to the subject and requires no adjustment. Sales 1, 2, 3 and 4 are superior to the subject. Downward adjustments are applied.

Size

Due to economies of scale, the market exhibits an inverse relationship between land area and price per square foot, such that larger sites generally sell for a lower price per square foot than smaller lots, all else being equal. To account for this relationship, applicable adjustments are applied for differences in land area. The comparables that are larger than the subject are adjusted upward, and vice versa.

All of the comparables are similar to the subject. No adjustments are necessary.

Shape and Topography

This category accounts for the shape of the site influencing its overall utility and/or development potential, as well as the grade of the land.

All of the comparables are similar to the subject. No adjustments are necessary.

Zoning

This element of comparison accounts for government regulations that can affect the types and intensities of uses allowable on a site. Moreover, this category includes considerations such as allowable density or floor area ratio, structure height, setbacks, parking requirements, landscaping, and other development standards. The subject has a zoning designation of PUD (Planned Unit Development) - Mixed-use.

All of the comparables are similar to the subject. No adjustments are necessary.

Adjustments Summary

The sales are compared to the subject and adjusted to account for material differences that affect value. The following table summarizes the adjustments applied to each sale.

Land Sales Adjustment Grid - Lot 10

Land Value Conclusion – Lot 10

Prior to adjustments, the sales reflect a range of \$18.00 - \$22.91 per usable square foot. After adjustment, the range is narrowed to \$18.00 - \$18.33 per usable square foot, with an average of \$18.11 per usable square foot. To arrive at an indication of value, equal weight is given to all sales.

Based upon the preceding analysis, the land value conclusion is as follows:

Land Value Conclusion	
Indicated Value per Usable Square Foot	\$18.00
Subject Usable Square Feet	160,606
Indicated Value	\$2,890,903
Rounded	\$2,890,000

Lot 11 (1.806 Acres; 78,675 SF)

To apply the sales comparison approach to Lot 11, the research focused on transactions within the following parameters:

- Location: General Market Area
- Size: Less than 4.0 acres
- Use: Commercial
- Transaction Date: Past 24 months

For this analysis, price per usable square foot is used as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis. The most relevant sales are summarized in the following table:

Analysis and Adjustment of Sales

Adjustments are considered for the following factors in the sequence shown below.

Transactional Adjustments

Real Property Rights Conveyed

All the comparables represent fee simple estate transactions. Therefore, adjustments for property rights are not necessary.

Financing Terms

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

A market conditions adjustment is applied when market conditions at the time of sale differ from market conditions as of the effective date of value. Adjustments can be positive when prices are rising, or negative when markets are challenged by factors such as a deterioration of the economy or adverse changes in supply and/or demand in the market area. Consideration must also be given to when the property was placed under contract, versus when the sale actually closed.

In evaluating market conditions, changes between the comparable sale date and the effective date of this appraisal may warrant adjustment; however, if market conditions have not changed, then no adjustment is required.

In addition to transaction data, which is slowly materializing, we have interviewed market participants (developers, investors, lenders, brokers) as a leading indicator of where the market is currently, and where they believe the market is heading. These survey results have been analyzed and incorporated into our analysis and conclusions.

The sales took place from August 2022 to March 2024. Market conditions had generally been strengthening prior to the rapid interest rate hikes in 2022 and remained relatively stable. Thus, no change from June 1, 2022, through the effective date of value.

Property Adjustments

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values.

All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes.

Sale 2 is similar to the subject and requires no adjustment. Sales 1 and 4 are superior to the subject. Downward adjustments are applied. Sales 3 and 5 are inferior to the subject. Upward adjustments are applied.

Size

Due to economies of scale, the market exhibits an inverse relationship between land area and price per square foot, such that larger sites generally sell for a lower price per square foot than smaller lots, all else being equal. To account for this relationship, applicable adjustments are applied for differences in land area. The comparables that are larger than the subject are adjusted upward, and vice versa.

All of the comparables are similar to the subject. No adjustments are necessary.

Shape and Topography

This category accounts for the shape of the site influencing its overall utility and/or development potential, as well as the grade of the land.

Sales 1, 2, 4 and 5 are similar to the subject and require no adjustment. Sale 3 is inferior to the subject. An upward adjustment is applied.

Zoning

This element of comparison accounts for government regulations that can affect the types and intensities of uses allowable on a site. Moreover, this category includes considerations such as allowable density or floor area ratio, structure height, setbacks, parking requirements, landscaping, and other development standards. The subject has a zoning designation of PUD (Planned Unit Development) - Mixed-use.

Sales 1, 2, 3 and 4 are similar to the subject and require no adjustment. Sale 5 is inferior to the subject. An upward adjustment is applied.

Adjustments Summary

The sales are compared to the subject and adjusted to account for material differences that affect value. The following table summarizes the adjustments applied to each sale.

Land Sales Adjustment Grid - Lot 12

	Subject	Comparable 1	Comparable 2	Comparable 3	Comparable 4	Comparable 5

Average		\$20.95				
Indicated Value		\$21.00				

Land Value Conclusion – Lot 12

Prior to adjustments, the sales reflect a range of \$12.00 - \$28.40 per usable square foot. After adjustment, the range is narrowed to \$19.77 - \$22.72 per usable square foot, with an average of \$20.95 per usable square foot. To arrive at an indication of value, equal weight is given to all sales.

Based on the preceding analysis, the land value conclusion is as follows:

Land Value Conclusion	
Indicated Value per Usable Square Foot	\$21.00
Subject Usable Square Feet	762,937
Indicated Value	\$16,021,677
Rounded	\$16,020,000

Summary of Land Values

Based upon this analysis, the individual lot values are summarized as follows:

Summary of Land Values					
Parcel	Unit of Comparison	Usable SF	Indicated Value per Usable Square Foot	Indicated Value	Rounded
Lot 1	Usable SF	72,266	\$20.00	\$1,445,321	\$1,450,000
Lot 2	Usable SF	64,207	\$20.00	\$1,284,149	\$1,280,000

Sales Comparison Approach – Retail Buildings 1-5

The sales comparison approach develops an indication of value by comparing the subject to sales of similar properties. The steps taken to apply the sales comparison approach are:

- Identify relevant property sales;
- Research, assemble, and verify pertinent data for the most relevant sales;
- Analyze the sales for material differences in comparison to the subject;
- Reconcile the analysis of the sales into a value indication for the subject.

As previously discussed, the subject’s proposed retail improvements are valued individually and assumed to be stabilized as of the prospective date of completion, May 31, 2025.

Building Areas

Name	Gross SF	Rentable SF	Unit of Comparison
Retail Lot 1	15,374	15,374	Rentable SF
Retail Lot 2	14,880	14,880	Rentable SF
Retail Lot 3	16,608	16,608	Rentable SF
Retail Lot 4	14,862	14,862	Rentable SF
Retail Lot 5	14,684	14,684	Rentable SF
TOTAL	76,408	76,408	

Retail Building 1 (15,374 SF)

The sales comparison approach develops an indication of value by comparing the subject to sales of similar properties. The steps taken to apply the sales comparison approach are:

- Identify relevant property sales;
- Research, assemble, and verify pertinent data for the most relevant sales;
- Analyze the sales for material differences in comparison to the subject;
- Reconcile the analysis of the sales into a value indication for the subject.

To apply the sales comparison approach, the research focused on transactions within the following parameters:

- Property Type: Retail Shopping Center
- Location: Houston-The Woodlands-Sugar Land MSA
- Size: 5,000 – 20,000 SF
- Age/Quality: New construction
- Transaction Date: Most recent available

For this analysis, price per square foot of gross leasable area is used as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis. The sales considered most relevant are summarized in the following table.

Summary of Comparable Improved Sales

No.	Name/Address	Sale Date; Status	Yr. Blt.; # Stories; % Occ.	Acres; FAR; Parking Ratio	Sale Price	Leasable SF	\$/Leasable SF	Cap Rate

Analysis and Adjustment of Sales

Adjustments are considered for the following factors, in the sequence shown below.

Transactional Adjustments

Real Property Rights Conveyed

All of the comparables represent leased fee simple transactions, and adjustments for property rights are not necessary.

Financing

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

The sales took place from January 2022 to November 2023. According to Costar analytics, the subject's submarket has experienced positive price growth of 3.58% and 1.60% over the past two years, respectively. However, Costar projects negative price growth of 7.52% over the next 12 months. Accordingly, the adjustment grid accounts for this trend with upward adjustments of 2.00% through year-end 2023 and no adjustment through the date of completion.

Market Conditions Adjustment						
Comp #	1	2	3	4	5	
Sale Date	11/14/2023	10/10/2023	9/26/2023	7/18/2023	1/5/2022	
Date	Annual Growth Rate					
12/31/2023	2%	0.26%	0.45%	0.53%	0.91%	3.97%
5/31/2025	0%	0.00%	0.00%	0.00%	0.00%	0.00%
Total		0.26%	0.45%	0.53%	0.91%	3.97%
Rounded		0%	0%	1%	1%	4%

Property Adjustments

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values. All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes. Sales 2, 3, 4 and 5 are similar to the subject and require no adjustment. Sale 1 is superior to the subject. A downward adjustment is applied.

Building Size

Due to economies of scale, the market exhibits an inverse relationship between building area and price per square foot such that larger buildings sell for a lower price per square foot than smaller buildings, all else being equal. To account for this relationship, applicable adjustments are applied for differences in building area. The comparables that are larger than the subject are adjusted upward, and vice versa. Sales 1 and 5 are similar to the subject and require no adjustment. Sales 2, 3 and 4 are smaller than the subject, and downward adjustments are applied.

Effective Age/Condition

While year built can give insight into the utility of a property, the more important consideration is the level of condition and modernization of the property. The subject is proposed to be completed in 2025. Comparables exhibiting newer effective ages are adjusted downward to reflect the discrepancy in remaining economic life, and vice versa. All of the comparables are older than the subject. Upward adjustments are applied.

Quality of Construction

This category accounts for construction quality, amenities, market appeal and functional utility. All of the comparables are similar to the subject. No adjustments are necessary.

Anchor Strength

Retail sites benefit greatly from a strong anchored shopping center. The value of the site is greatly influenced by the additional foot traffic that a strong anchor draws to the center. All of the comparables are similar to the subject. No adjustments are necessary.

Economic Characteristics

Items considered in this category consist of non-stabilized occupancy, above/below market rents, tenant mix, and other economic factors. Excluded are differences in rent levels that are already considered in previous adjustments, such as for location or quality. Note: these adjustments are made as refinements. Care is made to avoid double-counting adjustments previously applied. All of the comparables are similar to the subject. No adjustments are necessary.

Adjustments Summary

The following table summarizes the adjustments discussed above and applied to each sale.

Improved Sales Adjustment Grid

	Subject	Comparable 1	Comparable 2	Comparable 3	Comparable 4	Comparable 5

Range of Adjusted Prices		\$527.37 - \$585.07				
Average		\$545.27				
Indicated Value		\$545.00				

Value Indication

Prior to adjustment, the sales reflect a range of \$528.80 - \$548.37 per square foot. After adjustment, the range is narrowed to \$527.37 - \$585.07 per square foot, with an average of \$545.27 per square foot. To arrive at an indication of stabilized market value, we place generally equal weight on each comparable.

Based on the preceding analysis, the value indication by the sales comparison approach is as follows:

Value Indication by Sales Comparison	
Indicated Value per SF	\$545.00
Subject Square Feet	15,374
Rounded	\$8,380,000
Indicated Value	\$8,378,830
Rounded	\$8,380,000

Retail Building 2 (14,880 SF)

To apply the sales comparison approach, we utilized the same comparable sales set used to estimate stabilized market value of Retail Building 2.

For this analysis, price per square foot of gross leasable area is used as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis. The sales considered most relevant are summarized in the following table.

Summary of Comparable Improved Sales								
No.	Name/Address	Sale Date; Status	Yr. Blt.; # Stories; % Occ.	Acres; FAR; Parking Ratio	Sale Price	Leasable SF	\$/Leasable SF	Cap Rate

Analysis and Adjustment of Sales

Adjustments are considered for the following factors, in the sequence shown below.

Transactional Adjustments

Real Property Rights Conveyed

All of the comparables represent leased fee simple transactions, and adjustments for property rights are not necessary.

Financing

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

The sales took place from January 2022 to November 2023. According to Costar analytics, the subject's submarket has experienced positive price growth of 3.58% and 1.60% over the past two years, respectively. However, Costar projects negative price growth of 7.52% over the next 12 months. Accordingly, the adjustment grid accounts for this trend with upward adjustments of 2.00% through year-end 2023 and no adjustment through the date of completion.

Market Conditions Adjustment						
Comp #	1	2	3	4	5

Property Adjustments

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values. All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes. Sales 2, 3, 4 and 5 are similar to the subject and require no adjustment. Sale 1 is superior to the subject. A downward adjustment is applied.

Building Size

Due to economies of scale, the market exhibits an inverse relationship between building area and price per square foot such that larger buildings sell for a lower price per square foot than smaller buildings, all else being equal. To account for this relationship, applicable adjustments are applied for differences in building area. The comparables that are larger than the subject are adjusted upward, and vice versa. Sales 1 and 5 are similar to the subject and require no adjustment. Sales 2, 3 and 4 are smaller than the subject, and downward adjustments are applied.

Effective Age/Condition

While year built can give insight into the utility of a property, the more important consideration is the level of condition and modernization of the property. The subject is proposed to be completed in 2025. Comparables exhibiting newer effective ages are adjusted downward to reflect the discrepancy in remaining economic life, and vice versa. All of the comparables are older than the subject. Upward adjustments are applied.

Quality of Construction

This category accounts for construction quality, amenities, market appeal and functional utility. All of the comparables are similar to the subject. No adjustments are necessary.

Anchor Strength

Retail sites benefit greatly from a strong anchored shopping center. The value of the site is greatly influenced by the additional foot traffic that a strong anchor draws to the center. All of the comparables are similar to the subject. No adjustments are necessary.

Economic Characteristics

Items considered in this category consist of non-stabilized occupancy, above/below market rents, tenant mix, and other economic factors. Excluded are differences in rent levels that are already considered in previous adjustments, such as for location or quality. Note: these adjustments are made as refinements. Care is made to avoid double-counting adjustments previously applied. All of the comparables are similar to the subject. No adjustments are necessary.

Adjustments Summary

The following table summarizes the adjustments discussed above and applied to each sale.

Improved Sales Adjustment Grid

	Subject	Comparable 1	Comparable 2	Comparable 3	Comparable 4	Comparable 5

Range of Adjusted Prices						
		\$529.16 - \$585.07				
Average		\$546.34				
Indicated Value		\$546.50				

Value Indication

Prior to adjustment, the sales reflect a range of \$528.80 - \$548.37 per square foot. After adjustment, the range is narrowed to \$529.16 - \$585.07 per square foot, with an average of \$546.34 per square foot. To arrive at an indication of stabilized market value, we place generally equal weight on each comparable.

Based on the preceding analysis, the value indication by the sales comparison approach is as follows:

Value Indication by Sales Comparison	
Indicated Value per SF	\$546.50
Subject Square Feet	14,880
Rounded	\$8,130,000
Indicated Value	\$8,131,920
Rounded	\$8,130,000

Retail Building 3 (16,608 SF)

To apply the sales comparison approach, we utilized the same comparable sales set used to estimate stabilized market value of Retail Building 3.

For this analysis, price per square foot of gross leasable area is used as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis. The sales considered most relevant are summarized in the following table.

Summary of Comparable Improved Sales								
No.	Name/Address	Sale Date; Status	Yr. Bldg; # Stories; % Occ.	Acres; FAR; Parking Ratio	Sale Price	Leasable SF	\$/Leasable SF	Cap Rate
1	R/C - Katy Green 19111 Katy Fwy Houston Harris County TX	Nov-23 Closed	2017 1 100%	1.77 0.20 2.50/1,000	\$8,025,000	15,176	\$528.80	6.75%
<i>Comments: This comparable represents a sale of a 15,176 SF multi-tenant retail center. The property was 100% leased at the time of sale with an NOI of \$541,688, which equates to a cap rate of 6.75%.</i>								
2	Citadel Retail Center 137 Citadel Way Sugar Land Fort Bend County TX	Oct-23 Closed	2022 1 100%	1.48 0.10 7.69/1,000	\$3,530,883	6,500	\$543.21	6.00%
<i>Comments: The property was 100% leased to Popeyes (2,300 SF) and Paragon Health (4,300 SF) at the time of sale. Popeyes leased their space for a 20-year term with (4) 5-year renewal options. Paragon Health leased their space for a 5-year term with (1) 5-year renewal option.</i>

Analysis and Adjustment of Sales

Adjustments are considered for the following factors, in the sequence shown below.

Transactional Adjustments

Real Property Rights Conveyed

All of the comparables represent leased fee simple transactions, and adjustments for property rights are not necessary.

Financing

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

The sales took place from January 2022 to November 2023. According to Costar analytics, the subject's submarket has experienced positive price growth of 3.58% and 1.60% over the past two years, respectively. However, Costar projects negative price growth of 7.52% over the next 12 months. Accordingly, the adjustment grid accounts for this trend with upward adjustments of 2.00% through year-end 2023 and no adjustment through the date of completion.

Market Conditions Adjustment						
Comp #	1	2	3	4	5	
Sale Date	11/14/2023	10/10/2023	9/26/2023	7/18/2023	1/5/2022

5/31/2025	0%	0.00%	0.00%	0.00%	0.00%	0.00%
Total		0.26%	0.45%	0.53%	0.91%	3.97%
Rounded		0%	0%	1%	1%	4%

Property Adjustments

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values. All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes. Sales 2, 3, 4 and 5 are similar to the subject and require no adjustment. Sale 1 is superior to the subject. A downward adjustment is applied.

Building Size

Due to economies of scale, the market exhibits an inverse relationship between building area and price per square foot such that larger buildings sell for a lower price per square foot than smaller buildings, all else being equal. To account for this relationship, applicable adjustments are applied for differences in building area. The comparables that are larger than the subject are adjusted upward, and vice versa. Sales 1 and 5 are similar to the subject and require no adjustment. Sales 2, 3 and 4 are smaller than the subject, and downward adjustments are applied.

Effective Age/Condition

While year built can give insight into the utility of a property, the more important consideration is the level of condition and modernization of the property. The subject is proposed to be completed in 2025. Comparables exhibiting newer effective ages are adjusted downward to reflect the discrepancy in remaining economic life, and vice versa. All of the comparables are older than the subject. Upward adjustments are applied.

Quality of Construction

This category accounts for construction quality, amenities, market appeal and functional utility. All of the comparables are similar to the subject. No adjustments are necessary.

Anchor Strength

Retail sites benefit greatly from a strong anchored shopping center. The value of the site is greatly influenced by the additional foot traffic that a strong anchor draws to the center. All of the comparables are similar to the subject. No adjustments are necessary.

Economic Characteristics

Items considered in this category consist of non-stabilized occupancy, above/below market rents, tenant mix, and other economic factors. Excluded are differences in rent levels that are already considered in previous adjustments, such as for location or quality. Note: these adjustments are made as refinements. Care is made to avoid double-counting adjustments previously applied. All of the comparables are similar to the subject. No adjustments are necessary.

Adjustments Summary

The following table summarizes the adjustments discussed above and applied to each sale.

Improved Sales Adjustment Grid

Range of Adjusted Prices		\$522.90 - \$585.07				
Average		\$542.58				
Indicated Value		\$542.50				

Value Indication

Prior to adjustment, the sales reflect a range of \$528.80 - \$548.37 per square foot. After adjustment, the range is narrowed to \$522.90 - \$585.07 per square foot, with an average of \$542.58 per square foot. To arrive at an indication of stabilized market value, we place generally equal weight on each comparable.

Based on the preceding analysis, the value indication by the sales comparison approach is as follows:

Value Indication by Sales Comparison	
Indicated Value per SF	\$542.50
Subject Square Feet	16,608
Rounded	\$9,010,000
Indicated Value	\$9,009,840
Rounded	\$9,010,000

Retail Building 4 (14,862 SF)

To apply the sales comparison approach, we utilized the same comparable sales set used to estimate stabilized market value of Retail Building 4.

For this analysis, price per square foot of gross leasable area is used as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis. The sales considered most relevant are summarized in the following table.

Summary of Comparable Improved Sales								
No.	Name/Address	Sale Date; Status	Yr. Bldg; # Stories; % Occ.	Acres; FAR; Parking Ratio	Sale Price	Leasable SF	\$/Leasable SF	Cap Rate

Analysis and Adjustment of Sales

Adjustments are considered for the following factors, in the sequence shown below.

Transactional Adjustments

Real Property Rights Conveyed

All of the comparables represent leased fee simple transactions, and adjustments for property rights are not necessary.

Financing

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

The sales took place from January 2022 to November 2023. According to Costar analytics, the subject's submarket has experienced positive price growth of 3.58% and 1.60% over the past two years, respectively. However, Costar projects negative price growth of 7.52% over the next 12 months. Accordingly, the adjustment grid accounts for this trend with upward adjustments of 2.00% through year-end 2023 and no adjustment through the date of completion.

Market Conditions Adjustment						
Comp #	1	2	3	4	5

Property Adjustments

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values. All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes. Sales 2, 3, 4 and 5 are similar to the subject and require no adjustment. Sale 1 is superior to the subject. A downward adjustment is applied.

Building Size

Due to economies of scale, the market exhibits an inverse relationship between building area and price per square foot such that larger buildings sell for a lower price per square foot than smaller buildings, all else being equal. To account for this relationship, applicable adjustments are applied for differences in building area. The comparables that are larger than the subject are adjusted upward, and vice versa. Sales 1 and 5 are similar to the subject and require no adjustment. Sales 2, 3 and 4 are smaller than the subject, and downward adjustments are applied.

Effective Age/Condition

While year built can give insight into the utility of a property, the more important consideration is the level of condition and modernization of the property. The subject is proposed to be completed in 2025. Comparables exhibiting newer effective ages are adjusted downward to reflect the discrepancy in remaining economic life, and vice versa. All of the comparables are older than the subject. Upward adjustments are applied.

Quality of Construction

This category accounts for construction quality, amenities, market appeal and functional utility. All of the comparables are similar to the subject. No adjustments are necessary.

Anchor Strength

Retail sites benefit greatly from a strong anchored shopping center. The value of the site is greatly influenced by the additional foot traffic that a strong anchor draws to the center. All of the comparables are similar to the subject. No adjustments are necessary.

Economic Characteristics

Items considered in this category consist of non-stabilized occupancy, above/below market rents, tenant mix, and other economic factors. Excluded are differences in rent levels that are already considered in previous adjustments, such as for location or quality. Note: these adjustments are made as refinements. Care is made to avoid double-counting adjustments previously applied. All of the comparables are similar to the subject. No adjustments are necessary.

Adjustments Summary

The following table summarizes the adjustments discussed above and applied to each sale.

Economic Characteristics		—	—	—	—	—
Net Property Adjustments (\$)		\$15.86	-\$13.99	-\$1.74	-\$16.11	\$22.50
Net Property Adjustments (%)		3%	-3%	0%	-3%	4%
Final Adjusted Price		\$544.66	\$529.23	\$535.22	\$537.74	\$585.07
Range of Adjusted Prices		\$529.23 - \$585.07				
Average		\$546.38				
Indicated Value		\$546.50				

Value Indication

Prior to adjustment, the sales reflect a range of \$528.80 - \$548.37 per square foot. After adjustment, the range is narrowed to \$529.23 - \$585.07 per square foot, with an average of \$546.38 per square foot. To arrive at an indication of stabilized market value, we place generally equal weight on each comparable.

Based on the preceding analysis, the value indication by the sales comparison approach is as follows:

Value Indication by Sales Comparison	
Indicated Value per SF	\$546.50
Subject Square Feet	14,862
Rounded	\$8,120,000
Indicated Value	\$8,122,083
Rounded	\$8,120,000

Retail Building 5 (14,684 SF)

To apply the sales comparison approach, we utilized the same comparable sales set used to estimate stabilized market value of Retail Building 5.

For this analysis, price per square foot of gross leasable area is used as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis. The sales considered most relevant are summarized in the following table.

Summary of Comparable Improved Sales								
No.	Name/Address	Sale Date; Status	Yr. Bldg; # Stories; % Occ.	Acres; FAR; Parking Ratio	Sale Price	Leasable SF	\$/Leasable SF	Cap Rate
1	R/C - Katy Green 19111 Katy Fwy Houston Harris County TX	Nov-23 Closed	2017 1 100%	1.77 0.20 2.50/1,000	\$8,025,000	15,176	\$528.80	6.75%
<i>Comments: This comparable represents a sale of a 15,176 SF multi-tenant retail center. The property was 100% leased at the time of sale with an NOI of \$541,688, which equates to a cap rate of 6.75%.</i>								
2	Citadel Retail Center 137 Citadel Way Sugar Land Fort Bend County TX	Oct-23 Closed	2022 1 100%	1.48 0.10 7.69/1,000	\$3,530,883	6,500	\$543.21	6.00%
<i>Comments: The property was 100% leased to Popeyes (2,300 SF) and Paragon Health (4,300 SF) at the time of sale. Popeyes leased their space for a 20-year term with (4) 5-year renewal options. Paragon Health leased their space for a 5-year term with (1) 5-year renewal option.</i>

Analysis and Adjustment of Sales

Adjustments are considered for the following factors, in the sequence shown below.

Transactional Adjustments

Real Property Rights Conveyed

All of the comparables represent leased fee simple transactions, and adjustments for property rights are not necessary.

Financing

The comparable sales represented cash-to-seller transactions and, therefore, do not require adjustment.

Conditions of Sale

None of the comparable sales had atypical or unusual conditions of sale. Thus, adjustments are not necessary.

Expenditures Made Immediately After Purchase

There were no issues of deferred maintenance reported for any of the properties. No adjustments are required for expenditures after sale.

Market Conditions

The sales took place from January 2022 to November 2023. According to Costar analytics, the subject's submarket has experienced positive price growth of 3.58% and 1.60% over the past two years, respectively. However, Costar projects negative price growth of 7.52% over the next 12 months. Accordingly, the adjustment grid accounts for this trend with upward adjustments of 2.00% through year-end 2023 and no adjustment through the date of completion.

Market Conditions Adjustment						
Comp #	1	2	3	4	5	
Sale Date	11/14/2023	10/10/2023	9/26/2023	7/18/2023	1/5/2022	
Date	Annual Growth Rate

5/31/2025	0%	0.00%	0.00%	0.00%	0.00%	0.00%
Total		0.26%	0.45%	0.53%	0.91%	3.97%
Rounded		0%	0%	1%	1%	4%

Property Adjustments

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values. All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes. Sales 2, 3, 4 and 5 are similar to the subject and require no adjustment. Sale 1 is superior to the subject. A downward adjustment is applied.

Building Size

Due to economies of scale, the market exhibits an inverse relationship between building area and price per square foot such that larger buildings sell for a lower price per square foot than smaller buildings, all else being equal. To account for this relationship, applicable adjustments are applied for differences in building area. The comparables that are larger than the subject are adjusted upward, and vice versa. Sales 1 and 5 are similar to the subject and require no adjustment. Sales 2, 3 and 4 are smaller than the subject, and downward adjustments are applied.

Effective Age/Condition

While year built can give insight into the utility of a property, the more important consideration is the level of condition and modernization of the property. The subject is proposed to be completed in 2025. Comparables exhibiting newer effective ages are adjusted downward to reflect the discrepancy in remaining economic life, and vice versa. All of the comparables are older than the subject. Upward adjustments are applied.

Quality of Construction

This category accounts for construction quality, amenities, market appeal and functional utility. The subject's proposed Retail Building 5 will include an approximate 6,000 SF c-store/gas station that is expected to be of a higher quality construction than typical retail centers. All of the comparables are inferior to the subject. Upward adjustments are applied.

Anchor Strength

Retail sites benefit greatly from a strong anchored shopping center. The value of the site is greatly influenced by the additional foot traffic that a strong anchor draws to the center. All of the comparables are similar to the subject. No adjustments are necessary.

Economic Characteristics

Items considered in this category consist of non-stabilized occupancy, above/below market rents, tenant mix, and other economic factors. Excluded are differences in rent levels that are already considered in previous adjustments, such as for location or quality. Note: these adjustments are made as refinements. Care is made to avoid double-counting adjustments previously applied. All of the comparables are similar to the subject. No adjustments are necessary.

Adjustments Summary

The following table summarizes the adjustments discussed above and applied to each sale.

Improved Sales Adjustment Grid

	Subject	Comparable 1	Comparable 2	Comparable 3	Comparable 4	Comparable 5

Range of Adjusted Prices		\$692.84 - \$753.84				
Average		\$710.29				
Indicated Value		\$710.00				

Value Indication

Prior to adjustment, the sales reflect a range of \$528.80 - \$548.37 per square foot. After adjustment, the range is narrowed to \$692.84 - \$753.84 per square foot, with an average of \$710.29 per square foot. To arrive at an indication of stabilized market value, we place generally equal weight on each comparable.

Based on the preceding analysis, the value indication by the sales comparison approach is as follows:

Value Indication by Sales Comparison	
Indicated Value per SF	\$710.00
Subject Square Feet	14,684
Rounded	\$10,430,000
Indicated Value	\$10,425,640
Rounded	\$10,430,000

Summary of Value Indications

Use of the sales comparison approach yields the following indications of stabilized market value:

Indicated Value - Sales Comparison Approach				
Property	Rentable SF	Indicated Value per SF	Indicated Value	Rounded
Retail Lot 1	15,374	\$545.00	\$8,378,830	\$8,380,000
Retail Lot 2	14,880	\$546.50	\$8,131,920	\$8,130,000
Retail Lot 3	16,608	\$542.50	\$9,009,840	\$9,010,000
Retail Lot 4	14,862	\$546.50	\$8,122,083	\$8,120,000
Retail Lot 5	14,684	\$710.00	\$10,425,640	\$10,430,000

Income Capitalization Approach

The income capitalization approach converts anticipated economic benefits of owning real property into a value estimate through capitalization. The steps taken to apply the income capitalization approach are:

- Analyze the revenue potential of the property.
- Consider appropriate allowances for vacancy, collection loss, and operating expenses.
- Calculate net operating income by deducting vacancy, collection loss, and operating expenses from potential income.
- Apply the most appropriate capitalization methods to convert anticipated net income to an indication of value.

The two most common capitalization methods are direct capitalization and discounted cash flow analysis. In direct capitalization, a single year's expected income is divided by an appropriate capitalization rate to arrive at a value indication. In discounted cash flow analysis, anticipated future net income streams and a future resale value are discounted to a present value at an appropriate yield rate.

In this analysis, only direct capitalization is used because investors in this property type typically rely more on this method.

Leased Status of Property

A rent roll showing the individual building sizes is shown below.

Rent Roll								
Tenant	SF	Lease Start	Lease Type	Income Type	Market Rent	Rent Applied	PGR Projected	PGR/SF
Retail Lot 1 (Vacant)	15,374		Triple Net	\$/SF/Yr	\$36.00	Market	\$553,464	\$36.00
Retail Lot 2 (Vacant)	14,880		Triple Net	\$/SF/Yr	\$36.00	Market	\$535,680	\$36.00
Retail Lot 3 (Vacant)	16,608		Triple Net	\$/SF/Yr	\$36.00	Market	\$597,888	\$36.00

Total/Average*	76,408						\$2,954,688	\$38.67
Vacant SF	76,408	100%						
Leased SF	0	0%						

Based on discussions with individual developers and brokers marketing the buildings, there are numerous signed or active LOIs. However, these are not fully executed leases and can be modified and/or cancelled prior to completion. Thus, the proposed improvements are 0% preleased as of the effective appraisal date.

As discussed, Retail Buildings 1-4 will have an expected tenant mix of limited and full-service restaurants and in-line general retail among others. Retail Building 5 will feature an approximate 6,000 SF, owner-occupied convenience store/gas station with fuel canopy and six (6) double-sided pumps or 12 fueling positions. The remaining end-cap space within Retail Building 5 is assumed to be similar retail uses as Retail Buildings 1-4.

Given that the subject properties are proposed and signed LOIs, if any, are not fully executed leases and could be modified and/or cancelled prior to completion, we use market rent as a basis in our income analysis. Further, based on discussions with the individual developers and leasing brokers, there is a high level of interest in the properties, and it is highly likely that the proposed improvements would be fully leased at completion. Accordingly, we assume stabilized occupancy as of the prospective effective date (May 31, 2024) and do not apply lease-up cost deductions.

Leasing Activity

The following is a brief discussion of leasing activity at each building based on discussions with the individual developers and leasing brokers.

- **Retail Building 1** – there is one (1) signed LOI for approximately 4,200 SF at an initial rate of \$36.00/SF with 3.00% yearly increases. The developer is in discussions with multiple tenants including Hannah Law, PC (1,500 SF) and Starbucks (2,600 SF) with starting rent of \$36.00/SF. Further, they are working with a design group for a breakfast/restaurant concept that will take approximately 3,000 – 4,000 SF that will be operated in-house.
- **Retail Building 2** – there is one (1) signed LOI for a 3,000 +/- SF endcap space on a 10-year term. Lease details were not provided. Further, there is an LOI proposal out to Children’s House for approximately 6,000 SF on a 5-year term. Other active LOI negotiations include a bakery and gelato company and pizzeria.
- **Retail Building 3** – there are two (2) active LOI negotiations with two nail salons starting at \$36.00/SF on a 10-year term with TI allowance between \$35.00-\$36.00/SF. In addition, the developer is in talks with several restaurant tenants including a major local restauranter looking to open a high-end steak house. Other active discussions include Black Line Coffee, American Food and Market, Red Oak Café, Craft 96, a Japanese BBQ concept, dental group, ophthalmologist, hair salon, Café Petra-Pearland, Bahama Bucks, and Jeremiah’s Ice. We were not provided with term details on other active negotiations.
- **Retail Building 4** – the following tenant types are interested in leasing space within the building: day care use, restaurant, game center, ice cream shop, bookstore and home accessory store, specialty juice company, shoe store, art store, and secret escape room. We were not provided with term details on any active LOI negotiations. According to the developer, interest is very high for this location.
- **Retail Building 5** – is in the early stages of planning and expected to include two end-cap restaurant or retail space available. The center of the building will include an approximate 6,000 SF c-store/gas station that is expected to be run in-house.

Market Rent Analysis

To estimate market rent for the subject, the research focused on comparable rentals within the following parameters:

- Location: Houston-The Woodlands-Sugar Land MSA
- Property Type: Retail
- Size: Any size
- Date: Most recent available

Retail Space Rental Analysis

Comparable rentals considered most relevant to the subject's retail space are summarized in the following table.

Summary of Comparable Rentals - Retail									
No.	Property Information	Description	Tenant	SF	Lease Start	Term (Mos.)	Rent/SF	Escalations	Lease Type

Analysis and Adjustment of Rents - Retail

Adjustments are considered for the following factors, in the sequence shown below.

Expense Structure

All of the comparables are leased on a triple net basis and no adjustments for expense structure are necessary.

Conditions of Lease

The leases represent finished product of both the building shell and tenant improvements. No adjustments are necessary.

Market Conditions

The comparable rents were signed from February 2023 to June 2024. The rents are generally representative of current market rates as of the date signed. Most leases have annual escalations. According to Costar analytics, the subject's submarket has experienced positive rent growth of 5.02% and 1.54% over the past two years, respectively. Further, Costar projects positive rent growth of 1.48% over the next 12 months. The adjustment grid accounts for this trend with upward adjustments of 1.50% over this period through the effective date of completion.

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values. All of the comparables are similar to the subject. No adjustments are necessary.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes. Rents 1, 3, 4, 5 and 6 are similar to the subject and require no adjustment. Rent 2 is inferior to the subject. An upward adjustment is applied.

Space Size

Due to economies of scale, the market exhibits an inverse relationship between building area and price per square foot, such that larger properties rent for a lower rate per square foot than smaller properties, all else being equal. To account for this relationship, applicable adjustments are applied for differences in building area. All of the comparables are similar to the subject. No adjustments are necessary.

Effective Age/Condition

While year built can give insight into the utility of a property, the more important consideration is the level of condition and modernization of the property. The subject is proposed to be completed in 2025. Comparables exhibiting newer effective ages are adjusted downward to reflect the discrepancy in remaining economic life, and vice versa. All of the comparables are older than the subject. Upward adjustments are applied.

Quality of Construction

This category accounts for differences in quality of construction materials and finishes between the subject and the comparables. All of the comparables are similar to the subject. No adjustments are necessary.

Anchor Strength

Retail sites benefit greatly from a strong anchored shopping center. Rental rates are greatly influenced by the additional foot traffic that a strong anchor draws to the center. All of the comparables are similar to the subject. No adjustments are necessary.

Adjustments Summary

The following table summarizes the adjustments discussed above and applied to each comparable rent.

Rental Adjustment Grid - Retail

Net Property Adjustments (\$)		\$0.69	\$2.33	\$0.37	\$1.10	\$1.05	\$1.75
Net Property Adjustments (%)		2%	7%	1%	3%	3%	5%
Final Adjusted Price		\$35.03	\$35.66	\$37.09	\$37.66	\$36.07	\$36.77
Range of Adjusted Rents		\$35.03 - \$37.66					
Average		\$36.38					
Indicated Rent		\$36.00					

After analysis, the overall range is \$35.03 - \$37.66 per square foot per year. We place generally equal weight on each comparable. Based on the preceding, a market rent towards the approximate middle of the range could be expected, say \$36.00 per square foot, triple net, for the subject's retail space.

C-Store/Gas Station Space Rental Analysis

Comparable rentals considered most relevant to the subject's c-store/gas station space are summarized in the following table.

Summary of Comparable Rentals - C-Store/Gas Station									
No.	Property Information	Description	Tenant	SF	Lease Start	Term (Mos.)	Rent/SF	Escalations	Lease Type
1	7-Eleven - The Woodlands, TX 10080 Research Forest Drive The Woodlands Montgomery County TX	Yr Blt. 2023 Stories: 1 GLA: 4,872 Parking Ratio: -	7-Eleven	4,872	Nov-23	180	\$83.50	Fixed Steps	Absolute Net
<i>Comments: Build-to-suit gas station/c-store that is 100% leased to 7-Eleven on a 15-year term with four (4), five-year options. Lease is absolute net with 7.5% increases every 5 years and corporate guaranteed.</i>									
2	7-Eleven - Baytown, TX 5907 Garth Road Baytown Harris County TX	Yr Blt. 2022 Stories: 1 GLA: 4,842 Parking Ratio: 5.8 /1,000	7-Eleven	4,842	Oct-22	180	\$64.02	Fixed Steps	Absolute Net
<i>Comments: Build-to-suit gas station/c-store that is 100% leased to 7-Eleven on a 15-year term with four (4), five-year options. Lease is absolute net with 7.5% increases every 5 years and corporate guaranteed.</i>									
3	7-Eleven - Houston, TX 1211 E. Crosstimbers Street Baytown Harris County TX	Yr Blt. 2022 Stories: 1 GLA: 4,842 Parking Ratio: 9.5 /1,000	7-Eleven	4,842	Sep-22	180	\$66.02	Fixed Steps	Absolute Net
<i>Comments: Build-to-suit gas station/c-store that is 100% leased to 7-Eleven on a 15-year term with four (4), five-year options. Lease is absolute net with 7.5% increases every 5 years and corporate guaranteed.</i>									
4	7-Eleven - Katy, TX 23013 Clay Road Katy Harris County TX	Yr Blt. 2021 Stories: 1 GLA: 4,842 Parking Ratio: 5.8 /1,000	7-Eleven	4,842	Apr-21	180	\$59.66	Fixed Steps	Absolute Net
<i>Comments: Build-to-suit gas station/c-store that is 100% leased to 7-Eleven on a 15-year term with four (4), five-year options. Lease is absolute net with 10% increases every 5 years and corporate guaranteed.</i>

Analysis and Adjustment of Rents – C-Store/Gas Station

Adjustments are considered for the following factors, in the sequence shown below.

Expense Structure

All of the comparables are leased on a triple net basis and no adjustments for expense structure are necessary.

Conditions of Lease

The leases represent finished product of both the building shell and tenant improvements. No adjustments are necessary.

Market Conditions

The comparable rents were signed from April 2021 to November 2023. The rents are generally representative of current market rates as of the date signed. The rent comparables have escalations ranging from 7.50% to 10.00% every 5 years. According to Costar analytics, the subject's submarket has experienced positive rent growth of 5.02% and 1.54% over the past two years, respectively. Further, Costar projects positive rent growth of 1.48% over the next 12 months. The adjustment grid accounts for this trend with upward adjustments of 1.50% over this period through the effective date of completion.

Location

Factors considered in evaluating location include, but are not limited to, demographics, growth rates, surrounding uses and property values. Rents 2, 3 and 4 are similar to the subject. No adjustments are necessary. Rent 1 is adjusted downward for superior location in The Woodlands submarket.

Access/Exposure

Convenience to transportation facilities, ease of site access, and overall visibility of a property can have a direct impact on property value. High visibility, however, may not translate into higher value if it is not accompanied by good access. In general, high visibility and convenient access, including proximity to major linkages, are considered positive amenities when compared to properties with inferior attributes. All of the comparables are similar to the subject. No adjustments are necessary.

Space Size

Due to economies of scale, the market exhibits an inverse relationship between building area and price per square foot, such that larger properties rent for a lower rate per square foot than smaller properties, all else being equal. To account for this relationship, applicable adjustments are applied for differences in building area. All of the comparables are smaller than the subject, and downward adjustments are applied.

Effective Age/Condition

While year built can give insight into the utility of a property, the more important consideration is the level of condition and modernization of the property. The subject is proposed to be completed in 2025. Comparables exhibiting newer effective ages are adjusted downward to reflect the discrepancy in remaining economic life, and vice versa. All of the comparables are older than the subject. Upward adjustments are applied.

Quality of Construction

This category accounts for differences in quality of construction materials and finishes between the subject and the comparables. All of the comparables are similar to the subject. No adjustments are necessary.

Anchor Strength

Retail sites benefit greatly from a strong anchored shopping center. Rental rates are greatly influenced by the additional foot traffic that a strong anchor draws to the center. All of the comparables are similar to the subject. No adjustments are necessary.

Adjustments Summary

The following table summarizes the adjustments discussed above and applied to each comparable rent.

Rental Adjustment Grid - Gas Station

	Subject	Comparable 1	Comparable 2	Comparable 3	Comparable 4
Property Name	Friendswood City Center - Retail 5	7-Eleven - The Woodlands, TX	7-Eleven - Baytown, TX	7-Eleven - Houston, TX	7-Eleven - Katy, TX
Address	South side of FM-528, west of W. Bay Area Boulevard	10080 Research Forest Drive	5907 Garth Road	1211 E. Crosstimbers Street	23013 Clay Road

Final Adjusted Price		\$73.46	\$68.06	\$70.19	\$65.28
Range of Adjusted Rents		\$65.28 - \$73.46			
Average		\$69.25			
Indicated Rent		\$70.00			

After analysis, the overall range is \$65.28 - \$73.46 per square foot per year. We place generally equal weight on each comparable. Based on the preceding, a market rent towards the approximate middle of the range could be expected, say \$70.00 per square foot, triple net, for the subject's c-store/gas station space.

Market Rent Conclusion

Based on the preceding analysis of comparable rentals, recent leases at the subject, and trends evident in the market, market lease terms for the subject are concluded as follows:

Concluded Market Lease Terms							
Space Type	SF	Market Rent	Measure	Rent Escalations	Lease Type	Lease Term (Mos.)	TI/SF Shell
Retail	70,408	\$36.00	\$/SF/Yr	3.00% annually	Triple Net	120	\$45.00
C-Store/Gas Station	6,000	\$70.00	\$/SF/Yr	10% every 5 yrs	Triple Net	120	\$45.00

Gross Income Estimate

Potential Gross Rent

Potential gross rent is based on market rents for vacant space, as shown in the following table. Income is projected for the 12-month period following the prospective date of completion.

Potential Gross Rent			
Space Type	SF	Potential Rent at Market	
		Unit Rent	Annual
<u>Retail Lot 1</u>			
Retail	15,374	\$36.00	\$553,464
Total Vacant	15,374	\$36.00	\$553,464
<u>Retail Lot 2</u>			
Retail	14,880	\$36.00	\$535,680
Total Vacant	14,880	\$36.00	\$535,680

C-Store/Gas Station	6,000	\$70.00	\$420,000
Total Vacant	14,684		\$732,624

¹ Potential gross rent based on market rent

¹ Potential gross rent based on market rent

Expense Recoveries

The subject properties are expected to be leased on a triple net basis with tenant's reimbursing the property owner for all operating expenses, except structural repair items. This expense structure is typical of newly built retail space in this market.

Vacancy & Collection Loss Allowance

Stabilized vacancy and collection loss is estimated at 5.0% based on the submarket vacancy rate.

Operating Expenses

We were provided with a detailed stabilized operating budget for Retail Building 1 only. To develop projections of stabilized operating expenses for each retail building, we have relied on the budget for Retail Building 1 and comparable expense data.

Operating History and Projections

	Budget - Retail Lot 1 2025	IRR Projection - Retail Lot 1	IRR Projection - Retail Lot 2	IRR Projection - Retail Lot 3	IRR Projection - Retail Lot 4	IRR Projection - Retail Lot 5

Operating Expense Analysis by Category

Discussions of our operating expense projections are presented in the following paragraphs.

Real Estate Taxes

This expense category includes all local, county, and state property tax levies. Our projection is based on the projected property assessment and current tax rate for the subject, as discussed previously in the Real Estate Tax Analysis.

Real Estate Taxes Expense											
	Comp 1 2024	Comp 2 2024	Comp 3 2024	Comp 4 2024	Comp 5 2023	Budget - Retail Lot 1	IRR Proj - Retail Lot 1	IRR Proj - Retail Lot 2	IRR Proj - Retail Lot 3	IRR Proj - Retail Lot 4	IRR Proj - Retail Lot 5

General/Administrative

General and administrative expenses consist of payroll and benefits expenses for on-site management staff and related office expenses. Also included are legal, accounting and other professional fees, license fees, and business taxes. The subject's budget did not provide an estimate of general/administrative costs. These costs, if any, are considered to be part of management and we do not estimate general/admin costs in our analysis.

Management

Management fees are considered an expense of operation, whether the services are contracted or provided by the property owner. Typical management fees for properties of this type range from 2.0% to 4.0%. Considering that the subject is a multi-tenant property with typical management needs, we project an overall management fee of 3.0% of effective gross income.

Management Expense											
	Comp 1 2024	Comp 2 2024	Comp 3 2024	Comp 4 2024	Comp 5 2023	Budget - Retail Lot 1	IRR Proj - Retail Lot 1	IRR Proj - Retail Lot 2	IRR Proj - Retail Lot 3	IRR Proj - Retail Lot 4	IRR Proj - Retail Lot 5

Replacement Reserves

For the subject property type and local market, it is customary to include replacement reserves as an expense line item in developing an estimate of net operating income. Replacement reserves are estimated to account for replacement costs of certain capital items, such as the roof and HVAC system. Given the subject represents proposed construction, we do not account for replacement reserves in our analysis.

Net Operating Income

Based on the preceding income and expense projections, stabilized net operating income is estimated as shown in the following table.

Projection of Net Operating Income											
		IRR Proj - Lot 1		IRR Proj - Lot 2		IRR Proj - Lot 3		IRR Proj - Lot 4		IRR Proj - Lot 5

Capitalization Rate Selection

A capitalization rate is used to convert a single year's estimated net income into an indication of value. Selection of an appropriate capitalization rate considers the future income pattern of the property and investment risk associated with ownership. We consider the following data in selecting a capitalization rate for the subject.

Analysis of Comparable Sales

Capitalization rates derived from comparable sales are shown in the following table.

Capitalization Rate Comparables							
No.	Property Name	Year Built	Sale Date	Gross Leasable Area	% Occup.	Price/SF	Cap Rate
1	R/C - Katy Green	2017	11/14/2023	15,176	100%	\$528.80	6.75%
2	Citadel Retail Center	2022	10/10/2023	6,500	100%	\$543.21	6.00%
3	Woodson's Reserve	2022	9/26/2023	9,875	100%	\$531.65	6.00%
4	Plazas at Spring Green	2022	7/18/2023	6,000	100%	\$548.37	5.81%
5	R/C - Reading Rd	2021	1/5/2022	16,270	100%	\$540.93	5.75%
Indicated Cap Rate Range:						5.75% - 6.75%	
Average (Mean) Cap Rate:						6.06%	

The sales comparables represent newly built multitenant shopping center properties that were 100% leased at time of sale. The sales yield a relatively narrow capitalization rate range of 5.75% - 6.75%, with an average of 6.06%. Current market sentiment is that capitalization rates have risen over the last 12-18 months with the rise in interest rates and tighter lending requirements. Based on the preceding, a capitalization rate slightly above the middle of the range could be expected, say 6.25%.

National Investor Surveys

Data pertaining to investment grade properties from the PwC, ACLI, and Viewpoint surveys are summarized in the exhibits that follow.

Capitalization Rate Surveys – Retail Properties

	IRR-ViewPoint Natl Regional Mall	IRR-ViewPoint Natl Neighborhood Retail	IRR-ViewPoint Natl Community Retail Center	PwC 2Q-24 National Strip Shopping Center	PwC 2Q-24 National Power Center	ACLI 1Q-24 National Retail
Range	6.25% - 10.00%	5.20% - 9.00%	5.50% - 8.75%	5.50% - 10.00%	5.50% - 7.75%	NA
Average	7.81%	7.23%	7.23%	7.33%	6.72%	7.17%

Source: IRR-Viewpoint 2024; PwC Real Estate Investor Survey; American Council of Life Insurers Investment Bulletin.

The most recent national survey data indicates that a going-in capitalization rate for the national strip shopping center property type ranges from 5.50% - 10.00%, and averages 7.33%. This represents a 9-basis point decrease from the previous quarter and a 16-basis point increase from the prior year. We would expect the rate appropriate to the subject to be towards the lower end of the range given the proposed construction, quality, and location within a mixed-use development.

Retail Capitalization Rate Trends

STRIP - PwC Real Estate Investor Survey - National Strip Shopping Center Market

PWR - PwC Real Estate Investor Survey - National Power Center Market

ACLI - American Council of Life Insurers Investment Bulletin - Retail Properties

Capitalization Rate Conclusion

To conclude a capitalization rate, the following investment risk factors are considered to determine an impact on the appropriate rate. The direction of each arrow in the following table indicates a judgment of an upward, downward, or neutral impact of each factor.

Capitalization Rate Risk Factors		
Factor	Issues	Impact on Rate
Income Characteristics	Rollover risk, escalation pattern, above/below market rents, major tenant credit strength	↔
Competitive Market Position	Construction quality, market appeal, age/condition, functional utility	↓
Location	Market area demographics and life cycle trends; proximity issues; access and support services	↔
Market	Vacancy rates and trends; rental rate trends; supply and demand	↓
Highest and Best Use	Upside potential from redevelopment, adaptation, and/or expansion	↔
Overall Impact		↔

Accordingly, the capitalization rate is concluded as follows:

Capitalization Rate Conclusion

Method	Capitalization Rate Indication
Analysis of Comparable Sales	5.75% - 6.75% (6.06% avg)
National Investor Surveys	5.50% - 10.00% (7.33% avg)
Conclusion	6.25%

Direct Capitalization Analysis

Net operating income is divided by the capitalization rate to indicate the stabilized value of the individual Retail Buildings. Valuation of the subject by direct capitalization is shown in the table immediately following.

Direct Capitalization

	IRR Projection - Retail Lot 1	IRR Projection - Retail Lot 2	IRR Projection - Retail Lot 3	IRR Projection - Retail Lot 4	IRR Projection - Retail Lot 5
Effective Gross Income	\$697,997	\$675,569	\$754,022	\$674,752	\$866,156
Expenses	\$181,270	\$175,445	\$195,820	\$175,233	\$179,119
Net Operating Income	\$516,727	\$500,124	\$558,203	\$499,519	\$687,037
Capitalization Rate	6.25%	6.25%	6.25%	6.25%	6.25%
Indicated Value	\$8,267,637	\$8,001,980	\$8,931,242	\$7,992,300	\$10,992,590
Rounded	\$8,270,000	\$8,000,000	\$8,930,000	\$7,990,000	\$10,990,000

Reconciliation and Conclusion of Value

As discussed previously, only the sales comparison approach is used to develop an opinion of value for the subject's 12 lots while both the sales comparison approach and income approaches are considered applicable were utilized for the five proposed buildings. The retail values indicated by the preceding analyses are as follows:

Summary of Value Indications					
	Prospective Market Value As Stabilized - Retail Lot 1	Prospective Market Value As Stabilized - Retail Lot 2	Prospective Market Value As Stabilized - Retail Lot 3	Prospective Market Value As Stabilized - Retail Lot 4	Prospective Market Value As Stabilized - Retail Lot 5
Cost Approach	Not Used	Not Used	Not Used	Not Used	Not Used
Sales Comparison Approach	\$8,380,000	\$8,130,000	\$9,010,000	\$8,120,000	\$10,430,000
Income Capitalization Approach	\$8,270,000	\$8,000,000	\$8,930,000	\$7,990,000	\$10,990,000
Reconciled	\$8,330,000	\$8,070,000	\$8,970,000	\$8,060,000	\$10,710,000

Based upon the preceding valuation analysis and subject to the definitions, assumptions, and limiting conditions expressed in the report, the opinions of value are presented as follows:

Value Conclusions			
Parcel/Building Name	Interest Appraised	Date of Value	Value Conclusion
Lot 1	Fee Simple	July 5, 2024	\$1,450,000
Lot 2	Fee Simple	July 5, 2024	\$1,280,000
Lot 3	Fee Simple	July 5, 2024	\$1,440,000
Lot 4	Fee Simple	July 5, 2024	\$1,390,000
Lot 5	Fee Simple	July 5, 2024	\$1,270,000
Lot 6	Fee Simple	May 31, 2025	\$3,050,000
Lot 7	Fee Simple	May 31, 2025	\$2,720,000
Lot 8	Fee Simple	May 31, 2025	\$2,090,000
Lot 9	Fee Simple	May 31, 2025	\$3,080,000
Lot 10	Fee Simple	May 31, 2025	\$2,890,000
Lot 11	Fee Simple	May 31, 2025	\$1,240,000
Lot 12	Fee Simple	May 31, 2025	\$16,020,000
Building 1	Leased Fee	May 31, 2025	\$8,330,000
Building 2	Leased Fee	May 31, 2025	\$8,070,000
Building 3	Leased Fee	May 31, 2025	\$8,970,000
Building 4	Leased Fee	May 31, 2025	\$8,060,000
Building 5	Leased Fee	May 31, 2025	\$10,710,000

Extraordinary Assumptions and Hypothetical Conditions

The value conclusions are subject to the following extraordinary assumptions. An extraordinary assumption is an assignment-specific assumption as of the effective date regarding uncertain information used in an analysis which, if found to be false, could alter the appraiser's opinions or conclusions.

1. All information relative to the subject property including land areas, building sizes, building quality, dates of completion and other pertinent data that was provided by Boundary One (surveyors), WGA (Consulting Engineers), Madison Development Corporation, LLC (developer/owner), the city of Friendswood, and the Harris Central Appraisal District is assumed to be correct.
2. The subject is proposed construction. Therefore, this report contains a prospective opinions of value. As such, we have assumed that the market conditions as discussed and considered within this report will be similar on the prospective valuation date. Further, we cannot be held responsible for unforeseeable events that alter market conditions prior to this prospective effective date.
3. Our opinion of prospective market value at completion assumes that the proposed improvements are completed in accordance with plans and specifications as of May 31, 2025, the effective appraisal date.
4. It is noted that portions of Lots 6-12 are currently located within a flood zone. We specifically assume that they will be elevated out of the flood zone as part of the development process.
5. Our opinion of prospective market value at completion assumes that the proposed improvements will be complete and stabilized as of May 31, 2025, the effective appraisal date.
6. Our opinion of prospective market value at completion assumes that all Phase 1 infrastructure will be complete in accordance with plans and specifications as of May 31, 2025, while Phase 2 infrastructure will be complete in accordance with plans and specifications as of October 31, 2026.

The value conclusions are based on the following hypothetical conditions. A hypothetical condition is a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis.

1. None

The use of any extraordinary assumption or hypothetical condition may have affected the assignment results.

The opinions of value expressed in this report are based on estimates and forecasts that are prospective in nature and subject to considerable risk and uncertainty. Events may occur that could cause the performance of the property to differ materially from the stated estimates, such as changes in the economy, interest rates, capitalization rates, financial strength of tenants, and behavior of investors, lenders, and consumers. Additionally, these opinions and forecasts are based partly on data obtained from interviews and third-party sources, which are not always completely reliable. Although the findings are considered reasonable based on available evidence, the assignment participants are not responsible for the effects of future occurrences that cannot reasonably be foreseen at this time.

Exposure Time

Exposure time is the length of time the subject property would have been exposed for sale in the market had it sold on the effective valuation date at the concluded market value. Exposure time is always presumed to precede the effective date of the appraisal. Based on review of recent sales transactions for similar properties and analysis of supply and demand in the local land and proposed retail buildings market, the probable exposure time for the subject at the concluded market values stated previously is 9 - 12 months.

Marketing Time

Marketing time is an estimate of the amount of time it might take to sell a property at the concluded market value immediately following the effective date of value. As no significant changes in market conditions are foreseen in the near term, a reasonable marketing period for the subject is likely to be the same as the exposure time. Accordingly, the subject's marketing period is estimated at 9 - 12 months.

Certification

We certify that, to the best of our knowledge and belief:

1. The statements of fact contained in this report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are our personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. We have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
4. We have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding the agreement to perform this assignment.
5. We have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
6. Our engagement in this assignment was not contingent upon developing or reporting predetermined results.
7. Our compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
8. Our analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice as well as applicable state appraisal regulations.
9. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.
10. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
11. Ernest Gatewood has made a personal inspection of the property that is the subject of this report. Jimmy H. Jackson, MAI has not personally inspected the subject. Stephen M. Lechtenberg has not personally inspected the subject.
12. No one provided significant real property appraisal assistance to the persons signing this certification.
13. We have experience in appraising properties similar to the subject and are in compliance with the Competency Rule of USPAP.

14. As of the date of this report, Jimmy H. Jackson, MAI, has completed the continuing education program for Designated Members of the Appraisal Institute.
15. As of the date of this report, Ernest Gatewood and Stephen M. Lechtenberg has completed the Standards and Ethics Education Requirements for Candidates/Practicing Affiliates of the Appraisal Institute.

Assumptions and Limiting Conditions

This appraisal and any other work product related to this engagement are limited by the following standard assumptions, except as otherwise noted in the report:

1. The title is marketable and free and clear of all liens, encumbrances, encroachments, easements and restrictions. The property is under responsible ownership and competent management and is available for its highest and best use.
2. There are no existing judgments or pending or threatened litigation that could affect the value of the property.
3. There are no hidden or undisclosed conditions of the land or of the improvements that would render the property more or less valuable. Furthermore, there is no asbestos in the property.
4. The revenue stamps placed on any deed referenced herein to indicate the sale price are in correct relation to the actual dollar amount of the transaction.
5. The property is in compliance with all applicable building, environmental, zoning, and other federal, state and local laws, regulations and codes.
6. The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.

This appraisal and any other work product related to this engagement are subject to the following limiting conditions, except as otherwise noted in the report:

1. An appraisal is inherently subjective and represents our opinion as to the value of the property appraised.
2. The conclusions stated in our appraisal apply only as of the effective date of the appraisal, and no representation is made as to the effect of subsequent events.
3. No changes in any federal, state or local laws, regulations or codes (including, without limitation, the Internal Revenue Code) are anticipated.
4. No environmental impact studies were either requested or made in conjunction with this appraisal, and we reserve the right to revise or rescind any of the value opinions based upon any subsequent environmental impact studies. If any environmental impact statement is required by law, the appraisal assumes that such statement will be favorable and will be approved by the appropriate regulatory bodies.
5. Unless otherwise agreed to in writing, we are not required to give testimony, respond to any subpoena or attend any court, governmental or other hearing with reference to the property without compensation relative to such additional employment.

6. We have made no survey of the property and assume no responsibility in connection with such matters. Any sketch or survey of the property included in this report is for illustrative purposes only and should not be considered to be scaled accurately for size. The appraisal covers the property as described in this report, and the areas and dimensions set forth are assumed to be correct.
7. No opinion is expressed as to the value of subsurface oil, gas or mineral rights, if any, and we have assumed that the property is not subject to surface entry for the exploration or removal of such materials, unless otherwise noted in our appraisal.
8. We accept no responsibility for considerations requiring expertise in other fields. Such considerations include, but are not limited to, legal descriptions and other legal matters such as legal title, geologic considerations such as soils and seismic stability; and civil, mechanical, electrical, structural and other engineering and environmental matters. Such considerations may also include determinations of compliance with zoning and other federal, state, and local laws, regulations and codes.
9. The distribution of the total valuation in the report between land and improvements applies only under the reported highest and best use of the property. The allocations of value for land and improvements must not be used in conjunction with any other appraisal and are invalid if so used. The appraisal report shall be considered only in its entirety. No part of the appraisal report shall be utilized separately or out of context.
10. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraisers, or any reference to the Appraisal Institute) shall be disseminated through advertising media, public relations media, news media or any other means of communication (including without limitation prospectuses, private offering memoranda and other offering material provided to prospective investors) without the prior written consent of the persons signing the report.
11. Information, estimates and opinions contained in the report and obtained from third-party sources are assumed to be reliable and have not been independently verified.
12. Any income and expense estimates contained in the appraisal report are used only for the purpose of estimating value and do not constitute predictions of future operating results.
13. If the property is subject to one or more leases, any estimate of residual value contained in the appraisal may be particularly affected by significant changes in the condition of the economy, of the real estate industry, or of the appraised property at the time these leases expire or otherwise terminate.
14. Unless otherwise stated in the report, no consideration has been given to personal property located on the premises or to the cost of moving or relocating such personal property; only the real property has been considered.
15. The current purchasing power of the dollar is the basis for the values stated in the appraisal; we have assumed that no extreme fluctuations in economic cycles will occur.
16. The values found herein are subject to these and to any other assumptions or conditions set forth in the body of this report but which may have been omitted from this list of Assumptions and Limiting Conditions.

17. The analyses contained in the report necessarily incorporate numerous estimates and assumptions regarding property performance, general and local business and economic conditions, the absence of material changes in the competitive environment and other matters. Some estimates or assumptions, however, inevitably will not materialize, and unanticipated events and circumstances may occur; therefore, actual results achieved during the period covered by our analysis will vary from our estimates, and the variations may be material.
18. The Americans with Disabilities Act (ADA) became effective January 26, 1992. We have not made a specific survey or analysis of the property to determine whether the physical aspects of the improvements meet the ADA accessibility guidelines. We claim no expertise in ADA issues, and render no opinion regarding compliance of the subject with ADA regulations. Inasmuch as compliance matches each owner's financial ability with the cost to cure the non-conforming physical characteristics of a property, a specific study of both the owner's financial ability and the cost to cure any deficiencies would be needed for the Department of Justice to determine compliance.
19. The appraisal report is prepared for the exclusive benefit of you, your subsidiaries and/or affiliates. It may not be used or relied upon by any other party. All parties who use or rely upon any information in the report without our written consent do so at their own risk.
20. No studies have been provided to us indicating the presence or absence of hazardous materials on the subject property or in the improvements, and our valuation is predicated upon the assumption that the subject property is free and clear of any environment hazards including, without limitation, hazardous wastes, toxic substances and mold. No representations or warranties are made regarding the environmental condition of the subject property. IRR - Dallas, Integra Realty Resources, Inc., and their respective officers, owners, managers, directors, agents, subcontractors or employees (the "Integra Parties"), shall not be responsible for any such environmental conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because we are not experts in the field of environmental conditions, the appraisal report cannot be considered as an environmental assessment of the subject property.
21. The persons signing the report may have reviewed available flood maps and may have noted in the appraisal report whether the subject property is located in an identified Special Flood Hazard Area. However, we are not qualified to detect such areas and therefore do not guarantee such determinations. The presence of flood plain areas and/or wetlands may affect the value of the property, and the value conclusion is predicated on the assumption that wetlands are non-existent or minimal.
22. We are not a building or environmental inspector. The Integra Parties do not guarantee that the subject property is free of defects or environmental problems. Mold may be present in the subject property and a professional inspection is recommended.
23. The appraisal report and value conclusions for an appraisal assume the satisfactory completion of construction, repairs or alterations in a workmanlike manner.

24. **IRR - Dallas is an independently owned and operated company. The parties hereto agree that Integra shall not be liable for any claim arising out of or relating to any appraisal report or any information or opinions contained therein as such appraisal report is the sole and exclusive responsibility of IRR - Dallas. In addition, it is expressly agreed that in any action which may be brought against the Integra Parties arising out of, relating to, or in any way pertaining to the engagement letter, the appraisal reports or any related work product, the Integra Parties shall not be responsible or liable for any incidental or consequential damages or losses, unless the appraisal was fraudulent or prepared with intentional misconduct. It is further expressly agreed that the collective liability of the Integra Parties in any such action shall not exceed the fees paid for the preparation of the assignment (unless the appraisal was fraudulent or prepared with intentional misconduct). It is expressly agreed that the fees charged herein are in reliance upon the foregoing limitations of liability.**
25. IRR - Dallas is an independently owned and operated company, which has prepared the appraisal for the specific intended use stated elsewhere in the report. The use of the appraisal report by anyone other than the Client is prohibited except as otherwise provided. Accordingly, the appraisal report is addressed to and shall be solely for the Client's use and benefit unless we provide our prior written consent. We expressly reserve the unrestricted right to withhold our consent to your disclosure of the appraisal report or any other work product related to the engagement (or any part thereof including, without limitation, conclusions of value and our identity), to any third parties. Stated again for clarification, unless our prior written consent is obtained, no third party may rely on the appraisal report (even if their reliance was foreseeable).
26. The conclusions of this report are estimates based on known current trends and reasonably foreseeable future occurrences. These estimates are based partly on property information, data obtained in public records, interviews, existing trends, buyer-seller decision criteria in the current market, and research conducted by third parties, and such data are not always completely reliable. The Integra Parties are not responsible for these and other future occurrences that could not have reasonably been foreseen on the effective date of this assignment. Furthermore, it is inevitable that some assumptions will not materialize and that unanticipated events may occur that will likely affect actual performance. While we are of the opinion that our findings are reasonable based on current market conditions, we do not represent that these estimates will actually be achieved, as they are subject to considerable risk and uncertainty. Moreover, we assume competent and effective management and marketing for the duration of the projected holding period of this property.
27. All prospective value opinions presented in this report are estimates and forecasts which are prospective in nature and are subject to considerable risk and uncertainty. In addition to the contingencies noted in the preceding paragraph, several events may occur that could substantially alter the outcome of our estimates such as, but not limited to changes in the economy, interest rates, and capitalization rates, behavior of consumers, investors and lenders, fire and other physical destruction, changes in title or conveyances of easements and deed restrictions, etc. It is assumed that conditions reasonably foreseeable at the present time are consistent or similar with the future.

28. The appraisal is also subject to the following:

Extraordinary Assumptions and Hypothetical Conditions

The value conclusions are subject to the following extraordinary assumptions. An extraordinary assumption is an assignment-specific assumption as of the effective date regarding uncertain information used in an analysis which, if found to be false, could alter the appraiser's opinions or conclusions.

1. All information relative to the subject property including land areas, building sizes, building quality, dates of completion and other pertinent data that was provided by Boundary One (surveyors), WGA (Consulting Engineers), Madison Development Corporation, LLC (developer/owner), the city of Friendswood, and the Harris Central Appraisal District is assumed to be correct.
2. The subject is proposed construction. Therefore, this report contains a prospective opinions of value. As such, we have assumed that the market conditions as discussed and considered within this report will be similar on the prospective valuation date. Further, we cannot be held responsible for unforeseeable events that alter market conditions prior to this prospective effective date.
3. Our opinion of prospective market value at completion assumes that the proposed improvements are completed in accordance with plans and specifications as of May 31, 2025, the effective appraisal date.
4. It is noted that portions of Lots 6-12 are currently located within a flood zone. We specifically assume that they will be elevated out of the flood zone as part of the development process.
5. Our opinion of prospective market value at completion assumes that the proposed improvements will be complete and stabilized as of May 31, 2025, the effective appraisal date.
6. Our opinion of prospective market value at completion assumes that all Phase 1 infrastructure will be complete in accordance with plans and specifications as of May 31, 2025, while Phase 2 infrastructure will be complete in accordance with plans and specifications as of October 31, 2026.

The value conclusions are based on the following hypothetical conditions. A hypothetical condition is a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis.

1. None

The use of any extraordinary assumption or hypothetical condition may have affected the assignment results.

Addendum A

Appraiser Qualifications

Jimmy H. Jackson, MAI

Experience

Senior Managing Director with the Dallas, Lubbock/West Texas and Oklahoma City offices of Integra Realty Resources, a full-service real estate consulting and appraisal firm.

Jimmy H. Jackson, MAI has over 38 years of experience as a commercial appraiser as well as years of experience as a seasoned real estate investor. Prior to joining Integra Realty Resources, Jackson was one of the original two founding partners of Jackson Claborn, Inc. (JCI), a real estate consulting/valuation firm that was established in 1992. JCI grew to have one of the largest staffs of commercial and residential appraisers in the Southwest and has performed valuation and consulting on a vast number of commercial property types across Texas as well as the United States. Mr. Jackson holds the MAI designation and has been involved in the analysis of virtually all types of commercial and residential properties. Mr. Jackson has experience in state and federal courts as an expert witness. Testimony has involved such varied issues as bankruptcy, taxation and condemnation. Mr. Jackson has also been involved in numerous real estate developments and personal real estate investments.

A major philanthropic achievement for Mr. Jackson was consulting with and influencing family members to provide the start-up expertise as well as the seed funding in 1994 for the formation of The Parent Project for Muscular Dystrophy/PPMD (www.parentprojectmd.org). The PPMD organization has developed into a worldwide non-profit centered to provide research funds for children suffering from Duchenne Muscular Dystrophy. Since inception, the PPMD organization has directly funded more than \$50 million in direct research and assisted and helped leverage more than \$500 million of other research related to other genetic diseases through government grants and other private funding sources. In 2008, Mr. Jackson received a Humanitarian Award from Texas Gov. Rick Perry for charitable work associated with National Jewish Hospital/NJH in Denver. Mr. Jackson currently serves as a national trustee for NJH which is the #1 respiratory care hospital in the world.

Mr. Jackson graduated from Texas Tech University in 1984 with a B.B.A. in Finance with a Real Estate Emphasis. Mr. Jackson has served on numerous professional boards, including serving on the Ethics and Counseling Panel of the North Texas Chapter of the Appraisal Institute as well as serving on the Board of Directors as well as being Chair and Co-Chair of the Public Relations Committee.

As a college student, Mr. Jackson was a member of Phi Delta Theta social fraternity and the Texas Tech Finance Association. Mr. Jackson served for eight (8) years on the Advisory Board for the Jerry Rawls College of Business Administration (COBA) at Texas Tech University. Mr. Jackson has also served as a guest lecturer on real estate entrepreneurship to upper-level COBA students at Texas Tech over the years.

Ernest Gatewood

Experience

Senior Director PID/MUD/SF Lot Development Valuation Specialist with the Dallas office of Integra Realty Resources DFW, a full-service real estate consulting and appraisal firm.

Mr. Gatewood has been in the appraisal field for over 40 years. This extensive experience has formed knowledge of the Texas real estate market as well as select areas throughout the entire United States. This experience has formed an understanding of the dynamics of market forces in both increasing, as well as declining markets. Mr. Gatewood began his appraisal career in 1980 at Crosson Dannis, Inc. where he spent 10 years specializing in master-planned communities. Mr. Gatewood's appraisals were utilized in the funding of Legacy Business Park in Plano, Texas as well as Stonebridge Ranch in McKinney, Texas. In 1991, Mr. Gatewood joined Heartland (Seattle, Washington) as Acquisitions Director for Texas. In this role, Mr. Gatewood was key to the development of several single-family subdivisions, a property type which he still specializes into this day. From 1992 until 2017, Mr. Gatewood represented Jackson Claborn, Inc. as the Vice President of the Commercial Division where he has helped manage the production of the commercial appraisal practice which has enhanced JCI's strong commitment to client services.

Mr. Gatewood has experience in appraising commercial, industrial, multifamily, and investment-grade real property and related tangible assets to provide opinions of value for purposes of mortgage lending, sale or purchase, financial reporting, federal tax, capital lease testing, litigation support, allocation of purchase price, estate tax planning/settlement, ad valorem taxation, property exchange, internal planning, and partial taking/just compensation by eminent domain agencies.

Property types include vacant land, agricultural land, rights of way (road and pipeline), shopping centers, single-tenant retail buildings, CBD and suburban office projects, air rights, truck terminals, light industrial facilities, heavy manufacturing plants, corporate headquarters, hospitals, surgery centers, medical office buildings, self-storage facilities, religious facilities, hotels, mixed-use developments, apartment projects, convenience stores, and single-family subdivision analyses.

About IRR

Integra Realty Resources, Inc. (IRR) provides world-class commercial real estate valuation, counseling, and advisory services. Routinely ranked among leading property valuation and consulting firms, we are now the largest independent firm in our industry in the United States, with local offices coast to coast and in the Caribbean.

IRR offices are led by MAI-designated Senior Managing Directors, industry leaders who have over 25 years, on average, of commercial real estate experience in their local markets. This experience, coupled with our understanding of how national trends affect the local markets, empowers our clients with the unique knowledge, access, and historical perspective they need to make the most informed decisions.

Many of the nation's top financial institutions, developers, corporations, law firms, and government agencies rely on our professional real estate opinions to best understand the value, use, and feasibility of real estate in their market.

Local Expertise...Nationally!

Addendum C

Definitions

Definitions

The source of the following definitions is the Appraisal Institute, *The Dictionary of Real Estate Appraisal*, 7th ed. (Chicago: Appraisal Institute, 2022), unless otherwise noted.

As Is Market Value

The estimate of the market value of real property in its current physical condition, use, and zoning as of the appraisal date.

Disposition Value

The most probable price that a specified interest in property should bring under the following conditions:

1. Consummation of a sale within a specified time, which is shorter than the typical exposure time for such a property in that market.
2. The property is subjected to market conditions prevailing as of the date of valuation.
3. Both the buyer and seller are acting prudently and knowledgeably.
4. The seller is under compulsion to sell.
5. The buyer is typically motivated.
6. Both parties are acting in what they consider to be their best interests.
7. An adequate marketing effort will be made during the exposure time.
8. Payment will be made in cash in U.S. dollars (or the local currency) or in terms of financial arrangements comparable thereto.
9. The price represents the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

This definition can also be modified to provide for valuation with specified financing terms.

Effective Date

1. The date on which the appraisal opinion applies. (SVP)
2. The date to which an appraiser's analysis, opinions, and conclusions apply; also referred to as *date of value*. (USPAP, 2020-2021 ed.)
3. The date that a lease goes into effect.

Entitlement

In the context of ownership, use, or development of real estate, governmental approval for annexation, zoning, utility extensions, number of lots, total floor area, construction permits, and occupancy or use permits.

Entrepreneurial Incentive

The amount an entrepreneur expects or wants to receive as compensation for providing coordination and expertise and assuming the risks associated with the development of a project. Entrepreneurial incentive is the expectation of future reward as opposed to the profit actually earned on the project.

Entrepreneurial Profit

1. A market-derived figure that represents the amount an entrepreneur receives for his or her contribution to a past project to compensate for his or her time, effort, knowledge, and risk; the difference between the total cost of a property (cost of development) and its market value (property value after completion), which represents the entrepreneur's compensation for the risk and expertise associated with development. An entrepreneur is motivated by the prospect of future value enhancement (i.e., the entrepreneurial incentive). An entrepreneur who successfully creates value through new development, expansion, renovation, or an innovation change of use is rewarded by entrepreneurial profit. Entrepreneurs may also fail and suffer losses.
2. In economics, the actual return on successful management practices, often identified with coordination, the fourth factor of production following land, labor, and capital; also called entrepreneurial return or entrepreneurial reward.

Exposure Time

1. The time a property remains on the market.
2. An opinion, based on supporting market data, of the length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.

Fee Simple Estate

Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.

Floor Area Ratio (FAR)

The relationship between the above-ground floor area of a building, as described by the zoning or building code, and the area of the plot on which it stands; in planning and zoning, often expressed as a decimal, e.g., a ratio of 2.0 indicates that the permissible floor area of a building is twice the total land area.

Highest and Best Use

1. The reasonably probable use of property that results in the highest value. The four criteria that the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.
2. The use of an asset that maximizes its potential and that is possible, legally permissible, and financially feasible. The highest and best use may be for continuation of an asset's existing use or for some alternative use. This is determined by the use that a market participant would have in mind for the asset when formulating the price that it would be willing to bid. (ISV)

3. [The] highest and most profitable use for which the property is adaptable and needed or likely to be needed in the reasonably near future. (Uniform Appraisal Standards for Federal Land Acquisitions)

Investment Value

1. The value of a property to a particular investor or class of investors based on the investor's specific requirements. Investment value may be different from market value because it depends on a set of investment criteria that are not necessarily typical of the market.
2. The value of an asset to the owner or a prospective owner given individual investment or operational objectives (may also be known as worth). (IVS)

Lease

A contract in which rights to use and occupy land, space, or structures are transferred by the owner to another for a specified period of time in return for a specified rent.

Leased Fee Interest

The ownership interest held by the lessor, which includes the right to receive the contract rent specified in the lease plus the reversionary right when the lease expires.

Leasehold Estate

The right held by the lessee to use and occupy real estate for a stated term and under the conditions specified in the lease.

Liquidation Value

The most probable price that a specified interest in real property should bring under the following conditions:

1. Consummation of a sale within a short time period.
2. The property is subjected to market conditions prevailing as of the date of valuation.
3. Both the buyer and seller are acting prudently and knowledgeably.
4. The seller is under extreme compulsion to sell.
5. The buyer is typically motivated.
6. Both parties are acting in what they consider to be their best interests.
7. A normal marketing effort is not possible due to the brief exposure time.
8. Payment will be made in cash in U.S. dollars (or the local currency) or in terms of financial arrangements comparable thereto.
9. The price represents the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

This definition can also be modified to provide for valuation with specified financing terms.

Marketing Time

An opinion of the amount of time to sell a property interest at the concluded market value or at a benchmark price during the period immediately after the effective date of an appraisal. Marketing time differs from exposure time, which precedes the effective date of an appraisal.

Market Value

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- buyer and seller are typically motivated;
- both parties are well informed or well advised, and acting in what they consider their own best interests;
- a reasonable time is allowed for exposure in the open market;
- payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

(Source: Code of Federal Regulations, Title 12, Chapter I, Part 34.42[h]; also Interagency Appraisal and Evaluation Guidelines, Federal Register, 75 FR 77449, December 10, 2010, page 77472)

Prospective Opinion of Value

A value opinion effective as of a specified future date. The term does not define a type of value. Instead, it identifies a value opinion as being effective at some specific future date. An opinion of value as of a prospective date is frequently sought in connection with projects that are proposed, under construction, or under conversion to a new use, or those that have not yet achieved sellout or a stabilized level of long-term occupancy.

Retrospective Value Opinion

A value opinion effective as of a specified historical date. The term *retrospective* does not define a type of value. Instead, it identifies a value opinion as being effective at some specific prior date. Value as of a historical date is frequently sought in connection with property tax appeals, damage models, lease renegotiation, deficiency judgments, estate tax, and condemnation. Inclusion of the type of value with this term is appropriate, e.g., “retrospective market value opinion.”

Definition of Aggregate of Retail Values

The sum of the separate and distinct market value opinions for each of the units in a condominium, subdivision development, or portfolio of properties, as of the date of valuation. The aggregate of retail values does not represent the value of all the units as though sold together in a single transaction; it is simply the total of the individual market value conclusions.

(Source: The Dictionary of Real Estate Appraisal, 7th Edition, Appraisal Institute, Chicago, Illinois, 2022)

Bulk Sale

The sale of multiple parcels of real estate to one buyer in one transaction. A bulk sale may include dissimilar properties in different locations or a group of lots or units in the same project. Typically, the bulk sale price is less than the sum of the values of the individual parcels.

(Source: The Dictionary of Real Estate Appraisal, 7th Edition, Appraisal Institute, Chicago, Illinois, 2022)

Bulk Value

The value of multiple units, subdivided plots, or properties in a portfolio as though sold together in a single transaction.

(Source: The Dictionary of Real Estate Appraisal, 7th Edition, Appraisal Institute, Chicago, Illinois, 2022)

Development Procedure

In land valuation, a technique for valuing undeveloped acreage that involves discounting the cost of development and the probable proceeds from the sale of developed sites.

(Source: The Dictionary of Real Estate Appraisal, 7th Edition, Appraisal Institute, Chicago, Illinois, 2022)

Subdivision Development Method

A method of estimating land value when subdividing and developing a parcel of land is the highest and best use of that land. When all direct and indirect costs and entrepreneurial incentive are deducted from an estimate of the anticipated gross sales price of the finished lots (or the completed improvements on those lots), the resultant net sales proceeds are then discounted to present value at a market-derived rate over the development and absorption period to indicate the value of the land.

(Source: The Dictionary of Real Estate Appraisal, 7th Edition, Appraisal Institute, Chicago, Illinois, 2022)

Allocation

1) The process of separating the contributory value of a component or part of an asset from the total value of the asset. 2) A method of estimating land value in which sales of improved properties are analyzed to establish a typical ratio of land value to total property value and this ratio is applied to the property being appraised or the comparable sale being analyzed."

(Source: The Dictionary of Real Estate Appraisal, 7th Edition, Appraisal Institute, Chicago, Illinois, 2022)

Extraction

1) A method of estimating land value in which the depreciated cost of the improvements on an improved property is calculated and deducted from the total sale price to arrive at an estimated sale price for the land. 2) A method of deriving capitalization rates from property sales when sale price and net operating income are known.

(Source: The Dictionary of Real Estate Appraisal, 7th Edition, Appraisal Institute, Chicago, Illinois, 2022)

Residual

The quantity left over; in appraising, a term used to describe the result of an appraisal procedure in which known components of value are accounted for, thus solving for the quantity that is left over, such as land residual or building residual.

* All HCAD residential building measurements are done from the exterior, with individual measurements rounded to the closest foot. This measurement includes all closet space, hallways, and interior staircases. Attached garages are not included in the square footage of living area, but valued separately. Living area above detached garages is included in the square footage living area of the dwelling. Living area above detached garages is not included in the square footage living area of the dwelling but is valued separately. This method is used on all residential properties in Harris County to ensure the uniformity of square footage of living area measurements district-wide. There can be a reasonable variance between the HCAD square footage and your square footage measurement, especially if your square footage measurement was an interior measurement or an exterior measurement to the inch.

METES AND BOUNDS DESCRIPTION
106.472 ACRES (4,637,900 SQUARE FEET)
SARAH MCKISSICK LEAGUE, A-549
CITY OF FRIENDSWOOD
HARRIS COUNTY, TEXAS

Being a tract or parcel containing 106.472 acres (4,637,900 square feet) of land situated in the Sarah McKissick League, Abstract Number 549, Harris County, Texas; being all of Restricted Reserves "A" and "C", CLEAR CREEK COMMUNITY CHURCH FRIENDSWOOD, a subdivision plat of record at Film Code No. 691601, Harris County Map Records (H.C.M.R.); being all of a called 106.472 acre tract of land conveyed to Madison Development Corp., LLC as described by deed recorded under Harris County Clerk's File (H.C.C.F.) No. RP-2023-65754; said 106.472 acre tract of land being more particularly described as follows (bearings are oriented to the Texas State Plane Coordinate System of 1983, South Central Zone 4204, US Survey Feet, NAD83(NA2011)):

BEGINNING at a 5/8-inch iron rod with cap stamped "GBI PARTNERS" found on the curved southerly right-of-way (R.O.W.) line of F.M. 528 (120 feet wide) and marking the northerly common corner of said Restricted Reserves "A" and "B", CLEAR CREEK COMMUNITY CHURCH; said iron rod also for the northwest corner of the herein described tract;

THENCE, Northeasterly, an arc distance of 311.32 feet along said southerly R.O.W. line and a curve to the right, having a radius of 1,840.08 feet, a central angle of 094°1'36", and a chord which bears North 76°21'49" East, 310.94 feet to a point of tangency, from which a disturbed Texas Department of Transportation (TXDOT) aluminum disk found bears South 07°56' East, 0.69 feet;

THENCE, North 81°12'37" East, along said southerly R.O.W. line, at 90.40 feet passing a 5/8-inch iron rod found marking the northeast corner of said Restricted Reserve "A", continuing in all for a total distance of 1,772.42 feet to a 5/8-inch iron rod found at the base of a concrete pad and marking the northwest corner of a called 28.9270 acre tract of land conveyed to Clear Creek I.S.D. as described by deed recorded under H.C.C.F. No. P598260; said iron rod for the northeast corner of the herein described tract;

THENCE, South 08°47'23" East, departing said southerly R.O.W. line, at 1,289.36 feet passing a 5/8-inch iron rod found marking the westerly common corner of said 28.9270 acre tract and a called 10.0000 acre tract of land conveyed to Clear Creek I.S.D. as described by deed recorded under H.C.C.F. No. P598262, continuing in all for a total distance of 2,190.65 feet to a 5/8-inch iron rod with cap stamped "RPLS 3974" found on the northwesterly R.O.W. line of a Harris County Flood Control District drainage easement (150 feet wide) as described by deeds recorded under H.C.C.F. No(s). E449568 and X384682; said iron rod for the southeast corner of the herein described tract;

THENCE, along said mean higher water line of Clear Creek, the following courses and distances:

North $21^{\circ}17'29''$ West, a distance of 80.86 feet to an angle point;

North $04^{\circ}22'12''$ West, a distance of 216.80 feet to an angle point;

North $32^{\circ}41'57''$ West, a distance of 184.39 feet to an angle point;

North $51^{\circ}06'03''$ West, a distance of 159.93 feet to an angle point;

North $74^{\circ}03'08''$ West, a distance of 164.71 feet to an angle point;

South $48^{\circ}02'49''$ West, a distance of 44.69 feet to an angle point;

North $73^{\circ}53'13''$ West, a distance of 47.50 feet to an angle point;

South $49^{\circ}24'27''$ West, a distance of 89.87 feet to an angle point;

North $75^{\circ}14'40''$ West, a distance of 40.66 feet to an angle point;

South $43^{\circ}53'50''$ West, a distance of 146.10 feet to an angle point;

South $25^{\circ}05'22''$ West, a distance of 134.50 feet to an angle point;

South $83^{\circ}33'17''$ West, a distance of 49.30 feet to an angle point;

South $21^{\circ}22'27''$ West, a distance of 73.69 feet to an angle point;

North $77^{\circ}09'16''$ West, a distance of 62.96 feet to an angle point;

3 South 59°48'42" West, a distance of 48.72 feet to an angle point;
 North 76°29'09" West, a distance of 56.65 feet to an angle point;
 North 88°56'38" West, a distance of 120.31 feet to an angle point;
 North 78°01'47" West, a distance of 221.29 feet to an angle point;
 North 67°13'30" West, a distance of 112.00 feet to an angle point;
 North 50°46'11" West, a distance of 258.04 feet to an angle point;
 North 16°00'41" West, a distance of 99.00 feet to an angle point;
 North 05°32'33" West, a distance of 60.42 feet to an angle point;

Comments

This is a resale of a pad site that sold in December 2023. It is triangular in shape and is located in front of a Costco Warehouse.

A drainage easement runs adjacent to Rogers Court along the northwestern property line. There is also a Lift Station in the southern portion of the site. Both encumbrances have been netted from the gross acreage. Rogers Court dead ends at the northwest line of the subject property, but to gain access to the road a bridge would have to be constructed over the drainage easement. As such, at

Land - Gulf Fwy

Comments (Cont'd)

present the site does not have access to Rogers Court.

The portion of the subject property in the floodway is located along the western property line along the drainage ditch to the west. The remaining portion of the property is 100% within the AE section of the flood plain. The area in the floodway is minimal and appears to follow the eastern boundary of the drainage ditch. As the remainder of the site is basically flat and level, the floodway does not appear to impact the functional utility or development potential of the site as this area can be utilized for parking. Onsite detention is required for development.

Acres(Usable/Gross):	2.70/3.23

Comments

This is a resale of a pad site that sold in December 2023. It is triangular in shape and is located in front of a Costco Warehouse.

A drainage easement runs adjacent to Rogers Court along the northwestern property line. There is also a Lift Station in the southern portion of the site. Both encumbrances have been netted from the gross acreage. Rogers Court dead ends at the northwest line of the subject property, but to gain access to the road a bridge would have to be constructed over the drainage easement. As such, at

Land - Gulf Fwy

Comments (Cont'd)

present the site does not have access to Rogers Court.

The portion of the subject property in the floodway is located along the western property line along the drainage ditch to the west. The remaining portion of the property is 100% within the AE section of the flood plain. The area in the floodway is minimal and appears to follow the eastern boundary of the drainage ditch. As the remainder of the site is basically flat and level, the floodway does not appear to impact the functional utility or development potential of the site as this area can be utilized for parking. Onsite detention is required for development.

Comments

This is a resale of a pad site that sold in December 2023. It is triangular in shape and is located in front of a Costco Warehouse.

A drainage easement runs adjacent to Rogers Court along the northwestern property line. There is also a Lift Station in the southern portion of the site. Both encumbrances have been netted from the gross acreage. Rogers Court dead ends at the northwest line of the subject property, but to gain access to the road a bridge would have to be constructed over the drainage easement. As such, at

Land - Gulf Fwy

Comments (Cont'd)

present the site does not have access to Rogers Court. The portion of the subject property in the floodway is located along the western property line along the drainage ditch to the west. The remaining portion of the property is 100% within the AE section of the flood plain. The area in the floodway is minimal and appears to follow the eastern boundary of the drainage ditch. As the remainder of the site is basically flat and level, the floodway does not appear to impact the functional utility or development potential of the site as this area can be utilized for parking. Onsite detention is required for development.

Comments

Detention is required. Site has direct access to Highway 288 at the northern portion of the site, but not the southern portion, as Highway 288 is currently a restricted access roadway. The broker thought the site was purchased for multifamily.

14.95 Ac Hwy 288

Comments (Cont'd)

Site includes approximately 2.6 acres of pipeline easements that bisects the southern portion of the site. This easement divides the site into an approximate 9.65 acre tract located to the north of the easement, and an approximate 2.7 acre tract located to the south of the easement.

Comments

This is a resale of a pad site that sold in December 2023. It is triangular in shape and is located in front of a Costco Warehouse.

A drainage easement runs adjacent to Rogers Court along the northwestern property line. There is also a Lift Station in the southern portion of the site. Both encumbrances have been netted from the gross acreage. Rogers Court dead ends at the northwest line of the subject property, but to gain access to the road a bridge would have to be constructed over the drainage easement. As such, at

Land - Gulf Fwy

Comments (Cont'd)

present the site does not have access to Rogers Court. The portion of the subject property in the floodway is located along the western property line along the drainage ditch to the west. The remaining portion of the property is 100% within the AE section of the flood plain. The area in the floodway is minimal and appears to follow the eastern boundary of the drainage ditch. As the remainder of the site is basically flat and level, the floodway does not appear to impact the functional utility or development potential of the site as this area can be utilized for parking. Onsite detention is required for development.

Source of Land Info.: Engineering Report

Comments

Detention is required. Site has direct access to Highway 288 at the northern portion of the site, but not the southern portion, as Highway 288 is currently a restricted access roadway. The broker thought the site was purchased for multifamily.

14.95 Ac Hwy 288

Comments (Cont'd)

Site includes approximately 2.6 acres of pipeline easements that bisects the southern portion of the site. This easement divides the site into an approximate 9.65 acre tract located to the north of the easement, and an approximate 2.7 acre tract located to the south of the easement.

Comments

This is a resale of a pad site that sold in December 2023. It is triangular in shape and is located in front of a Costco Warehouse.

A drainage easement runs adjacent to Rogers Court along the northwestern property line. There is also a Lift Station in the southern portion of the site. Both encumbrances have been netted from the gross acreage. Rogers Court dead ends at the northwest line of the subject property, but to gain access to the road a bridge would have to be constructed over the drainage easement. As such, at

Land - Gulf Fwy

Comments (Cont'd)

present the site does not have access to Rogers Court. The portion of the subject property in the floodway is located along the western property line along the drainage ditch to the west. The remaining portion of the property is 100% within the AE section of the flood plain. The area in the floodway is minimal and appears to follow the eastern boundary of the drainage ditch. As the remainder of the site is basically flat and level, the floodway does not appear to impact the functional utility or development potential of the site as this area can be utilized for parking. Onsite detention is required for development.

Source of Land Info.: Engineering Report

Comments

Detention is required. Site has direct access to Highway 288 at the northern portion of the site, but not the southern portion, as Highway 288 is currently a restricted access roadway. The broker thought the site was purchased for multifamily.

14.95 Ac Hwy 288

Comments (Cont'd)

Site includes approximately 2.6 acres of pipeline easements that bisects the southern portion of the site. This easement divides the site into an approximate 9.65 acre tract located to the north of the easement, and an approximate 2.7 acre tract located to the south of the easement.

Waterfront Land - NASA Pkwy

Comments

The buyer intends to develop the site with a mixed-use development, consisting of a 170-room podium style boutique hotel (Compass by Margaritaville) with resort style pool area, 10,000 square feet of convention center space in collaboration with the City of Seabrook, a 20,000 square foot podium style retail building, and a podium style 76-unit residential tower.

Property consists of two tracts separated by Repsdorph future ROW.

Acres(Usable/Gross):	2.70/3.23

Comments

This is a resale of a pad site that sold in December 2023. It is triangular in shape and is located in front of a Costco Warehouse.

A drainage easement runs adjacent to Rogers Court along the northwestern property line. There is also a Lift Station in the southern portion of the site. Both encumbrances have been netted from the gross acreage. Rogers Court dead ends at the northwest line of the subject property, but to gain access to the road a bridge would have to be constructed over the drainage easement. As such, at

Land - Gulf Fwy

Comments (Cont'd)

present the site does not have access to Rogers Court.

The portion of the subject property in the floodway is located along the western property line along the drainage ditch to the west. The remaining portion of the property is 100% within the AE section of the flood plain. The area in the floodway is minimal and appears to follow the eastern boundary of the drainage ditch. As the remainder of the site is basically flat and level, the floodway does not appear to impact the functional utility or development potential of the site as this area can be utilized for parking. Onsite detention is required for development.

Comments

These two lots were acquired for construction of an 8,000 square foot medical facility. The broker acknowledged the price reflected the buyer's desire to be near the medical center.

Comments

Detention is required. Site has direct access to Highway 288 at the northern portion of the site, but not the southern portion, as Highway 288 is currently a restricted access roadway. The broker thought the site was purchased for multifamily.

14.95 Ac Hwy 288

Comments (Cont'd)

Site includes approximately 2.6 acres of pipeline easements that bisects the southern portion of the site. This easement divides the site into an approximate 9.65 acre tract located to the north of the easement, and an approximate 2.7 acre tract located to the south of the easement.

FRIENDSWOOD CITY CENTER DEVELOPMENT AGREEMENT

This Friendswood City Center Development Agreement (this “**Agreement**”), dated as of January 22, 2024 (the “**Effective Date**”), is entered into between Madison Development Corp., LLC, a Texas limited liability company (the “**Developer**”), and the City of Friendswood Texas (the “**City**”), a home-rule city and municipal corporation, acting by and through its duly authorized representative.

Recitals:

WHEREAS, unless otherwise defined: (1) all references to “sections” shall mean to sections of this Agreement; (2) all references to “exhibits” shall mean exhibits to this Agreement which are incorporated as part of this Agreement for all purposes; and (3) all references to “ordinances” or “resolutions” shall mean ordinances or resolutions adopted by the City Council of the City of Friendswood, Texas (the “City Council”); and

WHEREAS the Developer owns and is developing an approximately 106.5 acre tract of land within the corporate limits of the City (together the “Property”) as a commercial mixed use development in accordance with City Regulations and the Concept Plan attached hereto as Exhibit D, as defined herein; and

WHEREAS, in order to incentivize the development of the Property and encourage and support economic development within the City described by metes and bound on Exhibit A attached hereto and to promote employment, the City desires to facilitate the development of the Property through the financing of certain public infrastructure (the “Public Improvements” as defined herein) and constructing additional public improvements within the Property and the TIRZ Property; and

WHEREAS, in order to finance the Public Improvements, the City Council intends to create a public improvement district that includes the Property (the “PID”) in accordance with Chapter 372 Texas Local Government Code, as amended (the “PID Act”), and to create a tax increment reinvestment zone that includes the Property pursuant to Chapter 311, Texas Tax Code, as amended (the “TIRZ Act”); and

WHEREAS, the City intends to (upon satisfaction of the conditions and in accordance with the terms set forth in this Agreement), adopt the Assessment Ordinance (as defined herein) and adopt Service and Assessment Plans (“SAP”) (as defined herein) which provide for the construction, and financing of the Public Improvements pursuant to a Service and Assessment Plan, payable in whole or in part by and from Assessments levied against property within the PID (whether through a cash reimbursement or through an issuance of PID Bonds); and

WHEREAS the City also intends to pay or reimburse the Developer for additional improvements within the Property and the TIRZ property consisting of certain drainage improvements and other public improvements (the “Drainage Improvements” and “City Improvements” respectively), the payment and reimbursement for the Public Improvements, the City Improvements and the Drainage Improvements shall be solely from (i) the installment payments of Assessments and/or proceeds of the PID Bonds, (ii) TIRZ Revenues and/or (ii) City

drainage bond proceeds, and the City shall never be responsible for the payment of the Public Improvements, Drainage Improvements and City Improvements or the PID Bonds from its general fund or its ad valorem tax collections, past or future or any other source of City revenue or any assets of the City of whatsoever nature; and

WHEREAS, the Parties agree that the Public Improvements, Drainage Improvements and City Improvements are also improvements that qualify as projects under the TIRZ Act; and

WHEREAS, the City recognizes the positive impact that the construction and installation of the Public Improvements, Drainage Improvements and City Improvements will bring to the City and will promote state and local economic development; to stimulate business and commercial activity in the City; for the development and diversification of the economy of the State; development and expansion of commerce in the State, and elimination of employment or underemployment in the State;

NOW, THEREFORE, for and in consideration of the mutual agreements, covenants, and conditions contained herein, and other good and valuable consideration, the parties hereto agree as follows:

ARTICLE I

DEFINITIONS

For all purposes of this Agreement, except as otherwise expressly provided or unless the context otherwise requires, the terms defined in this Article have the meanings assigned to them in the Recitals or this Article, and all such terms include the plural as well as the singular.

“Actual Costs” is defined in the Service and Assessment Plan.

“Affiliates” means any other person directly controlling, or directly controlled by or under direct common control with the Developer. As used in this definition, the term “control,” “controlling” or “controlled by” shall mean the possession, directly, of the power either to (a) vote fifty percent (50%) or more of the securities or interests having ordinary voting power for the election of directors (or other comparable controlling body) of the Developer, or (b) direct or cause the direction of management or policies of the Developer, whether through the ownership of voting securities or interests, by contract or otherwise, excluding in each case, any lender of the Developer or any affiliate of such lender.

“Agreement” has the meaning stated in the first paragraph of this Agreement.

“Annual Installments” means with respect to each parcel subject to Assessments, each annual payment of the Assessments, including any applicable interest, as set forth and calculated in the SAP.

“Applicable Law” means any statute, law, treaty, rule, code, ordinance, regulation, permit, interpretation, certificate or order of any Governmental Authority, or any judgment, decision, decree, injunction, writ, order or like action of any court, or other Governmental Authority. Applicable Laws shall include, but not be limited to, City Regulations.

“Appraisal” means an appraisal of the property to be assessed in the PID by a licensed MAI Appraiser, such Appraisal to include as-complete improvements, including the Public Improvements to be financed in part with PID Bonds (i.e., “as-complete”) and the construction and installation of the Private Improvements, necessary to get a Final Lot Value.

“Assessment Ordinance” means one or more of the City’s ordinances approving a SAP and levying Assessments on the benefitted Property within the PID.

“Assessments” means those certain assessments levied by the City pursuant to the PID Act and on benefitted parcels within the PID for the purpose of paying the costs of the Public Improvements, including interest, all as set forth in or modified by the Service and Assessment Plan.

“Assessed Property” means property within the PID upon which an Assessment is levied, as set forth in a Service and Assessment Plan.

“City” means the City of Friendswood, Texas.

“City Center Account” means that account in Section 4.01(a) into which the City Tax Increment from the TIRZ Property shall be deposited.

“City Improvements” means the City’s fire station within the PID, public water, storm sewer and sanitary improvements, public drainage facilities, traffic signals, public parkland, and public roadways to include the City-owned public road providing additional access to the Brookside Intermediate School, all constructed to City Regulations, as shown on Exhibit K attached hereto. To the extent permitted by the Act, the fire station shall be considered a Public Improvement, payable from assessments and TIRZ Revenues, and the road shall be reimbursable from TIRZ Revenues.

“City Regulations” mean provisions of the City’s Code of Ordinances, ordinances not codified, design standards, uniform and international building and construction codes, and other policies duly adopted by the City, which shall be applied to the Development, including the PUD.

“City Representative” means the City Manager or designee which may include a third party inspector or representative.

“City Tax Increment” means, for any given year beginning with the 2023 tax year, seventy percent (70%) of the ad valorem property taxes levied and collected by the City for that year above the base year, on the captured appraised value of real property taxable by the City and located within the TIRZ for the term of the TIRZ, as set forth in Article IV herein.

“Closing Disbursement Request” means the Closing Disbursement Request described in Section 4.06, the form of which is attached as Exhibit G.

“Commencement of Construction” shall mean that (i) the plans have been prepared and all approvals thereof required by applicable governmental authorities have been obtained for construction of the applicable improvement, or portion thereof, as the case may be, on the Property; (ii) all necessary permits for the initiation of construction of the improvement, or portion thereof,

as the case may be, on the Property pursuant to the respective plans therefore having been issued by all applicable governmental authorities; and (iii) grading of the Property for the construction of the applicable improvement, or portion thereof, as the case may be, has commenced.

“Completion of Construction” shall mean that the City has with respect to applicable Public Improvements, Drainage Improvements and City Improvements accepted the respective Public Improvements, Drainage Improvements and City Improvements and confirmed that Final Completion has been reached with respect to such Public Improvements, Drainage Improvements and City Improvements.

“Concept Plan” means the concept plan attached hereto as Exhibit D and included in the PUD.

“Construction Agreements” mean the contracts for the construction of the Public Improvements, Drainage Improvements and City Improvements.

“Cost Overruns” means those Public Improvement Project Costs that exceed the budget cost set forth in the SAP(s) plus the Developer Cash Contribution.

“Cost Underruns” means Public Improvement Project Costs that are less than the budgeted cost set forth in the SAP(s).

“Deficit” shall have the meaning ascribed thereto in Section 3.03 of this Agreement.

“Developer” means Madison Development Corp., LLC, a Texas limited liability company and its successors and permitted assigns.

“Development” means the Friendswood City Center Development, a mixed use commercial development to be developed and constructed on the Property pursuant to the City Regulations and this Agreement.

“Disclosure Program” means the disclosure program, as set forth in a document in the form of Exhibit H that establishes a mechanism to disclose to each purchaser of property within the PID, the terms and conditions under which their lot is burdened by the PID.

“Drainage Improvements” means those drainage improvements set forth in Exhibit I.

“Drainage Payment Certificate” means a certificate as set forth in Section 3.06, the form of which is attached as Exhibit J.

“Effective Date” means the date set forth in the first paragraph of this Agreement which shall be the earliest date on which (i) the Developer has executed this Agreement and (ii) the Agreement is approved by City Council.

“Estimated Build Out Value” means the estimated value of an assessed property with fully constructed buildings, as provided by the Developer and confirmed by the City by considering such factors as density, lot size, proximity to amenities, view premiums, location, market

conditions, historical sales, builder contracts, discussions with builders, reports from third party consultants, or any other factors that, in the judgment of the City, may impact value.

“Final Completion” means as the point in the construction of the project when the City determines that the project is 100% completed, including punch list work.

“Final Lot Value” means the developed lot values established by an Appraisal.

“Force Majeure” means any act that (i) materially and adversely affects the affected Party’s ability to perform the relevant obligations under this Agreement or delays such affected Party’s ability to do so, (ii) is beyond the reasonable control of the affected Party, (iii) is not due to the affected Party’s fault or negligence and (iv) could not be avoided, by the Party who suffers it, by the exercise of commercially reasonable efforts. “Force Majeure” shall include: (a) natural phenomena, such as storms, floods, lightning and earthquakes; (b) wars, civil disturbances, revolts, insurrections, terrorism, sabotage and threats of sabotage or terrorism; (c) transportation disasters, whether by ocean, rail, land or air; (d) strikes or other labor disputes that are not due to the breach of any labor agreement by the affected Party; (e) fires; (f) epidemics or pandemics where shut-down of commercial construction or the manufacturing of supplies relating thereto has been ordered by a Governmental Authority; and (g) actions or omissions of a Governmental Authority (including the actions of the City in its capacity as a Governmental Authority) that were not voluntarily induced or promoted by the affected Party, or brought about by the breach of its obligations under this Agreement or any Applicable Law or failure to comply with City Regulations; provided, however, that under no circumstances shall Force Majeure include any of the following events: (i) economic hardship; (ii) changes in market condition; (iii) any strike or labor dispute involving the employees of the Developer or any Affiliate of the Developer, other than industry or nationwide strikes or labor disputes; (iv) during construction, weather conditions which could reasonably be anticipated by experienced contractors operating the relevant location; (v) the occurrence of any manpower, material or equipment shortages except as set forth in (f) above; or (vi) any delay, default or failure (financial or otherwise) of the general contractor or any subcontractor, vendor or supplier of the Developer, or any construction contracts for Public Improvements, Drainage Improvements or City Improvements.

“Governmental Authority” means any Federal, state or local governmental entity (including any taxing authority) or agency, court, tribunal, regulatory commission or other body, whether legislative, judicial or executive (or a combination or permutation thereof) and any arbitrator to whom a dispute has been presented under Applicable Law, pursuant to the terms of this Agreement or by agreement of the Parties.

“Indenture(s)” means the applicable indenture of trust pursuant to which PID Bonds are issued.

“Landowner Consent” means a consent executed by the applicable owner(s) of the Property consenting to the formation of the PID and the levy of Assessments, in form attached hereto as Exhibit E.

“Impositions” shall mean all taxes, assessments, use and occupancy taxes, sales taxes, charges, excises, license and permit fees, and other charges by public or governmental authority,

which are or may be assessed, charged, levied, or imposed by any public or governmental authority on Developer, or any property or any business owned by Developer within City.

“POA” is defined in Section 10.01.

“POA Maintained Improvements” is defined in Section 10.01.

“POA Maintenance Agreement” is defined in Section 10.01

“Net PID Bond Proceeds” means the proceeds of the PID Bonds issued pursuant to Sections 3.02, net of costs of issuance, capitalized interest, reserve funds and other financing costs, that are deposited to the project fund for such bonds.

“Parties” or “Party” means the City and the Developer as parties to this Agreement.

“Payment Certificate” means a Payment Certificate as set forth in Section 9.03, the form of which is attached as Exhibit F as may be modified by an Indenture.

“Phasing Plan” means the plan for the construction and timing of the Development attached hereto as Exhibit L.

“PID Act” means Chapter 372, Texas Local Government Code, as amended.

“PID Bond Proceeds” means the proceeds of the PID Bonds, net of costs of issuance, capitalized interest, reserve funds and other financing costs, that are deposited to the Project Fund.

“PID Bonds” means one or more series special assessment revenue bonds issued by the City pursuant to the PID Act for the reimbursement of the Public Improvement Project Costs.

“PID” means the Friendswood City Center Public Improvement District.

“PID Phase ” means a Phase of development within the PID.

“Plans and Specifications” means the plans and specifications for Public Improvements, Drainage Improvements and City Improvements approved by the City, together with any changes thereto approved or required by the City.

“Private Improvements” means these horizontal improvements described in the Plans and Specifications and in the PUD, submitted to the City, other than the Public Improvements, Drainage Improvements and City Improvements, being constructed in each Phase to get to a Final Lot Value.

“Project Cost Cap” means the total amount of reimbursement and/or payment to the Developer for the Public Improvement Project Costs, or the Actual Costs of the Drainage Improvements and City Improvements, from any source, including the proceeds of PID Bonds, TIRZ Revenues, City drainage bond proceeds or Assessment Revenues; such amount shall be equal to the Actual Costs of the Public Improvements, Drainage Improvements and City

Improvements that are to be reimbursed as set forth in this Agreement, the SAP and the TIRZ Project and Finance Plan.

“Project Fund” means the fund by that name created under each Indenture into which PID Bond Proceeds shall be deposited.

“Property” means the approximately 106.5 acre tract within the City to be developed within the Friendswood City Center Public Improvement District, as described in Exhibit A.

“Public Improvements” means public improvements to be developed and constructed or caused to be developed or constructed inside and outside the PID by the Developer to benefit the PID and the Property, which will include improvements described in Exhibit C.

“PUD” means the Planned Unit Development - Friendswood City Center PUD approved by the City on November 6, 2023, as attached here to as Exhibit B. As may be amended pursuant to City Regulations.

“Public Improvement Completion Date” means a date that is no later than twenty-four (24) months after Commencement of Construction for the Public Improvements, Drainage Improvements and City Improvements for each phase. Such date may be extended by one (6) month extension that may be granted by the City Manager upon request of the Developer.

“Public Improvement Project Costs” means the Actual Costs of the Public Improvements and a portion of the Actual Costs of the City Improvements set forth in the Service and Assessment Plan.

“Reimbursement Agreement(s)” means the agreement(s) between the City and the Developer in which Developer agrees to fund the certain costs of Public Improvements and the City agrees to reimburse the Developer for a portion of such costs of the Public Improvements from the proceeds of Assessments pursuant to the SAP(s) or from future PID Bond proceeds, if any.

“Service and Assessment Plan” or “SAP” means the service and assessment plans drafted pursuant to the PID Act for the PID and any amendments or updates thereto, adopted and approved by the City that identifies and allocates the Assessments on benefitted parcels within the PID and sets forth the method of assessment, the parcels assessed, the amount of the Assessments, the Public Improvements and the method of collection of the Assessment.

“Subsequent Owner” means the owner(s) of land within the PID as a result of a transfer made by the Developer pursuant to a purchase and sale contract for land within the PID.

“TIRZ” means the tax increment reinvestment zone created by the City over the TIRZ Property.

“TIRZ Act” means Chapter 311, Texas Tax Code, as amended.

“TIRZ Cap” means the lesser of the lesser of the (i) amount generated by the City Tax Increment over the life of the TIRZ; or (ii) \$100,000,000 in total reimbursement to the Developer (from both the PID and the TIRZ revenues).

“TIRZ Fund” means the fund set up by the City in order to receive the TIRZ Revenues in accordance with this Agreement, the TIRZ Act and the TIRZ Project and Finance Plan.

“TIRZ Project and Finance Plan” means those certain project plan and finance plan for the TIRZ required by the TIRZ Act, as amended that sets for the projects to be undertaken in the TIRZ.

“TIRZ Property” means the approximately 125 acre site over which the TIRZ was created, which includes the Property.

“TIRZ Revenues” means the revenues received from the City Tax Increment collected and deposited to the applicable TIRZ Account.

“Trustee” means the trustee under the Indenture.

“Waiver of Liens” means a complete, final and unconditional waiver of all liens with respect to the Public Improvements, Drainage Improvements and City Improvements.

ARTICLE II

THE DEVELOPMENT

Section 2.01. Scope of Agreement. This Agreement establishes provisions for the creation of the PID, the apportionment, levying, and collection of Assessments on the Property within the PID, the creation of the TIRZ and use of TIRZ Revenues, the construction of the Public Improvements, Drainage Improvements and City Improvements, reimbursement, acquisition, ownership and maintenance of the Public Improvements, Drainage Improvements and City Improvements, and the issuance of PID Bonds for the financing of the Public Improvements benefitting the property within the PID.

Section 2.02. Project Overview – The Development.

(a) The Developer will undertake or cause the undertaking of the design, development, construction, maintenance, management, use and operation of the Development, and will undertake or cause the undertaking of the design, development and construction of the Public Improvements, Drainage Improvements and City Improvements. The Development will consist of the following elements, in accordance with the PUD:

- (i) A Town Center consisting of:
 - A. Approximately 500 multi-family units;
 - B. Approximately 191,000 square feet of medical/office use;

C. A maximum 150 room hotel and approximately 5,000 square foot conference facility;

D. Approximately 63,800 square feet of restaurant and retail space;

E. Approximately 52 acres of public parks and approximately 5.2 miles of public trails;

F. A maximum of 300 condominium units;

G. A minimum 2,188 space parking garage.

(ii) A City fire station.

(iii) The dedication of land to the City along Clear Creek for a future flood mitigation project, such acreage to be mutually agreed to by the Parties.

(b) Subject to the terms and conditions set forth in this Agreement, the Developer shall plan, design, construct, and complete or cause the planning, designing, construction and completion of the Public Improvements, Drainage Improvements and City Improvements to the City's standards and specifications and subject to the City's approval as provided herein and in accordance with City Regulations, the Concept Plan and Applicable Law.

(c) Upon completion and acceptance by the City, the Public Improvements, Drainage Improvements and City Improvements shall be owned by the City and shall be maintained by the City.

ARTICLE III

PUBLIC IMPROVEMENT DISTRICT

Section 3.01. Creation.

The Developer has requested the creation of a PID over the Property, and has submitted a petition to the City that contain a list of the Public Improvements to be financed by the PID and the estimated or actual costs of such Public Improvements in the PID. By resolution, the City accepted such petition by resolution and scheduled a public hearing to consider the creation of the PID in accordance with the PID Act. Developer has entered into professional services payment agreement that obligates Developer to fund the costs of the City's professionals relating to the creation of the PID, the levy of Assessments in the PID and any PID Bond financing costs, which amount shall be considered a cost payable from PID Bond Proceeds.

Section 3.02. Issuance of PID Bonds.

(a) Subject to the terms and conditions set forth in this Article III, the City intends to authorize the issuance of PID Bonds in one or more series up to an aggregate principal amount of \$100,000,000 to pay for or reimburse the Public Improvements Project Costs. The Public Improvements to be constructed or acquired and paid or reimbursed in connection with the PID

Bonds are detailed in Exhibit C, which may be amended from time to time, and shall be as set forth in the Service and Assessment Plan for the PID or any updates thereto. The net proceeds from the sale of each series of PID Bonds, including but not limited to, net of costs and expenses of issuance of each series of PID Bonds and amounts for debt service reserves and capitalized interest, will be used to pay or reimburse the Public Improvement Project Costs. Notwithstanding anything in this Agreement, the issuance of PID Bonds and the levy of Assessments are discretionary governmental actions by the City Council and subject to the City's approval and the issuance of PID Bonds is also subject to market conditions at the time of issuance. The issuance of PID Bonds and the levy of Assessments is an action to be taken by a future City Council and such future City Council shall not be bound by the terms of this Agreement with respect to the issuance of PID Bonds and the levy of Assessments.

(b) Each series of PID Bonds shall be issued with the terms deemed appropriate by the City Council at the time of issuance, if at all.

(c) The following conditions must be satisfied prior to the City's consideration of the sale of PID Bonds:

(i) The Developer shall have requested, in writing, the issuance of PID Bonds;

(ii) The Developer shall have submitted to the City all requested and required information necessary to evaluate a PID Bond issuance for each Phase and to accomplish the levy of Assessments and the issuance of PID Bonds, which information shall include:

A. For the Property, total acreage of commercial property, open space, multi-family property, non-developable property (by Phase if applicable) for which Assessments are to be levied;

B. Engineers' opinion of probable costs (dated within the last 3 months prior to submission) for all improvements within the Phase for which Assessments are to be levied;

C. Break out of total offsite costs to serve the Phase for which Assessments are to be levied;

D. Break out of total oversizing costs of improvements within the Phase for which Assessments are to be levied;

E. Breakout of phased costs for all phases versus major improvement cost within the applicable PID;

F. Assumptions for number of lots

1. Total number of lots by type;

2. Total estimated value per lot;

3. Total estimated value of lots by use;

4. The values provided in 1-3 above based on phasing plan/absorption schedule

G. Map of Property and TIRZ Property

H. Proposed Concept Plan

1. With construction phasing identified by map and cost

2. Location of any open space maintained by POA

3. Total acreage of open space maintained by POA

4. Map/locations of improvements to be financed by the applicable PID

5. Onsite improvements by Phase

6. Offsite improvements by Phase

I. Final private costs (not including the public improvement costs) to reach completed lots (i.e., final lot benching, stabilization, etc.)

(iii) The maximum aggregate par amount of the PID Bonds to be issued by the City shall not exceed \$100,000,000.

(iv) The Assessments shall have been levied at the amount requested by the Developer up to a maximum "tax rate" for each Phase including the projected annual assessment, that shall not (i) exceed \$3.05 per \$100 of assessed value at the time of the levy of the Assessment on each PID Phase based on the Estimated Build Out Value of each parcel such rate limit for each PID Phase as determined at the time of the levy of the Assessments applies on an individual assessed parcel basis by Lot Type based on Estimated Build Out Value; (ii) exceed the City Tax Increment for each year available for application against the Annual Installment as set forth in the SAP, or (iii) exceed the value to lien ratios as set forth below. The Parties acknowledge and agree that the \$3.05 maximum "tax rate" set forth above assumes no changes in the taxing rates of other taxing jurisdictions within the applicable PID and that should other taxing jurisdictions adjust their tax rates, the \$3.05 maximum "tax rate" will not be reached.

(v) the total assessment value to lien ratio is at least 2:1 at the time of the levy of assessments for phase specific improvements and a total assessment value to lien ratio is at least 2:1 at the time of the levy of assessments for major improvements, and the total assessment value to lien ratio of each series of PID Bonds for each PID Phase is at least 2:1 at the time of the issuance of PID Bonds for phase specific improvements in each PID Phase and 2:1 at the time of the issuance of PID Bonds for major improvements; such values shall be confirmed by appraisal from licensed MAI appraiser. The City may agree to a lower value to lien ratio.

(vi) The Developer or its Affiliates, or any Subsequent Owner, shall own all property within the PID (or in each PID Phase, if applicable) prior to the levy of Assessments for such PID Phase, or have otherwise complied with Section 3.05 herein. The City shall not levy Assessments without a consent to the creation of the PID and the levy of Assessments from each property owner within the area to be assessed by the City.

(vii) No Event of Default by the Developer has occurred or no event has occurred which but for notice, the lapse of time or both, would constitute an Event of Default by the Developer pursuant to this Agreement, except that if an Event of Default has occurred and has been cured by the Developer, it shall not prevent the issuance of PID Bonds by the City;

(viii) The PID Bonds must be marketable by a reputable underwriter to a reputable purchaser at a reasonable rate of interest as determined by the City's financial advisor.

(ix) PID bonds may not be issued through a third-party conduit and all PID bond issues must be approved by the Texas Attorney General;

(x) The Developer shall have agreed to any continuing disclosure requirements required by the Underwriter or by the purchasers of the PID Bonds and shall be current in all past continuing disclosure obligations.

(d) In no event shall the Developer be paid and/or reimbursed from PID Bond Proceeds or Assessment revenues for all Public Improvement Project Costs in an amount in excess of the Project Cost Cap.

Section 3.03. Developer Cash Contribution.

(a) At closing on any series of PID Bonds intended to fund construction of Public Improvements, if the PID Bond Proceeds are not sufficient to pay the Public Improvement Project Costs for the Phase to which such PID Bond Proceeds relate, the Developer shall be required to provide the following to fund the difference between the Public Improvement Costs for each PID Phase and the amount of PID Bond Proceeds available for such PID Phase and minus any approved Developer expenditures of Public Improvement Project Costs for such PID Phase as confirmed and approved by the City or its PID administrator (the "Deficit") as illustrated below:

Total Amount of Public Improvement Project Costs of the PID Phase being finance by Bond Proceeds
- PID Bond Proceeds deposited to Project Fund
- <u>Verified and approved Developer expenditures of Public Improvement Project Costs for the PID Phase</u>
= Total amount of Deficit

(b) The determination of the amount of the Deficit shall be estimated prior to pricing of each series of PID Bonds and shall be finalized within five (5) days of pricing of each series of PID Bonds.

(c) To fund the Deficit, the Developer must provide one or more of the following:

(i) A deposit of cash in the amount of Deficit to a designated account under the applicable Indenture from which funds may be drawn to pay the Public Improvement Project Costs for such Phase. Any required cash deposit shall be provided at closing of the applicable series of PID Bonds.

(ii) satisfactory evidence to the City that Developer has sufficient available funds to finance as the Deficit for the Public Improvement Project Costs not to be financed by applicable series of PID Bond Proceeds. Such satisfactory evidence may consist of:

A. A closed loan with a local bank or financial institution, acceptable to the City and its financial advisor. A representative for the City shall have access to such loan documentation for review.

B. A letter of credit with a financial institution in favor of the City to allow for withdrawal by the City without condition, in a form acceptable to the City and its financial advisor. A representative for the City shall have access to such letter of credit documentation for review.

(d) No PID Bond Proceeds shall be released to the Developer until evidence of funding of the Deficit has been provided.

Section 3.04. Apportionment and Levy of Assessments.

(a) In order to be reimbursed from Assessments or from PID Bond Proceeds, a Reimbursement Agreement must be entered into prior to the acceptance of the Public Improvements. The City's apportionment and levy of Assessments shall be made in accordance with the PID Act. The City shall remit the draft Service and Assessment Plan or any amendment thereto to the Developer for review at least two (2) weeks prior to its consideration by City Council.

(b) Concurrently with the levy of the Assessments on each PID Phase, the Developer and its Affiliates shall execute and deliver a Landowner Consent in the form attached as Exhibit E for all land owned or controlled by Developer or its Affiliates, or otherwise evidence consent to the creation of the PID and the levy of Assessments therein and shall record evidence and notice of the Assessments in the real property records of Harris County. The City shall not levy Assessments on property within the PID without an executed Landowner Consent from each landowner within the PID whose property is being assessed.

Section 3.05. Transfer of Property. Other than the sale of the Property to the Developer, notwithstanding anything to the contrary contained herein, no sale of property within the PID (or in a PID Phase, if applicable) in which Assessments are to be levied, shall occur prior to the City's levy of Assessments in the PID (or PID Phase) unless the Developer provides the City with an executed consent to the creation of the PID and the levy of Assessments, in a form acceptable to the City with respect to the purchased property. In addition, evidence of any transfer of property in the PID prior to the levy of Assessments on such property shall be provided to the City prior to the levy of Assessments on such property. The City shall require consent of each subsequent owner of Assessed Property in the PID to the levy of Assessments on each property and to the

creation of the PID prior to Assessments being levied on such owner's property. The Developer understands and acknowledges that evidence of land transfer, the execution of the Landowner Consent, appraisal district certificate and property record recording will be required from each owner of Assessed Property in order to levy the Assessments and shall require the consent of the purchased property owner in any land sale contract. The Developer shall provide all necessary documentation to the City with respect to any land transfers.

Section 3.06. City Participation in Drainage Improvements.

(a) The City has available bond funds for the construction or reimbursement of the Drainage Improvements as set forth in Exhibit I up to a maximum amount of \$5,000,000, which amounts will not be paid or reimbursed from the PID or the TIRZ unless approved by the City. The Parties acknowledge that any costs spent for the Drainage Improvement prior to the execution of this Agreement shall be eligible for reimbursement by the City provided that such expenditures comply with City Regulations and the PUD. The City intends to contribute such funds during construction of the drainage improvement within the PID. The design and construction of the Drainage Improvements shall be pursuant to City Regulations and approved by the City, as shall any bid for such Drainage Improvements, if required by applicable law. The timing and manner of such contribution shall be as set forth below as may be modified by the City.

(b) The City shall authorize reimbursement of the Drainage Improvements existing drainage bond proceeds. The Developer shall submit a Drainage Payment Certificate to the City for reimbursement for the costs of the Drainage Improvements, which request shall include invoices, contracts, Waivers of Liens or any other information requested by the City that is customary for the City to review prior to payment of any public improvement cost. Prior to any payment or reimbursement, all Plans and Specification associated with the Drainage Improvement have been approved by the City. The City shall review the sufficiency of each Drainage Payment Certificate with respect to compliance with this Agreement, compliance with the City Regulations, the Concept Plan and Applicable Law, within thirty (30) business days of receipt from the Developer. After review, the City shall send notice to the Developer of what is approved in each Drainage Payment Certificate and what is denied and will notify Developer of additional documentation needed. Approved costs in a Drainage Payment Certificate shall be forwarded for payment in a timely manner and the City will work with the Developer to resolve amounts not approved in each request.

Section 3.07. City Improvements. The Developer shall design, construct and install the City Improvements as set forth in Exhibit K attached hereto and the City shall reimburse the Developer for the Actual Costs of the City Improvements from Assessment Revenues, PID Bond Proceeds or TIRZ Revenues, as available, up to the amounts set forth for the City improvements in the Service and Assessment Plan or TIRZ Project and Finance Plan, as applicable.

Section 3.08. Fire Station Condo Regime. The City must approve the condominium regime and condominium documents relating to the subdivision of the fire station parcel before filing in the real property records of the County, and the City will not accept ownership or

dedication of the fire station or reimburse or pay for costs of the City fire station from TIRZ Revenues until such condominium regime is filed in the real property records of the County.

ARTICLE IV TIRZ

Section 4.01. Tax Increment Reinvestment Zone.

(a) The City has created a tax increment reinvestment zone pursuant to and in accordance with the TIRZ Act. The Property within the boundaries of the TIRZ Property. The City shall create an account within the TIRZ Fund into which the City Tax Increment from the TIRZ Property within the PID shall be deposited (the “City Center Account”) up to the TIRZ Cap.

Section 4.02. Flow of Funds in District TIRZ Account. The City Tax Increment collected within the TIRZ up to the TIRZ Cap, shall be deposited as follows:

(i) First, to subsidize Assessments in each year for the PID (or each PID Phase, if applicable) in order to lower the Annual Installments of the Assessments the PID (or PID Phase) to a level that produces an overall tax equivalent tax rate equal to the rate set forth in the Service and Assessment Plan for each parcel within the PID (or PID Phase) as defined in the Service and Assessment Plan; and

(ii) Second, to pay the City administrative costs relating to the TIRZ, including any reasonable third-party administrative costs, including the payment of any Assessments levied on City owned property;

(iii) Third, to reimburse the Developer for the City Improvements not otherwise paid from Assessments or PID Bond Proceeds;

(iv) Fourth, the City for any lawful purpose.

Section 4.03. Duration of TIRZ Revenue.

(a) Deposits of the City Tax Increment shall continue into the City Center Account until (i) the final maturity of all outstanding PID Bonds, (ii) the TIRZ Cap has been reached, or (iii) the expiration of the term of the TIRZ.

Section 4.04. Refunding of PID Bonds.

(a) Upon the refunding of any series of PID Bonds, any reduction in the assessments for such PID Bonds shall mean a dollar-for-dollar reduction in any TIRZ credit allocated to such PID Bonds.

Section 4.05. TIRZ Fund.

In accordance with the TIRZ Project and Finance Plan, the City Tax Increment shall be deposited to the applicable account of the TIRZ Fund annually, after adoption of the ordinance creating the TIRZ.

ARTICLE V

DEVELOPMENT

Section 5.01. Full Compliance with City Standards.

Development and use of the Property by Developer and its Affiliates, and any Subsequent Owner, including, without limitation, the construction, installation, maintenance, repair, and replacement of all buildings and all other improvements and facilities of any kind whatsoever on and within the Property, shall be in compliance with the then current applicable City Regulations and with the Concept Plan.

Section 5.02. Planned Development. As consideration for the City's obligations under this Agreement and in consideration for the reimbursement of the Public Improvement Project Costs, the City Improvements costs, and the Drainage Improvement costs, the Developer agrees that its development and use of the Property or the development and use of the Property by Subsequent Owners, including, without limitation, the construction, installation, maintenance, repair and replacement of all buildings and all other improvements and facilities of any kind whatsoever on and within the Property, shall be in compliance with the City Regulations and the Concept Plan Any changes to the Concept Plan attached hereto must be approved by the City; provided, however, that any changes to the Concept Plan approved by the City through its regulatory functions shall be deemed to have amended the Concept Plan attached hereto.

Section 5.03. Property Acquisition. With the exception of the acquisition of easement rights as set forth in Article VI hereof, the Parties acknowledge that the Developer is responsible for the acquisition of certain off-site property rights and interests to allow the Public Improvements to be constructed to serve the Property. If any portion of the Property is transferred to a Subsequent Owner, such Subsequent Owner shall be required by the Developer to allow Developer to construct the Public Improvements to serve the Property. The City agrees to allow Developer (or a Subsequent Owner, if approved by the City) the use of any City easements, rights of way or owned property as is reasonably necessary for the construction and installation of the Public Improvements. If the Developer is unable to obtain such third-party rights-of-way, consents, or easements, within 90 days of commencing efforts to obtain the needed rights-of-way, consents, or easements, the City agrees to consider the acquisition of such property (subject to City Council authorization after a finding of public necessity), at Developer's cost, through the use of the City's power of eminent domain. Developer shall be responsible for funding all reasonable and necessary legal proceeding/litigation costs, attorney's fees and related expenses, and appraiser and expert witness fees actually incurred by the City in the exercise of its eminent domain powers, such costs to be paid by the Developer pursuant to the Professional Services Agreement prior to any taking of land by the City.

Section 5.04. Conflicts. In the event of any conflict between this Agreement and any City Regulations, this Agreement shall control.

ARTICLE VI

DEVELOPMENT CHARGES

Section 6.01. Fees. Development of the Property and the TIRZ Property shall be subject to payment to the City of fees charged pursuant to the City Regulations.

ARTICLE VII

DEVELOPMENT SPECIFIC REQUIREMENTS

Section 7.01. Compliance with PUD. The Developer will comply with the terms of the PUD and the Phasing Plan.

ARTICLE VIII

CONSTRUCTION OF THE PUBLIC IMPROVEMENTS, DRAINAGE IMPROVEMENTS AND CITY IMPROVEMENTS

Section 8.01. Designation of Construction Manager, Construction Engineers.

(a) Prior to construction of any Public Improvement, Developer shall make, or cause to be made, application for any necessary permits and approvals required by City and any applicable Governmental Authority to be issued for the construction of the Public Improvements, Drainage Improvements and City Improvements and shall obligate each general contractor, architect, and consultants who work on the Public Improvements, Drainage Improvements and City Improvements to obtain all applicable permits, licenses or approvals as required by Applicable Law. The Developer shall require or cause the design, inspection and supervision of the construction of the Public Improvements, Drainage Improvements and City Improvements to be undertaken in accordance with City Regulations, the Concept Plan and Applicable Law.

(b) The Developer shall design and construct or cause the design and construction of the Public Improvements, Drainage Improvements and City Improvements, together with and including the acquisition, at its sole costs, of any and all easements or fee simple title to such land necessary to provide for and accommodate the Public Improvements, Drainage Improvements and City Improvements.

(c) Developer shall comply, or shall require its contractors to comply, with all local and state laws and regulations, including the City Regulations, regarding the design and construction of the Public Improvements, Drainage Improvements and City Improvements applicable to similar facilities constructed by City, including, but not limited to, the requirement for payment, performance and two- year maintenance bonds for the Public Improvements, Drainage Improvements and City Improvements at 100%.

(d) Upon Completion of Construction of the Public Improvements, Drainage Improvements and City Improvements, Developer shall provide or cause to be provided a final cost summary of all Public Improvement Project Costs incurred and paid associated with the construction of that portion of the Public Improvements, Drainage Improvements and City Improvements and provide proof that all amounts owing to contractors and subcontractors have been paid in full evidenced by the “all bills paid” affidavits, Waiver of Liens and lien releases executed by Developer and/or its contractors with regard to that portion of the Public Improvements, Drainage Improvements and City Improvements. Evidence of payment to the applicable contractors and subcontractors shall be provided prior to the reimbursement of the costs of any portion of the Public Improvements, Drainage Improvements and City Improvements.

(e) Developer agrees to require the contractors and subcontractors or Subsequent Owners which construct the Public Improvements, Drainage Improvements and City Improvements to provide payment, performance and two-year maintenance bonds in forms reasonably satisfactory to the City Attorney. Any surety company through which a bond is written shall be a surety company duly authorized to do business in the State of Texas, provided that the City Attorney has the right to reasonably reject any surety company regardless of such company’s authorization to do business in Texas. Evidence of payment and performance bonds shall be delivered to the City prior to Commencement of Construction of any such Public Improvements, Drainage Improvements and City Improvements.

(f) Unless otherwise approved in writing by the City, all Public Improvements, Drainage Improvements and City Improvements shall be constructed and dedicated to the City in accordance with City Regulations and Applicable Law. The Public Improvements, Drainage Improvements and City Improvements within each Phase shall reach Completion of Construction by the Public Improvement Completion Date.

(g) The Developer shall dedicate or convey or cause to be dedicated or conveyed by final plat or separate instrument, without cost to the City and in accordance with the Applicable Law, all property rights (which may be an easement) necessary for the construction, operation, and maintenance of the road, water, drainage, and sewer Public Improvements, Drainage Improvements and City Improvements, at the completion of the Public Improvements, Drainage Improvements and City Improvements and acceptance by the City.

Section 8.02. Construction Agreements. The Construction Agreements shall be let in the name of the Developer. The Developer’s engineers shall prepare and provide, or cause the preparation and provision of all contract specifications and necessary related documents. The Developer shall provide all construction documents for the Public Improvements, Drainage Improvements and City Improvements and shall acknowledge that the City has no obligations and liabilities thereunder. The Developer shall include a provision in the construction documents for the Public Improvements, Drainage Improvements and City Improvements that the contractor will

indemnify the City and its officers and employees against any costs or liabilities thereunder, as follows:

CITY OF FRIENDSWOOD, TEXAS ("CITY") SHALL NOT BE LIABLE OR RESPONSIBLE FOR, AND SHALL BE INDEMNIFIED, HELD HARMLESS AND RELEASED BY CONTRACTOR FROM AND AGAINST ANY AND ALL SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS, OR LIABILITY OF ANY CHARACTER, TYPE, OR DESCRIPTION, INCLUDING ALL EXPENSES OF LITIGATION, COURT COSTS, AND ATTORNEY'S FEES, FOR ANY LOSS, DAMAGE, INJURY OF ANY KIND OR CHARTER, INCLUDING DEATH, TO ANY PERSON, ENTITY, OR PROPERTY ARISING OUT OF OR OCCASIONED BY, DIRECTLY OR INDIRECTLY, THE PERFORMANCE OF CONTRACTOR UNDER THIS CONTRACT, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW. THE PROVISIONS OF THIS INDEMNIFICATION ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTUAL OR OTHERWISE, TO ANY OTHER PERSON OR ENTITY. IT IS THE EXPRESSED INTENT OF THE PARTIES TO THIS CONTRACT THAT THE INDEMNITY PROVIDED FOR IN THIS CONTRACT IS AN INDEMNITY EXTENDED BY CONTRACTOR TO INDEMNIFY AND PROTECT CITY FROM THE CONSEQUENCES OF THE CONTRACTOR'S ACTS, INCLUDING NEGLIGENCE, WHETHER SUCH ACTS OR NEGLIGENCE IS THE SOLE OR PARTIAL CAUSE OF ANY SUCH INJURY, DEATH, OR DAMAGE. CONTRACTOR AGREES TO INDEMNIFY, DEFEND, AND SAVE CITY HARMLESS FROM ALL CLAIMS RELATING TO THE SOLE OR CONCURRENT NEGLIGENCE OF THE CONTRACTOR OR RELATING TO ANY DEMANDS OF SUBCONTRACTORS, LABORERS, WORKMEN, MECHANICS, MATERIALMEN, OR SUPPLIERS OF MACHINERY AND PARTS THEREOF, EQUIPMENT, POWER

TOOLS, OR SUPPLIES OBTAINED IN FURTHERANCE OF THE PERFORMANCE OF THIS AGREEMENT.

The Developer or its designee shall administer the contracts. The Public Improvement Project Costs, which are estimated on Exhibit C, shall be (i) paid by the Developer or caused to be paid by the Developer, and reimbursed by the Assessments levied pursuant to the terms of a Reimbursement Agreement or (ii) paid from the proceeds of PID Bonds issued to pay the Public Improvement Project Costs.

(a) The following requirements apply to Construction Agreements for Public Improvements, Drainage Improvements and City Improvements:

(i) Plans and specifications shall comply with all Applicable Law, and City Regulations and all Plans and Specification shall be reviewed and approved by the City prior to the issuance of permits. The City shall have thirty (30) business days from its receipt of the first submittal of the Plans and Specifications to approve or deny the Plans and Specifications or to provide comments to the submitter. If any approved Plans and Specifications are amended or supplemented, the City shall have thirty (30) business days from its receipt of such amended or supplemented Plans and Specifications to approve or deny the Plans and Specification or provide comments back to the submitter. Any written City approval or denial must be based on compliance with applicable City Regulations or other regulatory agencies that have jurisdiction over the Development.

(ii) Each Construction Agreement shall provide that the contractor is an independent contractor, independent of and not the agent of the City and that the Contractor is responsible for retaining, and shall retain, the services of necessary and appropriate architects and engineers; and

(iii) Each Construction Agreement for improvements not yet under construction shall provide that the Contractor shall indemnify the City, its officers and employees for any costs or liabilities thereunder and for the negligent acts or omissions of the Contractor.

(b) City's Role: Public Improvements, Drainage Improvements and City Improvements.

The City shall have no responsibility for the cost of planning, design, engineering construction, furnishing/equipping the Public Improvements, Drainage Improvements and City Improvements (before, during or after construction) except to the extent of the reimbursement the Actual Costs of the Public Improvements, Drainage Improvements and City Improvements as set forth in this Agreement. The Developer will not hold the City responsible for any costs of the Public Improvements, Drainage Improvements and City Improvements other than the reimbursements described in this Agreement. The City shall have no liability for any claims that may arise out of design or construction of the Public Improvements, Drainage Improvements and City Improvements, and the Developer shall cause all of its contractors, architects, engineers, and consultants to agree in writing that they will look solely to the Developer, not to the City, for payment of all costs and valid claims associated with construction of the Public Improvements, Drainage Improvements and City Improvements.

Section 8.03. Project Scope Verification.

(a) The Developer will from time to time, as reasonably requested by the City Representative, verify to the City Representative that the Public Improvements, Drainage Improvements and City Improvements are being constructed in accordance with the Plans and Specifications approved by the City. To the extent the City has concerns about such verification that cannot be answered by the Developer, to the City's reasonable satisfaction, the Developer will cause the appropriate architect, engineer or general contractor to consult with the Developer and the City regarding such concerns.

Section 8.04. Joint Cooperation; Access for Planning and Development.

During the planning, design, development and construction of the Public Improvements, Drainage Improvements and City Improvements, the parties agree to cooperate and coordinate with each other, and to assign appropriate, qualified personnel to this project. The City staff will make reasonable efforts to accommodate urgent or emergency requests during construction. In order to facilitate a timely review process, the Developer shall use commercially reasonable efforts to cause the architect, engineer and other design professionals to attend City meetings if requested by the City, such commercially reasonable efforts to include providing that such attendance is required in its contracts with the architect, engineer and other design professionals.

Section 8.05. City Not Responsible.

By performing the functions described in this Article, the City shall not, and shall not be deemed to, assume the obligations or responsibilities of the Developer, whose obligations under this Agreement and under Applicable Law shall not be affected by the City's exercise of the functions described in this Article. The City's review of any Plans and Specifications is solely for the City's own purposes, and the City does not make any representation or warranty concerning the appropriateness of any such Plans and Specifications for any purpose. The City's approval of (or failure to disapprove) any such Plans and Specifications, including the Concept Plan submitted with such Plans and Specifications and any revisions thereto, shall not render the City liable for same, and the Developer assumes and shall be responsible for any and all claims arising out of or from the use of such Plans and Specifications.

Section 8.06. Construction Standards and Inspection.

The Public Improvements, Drainage Improvements and City Improvements will be installed within the public right-of-way or in easements granted to the City. Such easements may be granted at the time of final platting in the final plat or by separate instrument. The Public Improvements, Drainage Improvements and City Improvements shall be constructed and inspected in accordance with applicable state law, and City Regulations, and all other applicable development requirements, including those imposed by any other governing body or entity with jurisdiction over the Public Improvements, Drainage Improvements and City Improvements, and this Agreement, provided, however, that if there is any conflict, the City Regulations of the governing body or entity with jurisdiction over the Public Improvement being constructed shall control.

Section 8.07. Public Improvements, Drainage Improvements and City Improvements to be Owned by the City – Title Evidence.

The Developer shall furnish to the City a preliminary title report for land with respect to the Public Improvements, Drainage Improvements and City Improvements, including any related rights-of-way, easements, and open spaces if any, to be acquired and accepted by the City or by any other governmental entity from the Developer and not previously dedicated or otherwise conveyed to the City, for review and approval at least 30 calendar days prior to the transfer of title of a Public Improvement to the City. The City Representative shall approve the preliminary title report unless it reveals a matter which, in the reasonable judgment of the City, could materially affect the City's use and enjoyment of any part of the property or easement covered by the preliminary title report. In the exercise of reasonable judgment, the City Representative shall review the title report using their normal and customary review process for an easement and shall only object to matters in the title report if they would do so for any other easement granted directly to the City or to be obtained by the City for a public improvement. In the event the City Representative does not approve the preliminary title report, the City shall not be obligated to accept title to the Public Improvement until the Developer has cured such objections to title to the satisfaction of the City Representative.

Section 8.08. Public Improvement Constructed on City Land or the Property.

If the Public Improvement is on land owned by the City, the City hereby grants to the Developer a temporary easement to enter upon such land for purposes related to construction (and maintenance pending acquisition and acceptance) of the Public Improvement. If the Public Improvement is on land owned by the Developer or a Subsequent Owner, the Developer shall dedicate easements by plat or cause such dedication by a Subsequent Owner, or shall execute and deliver to the City or cause such execution and delivery by the Subsequent Owner, such access and maintenance easements as the City may reasonably require in recordable form, and the Developer hereby grants or causes a Subsequent Owner to grant to the City a permanent access and maintenance easement by plat or separate instrument to enter upon such land for purposes related to inspection and maintenance of the Public Improvement. All easements must be acceptable to the City. The grant of the permanent easement shall not relieve the Developer of any obligation to grant, or cause the granting to the City, title to property and/or easements related to the Public Improvement as required by this Agreement or as should in the City's reasonable judgment be granted to provide for convenient access to and routine and emergency maintenance of such Public Improvement. The provisions for inspection and acceptance of such Public Improvement otherwise provided herein shall apply.

Section 8.09. Additional Requirements.

In connection with the design and construction of the Public Improvements, Drainage Improvements and City Improvements, the Developer shall take or cause the following entities or persons to take the following actions and to undertake the following responsibilities:

(a) The Developer shall provide to the City electronic copies of the Plans and Specifications for the Public Improvements, Drainage Improvements and City Improvements (including revisions) as such Plans and Specifications are currently in existence and as completed

after the date hereof and shall provide the City one complete set of record drawings (in electronic format) for the Public Improvements, Drainage Improvements and City Improvements, in accordance with Applicable Law;

(b) In accordance with the requirements between the Developer and the City with regard to the development and construction of the Public Improvements, Drainage Improvements and City Improvements, the Developer or such person selected by and contracting with the Developer shall provide the City with a copy of the detailed construction schedule outlining the major items of work of each major construction contractor, and any revisions to such schedule;

(c) The Developer shall provide construction documents, including the Plans and Specifications to the City, signed and sealed by one or more registered professional architects or engineers licensed in the State of Texas at the time the construction documents are submitted to the City for approval;

(d) The Developer shall provide the City with reasonable advance notice of any scheduled construction meetings as set forth in the construction contracts for the Public Improvements, Drainage Improvements and City Improvements, and shall permit the City to attend and observe such meetings as the City so chooses in order to monitor the project;

(e) The Developer or any general contractor shall comply with, and shall require that its agents and subcontractors comply with, all Applicable Laws regarding the use, removal, storage, transportation, disposal and remediation of hazardous materials;

(f) The Developer or any general contractor shall notify and obtain the City's approval for all field changes that directly result in changes to the portion of the Plans and Specifications for the Public Improvements, Drainage Improvements and City Improvements that describe the connection of such improvements with City streets, storm sewers and utilities;

(g) Upon notice from the City, the Developer shall or shall cause any general contractor to promptly repair, restore or correct, on a commercially reasonable basis, all damage caused by the general contractor or its subcontractors to property or facilities of the City during construction of the Public Improvements, Drainage Improvements and City Improvements and to reimburse the City for out-of-pocket costs actually incurred by the City that are directly related to the City's necessary emergency repairs of such damage;

(h) Upon notice from the City, the Developer shall promptly cause the correction of defective work and shall cause such work to be corrected in accordance with the construction contracts for the Public Improvements, Drainage Improvements and City Improvements and with City Regulations;

(i) If the Developer performs any soils, construction and materials testing during construction of the Public Improvements, Drainage Improvements and City Improvements, the Developer shall make available to the City copies of the results of all such tests; and

(j) If any of the foregoing entities or persons shall fail to perform any of its obligations described above (or elsewhere under this Agreement), the Developer shall use its good faith efforts

to enforce such obligations against such entities or persons, or the Developer may cure any material failure of performance as provided herein; and

(k) The Developer shall provide any other information or documentation or services required by City Regulations; and

(l) The Developer shall allow the City Representative to conduct a reasonable pre-final and final inspection of the Public Improvements, Drainage Improvements and City Improvements. Upon acceptance by the City of the Public Improvements, Drainage Improvements and City Improvements, the City shall become responsible for the maintenance of the Public Improvements, Drainage Improvements and City Improvements and making any bond or warranty claim, if applicable.

Section 8.10. Revisions to Scope and Cost of Public Improvements, Drainage Improvements and City Improvements.

(a) The Public Improvement Project Costs, as set forth in Exhibit C, may be modified or amended from time to time upon the approval of the City Representative, provided that the total cost of the Public Improvements shall not exceed such amounts as set forth in the applicable SAP or the Project and Financing Plan. Should the Public Improvements be amended by the City Council in a SAP pursuant to the PID Act, the City Representative shall be authorized to make corresponding changes to the applicable Exhibits attached hereto and shall keep official record of such amendments.

(b) Should the Public Improvement Project Costs exceed the amounts set forth in the SAP, the Developer shall be responsible for such excess costs and such excess costs shall not be reimbursed by the City. The City shall only reimburse the Public Improvement Project Costs in the amounts set forth in the SAP.

(c) Any Actual Costs of the City Improvements in excess of the amounts set forth in the SAP or the TIRZ Project and Finance Plan shall not be subject to reimbursement to the Developer.

Section 8.11. City Police Powers.

The Developer recognizes the authority of the City pursuant to the Texas Constitution together with the City's charter and ordinances to exercise its police powers in accordance with Applicable Laws to protect the public health, safety, and welfare. The City retains its police powers over the Developer's or its general contractor's construction activities on or at the Property, and the Developer recognizes the City's authority to take appropriate enforcement action in accordance with Applicable Law to provide such protection. No lawful action taken by the City pursuant to these police powers shall subject the City to any liability under this Agreement, including without limitation liability for costs incurred by any general contractor or the Developer, and as between the Developer and the City, any such costs shall be the sole responsibility of the Developer and any of its general contractors and shall not be reimbursable from PID Bond Proceeds.

Section 8.12. Title and Mechanic's Liens.

(a) Title. The Developer agrees that the Public Improvements, Drainage Improvements and City Improvements shall not have a lien or cloud on title upon their dedication to and acceptance by the City.

(b) Mechanic's Liens. Developer shall not create nor allow or permit any liens, encumbrances, or charges of any kind whatsoever against the Public Improvements, Drainage Improvements and City Improvements arising from any work performed by any contractor by or on behalf of the Developer. The Developer shall not permit any claim of lien made by any mechanic, materialman, laborer, or other similar liens to stand against the Public Improvements, Drainage Improvements and City Improvements for work or materials furnished to the Developer in connection with any construction, improvements, renovation, maintenance or repair thereof made by the Developer or any contractor, agent or representative of the Developer. The Developer shall cause any such claim of lien to be fully discharged prior to the earlier of (i) the date of acceptance of the applicable Public Improvement by the City of the related Public Improvement or (ii) 180 days.

Section 8.13. City Consents.

Any consent or approval by or on behalf of the City required in connection with the design, construction, improvement or replacement of the Public Improvements, Drainage Improvements and City Improvements or otherwise under this Agreement shall not be unreasonably withheld, delayed, or conditioned. Any review associated with any determination to give or withhold any such consent or approval shall be conducted in a timely and expeditious manner with due regard to the cost to the Developer associated with delay.

Section 8.14. Right of the City to Make Inspection.

(a) At any time during regular business hours during the construction of the Public Improvements, Drainage Improvements and City Improvements, the City shall have the right to enter the Property for the purpose of inspection of the progress of construction on the Public Improvements, Drainage Improvements and City Improvements; provided, however, the City Representative shall comply with reasonable restrictions generally applicable to all visitors to the Development that are imposed by the Developer or its General Contractor or subcontractors. The Developer shall pay the standard City inspection fees or the City's cost for the retention of a third-party inspector, whichever is applicable.

(b) Inspection of the construction of all Public Improvements, Drainage Improvements and City Improvements shall be by the City Representative or his/her designee. In accordance with Sections 5.03, the Developer shall pay the inspection fee which may be included as a Public Improvement Project Cost.

(c) City may enter the Property in accordance with customary City procedures and Applicable Law to make any repairs or perform any maintenance of Public Improvements, Drainage Improvements and City Improvements which the City has accepted for maintenance. If, during construction of the Public Improvements, Drainage Improvements and City Improvements, the Developer is in default under this Agreement beyond any applicable cure period or in the event

of an emergency which is not being timely addressed, the City may enter the Property to make any repairs to the Public Improvements, Drainage Improvements and City Improvements that have not been accepted for maintenance by the City, of every kind or nature, which the Developer is obligated under this Agreement to repair or maintain but which the Developer has failed to perform after the City's written thirty (30)-day notice (other than in the case of an emergency in which notice is impossible or impractical). The Developer shall be obligated to reimburse the City the reasonable costs incurred by the City for any such repairs. Nothing contained in this paragraph shall be deemed to impose on the City any obligation to actually make repairs or alterations on behalf of the Developer.

Section 8.15. Competitive Bidding. The construction of the Public Improvements (which are funded from Assessments) is anticipated to be exempt from competitive bidding pursuant to Texas Local Government Code Section 252.022(a)(9). In the event that the Actual Costs of the Public Improvement do not meet the parameters for exemption from the competitive bid requirement, then either competitive bidding or alternative delivery method may be utilized by the Developer as allowed by Applicable Law.

ARTICLE IX

PAYMENT OF PUBLIC IMPROVEMENTS

Section 9.01. Overall Requirements.

(a) The City shall not be obligated to provide funds for any Public Improvement, except from the proceeds of the PID Bonds or from Assessments pursuant to a Reimbursement Agreement or TIRZ Revenues. The City makes no warranty, either express or implied, that the proceeds of the PID Bonds available for reimbursement of the Public Improvement Project Costs will be sufficient for the construction or acquisition of all of the Public Improvements or the City Improvements, to the extent applicable. Any costs of the Public Improvements in excess of the available PID Bond Proceeds or Assessments pursuant to a Reimbursement Agreement may be paid or reimbursed by the City from TIRZ Revenues up to the amount set forth in the TIRZ Project and Finance Plan or the TIRZ Cap. Any costs of the City Improvements in excess of the amounts set forth in the Service and Assessment Plan shall be reimbursed from TIRZ Revenues, up to the amount set forth in the TIRZ Project and Finance Plan or the TIRZ Cap. Any costs of the Drainage Improvements in excess of the City's \$5,000,000 shall be reimbursed from TIRZ Revenues, up to the amount set forth in the TIRZ Project and Finance Plan or the TIRZ Cap. The Developer acknowledges and agrees that any lack of availability of monies in the Project Funds established under the Indentures to reimburse the costs of the Public Improvements shall in no way diminish any obligation of the Developer with respect to the construction of or contributions for the Public Improvements required by this Agreement, or any other agreement to which the Developer is a party, or any governmental approval to which the Developer or Property is subject.

(b) The City's obligation with respect to the reimbursement from Assessments of the Public Improvement Project Costs as finally set forth in the Service and Assessment Plan, shall be limited to the lower of Actual Costs or the available Net PID Bond Proceeds or Assessment revenues, and shall be reimbursed solely from amounts on deposit in the Project Funds from the sale of the PID Bonds as provided herein and in the Indentures, or from Assessments collected for

the reimbursement or payment of such costs pursuant to Reimbursement Agreement. The Developer agrees and acknowledges that it is responsible for all costs and all expenses related to the Public Improvements in excess of the Project Cost Cap.

(c) The City shall have no responsibility whatsoever to the Developer with respect to the investment of any funds held in the Project Fund by the Trustee under the provisions of the Indenture, including any loss of all or a portion of the principal invested or any penalty for liquidation of an investment. Any such loss may diminish the amounts available in the Project Fund to reimburse the Public Improvement Project Costs in the PID. The obligation of Developer to pay the Assessments is not in any way dependent on the availability of amounts in the Project Fund to pay for all or any portion of the Public Improvements Project Costs hereunder.

Section 9.02. Remaining Funds after Completion of a Public Improvement.

The Service and Assessment Plan shall be updated or amended, as applicable, such that the costs of the Public Improvements in the SAP match the costs set forth in the applicable construction contracts; provided that such adjustment of the SAP does not affect the benefit analysis. Then, after the Completion of Construction of a Public Improvement payment or reimbursement for such Public Improvement, there are Cost Underruns, any remaining budgeted cost(s) may be available to reimburse Cost Overruns on any other Public Improvement with the approval of the City Representative, such approval not to be unreasonably withheld, at completion of the Public Improvements in the PID (or in each PID Phase, if applicable) as set forth in the Service and Assessment Plan, are undertaken at least in part. The elimination of a category of Public Improvements as set forth in the Service and Assessment Plan will require an amendment to the Service and Assessment Plan. Upon receipt of all acceptance letters from the City for the Public Improvements within an improvement category as set forth in the Service and Assessment Plan, any Underruns from that category may be released to reimburse for Overruns in another improvement category, as approved by the City.

Section 9.03. Payment Process for Public Improvements.

(a) The City shall authorize reimbursement of the Public Improvement Project Costs from (i) PID Bond Proceeds or from (ii) Assessments collected in the PID as set forth in 9.04 below. The Developer shall submit a Payment Certificate to the City for Public Improvement Project Costs. The form of the Payment Certificate is set forth in Exhibit F, as may be modified by the applicable Indenture or Reimbursement Agreement. The City shall review the sufficiency of each Payment Certificate with respect to compliance with this Agreement, compliance with the City Regulations, the Concept Plan and Applicable Law, and compliance with the applicable SAP and Plans and Specifications within thirty (30) days of receipt from the Developer. After review, the City shall send notice to the Developer of what is approved in each Payment Certificate and what is denied and will notify Developer of additional documentation needed to resolve disputes related to the portions that are not approved. Approved costs in a Payment Certificate shall be forwarded for payment in a timely manner and the City will work with the Developer to resolve amounts not approved in each Payment Certificate.

(b) The City shall reimburse the Public Improvement Project Costs as set forth in Exhibit C and the SAP, from funds available pursuant to the applicable Indenture or Reimbursement Agreement.

(c) Reimbursement to the Developer and the City for administrative costs relating to the creation of the PID, the levy of assessments and issuance of the PID Bonds may be distributed at closing of the applicable series of PID Bonds pursuant to a Closing Disbursement Request, in the form attached as Exhibit G.

Section 9.04. Public Improvements Reimbursement from Assessment Fund In the Event of a Non-Issuance of PID Bonds.

(a) The reimbursement for costs of the Public Improvements set forth in Exhibit-C and in the Service and Assessments Plan may be made on an annual basis from Assessments levied by the City for the Public Improvements pursuant to Chapter 372, Texas Local Government Code, as amended, if requested by the Developer and agreed to by the City. Such reimbursement shall be made pursuant to the terms and provisions of one or more Reimbursement Agreements. Such Reimbursement Agreements shall set forth the terms of the annual reimbursement for the costs of the Public Improvements.

(b) Reimbursement or payment of the costs of the Public Improvements, shall only be made from the levy of Assessments within the PID, as set forth herein.

(c) The term, manner and place of payment or reimbursement to the Developer under this Section shall be set forth in the Reimbursement Agreement.

(d) Reimbursement or payment shall be made only for the costs of the Public Improvements as set forth in this Agreement, the Service and Assessment Plan or in a Reimbursement Agreement, as approved by the City. Any additional public improvements other than the Public Improvements constructed by the Developer and dedicated to the City, shall not be subject to payment or reimbursement under the terms of this Agreement.

Section 9.05. Rights to Audit.

(a) The City shall have the right to audit, upon reasonable notice and at the City's own expense, records of the Developer with respect to the expenditure of funds to pay Public Improvement Project Costs. Upon written request by the City, the Developer shall give the City or its agent, access to those certain records controlled by, or in the direct or indirect possession of, the Developer (other than records subject to legitimate claims of attorney-client privilege) with respect to the expenditure of Public Improvement Project Costs, and permit the City to review such records in connection with conducting a reasonable audit of such fund and account. The Developer shall make these records available to the City electronically or at a location that is reasonably convenient for City staff.

(b) The City and the Developer shall reasonably cooperate with the assigned independent auditors (internal or external) in this regard, and shall retain and maintain all such records for at least 2 years from the date of Completion of Construction of the Public

Improvements. All audits must be diligently conducted and once begun, no records pertaining to such audit shall be destroyed until such audit is completed.

ARTICLE X

REPRESENTATIONS AND WARRANTIES

Section 10.01. Representations and Warranties of City.

The City makes the following representation and warranty for the benefit of the Developer:

(a) Due Authority; No Conflict. The City represents and warrants that this Agreement has been approved by official action by the City Council of the City in accordance with all applicable public notice requirements (including, but not limited to, notices required by the Texas Open Meetings Act). The City has all requisite power and authority to execute this Agreement and to carry out its obligations hereunder and the transactions contemplated hereby. This Agreement has been, and the documents contemplated hereby will be, duly executed and delivered by the City and constitute legal, valid and binding obligations enforceable against the City in accordance with the terms subject to principles of governmental immunity and the enforcement of equitable rights. The consummation by the City of the transactions contemplated hereby is not in violation of or in conflict with, nor does it constitute a default under, any of the terms of any agreement or instrument to which the City is a Party, or by which the City is bound, or of any provision of any applicable law, ordinance, rule or regulation of any Governmental Authority or of any provision of any applicable order, judgment or decree of any court, or Governmental Authority.

(b) Due Authority; No Litigation. No litigation is pending or, to the knowledge of the City, threatened in any court to restrain or enjoin the construction of or the Public Improvements, Drainage Improvements and City Improvements or the City's payment and reimbursement obligations under this Agreement, or otherwise contesting the powers of the City or the authorization of this Agreement or any agreements contemplated herein.

Section 10.02. Representations and Warranties of Developer.

The Developer makes the following representations, warranties and covenants for the benefit of the City:

(a) Due Organization and Ownership. The Developer is a Texas limited liability company validly existing under the laws of the State of Texas and is duly qualified to do business in the State of Texas; and that the person executing this Agreement on behalf of it is authorized to enter into this Agreement.

(b) Due Authority; No Conflict. The Developer has all requisite power and authority to execute and deliver this Agreement and to carry out its obligations hereunder and the transactions contemplated hereby. This Agreement has been, and the documents contemplated hereby will be, duly executed and delivered by the Developer and constitute the Developer's legal, valid and binding obligations enforceable against the Developer in accordance with their terms. The consummation by the Developer of the transactions contemplated hereby is not in violation of

Or in conflict with, nor does it constitute a default under, any term or provision of the organizational documents of the Developer, or any of the terms of any agreement or instrument to which the Developer is a Party, or by which the Developer is bound, or of any provision of any applicable law, ordinance, rule or regulation of any governmental authority or of any provision of any applicable order, judgment or decree of any court, or Governmental Authority.

(c) Consents. No consent, approval, order or authorization of, or declaration or filing with any Governmental Authority is required on the part of the Developer in connection with the execution and delivery of this Agreement or for the performance of the transactions herein contemplated by the respective Parties hereto.

(d) Litigation/Proceedings. To the best knowledge of the Developer, after reasonable inquiry, there are no pending or, to the best knowledge of the Developer, threatened, judicial, municipal or administrative proceedings, consent decree or, judgments which might affect the Developer's ability to consummate the transaction contemplated hereby, nor is there a preliminary or permanent injunction or other order, decree, or ruling issued by a governmental entity, and there is no statute, rule, regulation, or executive order promulgated or enacted by a governmental entity, that is in effect which restrains, enjoins, prohibits, or otherwise makes illegal the consummation of the transactions contemplated by this Agreement.

(e) Legal Proceedings. There is no action, proceeding, inquiry or investigation, at law or in equity, before any court, arbitrator, governmental or other board or official, pending or, to the knowledge of the Developer, threatened against or affecting the Developer, any of the principals of the Developer and any key person or their respective Affiliates and representatives which the outcome of which would (a) materially and adversely affect the validity or enforceability of, or the authority or ability of the Developer under, this Agreement to perform its obligations under this Agreement; or (b) have a material and adverse effect on the consolidated financial condition or results of operations of the Developer or on the ability of the Developer to conduct its business as presently conducted or as proposed or contemplated to be conducted.

ARTICLE XI

MAINTENANCE OF CERTAIN IMPROVEMENTS

Section 11.01. Property Owners' Association.

(a) The Developer will create a property owners' association ("POA") over the property in the PID, which POA, through its conditions and restrictions filed of record in the property records of Harris County, shall be required to assess and collect from owners annual fees in an amount calculated to maintain the open spaces, common areas, right-of-way irrigation systems, raised medians and other right-of-way landscaping, detention areas, drainage areas, screening walls, trails, lawns, landscaped entrances to the Development and any other common improvements or appurtenances (the "POA Maintained Improvements"). Maintenance of any POA Maintained Improvements on land owned by the City shall be pursuant to a maintenance agreement between the POA and the City (the "POA Maintenance Agreement").

(b) While the Parties anticipate that the POA established to maintain and operate the POA Maintained Improvements, will adequately perform such duties, in the event that the City determines that the POA is not adequately performing the duties for which it was created, which non-performance shall be evidenced by violations of the POA Maintenance Agreement, applicable deed restrictions and/or applicable City ordinances, the City reserves the right to levy an assessment each year equal to the actual costs of operating and maintaining the POA Maintained Improvements that are owned by the City. The City agrees that it will not levy such assessments without first giving the POA written notice of the deficiencies and providing the POA with sixty (60) days in which to cure the deficiencies.

(c) The City may review the covenants, conditions and restrictions for the POA prior to their filing and such covenants, conditions and restrictions must be filed with the final plat, prior to the City's acceptance of any Public Improvements, Drainage Improvements and City Improvements to be maintained by the POA.

ARTICLE XII

TERMINATION EVENTS

Section 12.01. Developer Termination Events.

(a) The Developer may terminate this Agreement (i) upon an Event of Default by the City, or (ii) in the event the City does not create the PID and approve the TIRZ Project and Finance Plan, or levy Assessments and issue PID Bonds pursuant to this Agreement.

Section 12.02. City Termination Events.

(a) The City may terminate this Agreement with respect to the applicable PID Phase and any remaining PID Phase, upon an uncured Event of Default by the Developer pursuant to Article XV herein.

(b) The City may terminate this Agreement, (i) if Commencement of Construction of the private horizontal improvements within the Development has not occurred within three (3) years of the Effective Date, or (ii) if the Development is divided into PID Phases, no Commencement of Construction has begun in a PID Phase within one (1) year of completion of the Public Improvements, Drainage Improvements and City Improvements in the prior PID Phase.

Section 12.03. Termination Procedure.

If either Party determines that it wishes to terminate this Agreement pursuant to this Article, such Party must deliver a written notice to the other Party specifying in reasonable detail the basis for such termination and electing to terminate this Agreement. Upon such a termination, the Parties hereto shall have no duty or obligation one to the other under this Agreement, with the exception of any of Developer's Public Improvement Project Costs that were previously advanced or incurred as of the date of termination, provided that a Payment Certificate for such Public Improvement Project Costs is submitted within ninety (90) days of the termination and is approved by the City pursuant to its normal and usual process for approving such Payment Certificate. The City must approve such Payment Certificate within thirty (30) days or submit to the Developer its

objections/issues with such Payment Certificate and reasonably consult with the Developer to cure any insufficiencies in the Payment Certificate within an additional thirty (30) days.

Section 12.04. City Actions Upon Termination.

Upon termination the Developer shall have no claim or right to any further payments for Public Improvements Project Costs pursuant to this except that, (i) any Public Improvements completed and accepted by the City or (ii) Public Improvement Project Costs submitted pursuant to a Payment Certificate and approved by the City shall still be subject to reimbursement. Any Public Improvement Project Costs submitted to the City but still under review at the time of termination of this Agreement may be paid if subsequently approved by the City.

ARTICLE XIII

TERM

This Agreement shall terminate upon the earlier of (i) the expiration of ten (10) years from the Effective Date, (ii) the date upon which the City and Developer discharge their obligations herein including construction of the Public Improvements and payment of or reimbursement for the Public Improvement Project Costs (up to the Project Cost Cap), the Actual Costs of the Drainage Improvements or Actual Costs of the City Improvements, pursuant to this Agreement, as may be modified by the SAP or the TIRZ Project and Finance Plan, or (ii) the occurrence of a termination event under Article XII. Provided, however, that to the extent PID Bonds have been issued for a PID Phase, the use of the City Tax Increment to subsidize Assessments shall continue, as set forth in the applicable SAP, until such PID Bonds are discharged, and to the extent the TIRZ obligations remain outstanding, the use of TIRZ Revenues shall continue, as set forth in the TIRZ project and Finance Plan and this Agreement, until such TIRZ obligations are discharged.

ARTICLE XIV

DEFAULT AND REMEDIES

Section 14.01. Developer Default.

Each of the following events shall be an "Event of Default" by the Developer under this Agreement:

(a) The Developer shall fail to pay to the City any monetary sum hereby required of it as and when the same shall become due and payable and shall not cure such default within thirty (30) calendar days after the later of the date on which written notice thereof is given by the City to the Developer, as provided in this Agreement. The Developer shall fail in any material respect to maintain any of the insurance or bonds required by this Agreement; provided, however, that if a contractor fails to maintain any of the insurance or bonds required by this Agreement, the Developer shall have thirty (30) calendar days to cure.

(b) The Developer shall fail to comply in any material respect with any term, provision or covenant of this Agreement (other than the payment of money to the City), and shall not cure

such failure within ninety (90) calendar days after written notice thereof is given by the City to the Developer;

(c) The filing by Developer of a voluntary proceeding under present or future bankruptcy, insolvency, or other laws respecting debtors, rights;

(d) The consent by Developer to an involuntary proceeding under present or future bankruptcy, insolvency, or other laws respecting debtor's rights;

(e) The entering of an order for relief against Developer or the appointment of a receiver, trustee, or custodian for all or a substantial part of the property or assets of Developer in any involuntary proceeding, and the continuation of such order, judgment or degree unstayed for any period of ninety (90) consecutive days;

(f) The failure by Developer or any Affiliate to pay Impositions, and Assessments on property owned by the Developer and/or any Affiliates within the PID if such failure is not cured within thirty (30) calendar days after written notice by the City; provided, however, Developer or any Affiliate may follow legal procedures to protest or contest their taxable appraised value.

(g) Any representation or warranty confirmed or made in this Agreement by the Developer was untrue as of the Effective Date; or

Section 14.02. Notice and Cure Period.

(a) Before any Event of Default under this Agreement shall be deemed to be a breach of this Agreement, the Party claiming such Event of Default shall notify, in writing, the Party alleged to have failed to perform the alleged Event of Default and shall demand performance (with the exception of 14.01(f) above). Except with respect to cure periods set forth in 14.01 above, which shall be controlling, no breach of this Agreement may be found to have occurred if performance has commenced to the reasonable satisfaction of the complaining Party within thirty (30) calendar days of the receipt of such notice (or thirty (30) calendar days in the case of a monetary default), with completion of performance within ninety (90) calendar days.

(b) Notwithstanding any provision in this Agreement to the contrary, if the performance of any covenant or obligation to be performed hereunder by any Party is delayed by Force Majeure, the time for such performance shall be extended by the amount of time of the delay directly caused by and relating to such uncontrolled circumstances. The Party claiming delay of performance as a result of any of the foregoing Force Majeure events shall deliver written notice of the commencement of any such delay resulting from such Force Majeure event and the length of the Force Majeure event is reasonably expected to last not later than fourteen (14) days after the claiming Party becomes aware of the same, and if the claiming Party fails to so notify the other Party of the occurrence of a Force Majeure event causing such delay, the claiming Party shall not be entitled to avail itself of the provisions for the extension of performance contained in this Article. The number of days a Force Majeure event is in effect shall be determined by the City based upon commercially reasonable standards.

Section 14.03. City's Remedies.

With respect to the occurrence of an Event of Default the City may pursue the following remedies:

(a) The City may pursue any legal or equitable remedy or remedies, including, without limitation, specific performance, damages, (excluding punitive, special, or consequential damages) and termination of this Agreement. The City shall not terminate this Agreement unless it delivers to the Developer a second notice expressly providing that the City will terminate within thirty (30) additional days. Termination or non-termination of this Agreement upon a Developer Event of Default shall not prevent the City from suing the Developer for specific performance, damages, actual damages, (excluding punitive, special, or consequential damages), injunctive relief or other available remedies with respect to obligations that expressly survive termination. In the event the Developer fails to pay any of the expenses or amounts or perform any obligation specified in this Agreement, then to the extent such failure constitutes an Event of Default hereunder, the City may, but shall not be obligated to do so, pay any such amount or perform any such obligations and the amount so paid and the reasonable out of pocket costs incurred by the City in said performance shall be due and payable by the Developer to the City within thirty (30) days after the Developer's receipt of an itemized list of such costs.

(b) No remedy herein conferred or reserved is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder now or hereafter existing at law or in equity.

(c) The exercise of any remedy herein conferred or reserved shall not be deemed a waiver of any other available remedy.

Section 14.04. City Default.

Each of the following events shall be an Event of Default by the City under this Agreement:

(a) So long as the Developer has complied with the terms and provisions of this Agreement, the City shall fail to pay to the Developer any monetary sum hereby required of it and shall not cure such default within ninety (90) calendar days after the later of the date on which written notice thereof is given to the City by the Developer.

(b) The City shall fail to comply in any material respect with any term, provision or covenant of this Agreement, other than the payment of money, and shall not cure such failure within sixty (60) calendar days after written notice thereof is given by the Developer to the City.

Section 14.05. Developer's Remedies.

(a) Upon the occurrence of any Event of Default by the City, the Developer may pursue any legal or equitable remedy or remedies specifically including damages as set forth below (specifically excluding punitive, special, or consequential damages), and termination of this Agreement; provided, however, that the Developer shall have no right to terminate this Agreement unless the Developer delivers to the City a second notice which expressly provides that the Developer will terminate within thirty (30) days if the default is not addressed as herein provided.

(b) No remedy herein conferred or reserved is intended to be inclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder now or hereafter existing.

(c) The exercise of any remedy herein conferred or reserved shall not be deemed a waiver of any other available remedy.

Section 14.06. No Waiver of Immunity.

(a) Nothing contained in this Agreement shall be deemed to waive the City's governmental immunity nor the official immunity of any City officer, official, employee or agent.

(b) Should a court of competent jurisdiction determine the City's immunity from suit is waived in any manner other than as provided in Subchapter I of Chapter 271, Texas Local Government Code, as amended, the Parties hereby acknowledge and agree that in such suit against the City for breach of this Agreement:

(i) The total amount of money awarded is limited to actual damages in an amount not to exceed the balance due and owed by City under this Agreement or any Reimbursement Agreement and is payable solely from Assessment revenues or TIRZ revenues;

(ii) The recovery of damages against City or the Developer may not include punitive, damages, special damages, or consequential damages; and

(iii) The Parties may not recover attorney's fees.

Section 14.07. Limitation on Damages.

In no event shall any Party have any liability under this Agreement for any exemplary or consequential damages.

Section 14.08. Waiver.

Forbearance by the non-defaulting Party to enforce one or more of the remedies herein provided upon the occurrence of an Event of Default by the other Party shall not be deemed or construed to constitute a waiver of such default. One or more waivers of a breach of any covenant, term or condition of this Agreement by either Party hereto shall not be construed by the other Party as a waiver of a different or subsequent breach of the same covenant, term or condition. The consent or approval of either Party to or of any act by the other Party of a nature requiring consent or approval shall not be deemed to waive or render unnecessary the consent to or approval of any other subsequent similar act.

ARTICLE XV

INSURANCE, INDEMNIFICATION AND RELEASE

Section 15.01. Insurance.

With no intent to limit any contractor's liability or obligation for indemnification, the Developer shall maintain or cause to be maintained, by the persons constructing the Public Improvements, certain insurance, as provided below in full force and effect at all times during construction of the Public Improvements and shall require that the City is named as an additional insured under such contractor's insurance policies.

(a) With regard to the obligations of this Agreement, the Developer shall obtain and maintain in full force and effect at its expense, or shall cause each contractor to obtain and maintain at their expense, the following policies of insurance and coverage:

(i) Commercial general liability insurance insuring the City, contractor and the Developer against liability for injury to or death of a person or persons and for damage to property occasioned by or arising out of the activities of Developer, the contractor, the City and their respective officers, directors, agents, contractors, or employees, in the amount of \$1,000,000 Per Occurrence or a limit equal to the amount of the contract amount, \$2,000,000 General Aggregate Bodily Injury and Property Damage. The contractor may procure and maintain a Master or Controlled Insurance policy to satisfy the requirements of this section, which may cover other property or locations of the contractor and its affiliates, so long as the coverage required in this section is separate;

(ii) Worker's Compensation insurance as required by law;

(iii) Business automobile insurance covering all operations of the contractor pursuant to the Construction Agreement involving the use of motor vehicles, including all owned, non-owned and hired vehicles with minimum limits of not less than One Million Dollars (\$1,000,000) combined single limit for bodily injury, death and property damage liability.

(iv) To the extent available, each policy shall be endorsed to provide that the insurer waives all rights of subrogation against the City;

(v) Each policy of insurance with the exception of Worker's Compensation and professional liability shall be endorsed to include the City (including its former, current, and future officers, directors, agents, and employees) as additional insureds;

(vi) Each policy, with the exception of Worker's Compensation and professional liability, shall be endorsed to provide the City sixty (60) days' written notice prior to any cancellation, termination or material change of coverage; and

(vii) The Developer shall cause each contractor to deliver to the City the policies, copies of policy endorsements, and/or certificates of insurance evidencing the required insurance coverage before the Commencement of Construction of the Public

Improvements and within 10 days before expiration of coverage, or as soon as practicable, deliver renewal policies or certificates of insurance evidencing renewal and payment of premium. On every date of renewal of the required insurance policies, the contractor shall cause a Certificate of Insurance and policy endorsements to be issued evidencing the required insurance herein and delivered to the City. In addition the contractor shall within ten (10) business days after written request provide the City with the Certificates of Insurance and policy endorsements for the insurance required herein (which request may include copies of such policies).

Section 15.02. Waiver of Subrogation Rights.

The Commercial General Liability, Worker's Compensation, Business Auto and Excess Liability Insurance required pursuant to this Agreement shall provide for waivers of all rights of subrogation against the City.

Section 15.03. Additional Insured Status.

With the exception of Worker's Compensation Insurance and any Professional Liability Insurance, all insurance required pursuant to this Agreement shall include and name the City as additional insureds using Additional Insured Endorsements that provide the most comprehensive coverage to the City under Texas law including products/completed operations.

Section 15.04. Certificates of Insurance.

Certificates of Insurance and policy endorsements in a form satisfactory to City shall be delivered to City prior to the commencement of any work or services on the Public Improvements. All required policies shall be endorsed to provide the City with sixty (60) days advance notice of cancellation or non-renewal of coverage. The Developer shall provide sixty (60) days written notice of any cancellation, non-renewal or material change in coverage for any of the required insurance in this Article.

On every date of renewal of the required insurance policies, the Developer shall cause (and cause its contractors) to provide a certificate of insurance and policy endorsements to be issued evidencing the required insurance herein and delivered to the City. In addition, the Developer shall, within ten (10) business days after written request, provide the City with certificates of insurance and policy endorsements for the insurance required herein (which request may include copies of such policies). The delivery of the certificates of insurance and the policy endorsements (including copies of such insurance policies) to the City is a condition precedent to the payment of any amounts to the Developer by the City.

Section 15.05. Carriers.

All policies of insurance required to be obtained by the Developer and its contractors pursuant to this Agreement shall be maintained with insurance carriers that are satisfactory to and as reasonably approved by City, and lawfully authorized to issue insurance in the state of Texas for the types and amounts of insurance required herein. All insurance companies providing the required insurance shall be authorized to transact business in Texas and rated at least "A" by AM Best or other equivalent rating service. All policies must be written on a primary basis, non-

contributory with any other insurance coverage and/or self-insurance maintained by the City. All insurance coverage required herein shall be evidenced by a certificate of insurance and policy endorsements submitted by the Developer's and its contractors' insurer or broker. Certificates of insurance and policy endorsements received from any other source will be rejected.

Section 15.06. INDEMNIFICATION.

DEVELOPER AGREES TO DEFEND, INDEMNIFY AND HOLD THE CITY AND ITS RESPECTIVE OFFICERS, AGENTS AND EMPLOYEES, HARMLESS AGAINST ANY AND ALL CLAIMS, LAWSUITS, JUDGMENTS, FINES, PENALTIES, COSTS AND EXPENSES FOR PERSONAL INJURY (INCLUDING DEATH), PROPERTY DAMAGE OR OTHER HARM OR VIOLATIONS FOR WHICH RECOVERY OF DAMAGES, FINES, OR PENALTIES IS SOUGHT, SUFFERED BY ANY PERSON OR PERSONS, THAT MAY ARISE OUT OF OR BE OCCASIONED BY DEVELOPER'S ACT OR OMISSION, INCLUDING BUT NOT LIMITED TO BREACH OF ANY OF THE TERMS OR PROVISIONS OF THIS CONTRACT, VIOLATIONS OF LAW, ANY ACT OR OMISSION, INCLUDING BUT NOT LIMITED TO ANY NEGLIGENT, GROSSLY NEGLIGENT, INTENTIONAL, OR STRICTLY LIABLE ACT OR OMISSION OF THE CONTRACTOR, ITS OFFICERS, AGENTS, EMPLOYEES, INVITEES, OR SUBCONTRACTORS, AND THEIR RESPECTIVE OFFICERS, AGENTS, OR REPRESENTATIVES, OR ANY OTHER PERSONS OR ENTITIES FOR WHICH THE CONTRACTOR IS LEGALLY RESPONSIBLE IN THE PERFORMANCE OF THIS CONTRACT. THE INDEMNITY PROVIDED FOR IN THIS PARAGRAPH SHALL NOT APPLY TO ANY LIABILITY RESULTING FROM THE SOLE NEGLIGENCE OF THE CITY, AND ITS OFFICERS, AGENTS, EMPLOYEES OR SEPARATE CONTRACTORS. THE CITY DOES NOT WAIVE ANY GOVERNMENTAL IMMUNITY OR OTHER DEFENSES AVAILABLE TO IT UNDER TEXAS OR FEDERAL LAW. THE PROVISIONS OF THIS PARAGRAPH ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND ARE NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTUAL OR OTHERWISE, TO ANY OTHER PERSON OR ENTITY.

DEVELOPER AT ITS OWN EXPENSE IS EXPRESSLY REQUIRED TO DEFEND CITY AGAINST ALL SUCH CLAIMS. CITY RESERVES THE RIGHT TO PROVIDE A PORTION OR ALL OF ITS OWN DEFENSE; HOWEVER, CITY IS UNDER NO OBLIGATION TO DO SO. ANY SUCH ACTION BY CITY IS NOT TO BE CONSTRUED AS A WAIVER OF

DEVELOPER'S OBLIGATION TO DEFEND CITY OR AS A WAIVER OF DEVELOPER'S OBLIGATION TO INDEMNIFY CITY PURSUANT TO THIS AGREEMENT. DEVELOPER SHALL RETAIN DEFENSE COUNSEL WITHIN SEVEN (7) BUSINESS DAYS OF CITY'S WRITTEN NOTICE THAT CITY IS INVOKING ITS RIGHT TO INDEMNIFICATION UNDER THIS AGREEMENT. IF DEVELOPER FAILS TO RETAIN COUNSEL WITHIN THE REQUIRED TIME PERIOD, CITY SHALL HAVE THE RIGHT TO RETAIN DEFENSE COUNSEL ON ITS OWN BEHALF AND DEVELOPER SHALL BE LIABLE FOR ALL COSTS INCURRED BY THE CITY.

ARTICLE XVI

GENERAL PROVISIONS

Section 16.01. Notices.

Any notice, communication or disbursement required to be given or made hereunder shall be in writing and shall be given or made by facsimile or other electronic transmittal, hand delivery, overnight courier, or by United States mail, certified or registered mail, return receipt requested, postage prepaid, at the addresses set forth below or at such other addresses as may be specified in writing by any Party hereto to the other parties hereto. Each notice which shall be mailed or delivered in the manner described above shall be deemed sufficiently given, served, sent and received for all purpose at such time as it is received by the addressee (with return receipt, the delivery receipt or the affidavit of messenger being deemed conclusive evidence of such receipt) at the following addresses:

To the City:	City Manager 910 S. Friendswood Dr. Friendswood, Texas 77546
To the Developer:	Attn: Louis Tannos Madison Development Corp., LLC 505 S. Friendswood Dr., Suite 119 Friendswood, Texas 77546
And to:	Attn: Russell Handy Wolfgramm Capital 1410 East Winding Way, Suite E Friendswood, Texas 77546

With a copy to: Attn: Ross Martin
 Winstead PC
 2728 N. Harwood St., Suite 500
 Dallas, Texas 75201

Section 16.02. Make-Whole Provision.

(a) If in any calendar year the City issues debt obligations that would be qualified tax-exempt obligations but for the issuance or proposed issuance of PID Bonds, the Developer shall pay to the City a fee (the "PID Bond Fee") to compensate the City for the interest savings the City would have achieved had the debt issued by the City been qualified tax-exempt obligations. Prior to issuance of any PID Bonds, the City's financial advisor shall calculate the PID Bond Fee based on the issued and planned debt issuances for the City and shall notify the Developer of the total amount of the PID Bond Fee prior to the issuance of the PID Bonds. The Developer agrees to pay the PID Bond Fee to the City within ten (10) business days after receiving notice from the City of the amount of PID Bond Fee due to the City. If the City has not forgone the ability to issue a series of obligations as qualified tax exempt obligations, the PID Bond Fee shall be held in a segregated account of the City and if the total amount of debt obligations sold or entered into by the City in the calendar year in which the PID Bonds are issued are less than the bank qualification limits (currently \$10 million per calendar year), then the PID Bond Fee shall be returned to the Developer. The City shall not be required to sell any series of PID Bonds until the Developer has paid the estimated PID Bond Fee.

(b) If the City is planning to issue debt obligations as qualified tax exempt obligations prior to the issuance of PID Bonds in any calendar year, the City may (but is not obligated to) notify the Developer that it is planning to issue qualified tax-exempt obligations that may limit the amount of debt that the City can issue in a calendar year. In connection with the delivery of such notice, the City's financial advisor shall provide a calculation of the interest savings that the City would achieve by issuing the obligations the City plans to issue in the year as qualified tax-exempt obligations as opposed to non-qualified tax-exempt obligations. If following the receipt of such notice the Developer asks the City to forego designating the obligations as qualified tax-exempt obligations in order to preserve capacity for PID Bonds, the Developer shall pay to the City a fee to compensate the City for the interest savings the City would have achieved had the debt issued by the City been qualified tax-exempt obligations. The Developer agrees to pay the PID Bond Fee to the City within ten (10) business days after receiving notice from the City of the amount of PID Bond Fee due to the City. Upon receipt of the PID Bond Fee, the City agrees not to designate the obligations planned for issuance as qualified tax-exempt obligations. Such payment is compensation to the City for choosing to forego the designation of obligations as qualified tax-exempt obligations, and the PID Bond Fee may be used for any lawful purpose of the City.

Section 16.03. Assignment.

(a) This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the Parties. The obligations, requirements or covenants to develop the Property, including construction of the Public Improvements may be assigned to any Affiliate thereof without the prior written consent of the City. The obligations, requirements or covenants to the

development of the Property, including construction of the Public Improvements shall not be assigned to any non-Affiliate without the prior written consent of the City Manager, which consent shall not be unreasonably withheld if the assignee demonstrates the financial ability to perform in the reasonable judgment of the City Manager. Each assignment shall be in writing executed by Developer and the assignee and shall obligate the assignee to be bound by this Agreement to the extent this Agreement applies or relates to the obligations, rights, title or interests being assigned. No assignment by Developer shall release Developer from any liability that resulted from an act or omission by Developer that occurred prior to the effective date of the assignment unless the City approves the release in writing. Developer shall maintain written records of all assignments made by Developer to Assignee, including a copy of each executed assignment and the Assignee's notice information as required by this Agreement, and, upon written request from the City, any Party or Assignee, shall provide a copy of such records to the requesting person or entity, and this obligation shall survive the assigning Party's sale, assignment, transfer or other conveyance of any interest in this Agreement or the Property. The City shall not be required to make any representations with respect to any assignment.

(b) Developer may assign any receivables or revenues due pursuant to this Agreement or any Reimbursement Agreement to a third party without the consent of, but upon written notice to the City. Provided, however, that notwithstanding the above, the City shall not be required to make partial payments to more than two parties as a result of an assignment and shall not execute any consent or make any representations with respect thereto.

(c) The Developer and assignees have the right, from time to time, to collaterally assign, pledge, grant a lien or security interest in, or otherwise encumber any of their respective rights, title, or interest under this Agreement for the benefit of (a) their respective lenders without the consent of, but with prompt written notice to, the City. The collateral assignment, pledge, grant of lien or security interest, or other encumbrance shall not, however, obligate any lender to perform any obligations or incur any liability under this Agreement unless the lender agrees in writing to perform such obligations or incur such liability. Provided the City has been given a copy of the documents creating the lender's interest, including notice information for the lender, then that lender shall have the right, but not the obligation, to cure any default under this Agreement within thirty (30) days written notice to the lender. A lender is not a party to this Agreement unless this Agreement is amended, with the consent of the lender, to add the lender as a Party. Notwithstanding the foregoing, however, this Agreement shall continue to bind the Property and shall survive any transfer, conveyance, or assignment occasioned by the exercise of foreclosure or other rights by a lender, whether judicial or non-judicial. Any purchaser from or successor owner through a lender of any portion of the Property, except an end-user property owner, shall be bound by this Agreement and shall not be entitled to the rights and benefits of this Agreement with respect to the acquired portion of the Property until all defaults under this Agreement with respect to the acquired portion of the Property have been cured. The City shall not be required to make partial payments to more than two parties as a result of an assignment and shall not execute any consent or make any representations or execute any document with respect thereto.

(d) The City shall not be required to acknowledge the receipt of any Assignment by the Developer; however, to the extent the City does acknowledge receipt of any assignment pursuant to this Section, such acknowledgment does not evidence the City's agreement, acceptance or

acknowledgment of the content of the assignment documents or any rights accruing thereunder; it is solely an acknowledgment of receipt of the notice via mail, express mail or email.

(e) The City does not and shall not consent to nor participate in any third-party financing based upon the Developer's assignment of its right to receive funds pursuant to this Agreement or any Reimbursement Agreement.

Section 16.04. Table of Contents; Titles and Headings.

The titles of the articles, and the headings of the sections of this Agreement are solely for convenience of reference, are not a part of this Agreement, and shall not be deemed to affect the meaning, construction, or effect of any of its provisions.

Section 16.05. Entire Agreement; Amendment.

This Agreement is the entire agreement between the Parties with respect to the subject matter covered in this Agreement. There is no other collateral oral or written agreement between the Parties that in any manner relates to the subject matter of this Agreement. This Agreement may only be amended by a written agreement executed by all Parties.

Section 16.06. Time.

In computing the number of days for purposes of this Agreement, all days will be counted, including Saturdays, Sundays, and legal holidays; however, if the final day of any time period falls on a Saturday, Sunday, or legal holiday, then the final day will be deemed to be the next day that is not a Saturday, Sunday, or legal holiday.

Section 16.07. Counterparts.

This Agreement may be executed in any number of counterparts, each of which will be deemed to be an original, and all of which will together constitute the same instrument.

Section 16.08. Severability; Waiver.

If any provision of this Agreement is illegal, invalid, or unenforceable, under present or future laws, it is the intention of the parties that the remainder of this Agreement not be affected and, in lieu of each illegal, invalid, or unenforceable provision, a provision be added to this Agreement which is legal, valid, and enforceable and is as similar in terms to the illegal, invalid, or enforceable provision as is possible.

Any failure by a Party to insist upon strict performance by the other party of any material provision of this Agreement will not be deemed a waiver or of any other provision, and such Party may at any time thereafter insist upon strict performance of any and all of the provisions of this Agreement.

Section 16.09. No Third-Party Beneficiaries.

The City and the Developer intend that this Agreement shall not benefit or create any right or cause of action in or on behalf of any third party beneficiary, or any individual or entity other than the City, the Developer or assignees of such Parties.

Section 16.10. Notice of Assignment. Developer shall not transfer any portion of the Property prior to the levy of Assessments, except as provided in Section 3.05. Subject to Section 16.03 herein, the requirements set forth below shall apply in the event that the Developer sells, assigns, transfers or otherwise conveys the Property or any part thereof and/or any of its rights, benefits or obligations under this Agreement. Developer must provide the following:

- (a) within 30 days after the effective date of any such sale, assignment, transfer, or other conveyance, the Developer must provide written notice of same to the City;
- (b) the Notice must describe the extent to which any rights or benefits under this Agreement have been sold, assigned, transferred, or otherwise conveyed;
- (c) the Notice must state the name, mailing address, and telephone contact information of the person(s) acquiring any rights or benefits as a result of any such sale, assignment, transfer, or other conveyance;
- (d) the Notice must be signed by a duly authorized person representing the Developer and a duly authorized representative of the person that will acquire any rights or benefits as a result of the sale, assignment transfer or other conveyance.

Section 16.11. No Joint Venture.

Nothing contained in this Agreement or any other agreement between the Developer and the City is intended by the Parties to create a partnership or joint venture between the Developer, on the one hand, and the City on the other hand and any implication to the contrary is hereby expressly disavowed. It is understood and agreed that this Agreement does not create a joint enterprise, nor does it appoint either Party as an agent of the other for any purpose whatsoever. Neither Party shall in any way assume any of the liability of the other for acts of the other or obligations of the other. Each Party shall be responsible for any and all suits, demands, costs or actions proximately resulting from its own individual acts or omissions.

Section 16.12. Estoppel Certificates. From time to time within fifteen (15) business days of a written request of the Developer or any future Developer, and upon the payment of a \$100.00 fee to the City, the Mayor, or his/her designee is authorized, in his official capacity and to his reasonable knowledge and belief, to execute a written estoppel certificate in form approved by the City Attorney, identifying any obligations of a Developer under this Agreement that are in default. No other representations in the Estoppel shall be made by the City.

Section 16.13. Independence of Action.

It is understood and agreed by and among the Parties that in the design, construction and development of the Public Improvements and any of the related improvements described herein,

and in the Parties' satisfaction of the terms and conditions of this Agreement, that each Party is acting independently, and the City assumes no responsibility or liability to any third parties in connection to the Developer's obligations hereunder.

Section 16.14. Compliance with Disclosure Program. The Developer shall comply with the Disclosure Program attached hereto as Exhibit H.

Section 16.15. Limited Recourse.

No officer, director, employee, agent, attorney or representative of the Developer shall be deemed to be a Party to this Agreement or shall be liable for any of the contractual obligations created hereunder. No elected official of the City and no agent, attorney or representative of the City shall be deemed to be a Party to this Agreement or shall be liable for any of the contractual obligations created hereunder.

Section 16.16. Exhibits.

All exhibits to this Agreement are incorporated herein by reference for all purposes wherever reference is made to the same.

Section 16.17. No Consent to Third Party Financing.

The City does not and shall not consent to nor participate in any way in any third-party financing based upon the Developer's assignment of its right to receive funds pursuant to this Agreement or any Reimbursement Agreement.

Section 16.18. Survival of Covenants.

Any of the representations, warranties, covenants, and obligations of the Parties, as well as any rights and benefits of the Parties, pertaining to a period of time following the termination of this Agreement shall survive termination.

Section 16.19. No Acceleration.

All amounts due pursuant to this Agreement and any remedies under this Agreement are not subject to acceleration.

Section 16.20. Conditions Precedent.

This Agreement is expressly subject to, and the obligations of the Parties are conditioned upon the City levy of the Assessments or approval of a Reimbursement Agreement.

Section 16.21. No Reduction of Assessments.

Following the issuance of each series of PID Bonds, the Developer agrees not to take any action or actions to reduce the total amount of the Assessments levied in payment of such PID Bonds.

Section 16.22. Recording Fees.

Any fees associated with the recording of documents in the real property records of Harris County in order to give initial notice of the Assessments or made pursuant to the Act, shall be paid by the Developer. Ongoing recording in the real property records of Harris County of updates to the Service and Assessment Plan shall be paid as an administrative expense of the PID.

Section 16.23. Anti-Boycott Verification.

The Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and, will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to comply with Section 2271.002, Texas Government Code. As used in the foregoing verification, 'boycott Israel' means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Developer understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Developer and exists to make a profit. Notwithstanding anything contained herein, the representations and covenants contained in this Section 16.23 shall survive termination of the Agreement until the statute of limitations has run.

Section 16.24. Iran, Sudan and Foreign Terrorist Organizations

The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, and excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Developer understands "affiliate" to mean any entity that controls, is controlled by, or is under common control with the Developer and exists to make a profit. Notwithstanding anything contained herein, the representations and covenants contained in this Section 16.24 shall survive termination of the Agreement until the statute of limitations has run.

Section 16.25. Governing Law.

The Agreement shall be governed by the laws of the State of Texas without regard to any choice of law rules; and venue for any action concerning this Agreement and the Reimbursement Agreement shall be in the State District Court of Harris County, Texas. The Parties agree to submit to the personal and subject matter jurisdiction of said court.

Section 16.26. Petroleum.

The Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section. As used in the foregoing verification, “boycott energy companies” shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. The Developer understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. §230.133(f), and exists to make a profit. Notwithstanding anything contained herein, the representations and covenants contained in this Section 16.26 shall survive termination of the Agreement until the statute of limitations has run.

Section 16.27. Firearms.

The Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of this Agreement against a firearm entity or firearm trade association. The foregoing verification is made solely to enable the Issuer to comply with such Section. As used in the foregoing verification, ‘discriminate against a firearm entity or firearm trade association: (a) means, with respect to the firearm entity or firearm trade association, to: (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association; (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association; or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (b) does not include: (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (ii) a company’s refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship: (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity’s or association’s status as a firearm entity or firearm trade association. As used in the foregoing verification, (a) ‘firearm entity’ means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), ammunition (i.e., a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (as defined by Section 250.001, Texas Local Government

Code), and (c) 'firearm trade association' means a person, corporation, unincorporated association, federation, business league, or business organization that: (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual); (ii) has two or more firearm entities as members; and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code. The Developer understands "affiliate" to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. §230.133(f), and exists to make a profit. Notwithstanding anything contained herein, the representations and covenants contained in this Section 16.27 shall survive termination of the Agreement until the statute of limitations has run.

Section 16.28. Conflict.

In the event of any conflict between this Agreement and any Indenture authorizing the PID Bond, the Indenture controls. In the event of any conflict between this Agreement and the Reimbursement Agreement, the Reimbursement Agreement shall control, except that in all cases, Applicable Law shall control.

PROPERTY DESCRIPTION

METES AND BOUNDS DESCRIPTION
106.472 ACRES (4,637,900 SQUARE FEET)
SARAH MCKISSICK LEAGUE, A-549
CITY OF FRIENDSWOOD
HARRIS COUNTY, TEXAS

Being a tract or parcel containing 106.472 acres (4,637,900 square feet) of land situated in the Sarah McKissick League, Abstract Number 549, Harris County, Texas; being all of Restricted Reserves "A" and "C", CLEAR CREEK COMMUNITY CHURCH FRIENDSWOOD, a subdivision plat of record at Film Code No. 691601, Harris County Map Records (H.C.M.R.); being the residue of a called 135.778 acre tract of land conveyed to Clear Creek Community Church as described by deed recorded under Harris County Clerk's File (H.C.C.F.) No. 20150231965; said 106.472 acre tract of land being more particularly described as follows (bearings are oriented to the Texas State Plane Coordinate System of 1983, South Central Zone 4204, US Survey Feet, NAD83(NA2011)):

BEGINNING at a 5/8-inch iron rod with cap stamped "GBI PARTNERS" found on the curved southerly right-of-way (R.O.W.) line of F.M. 528 (120 feet wide) and marking the northerly common corner of said Restricted Reserves "A" and "B", CLEAR CREEK COMMUNITY CHURCH; said iron rod also for the northwest corner of the herein described tract;

THENCE, Northeasterly, an arc distance of 311.32 feet along said southerly R.O.W. line and a curve to the right, having a radius of 1,840.08 feet, a central angle of $09^{\circ}41'36''$, and a chord which bears North $76^{\circ}21'49''$ East, 310.94 feet to a point of tangency, from which a disturbed Texas Department of Transportation (TXDOT) aluminum disk found bears South $07^{\circ}56'$ East, 0.69 feet;

THENCE, North $81^{\circ}12'37''$ East, along said southerly R.O.W. line, at 90.40 feet passing a 5/8-inch iron rod found marking the northeast corner of said Restricted Reserve "A", continuing in all for a total distance of 1,772.42 feet to a 5/8-inch iron rod found at the base of a concrete pad and marking the northwest corner of a called 28.9270 acre tract of land conveyed to Clear Creek I.S.D. as described by deed recorded under H.C.C.F. No. P598260; said iron rod for the northeast corner of the herein described tract;

THENCE, South $08^{\circ}47'23''$ East, departing said southerly R.O.W. line, at 1,289.36 feet passing a 5/8-inch iron rod found marking the westerly common corner of said 28.9270 acre tract and a called 10.0000 acre tract of land conveyed to Clear Creek I.S.D. as described by deed recorded under H.C.C.F. No. P598262, continuing in all for a total distance of 2,190.65 feet to a 5/8-inch iron rod with cap stamped "RPLS 3974" found on the northwesterly R.O.W. line of a Harris County Flood Control District drainage easement (150 feet wide) as described by deeds recorded under H.C.C.F. No(s). E449568 and X384682; said iron rod for the southeast corner of the herein described tract;

ORDINANCE NO. 2023-28

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, AMENDING THE FRIENDSWOOD COMPREHENSIVE PLAN TO UPDATE THE FUTURE LAND USE MAP CONCERNING PROPERTY LOCATED AT 3801 FM 528 RD, BEING 106.472 ACRES OF LAND SITUATED IN THE SARAH MCKISSICK LEAGUE, ABSTRACT NUMBER 549, HARRIS COUNTY, TEXAS, INCLUDING (I) ALL OF RESTRICTED RESERVES "A" AND "C" CLEAR CREEK COMMUNITY CHURCH FRIENDSWOOD, A SUBDIVISION PLAT OF RECORD AT FILM CODE NO 691601, HARRIS COUNTY MAP RECORDS (H.C.M.R) AND (II) THE RESIDUE OF A CALLED 135.778 ACRE TRACT OF LAND CONVEYED TO CLEAR CREEK COMMUNITY CHURCH AS DESCRIBED BY DEED RECORDED UNDER HARRIS COUNTY CLERK'S FILE (H.C.C.F.) NO. 20150231965, CITY OF FRIENDSWOOD, HARRIS COUNTY, TEXAS, FROM PUBLIC AND SEMI PUBLIC AND RETAIL TO MIXED USE; AND AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF FRIENDSWOOD TO CHANGE THE ZONING CLASSIFICATION OF SUCH PROPERTY FROM PLANNED UNIT DEVELOPMENT (ORD. 2015-18) TO A REVISED PLANNED UNIT DEVELOPMENT (PUD) TO ALLOW A MIXED-USE DEVELOPMENT; PROVIDING A MAXIMUM PENALTY OF TWO THOUSAND AND NO/100 DOLLARS (\$2,000.00); REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES INCONSISTENT OR IN CONFLICT HEREWITH; PROVIDING FOR SEVERABILITY, PUBLICATION AND AN EFFECTIVE DATE.

WHEREAS, the Friendswood Comprehensive Plan (the "Plan") assists City officials, staff and citizens in making sound decisions affecting the future growth and development of the City and the surrounding area; and

WHEREAS, on October 26, 2023, the Planning and Zoning Commission (the "Commission") reviewed the proposed amendment of the Plan to update the Future Land Use Map contained therein, concerning the property located at 3801 FM 528 Road, Friendswood, Harris County, Teas, being more particularly described as 106.472 acres of land situated in the Sarah McKissick League, Abstract Number 549, Harris County, Texas, including (i) all of Restricted Reserves "A" and "C" Clear Creek Community Church Friendswood, a subdivision plat of record at Film Code No. 691601, Harris County Map Records (H.C.M.R) and (ii) the residue of a called 135.778 acre tract of land conveyed to Clear Creek Community Church as described by deed recorded under Harris County Clerk's File (H.C.C.F.) No. 20150231965, City of Friendswood, Harris County, Texas (the "Property") to change the designation thereof from Public and Semi Public and Retail to Mixed Use; and

WHEREAS, a map depicting the location of the Property is attached hereto, marked Exhibit "A," and made a part hereof for all intents and purposes; and

WHEREAS, on November 6, 2023, a public hearing was conducted at which the public was given the opportunity to give testimony and present written evidence regarding this amendment of the Plan; and

WHEREAS, in accordance with the Friendswood City Code and all applicable laws, the City Council has determined that all public notices have been posted and published and the required hearing on this amendment to the Future Land Use Map has been held; and

WHEREAS, after the Commission's review of the proposed amendment as well as the input received at the public hearing, the City Council desires to amend the Plan to update the Future Land Use Map to better reflect future development within the boundaries of the City; and

WHEREAS, additionally, Madison Development Corp. (the "Owner") made application to the City to change the zoning classification of the Property from Planned Unit Development (Ord. 2015-18) to a revised Planned Unit Development (PUD) to allow a mixed-use development; and

WHEREAS, in accordance with the Friendswood City Code and all applicable laws, the Planning and Zoning Commission and the City Council conducted public hearings on such application, allowing all interested persons the opportunity to be heard; and

WHEREAS, the Planning and Zoning Commission filed with City Council, its final report recommending approval of the application; and

WHEREAS, in accordance with the Friendswood City Code and all applicable laws, the City Council has determined that all public notices have been posted and published and all required hearings on this zoning classification change have been held; and

WHEREAS, the City Council further finds that this ordinance complies with the applicable provisions of the City Charter of the City of Friendswood, the Friendswood City Code and all other applicable laws; and

WHEREAS, after receiving the Commission's final report as well as the input received at the public hearing, the City Council deems it appropriate to approve the application, subject to applicable regulations, restrictions, exceptions, and conditions; NOW THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, STATE OF TEXAS:

Section 1. The facts and matters set forth in the preamble of this ordinance are hereby found to be true and correct.

Section 2. That the City Council of the City of Friendswood, Texas, hereby amends the Friendswood Comprehensive Plan to update the Future Land Use Map concerning the Property to change the Future Land Use Map designation from Public and Semi Public and Retail to Mixed Use. Such amendment is attached hereto as Exhibit "B" and incorporated herein for all intents and purposes.

Section 3. The Official Zoning Map of the City of Friendswood is hereby amended to change the classification of the Property from Planned Unit Development (Ord. 2015-18) to a revised Planned Unit Development (PUD) for the "Friendswood City Center" to allow a

mixed-use development, as further depicted in Exhibit "C-1" and subject to the regulations contained in Exhibit "C-2," which exhibits are attached hereto and incorporated herein for all intents and purposes. The City Council hereby directs the Mayor to sign and the City Secretary to attest to an entry on such map containing the number and effective date of this ordinance along with a brief description of the nature of the change in accordance with Section 3.A.(3), Appendix C of the Friendswood City Code.

Section 4. This ordinance shall in no manner amend, change, supplement or revise any provision of any ordinance of the City of Friendswood, save and except the change in the Future Land Use Map designation of the Property as described in Section 2 hereinabove and the change in zoning classification of the Property as described in Section 3 hereinabove.

Section 5. A violation of this ordinance is subject to the penalty provisions contained in Section 1-14 of the Friendswood City Code and as otherwise provided by law. Any person who shall intentionally, knowingly, recklessly, or with criminal negligence fail to comply with any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined in an amount not to exceed \$2,000.00. Each act of violation and each day upon which any such violation shall occur shall constitute a separate offense.

Section 6. That all ordinances or parts of ordinances in conflict or inconsistent with this ordinance are hereby expressly repealed.

Section 7. In the event any section, paragraph, subdivision, clause, phrase, provision, sentence, or part of this ordinance or the application of the same to any person or circumstance shall for any reason be adjudged invalid or held unconstitutional by a court of competent jurisdiction, it shall not affect, impair, or invalidate this ordinance as a whole or any part or provision hereof other than the part declared to be invalid or unconstitutional; and the City Council of the City of Friendswood, Texas, declares that it would have passed each and every part of the same notwithstanding the omission of any and every part of the same, notwithstanding the omission of any such part thus declared to be invalid or unconstitutional, or whether there be one or more parts.

Section 8. The City Secretary shall give notice of the enactment of this ordinance by promptly publishing the caption of this ordinance after final passage in the official newspaper of the City.

Section 9. This ordinance shall take effect upon its publication and the proper entry on the official zoning map in accordance with Section 3.A.(3), Appendix C of the Friendswood City Code.

PASSED, APPROVED and ADOPTED on first and final reading by the affirmative vote of the City Council of the City of Friendswood on this the 6th day of November, 2023.

MIKE FOREMAN, Mayor

Friendswood City Center PUD

INTRODUCTION

Purpose

This application has been prepared on behalf of Tannos Development LLC, pursuant to the City of Friendswood's Ordinances related to a Planned Unit Development (PUD). The purpose of the PUD District is to encourage flexibility in the development of land, promote the most appropriate uses, and encourage a cohesive Mixed Use Development. This PUD will establish development regulations and standards that will ensure quality development, consistent with the intent of the Friendswood Subdivision and Zoning Ordinances.

Location and Existing Conditions

Friendswood City Center PUD is located on a + 107 Acre tract located South of FM 528, with Clear Creek forming a natural boundary on the West and South borders and Brookside Intermediate School to the East. The subject tract will be bisected with an Extension of Blackhawk Blvd from 528 to Bay Area Blvd. Approximately 50 Acres of the site is located within the Flood Way of the Clear Creek Watershed, 38 Acres are located within the AE Flood Zone and 19 Acres are located within the X Flood Zone. The Majority of the area located within the AE Zone will be raised out of the flood plain by mitigation within the Park Area. All Buildings will be constructed above the Flood Plain.

PROJECT DESCRIPTION

The Planning Concept is to provide a strong neighborhood identity with walkable mixed-use facilities that allow access to services and other businesses without requiring residents to use a car as their main mode of transportation. To accomplish this, Friendswood City Center PUD will combine commercial, retail, hospitality, office, and multifamily residential developments into a vibrant community with walkable streets that support alternative modes of transportation. All areas of the community will be connected with 10-0 wide Shared Use Paths. In the Park Area, the paths will be created out of decomposed granite and will be referred to as trails. In all other areas, the paths will be created using a combination of concrete with paver and stone accents. Path Users are non-motorized and may include but are not limited to: bicyclists, in-line skaters, roller skaters, wheelchair users (both non-motorized and motorized) and pedestrians, including walkers, runners, people with baby strollers, people walking dogs, etc. These facilities will be designed for two-way travel.

For transportation and parking demand management, the concept is to create slower-paced streets with head-in parking and pavement designed to enhance pedestrian safety. Surface Parking will be minimized with the majority of parking located within above ground parking garages designed to blend in with the building facades. All parking garages will be required to leave at least 20 percent of their parking spaces available for public parking and may be a fee lot. All areas, except the gated area of the Multi-Family Residential Development, will have cross parking access.

Friendswood City Center PUD

DEVELOPMENT GUIDELINES

Unless otherwise outlined in this document, all City of Friendswood Subdivision and Zoning regulations in place at the time this document is adopted shall apply to the PUD. Any change to the below guidelines and/or other applicable regulations shall require a variance or an amendment to the PUD.

Friendswood City Center PUD

with many trees and flowers.
2. The trail is a beautiful place
with many trees and flowers.

Exhibit E | Project Phases

- Phase I: Excavation of Pond/Detention Area
Construction of Main Road Corridor and Underground Infrastructure
Construction of Lots 1-10 to Begin
- Phase II: Extension of Blackhawk Road
Construction of Fire Station and Lot 11
Construction of Public Park
- Phase III: Phase III Construction may fall at any time after completion of the Main Road Corridor and Underground Infrastructure

Exhibit F1 | Exterior Finishes

Exterior Finishes shall incorporate the use of building materials that provide for an aesthetically pleasing and consistent overall development, while recognizing the benefits of diversity. In that regard, the following building materials shall be permitted:

(a.) All exterior walls shall be at least sixty percent (60%) masonry, glass or metal. Masonry coverage calculation does not include doors, windows, window box-outs, or bay windows that do not extend to the foundation.

1. Stone material. Masonry construction using stone material may consist of granite, marble, limestone, slate, and other hard and durable naturally occurring all weather stone. Stone shall be cut and dimensioned stone with natural or machined finishes.
2. Brick material. Brick material used for masonry construction shall be hard fired (kiln fired) clay or slate material which meets the latest version of ASTM standard C216, Standard Specification for Facing Brick (Solid Masonry Unit Made of Clay or Shale), and shall be Severe Weather (SW) grade, and Type FBA or FBS or better.
3. Concrete masonry units. Concrete masonry units used for masonry construction shall meet the latest version of the following applicable specifications; ASTM C90, Standard Specification for Hollow Load Bearing Concrete Masonry Units; ASTM C145, Standard Specification for Solid Load Bearing Masonry Units; ASTM C129, Standard Specification for Hollow and Solid Nonload Bearing Units. Concrete masonry units are not acceptable as an exterior finish.
4. Architectural Concrete Panels. Smooth Prefinished Architectural concrete panel construction is acceptable and may be used as an exterior finish. Concrete Panels poured on site (including tilt-wall construction) may be used but is not acceptable as an exterior finish.
5. Stucco (exterior Portland cement plaster with three (3) coats over metal lath or wire fabric lath with acrylic top coat finish).
6. Cement fiberboard;
7. Architectural glass block (less than 25 percent reflectance).
8. Aluminum Composite Metal Exterior Cladding Panels (ACM). Composite dry joint wall panel rainscreen system with associated aluminum girts, panel splices, bases, head flashing, clips, shims and fasteners.
9. Solid Composite Architectural Panels. Composite dry joint wall panel rainscreen or blind fastened system with associated aluminum girts, panel splices, bases, head flashing, clips, shims and fasteners.

(b) Structures 20,000 square feet or less shall require a minimum of two (2) distinct building materials from the approved masonry list be utilized on all facades to provide architectural detail and interest.

Friendswood City Center PUD

(c) Structures over 20,000 square feet shall require a minimum of three (3) distinct building materials from the approved masonry list be utilized on all facades to provide architectural detail and interest.

(d) Secondary materials must cover a minimum of ten percent (10%) of the building facade on all sides.

(e) Roofing materials. Flat roof areas shall be a fifteen (15) year Class A, TDI Approved PVC or TPO membrane roofing system, mechanically or adhered fastened, with a minimum solar reflectance of 0.78 and a minimum thermal emittance of 0.87 (Energy Star). Sloped roof areas shall be standing seam metal finished to match the exterior window frame system and be less than twenty percent (20%) of the buildings total roof area.

(f) Prohibited materials. The following materials are prohibited:

1. Aluminum siding or cladding.
2. Corrugated, metal, plastic, or fiberglass panels.
3. Galvanized, aluminum coated, zinc aluminum coated or unpainted exterior metal except as permitted as architectural accent material.
4. Wood siding or plastic siding.
5. Synthetic stucco, Exterior Insulation and Finish System (EIFS), placed less than four (4) feet above grade.
6. Exposed aggregate.
7. Corten Steel Panels.

Exhibit F1 | Exterior Finishes

Contemporary Brick (examples of colors)

Cut Stone, split-faced or honed (examples of colors)

Wood Composite, (examples of colors)

Approved accent colors to be no more than 15% of building

Primary Paint Colors (examples)

Approved accent colors to be no more than 15% of building

Composite Metal Panels, (examples of colors)

LANDOWNER CONSENT

CONSENT AND AGREEMENT OF LANDOWNERS

This Consent and Agreement of Landowner is issued by _____, an _____, as the landowner (the "Landowner") who collectively hold record title to all property located within the [Friendswood City Center Public Improvement District] (the "PID") created by the City of Friendswood. Capitalized terms used herein and not otherwise defined shall have the meaning given to such terms in the City's ordinance levying assessments on property within the PID, dated _____, 20__, including the Service and Assessment Plan and Assessment Rolls attached thereto (the "Assessment Ordinance"). [TO BE EXECUTED PRIOR TO THE LEVY OF ASSESSMENTS FOR EACH SERIES OF BONDS WITH EACH PHASE]

Landowner hereby declares and confirms that the Landowner holds record title to all property in the PID which is subject to the Assessment Ordinances, as set forth on Exhibit A. Further, Landowner hereby ratifies, declares, consents to, affirms, agrees to and confirms each of the following:

1. The creation and boundaries of the PID, the boundaries of each Assessed Property, and the Authorized Improvements for which the Assessments are being made, as set forth in the Service and Assessment Plan.
2. The determinations and findings as to benefits by the City in the Assessment Ordinance and the Service and Assessment Plan.
3. The Assessment Ordinance and the Service and Assessment Plan and Assessment Roll.
4. The right, power and authority of the City Council to adopt the Assessment Ordinances and the Service and Assessment Plans and Assessment Roll;
5. Each Assessment levied on each Assessed Property as shown in the Service and Assessment Plan (including interest and Administrative Expenses as identified in the Service and Assessment Plan and as updated from time to time as set forth in the Service and Assessment Plan).
6. The Authorized Improvements specially benefit the Assessed Property in an amount in excess of the Assessment levied on each Assessed Property, as such Assessments are shown on the Assessment Roll.
7. Each Assessment is final, conclusive and binding upon such Landowners, regardless of whether such Landowners may be required to pay Assessments under certain circumstances pursuant to the Service and Assessment Plan.

8. The then-current owner of each Assessed Property shall pay the Assessment levied on the Assessed Property owned by it when due and in the amount required by and stated in the Service and Assessment Plan and the Assessment Ordinance.
9. Delinquent installments of the Assessment shall incur and accrue interest, penalties, and attorney's fees as provided in the PID Act.
10. The "Annual Installments" of the Assessments may be adjusted, decreased and extended in accordance with the Service and Assessment Plan, and the then-current owner of each Assessed Property shall be obligated to pay its revised amounts of the Annual Installments, when due, and without the necessity of further action, assessments or reassessments by the City.
11. All notices required to be provided to it under the PID Act have been received and to the extent of any defect in such notice, Landowners hereby waive any notice requirements and consents to all actions taken by the City with respect to the creation of the PID and the levy of the Assessments.
12. That the resolution creating the PID, the Ordinance levying the Assessments, the Service and Assessment Plan and a Notice of Creation of Special Assessment District and Imposition of Special Assessment to be provided by the City, shall be filed in the records of the County Clerk of Harris County, with copies of the recorded documents delivered to the City promptly after receipt thereof by the recording party, as a lien and encumbrance against the Assessed Property.
13. Each Assessed Property owned by the Landowner identified in the Service and Assessment Plan and Assessment Roll are wholly within the boundaries of the PID.
14. There are no Parcels owned by the Landowner within the boundaries of the PID that are not identified in the Service and Assessment Plan and the Assessment Roll.
15. Each Parcel owned by the Landowner identified in the Service and Assessment Plan and Assessment Roll against which no Assessment has been levied was Non-Benefited Property as of _____, 20__.

Originals and Counterparts. This Agreement may be executed in a number of identical counterparts, each of which shall be deemed an original for all purposes.

[Execution page follows]

IN WITNESS WHEREOF, the undersigned has caused this Agreement and Consent of Landowner to be executed as of _____, 20__.

FORM OF PAYMENT CERTIFICATE

PAYMENT CERTIFICATE NO. _____

Reference is made to that certain Indenture of Trust by and between the City and the Trustee dated as of _____ (the "Indenture") relating to the "City of Friendswood, Texas, Special Assessment Revenue Bonds, Series 20__ (Friendswood City Center Public Improvement District Project)" (the "Bonds"). Unless otherwise defined, any capitalized terms used herein shall have the meanings ascribed to them in the _____, LLC an _____ limited liability company (the "Developer") and requests payment to the Developer (or to the person designated by the Developer) from:

_____ the Public Improvement Account of the Project Fund

from _____, N.A., (the "Trustee"), in the amount of _____ (\$_____) for labor, materials, fees, and/or other general costs related to the creation, acquisition, or construction of certain Public Improvements providing a special benefit to property within the Friendswood City Center Public Improvement District.

In connection with the above referenced payment, the Developer represents and warrants to the City as follows:

1. The undersigned is a duly authorized officer of the Developer, is qualified to execute this Certificate for Payment Form on behalf of the Developer, and is knowledgeable as to the matters set forth herein.
2. The itemized payment requested for the below referenced Public Improvements has not been the subject of any prior payment request submitted for the same work to the City or, if previously requested, no disbursement was made with respect thereto.
3. The itemized amounts listed for the Public Improvements below is a true and accurate representation of the Public Improvements associated with the creation, acquisition, or construction of said Public Improvements and such costs (i) are in compliance with the Development Agreement, and (ii) are consistent with and within the cost identified for such Public Improvements as set forth in the Service and Assessment Plan.
4. The Developer is in compliance with the terms and provisions of the Development Agreement, the Indenture, and the Service and Assessment Plan.
5. The Developer has timely paid all ad valorem taxes and Annual Installments of Assessments it owes or an entity the Developer controls owes, located in the _____ Public Improvement District and has no outstanding delinquencies for such Assessments.

6. All conditions set forth in the Indenture and the Development Agreement for the payment hereby requested have been satisfied.

7. The work with respect to Public Improvements referenced below (or its completed segment) has been completed, and the City has inspected such Public Improvements (or its completed segment).

8. The Developer agrees to cooperate with the City in conducting its review of the requested payment, and agrees to provide additional information and documentation as is reasonably necessary for the City to complete said review.

Payments requested are as follows:

Payee / Description of Public Improvement	Total Cost Public Improvement	Budgeted Cost of Public Improvement	Amount requested be paid from the Public Improvement Account

Attached hereto are receipts, purchase orders, change orders, and similar instruments which support and validate the above requested payments. Also attached hereto are "bills paid" affidavits and supporting documentation in the standard form for City construction projects.

Pursuant to the Development Agreement, after receiving this payment request, the City has inspected the Public Improvements (or completed segment) and confirmed that said work has been completed in accordance with approved plans and all applicable governmental laws, rules, and regulations.

Payments requested hereunder shall be made as directed below:

- a. X amount to Person or Account Y for Z goods or services.
- b. Payment instructions

I hereby declare that the above representations and warranties are true and correct.

APPROVAL OF REQUEST

The City is in receipt of the attached Certificate for Payment, acknowledges the Certificate for Payment, and finds the Certificate for Payment to be in order. After reviewing the Certificate for Payment, the City approves the Certificate for Payment and authorizes and directs payment of the amounts set forth below by Trustee from the Project Fund to the Developer or other person designated by the Developer as listed and directed on such Certificate for Payment. The City's approval of the Certificate for Payment shall not have the effect of estopping or preventing the City from asserting claims under the Development Agreement, the Reimbursement Agreement, the Indenture, the Service and Assessment Plan, or any other agreement between the parties or that there is a defect in the Public Improvements.

DISCLOSURE PROGRAM

The Developer perform the following with respect to disclosure to buyers of residential property in the PID and if lots are sold to third-party builders, shall require in its contracts with such builders within the PID that the builders provide notice to prospective purchasers in accordance with the following minimum requirements:

1. Attach the final Assessment Roll for such Assessed Parcel (or if the Assessment Roll is not available for such Assessed Parcel, then a schedule showing the maximum 30-year payment for such Assessed Parcel) in an addendum to each purchaser's contract on brightly colored paper.
2. Collect a copy of the addendum signed by each buyer and provide to the City.
3. Require signage indicating that the Property for sale is located in a special assessment district and require that such signage be located in conspicuous places within the Development.
4. Notify Settlement Companies that they are required to include special taxes on HUD 1 forms and include in total estimated taxes for the purpose of setting up tax escrows.

2. The itemized payment requested for the below referenced Drainage Improvements has not been the subject of any prior payment request submitted for the same work to the City or, if previously requested, no disbursement was made with respect thereto.
3. The itemized amounts listed for the Drainage Improvements below is a true and accurate representation of the Drainage Improvements associated with the creation, acquisition, or construction of said Drainage Improvements and such costs (i) are in compliance with the Development Agreement, and (ii) are consistent with and within the cost identified for such Public Improvements as set forth in the Development Agreement and/or the TIRZ Project and Financing Plan.
4. The Developer is in compliance with the terms and provisions of the Development Agreement and the TIRZ Project and Financing Plan.
5. The Developer has timely paid all ad valorem taxes and Annual Installments of Assessments it owes or an entity the Developer controls owes, located in the City Center Public Improvement District and has no outstanding delinquencies for such taxes or Assessments.
6. All conditions set forth in the Development Agreement and TIRZ Project and Financing Plan for the payment hereby requested have been satisfied.

7. The work with respect to Drainage Improvements referenced below (or its completed segment) has been completed, and the City has inspected such Drainage Improvements (or its completed segment).
8. The Developer agrees to cooperate with the City in conducting its review of the requested payment, and agrees to provide additional information and documentation as is reasonably necessary for the City to complete said review.

Payments requested are as follows:

Payee / Description of Drainage Improvement	Total Cost Drainage Improvement	Budgeted Cost of Drainage Improvement	Amount requested be paid

Attached hereto are receipts, purchase orders, change orders, and similar instruments which support and validate the above requested payments. Also attached hereto are “bills paid” affidavits and supporting documentation in the standard form for City construction projects.

Pursuant to the Development Agreement, after receiving this payment request, the City has inspected the Drainage Improvements (or completed segment) and confirmed that said work has been completed in accordance with approved plans and all applicable governmental laws, rules, and regulations.

Payments requested hereunder shall be made as directed below:

- e. X amount to Person or Account Y for Z goods or services.
- f. Payment instructions

I hereby declare that the above representations and warranties are true and correct.

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 10/15/2024

Prepared by: Leticia Brysch, Assistant City Manager/City Secretary

Subject: Present an update regarding the City receiving our 36th GFOA Award for Excellence in Financial Reporting for our fiscal year 2023 Annual Comprehensive Financial Report.

Originating Department: City Manager

Degree of importance:

SUMMARY / ORIGINATING CAUSE

The City has earned its 36th Consecutive Certificate of Achievement for Excellence in Financial Reporting for Fiscal Year 2023 awarded by the Government Finance Officers Association of America and Canada. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management.

This is the 36th consecutive year the Finance Department has been recognized with this outstanding achievement. We would like to recognize the efforts of Rhonda Blosjas, Finance Director, Jennifer Walker, Deputy Finance Director, the accounting division staff, and the entire Finance Department. Their cumulative efforts enabled us to achieve this achievement.

Subject: Recognize the City's Finance Department for receiving the Government Treasurers' Organization of Texas Investment Policy Certification of Distinction for the fifth time in a row.

Originating Department: City Manager

Degree of importance:

SUMMARY / ORIGINATING CAUSE

The City has earned its 5th Investment Policy Certification of Distinction Award from the Government Treasurers' Organization of Texas (GTOT)!

The purpose of this program is to provide assistance in developing investment policies suitable for public funds that fully comply with the Texas Public Funds Investment Act (PFIA). GTOT's Investment Policy Committee provides professional guidance in developing an investment policy and recognizes outstanding examples of written policies. A Certificate of Distinction is awarded for those policies that meet established criteria. The Certificate is awarded for two years and then may be renewed upon review.

Special thanks are extended to Rhonda Boskas (Investment Officer), Jennifer Walker (Deputy Investment Officer), and the City's Investment Committee members Robert Bozka, Allan Rasmussen, and Cynthia Bowman for the annual review of the City's Investment Policy and to the City Council for its annual review and approval of the Investment Policy.

Date requested for City Council consideration: November 4, 2024

Date submitted: 09/11/2024

Prepared by: Leticia Brysch, Assistant City Manager/City Secretary

Subject: Receive an update regarding the City of Friendswood earning a 2024 Top Workplace Winner from the Houston Chronicle.

Originating Department: City Manager

Degree of importance:

SUMMARY / ORIGINATING CAUSE

The City of Friendswood has, for the second year in a row, been ranked as one of Houston's Top Workplaces! Over 148,000 employees from 5,816 companies/organizations participated in the nomination process, but only 188 companies/organizations made the top, including the City of Friendswood. The top 188 are determined solely on responses from the employee survey. There are no judges, essays, or other forms to skew the results.

With the greater Houston area and Galveston County growing at some of the fastest rates in the nation, there is a lot of competition for quality employees. To be recognized as one of the Top Workplaces in back to back years shows how desirable working in the City is, and the quality of the organization and its team. This fact is further strengthened by the long tenures among employees, with the average tenure of a City employee being over 9 years.

The official publication was posted by the Houston Chronicle on Sunday, November 10 to their 2 million readers!

Date requested for City Council consideration: November 4, 2024

Date submitted: 09/24/2024

Prepared by: Leticia Brysch, Assistant City Manager/City Secretary

Subject: Present an update regarding the City's Fall Haul event.

Originating Department: City Manager

Degree of importance:

SUMMARY / ORIGINATING CAUSE

This year's Fall Haul event will take place on Saturday, November 9th, from 8 am to 2 pm. Similar to prior years, the event will take place at Centennial Park, 2200 S. Friendswood Drive and is open to Friendswood residents only. Please have your ID available for proof of residency.

Shredding services will be provided from 8 am to 12 pm, or until the truck is full. There is a 200 pound limit of paper per vehicle, and e-waste services will be available.

IMMINENT CONSEQUENCES / BENEFIT TO COMMUNITY

In conjunction with America Recycles Day, the City and Keep Friendswood Beautiful are holding the Annual Fall Haul, community clean-up and garage sale event on Saturday, November 9th, at Centennial Park, 2200 S. Friendswood Dr., from 8 a.m. - 2 p.m. This is not an area-wide event, but is presented for the benefit of the citizens of Friendswood. Residents will have to show proof of residency to participate. Only non-hazardous items will be accepted. Examples of non-hazardous items that will be accepted include tree limbs, grass clippings, old appliances, old furniture, wood, metal, and plastic items, large and small.

Free paper shredding is will be available from 8 a.m. to 12 p.m. or until the truck is full. There is a 200 lb. limit of paper per vehicle. Please, no three-ring binders, cardboard, floppy disks, hanging file folders, newspaper, microfiche, or video tapes. Paper shredding will be available on site.

Hazardous Waste will not be accepted. Examples of hazardous waste include tires, paint, batteries, oil, or any other household hazardous waste.

Residents can donate garage sale items to Keep Friendswood Beautiful. KFB will be accepting furniture, household items, bikes, etc. in good condition (clothing will not be accepted). Garage sale items can be dropped off the morning of the event at Centennial Park. All proceeds from the garage sale will benefit the beautification of city facilities and parks.

For more information please call the Friendswood Parks & Recreation Department at 281-996-3220.

Subject: Receive an update concerning City of Friendswood's Resolutions approved by the Membership of the Texas Municipal League.

Originating Department: City Attorney

Degree of importance:

SUMMARY / ORIGINATING CAUSE

The Texas Municipal League's Municipal Policy Summit consists of over 100 municipal officials from cities across the state, who were charged with setting TML's Legislative Program. The City of Friendswood submitted the following six resolutions for consideration:

1. Generators
Requiring nursing homes and assisted living facilities to have generators
2. Street Maintenance Sales and Use Tax Elections
Correcting the ballot language for street maintenance sales tax elections
3. Speed Limits in Residential Districts
Allowing the lowering of speed limits on residential streets without the need for a traffic study
4. Advisory committee's personal information
Protecting personal information of members of advisory boards, commissions and committees:
5. Notice for Zoning Map Amendments
Clarifying notice requirements for zoning classification changes
6. Relocation Assistance
Eliminating the mandate to provide relocation assistance pertaining to substandard structures

On October 10, 2024, the TML membership agreed to include such resolutions as part of TML's Legislative Program.

- 1. PZ Final Report re Ad Hoc Parking Subcommittee Rec October 2024

Planning & Zoning Commission Final Report

To: Mayor and City Council
From: Planning & Zoning Commission
Date: October 2024
Re: Recommendations regarding Parking Standards

The Planning and Zoning Commission reviewed the actions and research of the Ad Hoc Parking Subcommittee that was formed by City Council and discussed their final recommendation.

Recommendation

It is the opinion of the Commission that the current parking regulations in conjunction with the exceptions, deviations, and options for alternate parking considerations (detailed below) are sufficient and no changes are necessary at this time. The Commission recommends that emphasis be placed on public parking opportunities in the Downtown District that might allow for parking reductions in the future such as shared and overflow public parking lots and/or parking garages at city facilities.

The Commission agreed with the Parking Subcommittee for staff to increase transparency of existing alternative parking solutions such as shared parking agreements and the opportunity to present parking analyses for consideration by the City Engineer. This information will continue to be conveyed to developers and property owners during DRC meetings.

Current Parking Regulations

Minimum Number of Spaces: The Parking Group Table details the parking ratios based on use and is in the Design Criteria Manual, Appendix C. The number of parking spaces is based on use and were derived utilizing national parking standards. Parking regulations have intentionally been included in the DCM because it is adopted by resolution and does not require a variance from the Zoning Board of Adjustment for alternate considerations. Staff may approve a 5% deviation from the recommended parking requirements unless an alternative plan is approved by the Planning and Zoning Commission.

Design Modification Form: Developers may also submit a Design Modification Form for the City Engineer to consider alternate parking plans with justification by an engineer. Historically, the City of

Houston's shared parking calculator has been accepted and proven to provide sufficient parking for mixed use developments.

Shared Parking in DD: The regulations for the Downtown District (DD) in the Zoning Ordinance encourage and require shared parking areas and allow on-street, head-in parking.

*Zoning Ordinance
Section 8.N.*

3. Parking. To promote pedestrian friendly environments, shared parking and shared parking access is encouraged. Parking spaces and parking lot geometrics shall comply with the requirements of the current Design Criteria Manual.

- a. Off-site parking shall be allowed if within one block of the development. For purposes of this subsection, one block shall constitute no less than 300 linear feet and no more than 1,200 linear feet.*
- b. Shared parking areas shall be allowed.*
- c. Shared access agreements shall be required between adjacent developments.*
- d. On-street, head-in parking may be allowed in the Downtown District (DD) with the approval of the Planning and Zoning Commission, upon recommendation of the city engineer, in areas at least 75 feet from FM 518 and/or FM 2351. No on-street parking shall be allowed on FM 518 or on FM 2351 within the DD.*
- e. Development plans shall indicate how freight and goods will be delivered.*
- f. Development plans shall show the design and layout for all parking. Documentation shall be provided to verify authority for all shared or off-site parking.*
- g. All such required documentation shall be presented before a development plan is approved.*

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 10/22/2024

Prepared by: Leticia Brysch, Assistant City Manager/City Secretary

Subject: Consider an ordinance amending the City's General Budget for Fiscal Year 2024-2025 by approving "Budget Amendment II" and providing for supplemental appropriation and/or transfer of certain funds.

Originating Department: Finance

Degree of importance: Significant

SUMMARY / ORIGINATING CAUSE

By its nature, our budget is an estimate of the revenues and expenditures needed to accomplish the City Council and Staff goals for the year.

Throughout the year, events occur that require adjustments to the budget. These adjustments may be needed for various reasons, such as the recognition of extraordinary revenues or expenditures, new projects that are authorized by the Council or providing funding for expenditures resulting from extraordinary events like natural disasters. As the need arises, items for budget appropriations are accumulated and then submitted for approval at the City Council meeting each month. The budget adjustments covered by this ordinance comprise the second set for fiscal year 2024-2025.

We have attempted to provide as much explanation of the adjustments as possible through two sets of exhibits. Exhibit A provides a narrative explanation of each budget amendment. Exhibit B provides the details of each accounting transaction.

IMMINENT CONSEQUENCES / BENEFIT TO COMMUNITY

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, AMENDING ORDINANCE NO. 2024-25, PASSED AND APPROVED AUGUST 26, 2024, THE SAME BEING AN ORDINANCE APPROVING AND ADOPTING THE CITY'S GENERAL BUDGET FOR FISCAL YEAR 2024-25, BY APPROVING "BUDGET AMENDMENT II" THERETO; PROVIDING FOR SUPPLEMENTAL APPROPRIATION AND/OR TRANSFER OF CERTAIN FUNDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR OTHER MATTERS RELATED TO THE SUBJECT; AND PROVIDING FOR THE EFFECTIVE DATE.

WHEREAS, by Ordinance No. 2024-25, the City Council of the City of Friendswood, Texas, adopted its "Original General Budget for Fiscal Year 2024-25"; and

WHEREAS, the City Council has determined that revenues and/or reserves are available for supplemental appropriation, and/or that the transfer of certain funds interdepartmentally is economically feasible and in the best interest of prudent budgeting and for municipal purposes; and

WHEREAS, Section 8.04 of the City Charter provides for amendments after adoption of the budget; and

WHEREAS, the City Council desires to amend said Original General Budget to reflect such supplemental appropriation and/or transfer in the fiscal year 2024-25; NOW THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, STATE OF TEXAS:

Section 1. The facts and matters set forth in the preamble of this ordinance are hereby found to be true and correct.

Section 2. The "Original General Budget of the City of Friendswood, Texas, for the Fiscal Year 2024-25" is hereby amended for municipal purposes as shown on "Budget Amendment II" to the "Original Budget of the City of Friendswood, Texas, for the Fiscal Year 2024-25" attached hereto. Said Budget Amendment II shall be attached to and made a part of such Original General Budget by the City Secretary and shall be filed as required by state law. A true and correct copy of said amendment is attached hereto as Exhibits "A" and "B" and is incorporated herein for all intents and purposes.

Section 3. In the event any clause, phrase, provision, sentence, or part of this ordinance or the application of the same to any person or circumstance shall for any reason be adjudged invalid or held unconstitutional by a court of competent jurisdiction, it shall not affect, impair, or invalidate this ordinance as a whole or any part or provision hereof other than the part declared to be invalid or unconstitutional; and the City Council of the City of Friendswood, Texas, declares that it would have passed each and every part of the same notwithstanding the

omission of any such part thus declared to be invalid or unconstitutional, whether there be one or more parts.

Section 4. This ordinance shall take effect immediately from and after its passage by the City Council of the City of Friendswood, Texas.

INTRODUCED, READ AND PASSED on first and final reading by the affirmative vote of the City Council of the City of Friendswood on this the 4th day of November, 2024.

MIKE FOREMAN, Mayor

ATTEST:

LETICIA BRYSCH, City Secretary

APPROVED AS TO FORM:

KAREN L. HORNER, City Attorney

**City of Friendswood
Budget Amendment Summary
Fiscal Year FY2024-2025
Budget Amendment II
November 4, 2024**

1. **Police Department – RAD Program, \$600.** Appropriate funds donated to the Police Department Rape Aggression Defense (R.A.D.) Program. Donations were received from the citizens participating in the R.A.D. classes. Funds will be appropriated to the Police Department Patrol division's operating supplies account for R.A.D. program expenses.
2. **Parks & Recreation – Creek Community Swim Association, \$2,502.** Appropriate donation received from the Creek Community Swim Association (FAST Swim Team). The donation proceeds will go towards the purchase of two picnic tables at the pool. Funds will be appropriated to the Stevenson Park Pool division's operating equipment account.
3. **2017 CDBG-DR (Harris County) Grant Reimbursement, \$166,799.** Reimburse unassigned general fund balance for grant funds received from the 2017 CDBG-DR (Harris County) Grant Program for construction costs related to the Forest Bend Detention Pond project. The City received a reimbursement of \$166,799 for retainage related construction services. Advanced funding was previously approved by Council. Therefore, funds will be appropriated back to unassigned general fund balance.
4. **Friendswood Downtown Economic Development Corp – Electrical Box Artwork, \$36,000.** Appropriate funds for Artist Services Agreement to paint artwork on electrical boxes. Twelve electrical boxes have been identified by the Friendswood Downtown Economic Development Corporation within the City and designated for artwork. The funding source will be unassigned FDEDC fund balance.
5. **Library – Texas State Library & Archives Commission, \$3,488.** Appropriate federal reimbursement funds from Texas State Library & Archives Commission received in FY2024. The Friendswood Public Library will use these funds for technology improvements. The funding source will be unassigned general fund balance.
6. **City of Houston Southeast Transmission Water Line Project, \$4,224,609.** Appropriate funds for the cost-sharing agreement with the City of Houston and co-participants for the 42-inch Water Main Replacement Project Cash Call #6. The FY2025 budget includes \$1,524,609 in the water and sewer fund. Therefore, the remaining amount of \$2,700,000 will be appropriated from the 2021 Water and Sewer Bond proceeds.

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 07/02/2024

Prepared by: Karen Horner, City Attorney

Subject: Consider on first reading an ordinance amending Appendix D "Schedule of Fees, Rates, Charges, Deposits, Bond and Insurance Amounts" of the Friendswood City Code to update certain fees.

Originating Department: Finance

Degree of importance:

SUMMARY / ORIGINATING CAUSE

This proposed ordinance amends Appendix D "Schedule of Fees, Rates, Chares, Deposits, Bond and Insurance" of the Friendswood City Code:

- (a) to add fees for obtaining body-worn camera recordings consistent with Section 70.13 of Title 1 of the Texas Administrative Code;
- (b) to amend the Fee Schedule to update certain fees within the following categories:
 - (1) parks and recreation facility fees and deposits,
 - (2) automated water meter fees, and
 - (3) water utility rates consistent with the 2024 utility rate study presented to the City Council on June 3, 2024; and
- (c) to remove the manual water meter fees.

A document showing the changes to the fees is attached to this item.

If this proposed ordinance is approved on first reading, the City Council will consider it again on second reading at its regularly scheduled meeting to be held on December 2, 2024.

IMMINENT CONSEQUENCES / BENEFIT TO COMMUNITY

RECOMMENDATIONS

Staff recommends approval.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, AMENDING THE FEE SCHEDULE CONTAINED IN APPENDIX D "SCHEDULE OF FEES, RATES, CHARGES, DEPOSITS, BOND AND INSURANCE AMOUNTS" OF THE FRIENDSWOOD CITY CODE (I) TO ADD FEES FOR OBTAINING BODY-WORN CAMERA RECORDINGS CONSISTENT WITH STATE LAW; (II) TO UPDATE CERTAIN PARKS AND RECREATION FACILITY FEES AND DEPOSITS, AUTOMATED WATER METER FEES, AND WATER UTILITY RATES CONSISTENT WITH THE 2024 UTILITY RATE STUDY; AND (III) TO REMOVE MANUAL WATER METER FEES; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES INCONSISTENT OR IN CONFLICT HERewith; PROVIDING FOR SEVERABILITY, PUBLICATION AND THE EFFECTIVE DATE.

WHEREAS, in order to recover a portion of the cost of providing the services specified herein and in keeping pace with standards adopted by neighboring municipalities, the City Council deems it necessary to revise the fee schedule contained in Appendix D "Schedule of Fees, Rates, Charges, Deposits, Bond and Insurance Amounts" of the Friendswood City Code (the "Fee Schedule") consistent with this ordinance; and

WHEREAS, the City Council desires to amend the Fee Schedule

- (a) to add fees for obtaining body-worn camera recordings consistent with Section 70.13 of Title 1 of the Texas Administrative Code;
- (b) to amend the Fee Schedule to update certain fees within the following categories:
 - (1) parks and recreation facility fees and deposits,
 - (2) automated water meter fees, and
 - (3) water utility rates consistent with the 2024 utility rate study presented to the City Council on June 3, 2024; and
- (c) to remove the manual water meter fees; and

WHEREAS, the City Council finds that the fees referenced herein are reasonable, bear a substantial relationship to the costs of providing such goods and services, and meet all constitutional and statutory requirements applicable to the same; NOW THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, STATE OF TEXAS:

Section 1. That the facts and matters set forth in the preamble of this ordinance are hereby found to be true and correct.

Section 2. That the schedule of fees contained in Appendix D "Schedule of Fees, Rates, Charges, Deposits, Bond and Insurance Amounts" of the Friendswood City Code is hereby amended to update "Parks and Recreation Facilities – Chapter 58" fees, which fees are amended to read as follows:

Appendix D

SCHEDULE OF FEES, RATES, CHARGES, DEPOSITS, BOND AND INSURANCE AMOUNTS

The schedule of fees for the city is printed herein and such fees are required in the section of the Code of Ordinances referenced. These fees should be checked against ordinances and resolutions on file in city hall; any conflict should be resolved in favor of the most recent applicable ordinance or resolution pertaining to a specific fee or charge.

	b.	Containers with casters	\$6.63/mo.	
	c.	Containers with locks or gates, per month	\$9.95/mo.	
	d.	Commercial recycling:		
	1.	Six cubic yards, per month.	\$92.87/mo.	
	2.	Eight cubic yards, per month	\$112.77/mo.	
(3)		Roll off rate schedule:		

Size	Rental per Day	Delivery Fee	Haul Rate
20 cubic yards*	\$5.37	\$59.07	\$296.42
30 cubic yards*	\$5.37	\$59.07	\$356.57
40 cubic yards*	\$5.37	\$59.09	\$424.23
25 cubic yards	\$5.37	\$59.07	\$328.64
35 cubic yards	\$5.37	\$59.07	\$392.01
40 cubic yards	\$5.37	\$59.07	\$424.23

*Open tops only

	(5)	Light commercial collection (1 x week), per month:		\$41.85
	6)	Light commercial collection (2 x week), per month:		\$62.78
	*Commercial rates do not include 8% franchise fee or sales tax.			
Streets, Sidewalks and Other Public Places—Chapter 70				
	(1)	Application fee for applicant seeking vacation of any right-of-way	\$300.00	70-25
	(2)	Excavation permit fee	\$2.00	70-145
Telecommunications—Chapter 78				
	(1)	Monthly charge (per access line)	\$0.94	78-23
	(2)	Monthly fee (per subscriber/customer)	\$0.94	78-23
Network Nodes:				
	(1)	Application Fees:		Ch. 284
	a.	Network Nodes (up to 5 nodes)	\$500.00	
	b.	Each additional network node	\$250.00	
	c.	Node support poles	\$1,000.00	
	(2)	Monthly Fees:		Ch. 284
	a.	Transport Facilities (per network node)	\$28.00	
	(3)	Annual Fees:		Ch. 284
	a.	Per network node	\$250.00	
	b.	Collocation of network nodes on City Service Poles	\$20.00	
Utilities—Chapter 86				
	(1)	Security deposits for water, sewer and/or garbage collection service:		86-1
	a.	Structures with one to five units, per unit (residential owner initiated)	\$100.00	
	b.	Structures with six or more units, first five units	\$400.00	
		Plus, for each unit in excess of five	\$50.00	
	c.	Builders, realtors or other temporary multi-property customers may post a blanket standing deposit of \$500.00 for up to ten		

		accounts. If more than ten accounts are activated, the city may require additional deposits.		
	d.	Hydrant meter use (as security for loan of hydrant meter), refundable if meter is returned in the same working conditions	\$1,200.00	
	e.	Structures with one to five units, per unit (tenant initiated)	\$200.00	
	f.	Structures with one to five units, per unit (commercial customer)	\$250.00	
	(2)	Returned check charge	\$35.00	86-2(1)
	(3)	Disconnection/reconnection of water and/or sewer services	\$50.00	86-2(2)
	a.	After-hours reconnection (customer requested reconnect)	\$75.00	
	(4)	Unauthorized connection or tampering fee (plus costs of repair, etc.)	\$100.00	86-2(4)
	(5)	City-wide impact fees:		74-52 74-52(d)

Meter Size	Water	Sewer	Total
1" Simple	\$3,721	\$1,675	\$5,396
1.5" Simple	\$8,558	\$3,852	\$12,410
2" Compound	\$10,790	\$4,857	\$15,647
3" Compound	\$33,861	\$15,242	\$49,103
4" Compound	\$84,466	\$38,022	\$122,488
6" Compound	\$135,444	\$60,970	\$196,414
8" Compound	\$270,516	\$121,772	\$392,288
10" Compound	\$439,822	\$197,985	\$637,807
12" Compound	\$541,405	\$243,712	\$785,117

	(6)	Water meter fees (cost per meter):				74-52 74-52(d)
		Meter Size	Manual	Automated		
		5/8"	n/a	\$287.50 \$382.50		
		1"	\$155.00	\$330.00 \$457.50		
		1.5"	\$400.00	\$555.56 \$928.75		
		2"	\$500.00	\$680.56 \$1075.00		
		3"	\$2,000.00	\$2,525.00 \$2,950.00

(157)	Sitework Permit—Single-Family Residential	\$250.00	86-412
Vehicles for Hire—Chapter 90			
(1)	Wrecker service towing fees		90-27
a.	The standard auto wrecker service charge for towing a vehicle to a vehicle storage facility or to the place of business of the auto wrecker, shall not exceed \$85.00; provided, however, if the destination of the tow exceeds 15 miles from the point where the wrecker picked up the tow, the operator shall be permitted to charge an additional fee not to exceed \$2.00 for each mile towed in excess of 15 miles. This charge shall apply whether the tow is performed during the day, at night, on a Saturday or Sunday, or on a holiday. If the police department requires the vehicle to be moved from the location to which it was originally towed to another location within the city, an additional fee, not to exceed \$30.00, may be charged for transferring the vehicle.		

	b.	The service charge for a heavy-duty wrecker performing police-authorized or nonconsent tows, where the services of a heavy-duty wrecker are required, shall not exceed \$125.00 per hour, with a one-hour minimum. The time shall begin at the time of dispatch and end when the vehicle is delivered to the vehicle storage facility or designated location.		
	c.	The service charge for removal and replacement of a tire and wheel assembly required to tow a vehicle shall not [exceed] \$20.00.		
	d.	The service charge for righting an overturned vehicle on level ground shall not exceed \$50.00.		
	e.	The service charge for placement of a vehicle on a dolly or dollies in order to tow the vehicle shall not exceed \$100.00.		
	f.	The service charge for towing a motorcycle shall not exceed \$100.00.		
	g.	The charge for up to two hours work on specialized recoveries of vehicles that are submerged, or in difficult terrain, or in other abnormal locations shall not exceed \$125.00; provided, however, if any such specialized recovery takes more than two hours, the charge shall not exceed \$65.00 per hour.		
	h.	The charge for or the storage, preservation, and any required notifications required of the permitted wrecker operator shall not exceed those charges established from time to time by the Texas Department of Transportation, pursuant to the Texas Vehicle Storage Facility Act, V.T.C.A., Transportation Code § 685.001 et seq.		
(2)		Wrecker permit fee, annually	\$15.00	90-59
Appendix A—Signs				
(1)		Street Banner—Nonrefundable application fee	\$25.00	15(i)
(2)		Street Banner permit fee	\$100.00	15(i)
Appendix B—Subdivisions				
(1)		Master plan	\$200.00	
(2)		Preliminary plat	\$1,000.00	
(3)		Final plat, amending plat, replat, short form final plat	\$500.00	
(4)		Extension of plat approval	\$100.00	
(5)		Vacation of plat	\$300.00	
(6)		Infrastructure plan review	\$500.00	
(7)		Commercial site plan	\$500.00	
(8)		Development permit	\$25.00	
(9)		Per-dwelling unit park dedication fee	\$600.00	
(10)		Tree mitigation fee (per caliper inch)	\$400.00	
(11)		Plat resubmittal fee	\$200.00	
Appendix C—Zoning				
(1)		Specific use permits	\$300.00	
(2)		Planned Unit Development	\$500.00	
(3)		Zone change request	\$300.00	
(4)		Tenant occupancy fee	\$75.00	
(5)		Zoning board of adjustment applications	\$100.00	
(6)		Permit for the conduct of outdoor sales	\$25.00	
(7)		Special events	\$50.00	

Credit Card Payment Processing Convenience Fees			
	Utility service and utility administrative fees paid by debit or credit card (online or in person)	2.5% of fees(s)	
	Municipal court fines and fees paid by debit or credit card (online or in person)	2.5% of fee(s)	
	City services fees (animal control related services, alarm permits, false alarm fines) paid by debit or credit card (online or in person)	2.5% of fee(s)	
	Parks and recreation services fees by debit or credit card (online or in person)	2.5% of fee(s)	
	Building permits related fees paid by debit or credit card (online or in person)	2.5% of fee(s)	

CITY OF FRIENDSWOOD

Fee Update Summary

Utilities

Utilities – Water and Wastewater

- **Utility Cost of Service and Rate Study**
 - Willdan Financial
 - June 3, 2024 City Council Meeting
- **Why is a utility rate increase necessary?**
 - Increased operating costs (including personnel)
 - Aging Infrastructure
 - New debt required to fund estimated CIP over the next 5 years of approximately \$105M

Utilities – Water Meter Fees

- Automated meter fees based on current market
- Eliminates the rates for manual meters
- Adds fee for antenna replacement
 - 6' cable - **\$34**
 - 8' cable - **\$41**

Meter Size	Current	Proposed
5/8"	\$287.50	\$382.50
1"	\$330.00	\$457.50
1.5"	\$555.56	\$928.75
2"	\$680.56	\$1,075.00
3"	\$2,525.00	\$2,950.00
4"	\$3,206.00	\$3,785.63
6"	\$5,325.00	\$6,202.54

Utilities – Current Bi-Monthly Charges – W&S

League City is currently doing a rate study.

Utilities – Water Utility Rates

Monthly Minimum Charge:

- Single Family Residential
- Commercial, Multi-Unit (Residential or Commercial)
- Irrigation/Sprinkler Meter

Increase of ≈7% each year

	\$27.96	\$29.90	\$32.00	\$33.30

- **Increase of 4-7% each year**

Utilities – Wastewater Utility Rates

- **Volumetric Rates**

**Single Family Residential, Commercial (Single),
Multi-Unit (Residential and Commercial)**

Based on WMA	January 1, 2023	January 1, 2025	January 1, 2026	January 1, 2027
Per 1,000 gallons	\$4.29	\$4.60	\$4.90	\$5.10

- **Increase of 4-7% each year**

Public Information

Public Information

- **Adds Body-worn camera recording:**
 - Recording responsive to a public information request - **\$10**
 - Additional charge per minute of audio or video footage responsive to a public information request, if identical information has not already been obtained by a member of the public in response to a request for information - **\$1.00/full minute**

Parks & Recreation Facilities

Parks & Recreation Facilities

- **Leavesley Park Jones Hangar**
 - One nonprofit rate
 - **\$35** per hour (\$25 resident nonprofit and \$60 nonresident nonprofit)
- **Stevenson Park Gazebo**
 - Nonresident rental fee will increase from \$75 to \$100
 - One nonprofit rate - **\$25** (\$0 resident nonprofit and \$50 nonresident nonprofit)
- **Stevenson Park Large or Small Pavilion**
 - One nonprofit rate
 - **\$25** per hour (\$0 resident nonprofit and \$75 nonresident nonprofit)

Parks & Recreation Facilities (Cont.)

- **Stevenson Park Green Space**
 - Adds a refundable deposit - **\$100**
 - Rental fee **\$25** (residents, nonresidents & nonprofits)
- **Stevenson Park Basketball Court (1/2 Court)**
 - Adds a nonprofit group rental fee - **\$15** per hour
- **Stevenson Park Sand Volleyball Court or Tennis Courts**
 - Resident rental fee will increase from \$10 to **\$20** per hour
 - Nonresident rental fee will increase from \$15 to **\$30** per hour
 - Adds a nonprofit group rental fee of **\$15** per hour

Parks & Recreation Facilities (Cont.)

- **Stevenson Park Pickleball Courts (New Section)**
 - Deposit (refundable) - **\$100**
 - Resident rental fee (per hour) - **\$15**
 - Nonresident rental fee (per hour) - **\$20**
 - Nonprofit group rental fee (per hour) - **\$10**
- **Stevenson Park Pool Exclusive Rental**
 - Adds nonprofit group rental fee (per hour) - **\$15**
- **Stevenson Park Pool Wooden Deck Only**
 - Adds nonprofit group rental fee (per hour) - **\$5**

Parks & Recreation Facilities (Cont.)

- **Old City Park**
 - One nonprofit rate
 - **\$25** per hour (\$0 resident nonprofit and \$75 nonresident nonprofit)
- **Activity Building**
 - Deposit (100% refundable) of **\$500**
 - Adding a Janitorial fee of **\$250**
 - Previously a refundable cleanup and security deposit of **\$200**
 - Decreasing the resident rental fee from \$100 to **\$60** per hour
 - Decreasing the nonresident rental fee from \$200 to **\$80** per hour

Parks & Recreation Facilities (Cont.)

- **Centennial Park Pavilion**

- There will only be one nonprofit rate
- **\$25** per hour (\$0 resident nonprofit and \$75 nonresident nonprofit)

- **Centennial Park Evelyn B. Newman Amphitheater**

- Cleanup and security deposit of \$500 becomes a 100% reimbursable deposit
- Adds a janitorial fee of **\$250**
- Decreasing the resident rental fee from \$250 to **\$50** per hour
- Decreasing the nonresident rental fee from \$350 to **\$70** per hour
- There will only be one nonprofit rate
- **\$25** per hour (\$25 resident nonprofit and \$250 nonresident nonprofit)

Parks & Recreation Facilities (Cont.)

- **Centennial Park Basketball Court (1/2 Court)**
 - Adding nonprofit group rental fee (per hour) - **\$15**
- **Facility Security – additional security fee for groups 75+ people**
 - From \$55 to **\$81** per hour
 - Based on the average overtime rate of a police officer

Appendix A – Water and Wastewater Rate Model – Proposed Rate Plan

Acknowledgements

During the course of this rate study, several City of Friendswood Mayor and Council and employees expended considerable time and effort in assisting the project team. These employees included Katina Hampton, Rhonda Boskas, Morad Kabiri, Jil Arias, Steve Vavrecka, and Andree Calhoun. The project team owes a debt of gratitude to the hard work, dedication, and professionalism of these and other staff members, without whom this project would not have been successfully completed.

The project team has relied upon the extensive data supplied by the City of Friendswood. Thus, the integrity of the study is largely dependent upon the accuracy of this financial and customer data. Every effort has been made by the project team to validate and confirm the information contained herein prior to the preparation of the final study documents. **This report presents no assurance or guarantee that the forecast contained herein will be consistent with actual results or performances.** These represent forecasts based on a series of assumptions about future behavior and are not guarantees. Any changes in assumptions or actual events may result in significant revisions to the forecast and its conclusions. The cash flow projections and debt service coverage calculations are not intended to present overall financial positions, results of operations, and/or cash flows for the periods indicated, which is in conformity with guidelines for presentation of a forecast established by the American Institute of Certified Public Accountants.

Executive Summary

Background

In October 2023, the City of Friendswood, Texas (the “City”) engaged **Willdan Financial Services** to conduct a water and wastewater rate study and long-term financial plan. The City was interested in developing an updated comprehensive water and wastewater rate plan for Test Year (“TY”) 2024 and beyond. The objective of this study is to develop a long-term rate plan that will enable the City to recover sufficient funds to meet operating expenses, capital outlays, debt service, and coverage requirements, while at the same time to the best extent possible minimizing the impact of any adjustments on ratepayers.

The City identified numerous objectives for this study, including but not limited to the following:

- A comprehensive analysis and evaluation of the water and wastewater systems’ current cost of service and revenue requirements.
- A forecast of operating expenses over the next decade, taking into consideration such factors as inflation, system growth, and increases in staffing levels.
- A thorough review of the water and wastewater systems’ known capital improvement needs, as well as a determination of the need for funding capital requirements through the issuance of long-term debt for the existing identified capital improvements.
- An estimate of current and forecast accounts, volumes, and billing units for the ten-year forecast period.
- A detailed analysis and comparison of the City’s current and proposed rates to rates in other surrounding communities.

Water and Wastewater Rate Comparison

Table ES-1 and Chart ES-1A compare the City’s monthly water and wastewater charges to surrounding cities in Texas. Volumes of 10,000 gallons for water and 5,000 gallons for wastewater were used for the residential comparison as it represents typical usage levels for an average household. The rate data is based on published rates and ordinances posted by each municipality on their website and the 2023 TML water and wastewater rate survey. These rates do not include sales tax, activation, or other charges beyond the basic minimum and volume charges.

CHART ES-1A

Water and Wastewater Customers and Meters – Test Year & Forecast

The majority of the water and wastewater accounts served by Friendswood are residential accounts, with the balance being commercial, sprinkler, and their respective outside groups as well. **Table ES-2** present total water and wastewater accounts for the City for the current period and forecast period.

Net Revenue Requirement

Table ES-3 presents the test year and ten-year forecast for the City's net revenue requirement to be raised from rates for the water and wastewater utility for the test year 2024 and forecast period. The water and wastewater net revenue requirement is expected to increase from **\$18,531,540** in TY 2024 to **\$29,318,036** in FY 2033.

Aside from debt payments, the largest single expense for the water utility is water purchases from the City of Houston (COH). The largest single expense for the wastewater utility is the wastewater conveyance and treatment by Gulf Coast Authority.

Table ES-4 presents the assumptions for the bond issues to help fund Friendswood's CIP projects. The table reveals that revenue bond issues totaling \$105,350,000 for the currently identified water and wastewater system capital improvements.

Table ES-4

CITY OF FRIENDSWOOD FORECAST Bond Issues			
	Total	Water	Wastewater
2024	20,500,000	5,500,000	15,000,000
2025	36,000,000	15,000,000	21,000,000
2026	19,000,000	8,000,000	11,000,000
2027	8,500,000	4,000,000	4,500,000
2028	11,000,000	9,500,000	1,500,000
2029	8,750,000	4,750,000	4,000,000
2030	1,600,000	-	1,600,000
Total	\$105,350,000	\$46,750,000	\$58,600,000

It should be noted that if the City materially revises its CIP, the rate plan may be subject to potentially significant revision.

Water and Wastewater Rate Design

The water and wastewater rates developed in this study are designed to recover the test year and forecast revenue requirement while providing funding for the current identified capital, transfers, and debt service. The following is notable regarding this rate proposal:

- While the rate model presents a forecast of rates for ten years, **the project team recommends that the City adopt a 3-year rate plan**, with rates to be automatically implemented annually on January 1, 2025 to January 1, 2027.
- Because of the potential for unexpected events, the project team recommends that the City not commit itself to a rate plan beyond three years. Further, the project team recommends that the City periodically review these rates during the next three years, to incorporate any changes to costs, volumes, or growth assumptions that may occur during that time.
- The most significant impact on rates will be debt issued to fund the CIP. The impact on rates will be debt issued to fund the CIP debt service that will be fully funded through rates.
- The second largest impact on rates will be the COH & Gulf Coast water and wastewater cost increases.

Significant changes to the debt service and COH & Gulf Coast forecast costs may require adjustments to the recommended rate plan.

Table ES-5 presents a summary of the water rate plan proposed for both inside and outside City Residential customers. **Table ES-6** presents a summary of the water rate plan proposed for non-residential customers and **Table ES-7** is the proposed rate plan for wastewater customers. **Table ES-8** presents the customer rate impact assuming the rate plan structure is adopted by City Council.

SECTION I

Introduction and Demographic Profile

Background

In October 2023, the City of Friendswood, Texas (the “City”) engaged **Willdan Financial Services** to conduct a water and wastewater rate study and long-term financial plan. The City was interested in developing an updated comprehensive water and wastewater rate plan for Test Year (“TY”) 2024 (Fiscal Year October 2023 – September 2024) and beyond. The objective of this study is to develop a long-term rate plan that will enable the City to recover sufficient funds to meet operating expenses, capital outlays, debt service, and coverage requirements, while at the same time to the best extent possible minimizing the impact of any adjustments on ratepayers.

The City identified numerous objectives for this study, including but not limited to the following:

- A comprehensive analysis and evaluation of the water and wastewater systems’ current cost of service and revenue requirements.
- A forecast of operating expenses over the next decade, taking into consideration such factors as inflation, system growth, and increases in staffing levels.
- A thorough review of the water and wastewater systems’ known capital improvement needs, as well as a determination of the need for funding capital requirements through the issuance of long-term debt for the existing identified capital improvements.
- An estimate of current and forecast accounts, volumes, and billing units for the ten-year forecast period.
- A detailed analysis and comparison of the City’s current and proposed rates to rates in other surrounding communities.

Report Organization

This report is organized into the following sections:

Section I – Introduction and Demographic Profile - outlines the background, objectives, and scope of this rate study and long-term financial plan. It also presents the City’s current rate structure and a community profile of the City of Friendswood. This includes a comparison of the City’s water and wastewater charges with other local cities.

Section II – Water and Wastewater Test Year and Forecast Volumes – analyzes the City’s customer base, total accounts, and current volumes of treated water and wastewater. This section presents totals for the current year and a forecast ten years into the future.

Section III – Water and Wastewater Test Year and Forecast Revenue Requirement – outlines the process of analyzing the City’s current water and wastewater utility cost structure. The total current or “test year”

revenue requirements are developed, and costs are functionalized between treatment, distribution/collection, administration, and customer billing. Using the test year as a basis, costs are forecast for a ten-year period.

Section IV – Water and Wastewater Rate Design – presents rate recommendations for the City of Friendswood City Council and Staff to consider which would enable it to meet its revenue requirements over the next decade. This section also presents an analysis of the impact of the proposed plan.

Appendix A – presents a hard copy printout of the interactive Microsoft Excel spreadsheet model summary developed for the City of Friendswood to calculate water and wastewater current and future revenue requirements. The model automatically generates all calculations based on a set of defined user inputs and *has an executive dashboard for users to develop real-time “what-if” scenarios.*

Community Overview

The City of Friendswood, Texas is located approximately 23 miles south of Houston Texas. The City is approximately 21.2¹ square miles and has an estimated population of 41,118². The City is located in Galveston and Harris Counties.

The City of Friendswood has a Council-Manager form of government in which the elected Mayor and City Council Members establish policy. Those policies are then implemented by the City Manager who is appointed by, and reports to, the City Council. The Friendswood City Council consists of six Council Members and a Mayor.

The City Manager operates in much the same way as a Chief Executive Officer of a corporation. The City Manager's Office is responsible for the day-to-day administration of Friendswood's City government, including managing the City's budget, the City's departments and operations, and programs for communicating with residents and employees.

Inside Monthly/Volume			Inside Residential* & Commercial Rates		
Minimum Charge by Meter Size	3/4"	\$	23.55	Monthly Minimum Charge	\$ 27.96
	1"		23.55	Volume Rate (per 1,000 Gallons)	4.29
	1 1/2"		92.09	*Winter Months Averaging Apply to Residential Volumes	
	2"		147.43		
	3"		265.20		
	4"		433.43	Outside Residential & Commercial Rates	
	6"		854.02		
	8"		1,358.72		
Residential (3kGal in Base)	3,001	10,000	\$	3.21	Note: Outside City Water & Wastewater Customer rate 1.5x Inside Customer Rates
	10,001	25,000		4.01	
	25,001	Above		6.02	
Commercial	1	Above	\$	4.90	
Sprinkler (3kGal in Base)	3,001	10,000	\$	4.00	
	10,001	25,000		4.25	
	25,001	Above		6.02	
Outside Monthly/Volume					
Minimum Charge by Meter Size	3/4"	\$	35.33		
	1"		35.33		
	1 1/2"		138.14		
	2"		221.15		
	3"		397.80		
	4"		650.15		
	6"		1,281.03		
	8"		2,038.08		
Residential (3kGal in Base)	3,001	10,000	\$	4.82	
	10,001	25,000		6.02	
	25,001	Above		9.03	
Commercial	1	Above	\$	7.35	
Sprinkler (3kGal in Base)	3,001	10,000	\$	6.00	
	10,001	25,000		6.38	
	25,001	25,000		9.03	

The table reveals that all water minimum charges are based on meter size and that all classes except both commercials have tiered volume rates. For current wastewater rates, inside residential and commercial rates are the same just as outside residential and commercials rates are as well. All wastewater base and volume rates are uniform.

Water and Wastewater Rate Comparison

Chart I-2 and Table I-3 compare the City's monthly water and wastewater charges to surrounding cities in Texas. Volumes of 10,000 gallons for water and 5,000 gallons for wastewater were used for the residential

comparison as it represents typical usage levels for an average household. The rate data is based on published rates and ordinances posted by each municipality on their website and the 2023 TML water and wastewater rate survey. These rates do not include sales tax, activation, or other charges beyond the basic minimum and volume charges.

The following points are also notable:

- Many cities do not assess rates that recover the full cost of service, choosing instead to subsidize their water and wastewater utilities with other revenues or to defer needed repairs and maintenance at the expense of system reliability and integrity.
- Some cities use tax bonds to fund water/wastewater system construction. This results in lower rates but higher ad valorem taxes.

SECTION II

Water & Wastewater Test Year and Forecast Volumes

In order to accurately forecast future revenues and expenses, it is necessary to examine current water and wastewater utility conditions. The first step in developing cost of service rates is to analyze patterns of usage, both for the system as a whole, and for specified customer classes.

For the City of Friendswood, monthly water and wastewater records were reviewed for the period October 2020 through December 2023. These records provided summary information on the monthly water volumes distributed system wide as well as the number of accounts for each period by

defined customer class and the associated revenues. Additionally, these records provided the number of accounts and revenues monthly for all classifications of wastewater customers.

According to standard utility ratemaking methodology, in order to allocate revenue requirements equitably among system users, customers must be classified into relatively homogeneous groups with similar usage characteristics or service demands. Costs are then allocated to the customer classes in proportion to the usage characteristics of each class. For the water system, costs are typically allocated to customers based on their average and peak water demands. For the wastewater system, costs are allocated to customers based on their estimated wastewater flows, and in some cases, based on wastewater strengths.

The project team finds these customer class distinctions to be reasonable and appropriate, meeting the criteria of homogenous groups with similar usage patterns.

In this section, the City's functional customer classes and test year usage patterns will be thoroughly analyzed. A ten-year projection of customers and usage will also be presented. These forecasts, along with the revenue requirements, will form the basis of the proposed rate designs.

Water and Wastewater Customers and Meters – Test Year & Ten-Year Forecast

The majority of the water accounts served by Friendswood are residential accounts, with the balance being commercial, sprinkler, and their respective outside groups as well. **Table II-1** and **Chart II-2** present total water accounts for the City for the current period and forecast period.

For each of the historical years, the average number of accounts for the year is shown and the growth reflects the difference from one fiscal year end to the next. Overall water accounts are forecast to increase from **14,412** in TY 2024 to **15,369** in FY 2033, an average annual increase of .64%.

CHART II-4

Historical and Forecast Water Consumption

Total water system consumption data was analyzed over the same time period as customer data. A combination of consumption over the past 12 months and historical trends was used as the basis for the development of the forecast water and wastewater usage within the rate model.

The project team prepared a ten-year forecast of water usage based on the same principles on which customer accounts were projected. The results of this forecast for water usage are presented in **Table II-5** and **Chart II-6**. By FY 2033 water usage is expected to reach **2,016,703,588** gallons.

CHART II-6

Peaking Factors

The cost of providing water to customers depends not only on the amount of water each class uses, but also on how that usage occurs over time. The maximum-day and maximum-hour peaking requirements of a water utility's customers are an important influence on the utility's costs. Because water utilities attempt to meet all of the demands of their customers, water systems are sized to meet customers' peak requirements. Therefore, during off-peak periods, there are usually significant costs associated with the unused capacity of the system. These costs must be allocated to customers in proportion to the contribution of each customer class to the system peak, in order to develop equitable cost-based rates. Thus, it is necessary to determine the peak rate of use relative to the average rate of use for each class. This ratio is called a **Peaking Factor**.

The calculation of peaking factors for individual classes relies on available pumping and consumption information as well as professional judgment. If customer meters could record daily flow rates for each customer, more refined information could be obtained on peaking factors. This is not feasible because of the enormous cost that would be imposed on the utility. Therefore, it is accepted practice in the water industry to develop peaking factor estimates based on standard formulas using system peak day information and monthly customer class usage records. This is a conservative methodology, since customer class peaking factors based on peak months will inevitably be lower than the system-wide peaking factor, which is based on the peak day.

Based on AWWA guidelines, the customer class peaking factors calculated in this study are for non-coincidental peaks. The peaking factors developed for this analysis are based on the annualized water

consumption by customer class for TY 2024. The calculations of the peaking factors by class are presented graphically in **Chart II-7**.

CHART II-7

SECTION III

Water & Wastewater Forecast Revenue Requirement

In this section of the water and wastewater rate study and long-term financial plan, the City of Friendswood test year and forecast water and wastewater utility revenue requirements are developed. The test year consists of the City's fiscal year, October 1, 2023, through September 30, 2024. The estimates presented in this section are based on the City's proposed budget for TY 2024.

The calculation of a revenue requirement differs from a utility's budget in that it represents only that amount that must be raised through the City's user rates. This means that non-rate revenue (such as reconnection fees, late payment charges and interest) must be subtracted from the budgeted operating and capital expenditures to determine the net revenue requirement to be raised from rates.

As is typical for publicly owned utilities, the City of Friendswood's system revenue requirements were developed using the cash basis of ratemaking. Under the cash basis, as defined by the AWWA Manual M-1, system revenue requirements consist of cash expenditures and other financial commitments (such as debt service coverage or reserves) that must be met through system operating revenues and other revenue sources.

All data used in the development of the revenue requirements was obtained from the financial statements, budgets, and other information provided by the City. Detailed calculations are presented in the rate model contained in **Appendix A** of this report. For rate design purposes, revenue requirements are developed separately for the water and wastewater systems.

The assumptions utilized in this expense forecast will be thoroughly detailed in this section of the report. These assumptions are critical to the development of both the revenue requirement and the ultimate rate recommendation. The project team reviewed these assumptions with the City staff and considers all to be consistent with staff recommendations.

In this section, current and forecast Operating Costs, Capital Outlays, Transfers, and Debt Service will be examined first. Non-rate revenues will be subtracted from the total to yield the Net Revenue Requirement.

Operating Expenses, Debt Service, Transfers and Capital Outlays – Test Year

Table III-1 on the following page summarizes the test year 2024 water system operating expenses, debt service, transfers and capital outlays in detail by expense category item. **Table III-2** presents the test year 2024 operating expenses and capital outlays in detail by expense category item for the wastewater system.

The following is noteworthy about these tables:

There are nine (9) divisions within the City's Water Fund, each with their own budget: Utility Customer Service, Water Utilities, Sewer Utilities, Water Operations, Sewer Operations, GF Finance Utility Billing, HR Insurance, W&S Engineering, PW Administration

Each division's budget includes one or more of the following expense categories:

- **Personnel**, which includes all personnel costs, such as salary and benefit expenses, and payroll taxes.
- **Operation/Maintenance**, which captures the primary operating expenses associated with the day-to-day management and maintenance of the water and wastewater operations.
- **Purchased Water**, used for distribution
- **Blackhawk WWTP**, conveyance and treatment of wastewater.
- **Supplies**, which includes postage, office equipment and supplies, IT costs, chemicals, etc.
- **Capital Improvements** funded through the water and wastewater utility budgets.
- **Services**, these expenses include such items as utility (electricity, gas, etc.) expense, fuels, vehicles, maintenance supplies, and contractual services.
- **Transfers**, includes transfers to the General Fund and other funds from the Water Fund.

Tables III-1 and **III-2** also allocate total budget expenses between the water and wastewater functions based on function and general ratemaking principles. As the tables show, total operating expenses, transfers, capital outlays, and debt service in the test year are **\$19,441,188** of which \$11,317,976 is for the water utility and \$8,123,212 is for the wastewater utility.

Cost of Service – Ten Year Forecast

Table III-3 presents the water and wastewater utility operating expense, transfers, debt service and capital outlay forecast for the ten-year period TY 2024 – FY 2033. Details behind these calculations can be found in the rate model contained in **Appendix A**. This forecast is based on the following set of assumptions:

- Most operating costs are expected to increase at approximately equivalent to the rate of inflation.

- Certain expenses will increase at above-inflation rates, to reflect the rapid rate of increase of these costs. These expenses include chemicals, workers compensation, and insurance.
- COH forecast is based on the most recent estimated increases provided by The City of Houston staff for water. It is expected for COH costs to increase at 4.5% annually.
- Gulf Cost is based on the most recent estimated increases provided by its staff for wastewater treatment.

TABLE III-3

Chart III-4 the total water and wastewater annual cost of service through FY 2033. This includes operating expenses, capital outlays, transfers, and debt service.

CHART III-4

As shown in the table, debt service, which is being used to fund the CIP, is the largest annual expense paid by Friendswood's water and wastewater utilities. The second largest cost is for purchased water and wastewater treatment.

Any changes in the debt, CIP, purchased water, and wastewater treatment estimates used in determining the City's water and wastewater revenue requirement for this rate study could require significant changes to the rate plan presented in this report.

Capital Improvement Plan

The City has developed a comprehensive long-term capital improvements plan for water and wastewater system that is intended to cover its needs over the next five years. The proposed rate plan also enables the City to fully fund all water and wastewater costs and CIP over next decade. The purpose of the CIP is to rehabilitate and maintain the existing system and expand the system and to service new growth. In addition, the project team consulted with City Staff to forecast CIP through the end of the rate plan period.

The capital improvement plan is an integral part of any long-term rate and financing plan. The City finances its capital improvements through a combination of cash reserves, grants, and revenue-funded long-term debt. Only the utility rate revenue-funded bonds impact the City's rate plan.

Table III-5 on the following pages summarizes the City's CIP. The CIP includes repairs and upgrades to pumps and lifting stations.

Chart III-6 reveals that the City's CIP over the next five years is estimated to be **\$51,490,657** for the water system and **\$63,071,417** for the wastewater system. The City intends to fund a majority of the CIP projects with debt.

Further, the City is forecast to issue bonds totaling **\$105,350,000** for the currently identified water and wastewater system over the next seven years.

TOTAL WASTEWATER PROJECTS	\$ 63,071,417

Chart III-6

Existing and Forecast Debt Service

As shown **Table III-7**, the City is assumed to issue approximately **\$46,750,000** in water-related debt and **\$58,600,000** in wastewater-related debt over the next seven years, for a total of **\$105,350,000**. The timing and amount of debt issues can vary based on many factors, but the totals listed in this study are sufficient for the purpose of setting a long-term rate plan.

These assumptions are preliminary in nature and subject to change. Should the City Council choose to issue more or less revenue debt than assumed in this study or should different financing terms be available at the time the debt is issued, then the rate plans contained in this study may require revision.

Table III-7A presents current and forecast debt service assuming that the City issues new water and/or wastewater revenue bonds annually from TY 2024 through FY 2033 to fund the CIP. The City currently has five bond issues outstanding in the Test Year that were issued to fund both water and wastewater system improvements. Debt service on these issues is currently being paid from Utility System Revenue. For TY 2024 forward, it is projected that bonds will be repaid entirely with Utility System Revenues. Future debt is assumed to have a 25-year term, 4.0% interest.

Table III-7

CITY OF FRIENDSWOOD FORECAST Bond Issues			
	Total	Water	Wastewater
2024	20,500,000	5,500,000	15,000,000

Non-Rate Revenues

Although sales revenues constitute the majority of the revenue received by the City of Friendswood for water and wastewater service, a certain amount of revenue is accrued from non-rate sources. These revenues include other administration fees, miscellaneous charges, and interest earned. These non-rate revenues are subtracted from the overall budget to determine the revenue requirement to be raised from rates. Non-rate revenues are expected to stay the same during the next ten years. Annual non-rate revenue totals are presented in **Table III-8**.

Table III-8

CITY OF FRIENDSWOOD			
FORECAST NON-RATE REVENUES			
	Water	Wastewater	Total W & WW
2024	\$ 675,936	\$ 233,712	\$ 909,648

Net Revenue Requirement

Table III-9 presents the test year and ten-year forecast for the City's net revenue requirement to be raised from rates for the water and wastewater utility for the TY 2024 and forecast period. The water and wastewater net revenue requirement is expected to increase from **\$18,531,540** in TY 2024 to **\$29,318,036** in FY 2033.

Water Utility Cost Functionalization

Once the total water and wastewater system costs have been identified, the next step in the rate development process is to isolate the costs associated with each system function. Some of these expenditures are a function of base water demand; others are based on the peak demands placed on the system. Certain costs are associated with serving customers regardless of the volume of water use or wastewater discharge. The basic steps used to allocate the City's water revenue requirements include the following:

1. Each system's costs (revenue requirements) are categorized by utility function (i.e., treatment, distribution, administrative, customer). This process is known as *functionalization*.
2. Functionalized costs are classified based on the service characteristics or the types of demand served by the utility (base and maximum day). This process is known as *classification*.
3. Costs by service characteristic are allocated to customer classes in proportion to the service demands demonstrated by each class.

This three-step process allows for the allocation of system costs in the same terms as customer classes. The approaches described in this section follow standard industry practices. Water system costs are allocated to the following functions:

Treatment – the process by which raw water is converted to potable water.

Distribution – the lines that carry water to individual customers' properties.

Administration – miscellaneous overhead and other non-operating costs.

Customer Billing – the processes involved in billing and providing other services to customers.

The project team allocated operating budget line-item expenses individually to system functions based on general guidelines, specific research, and input from the City of Friendswood staff. The results of the allocation process for the test year are summarized in **Table III-10**.

TABLE III-10

CITY OF FRIENDSWOOD			
TEST YEAR WATER COST FUNCTIONALIZATION			
2024			
Revenue			
Function	Requirement	Percent	
Treatment	\$ 2,526,353	23.7%	
Distribution	7,087,459	66.6%	
Administration	9,086	0.1%	
Customer	<u>1,019,141</u>	<u>9.6%</u>	
Total	10,642,040	100.0%	

Water Utility Cost Classification

The allocation of functionalized water system costs to service characteristics follows the base-extra capacity cost allocation method recommended by AWWA. Using this method, costs are segregated into the following categories:

Base costs – capital costs and O&M expenses associated with service to customers under average demand conditions. This category does not include any costs attributable to variations in water use resulting from peaks in demand. Base costs tend to vary directly with the total quantity of water used.

Maximum Day/Extra Capacity costs – costs attributable to facilities that are designed to meet peaking requirements. These costs include capital and operating charges for additional plant and system capacity beyond that required for average usage.

Customer Billing costs – costs associated with any aspect of customer service, including billing, accounting, and meter services. These costs are independent of the amount of water used and the size of the customer's meter and are not subject to peaking factors.

According to AWWA Manual M-1, in the base-extra capacity method, care must be taken in separating costs between those devoted to base capacity and those devoted to extra capacity. The peak to average factor is calculated by dividing the volume on the peak day of the year by the average daily volume. Facilities designed to meet maximum-day requirements, such as the treatment and distribution functions, are allocated 63% (1/1.60) to base, and 37% to extra capacity (Max Day). This means that facilities designed to meet maximum-day requirements, such as the treatment and distribution functions, are allocated 63% to base, and 37% to extra capacity.

All customer service-related costs are allocated 100% to customer billing. Administration costs are generally not directly assignable to individual classifications. Therefore, it is standard rate-making practice to allocate these costs on an indirect basis to service characteristics.

The system-wide costs by service characteristic are shown in **Table III-11**. As with cost functionalization, these percentages are not expected to change significantly in the forecast period.

TABLE III-11

CITY OF FRIENDSWOOD		
TEST YEAR WATER COST CLASSIFICATION		
2024		
Revenue		
Function	Requirement	Percent
Base	\$ 6,013,450	56.51%
Maximum Day	3,608,070	33.90%
Customer	1,020,520	9.59%
Total	10,642,040	100.0%

Water Utility Cost Allocation

Allocation of costs by service characteristic to customer classes is based on the proportionate use levels of each characteristic by each class. The total water utility costs by customer class for the test year are summarized in **Table III-12** and for the ten-year forecast period in **Table III-13**.

Wastewater Utility Cost Functionalization and Classification

Wastewater system costs are allocated to the following functions:

Treatment -- Volume – the costs associated with treating wastewater volume discharges.

Collection – the lines that transport wastewater from customers' properties to the wastewater treatment plant.

Administration – miscellaneous overhead and other non-operating costs.

Customer Billing – the processes involved in billing and other services to customers.

As was the case for the water system, wastewater utility operating budget line-item expenses are allocated individually to functions. The results of the allocation process are presented on **Table III-14**. As with the water utility, these percentages are not forecast to change significantly during the next ten years.

TABLE III-14

CITY OF FRIENDSWOOD		
YEAR WASTEWATER COST FUNCTIONALIZATION		
2024		
Function	Requirement	Percent
Treatment	\$ 2,953,816	37.4%
Collection	4,101,944	52.0%
Administration	443,003	5.6%
Customer	390,736	5.0%
Total	7,889,500	100.0%

Wastewater Utility Cost Allocation

Allocation of wastewater utility costs by service characteristic to customer classes is performed in the same manner as described for the water utility. The total wastewater utility costs by customer class for the test year are summarized in **Table III-15** and for the ten-year forecast period in **Table III-16**.

SECTION IV

Water and Wastewater Rate Design

Rate design involves determining charges for each class of customers that will generate a desired level of revenue in accordance with AWWA and other industry cost of service rate-making principles. The water and wastewater rates developed in this section are designed to recover the test year and forecast revenue requirements while providing funding for the identified capital improvements and existing debt service.

The following is notable regarding both proposed rate plans to be presented:

- While the rate model presents a forecast of rates for ten years, **the project team recommends that the City adopt a 3-year rate plan**, with rates to be automatically implemented annually on January 1, 2025, through January 1, 2027.
- Given the current data given by the City and potential for unexpected events, the project team recommends that the City not commit itself to a rate plan beyond three years. Further, the project team recommends that the City periodically review these rates during the next three years, to incorporate any changes to costs, volumes, or growth assumptions that may occur during that time.
- The most significant impact on rates will be debt issued to fund the CIP. If there are significant changes in the CIP funding requirements and/or debt terms, the City should undertake an immediate review of its rate plan.
- The second largest impact on rates will be the cost of treated water and wastewater treatment from COH and Gulf Coast. Should these entities make material changes to its rate forecasts, the City should undertake an immediate review of its rate plan.
- The rate plan also assumes that reserves, grants, and debt will be used to fund the current 5-year Capital Improvement Plan.

Proposed Rate Plan

The project team recommends the following with regards to the proposed rate plan:

- No change in the structure of the existing rate plan.
- Uniform adjustments are applied to the existing base and volumetric rates for each rate class.

The rate plan and forecast revenues and expenses under this scenario is presented in **Appendix A**.

Table IV-1 presents a summary of the rate plan proposed for both inside and outside City Residential customers.

Table IV-2 presents a summary of the rate plan proposed for non-residential customers.

Table IV-3 is the proposed rate plan for wastewater customers.

Table IV-4 presents the customer rate impact assuming the proposed rate structure is adopted by City Council.

The projected rate revenues developed are forecast to be sufficient to fund all operating and current scheduled capital obligations in the forecast period. Forecast rate revenues by year are presented in Appendix A.

40,000 Water	40,000 WW	\$ 542.99	\$ 581.65	\$ 620.80	\$ 657.90
	Increase -- \$		38.66	39.15	37.10
	Increase -- %		7.1%	6.7%	6.0%

Notes on Rate Recommendations

The forecast and recommendations presented in this study represent a combination of the best information available from the City of Friendswood and the project team's expertise. However, this forecast relies in part on assumptions about future events and events beyond the control of the project team (such as account growth rates within the City). The forecast and recommendations contained in this study may be subject to revision if any of the following events occurs:

- Actual growth in accounts and consumed volumes is less than (or significantly greater than) forecast.
- Capital improvement plan funding costs increase significantly due to the rising cost of materials or other factors.
- Unforeseen/unplanned increases in operating costs such as COH and Gulf Coast costs.
- An unforeseen event impacts the City, such as an extended recession, natural catastrophe, or terrorist attack.
- Significant and long-lasting changes in weather patterns.
- Increases or decreases in interest rates, coverage requirements, or reserve requirements for long-term debt.
- The City of Friendswood budget levels or priorities change significantly from those forecast in this study.

It should be noted that none of these events are foreseen by the project team or the City of Friendswood at this time.

If any of these events occur, the City may be compelled to consider further adjustments to its water and wastewater rates.

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 10/21/2024

Prepared by: Karen Horner, City Attorney

Subject: Consider a resolution designating the Civil Rights Officer and Labor Standards Officer as well as their respective alternates for Community Development Block Grant Projects and for American Rescue Plan Act Projects.

Originating Department: City Attorney

Degree of importance:

SUMMARY / ORIGINATING CAUSE

This proposed resolution designates the Civil Rights Officer and Labor standards Officer as well as their respective alternates for Community Development Block Grant Projects and for American Rescue Plan Act Projects. This proposed ordinance repeals Resolution No. R2022-29 and makes the changes noted below:

INFRASTRUCTURE AND ACQUISITION PROJECTS				
	Current Primary	New Primary	Current Alternate	New Alternate

1. Resolution - Appointment of Civil Rights Officer & Labor Standards Officer

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, NAMING A CIVIL RIGHTS OFFICER AND A LABOR STANDARDS OFFICER AS WELL AS THEIR ALTERNATES FOR COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAMS AND AMERICAN RESCUE PLAN ACT PROGRAMS; REPEALING ALL RESOLUTIONS OR PARTS OF RESOLUTIONS INCONSISTENT OR IN CONFLICT HERewith; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) and the U.S. Department of the Treasury administer a variety of grant programs, including the Community Development Block Grant Programs and the American Rescue Plan Act Program (collectively the "Programs"); and

WHEREAS, the Programs require the designation of a primary and alternate Civil Rights Officer as well as a primary and alternate Labor Standards Officer; and

WHEREAS, the City Council desires to make the required appointments and ratify those of the Mayor; NOW THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, STATE OF TEXAS:

Section 1. That the facts and matters set forth in the recitals of this resolution are hereby found to be true and correct.

Section 2. That in accordance with the Programs, the City Council hereby appoints the persons in the following positions to the positions noted:

	Primary	Alternate
Civil Rights Officer	Chief Building Official	Director of Community Development
Labor Standards Officer	Director of Finance	Director of Engineering

The City Council hereby grants the Mayor the authority to name specific individuals to the above-referenced offices in the future so long as such appointments are consistent with this resolution.

Section 3. All resolutions or parts of resolutions inconsistent or in conflict herewith are, to the extent of such inconsistency, hereby repealed.

Section 4: This resolution shall take effect immediately from and after its passage by the City Council of the City of Friendswood.

INTRODUCED, READ AND PASSED by the affirmative vote of the City Council of the City of Friendswood on this the 4th day of November, 2024.

MIKE FOREMAN, Mayor

ATTEST:

LETICIA BRYSCH, City Secretary

APPROVED AS TO FORM:

KAREN L. HORNER, City Attorney

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 10/22/2024

Prepared by: Leticia Brysch, Assistant City Manager/City Secretary

Subject: Consider authorizing a Professional Services Agreement with Kimley-Horn and Associates, Inc., for the Lift Station No. 2 Rehabilitation Project.

Originating Department: Engineering

Degree of importance:

SUMMARY / ORIGINATING CAUSE

Lift Station #2, located at 1308 Deepwood, is a vital part of the City's wastewater infrastructure, managing average monthly flows exceeding 50 million gallons. Lift stations are essential for transporting wastewater from lower to higher elevations, ensuring effective sewage management.

This lift station operates in a harsh environment where exposure to moisture, chemicals, and high levels of corrosion significantly affect the durability of its components. Currently, the underground discharge piping is in poor condition, having undergone previous welded repairs that are no longer sufficient. Due to the age and deterioration of the existing pipes, a comprehensive rehabilitation and reconfiguration of the discharge piping is necessary.

City staff is considering options for an above-ground discharge to enhance accessibility and ease of maintenance, though specific design details are still under development. Additionally, the project will address aging and corroded electrical components and controls, ensuring reliable operation in this challenging environment. Kimley-Horn's proposal includes immediate repairs essential for maintaining functionality. City staff acknowledges that further rehabilitation may be necessary in the future to extend the service life and preserve the integrity of the lift station, but this is not part of the current contract with Kimley-Horn.

This initiative seeks authorization for a \$405,000 Professional Services Agreement with Kimley-Horn and Associates, Inc., to undertake the Lift Station #2 Rehabilitation Project. The engineering costs for this project will be financed through water and sewer bonds.

IMMINENT CONSEQUENCES / BENEFIT TO COMMUNITY

RECOMMENDATIONS

Staff recommends approval.

PROFESSIONAL SERVICES AGREEMENT

THE STATE OF TEXAS §
 §
COUNTY OF GALVESTON §

This Professional Services Agreement (this "Agreement") is entered into by and between the City of Friendswood, Texas (hereinafter called the "City"), a home-rule municipal corporation located in Harris and Galveston Counties, Texas, and Kimley-Horn and Associates, Inc. (hereinafter called the "Professional"). The City and the Professional are hereinafter referred to as "Parties" or individually as a "Party."

1. Engagement of Professional.

The City hereby engages the Professional to perform the "Scope of Services" hereinafter set forth. The City's Director of Engineering or his designee shall act as the City's Representative pursuant to this Agreement. Stephen Kelly, P.E., shall act as Professional's project manager pursuant to this Agreement.

2. Scope of Services.

The Professional shall perform a flow monitoring analysis and preliminary engineering design services in connection with the City's Lift Station No. 2 Rehabilitation Project (the "Project") as more particularly described in Exhibit "A," which is attached hereto and incorporated herein for all intents and purposes.

3. Time of Performance.

The Professional shall perform the services required herein in accordance with schedule attached hereto as Exhibit "C" and incorporated herein for all intents and purposes. Professional shall not proceed with the work or any stage thereof until written notice to proceed is provided by the City's Representative. The Professional shall immediately submit to the City in writing evidence of any delay. If satisfactory to the City's Representative, the City may grant in writing an extension of time equal to the period of actual delay.

4. Information and Services to be Furnished to Professional.

It is agreed that the City shall furnish, without charge, for the purpose of the Agreement, nonconfidential information, data, reports, records, and maps as are existing and available to the City for the carrying out of the work of the Professional as outlined under "Scope of Services." The Professional shall have the right to rely on the technical accuracy of such information, data, reports, or maps. Nothing contained herein shall be construed to require the City to provide such records in any certain format. The format in which the existing data and documentation will be provided shall be at the sole discretion of the City.

5. Compensation and Method of Payment.

a Compensation.

It is agreed that total fees for the Scope of Services, including reimbursable expenses, described in Exhibit "A" shall be comprised of lump sum payments the total of which is FOUR HUNDRED FIVE THOUSAND AND NO/100 DOLLARS (\$405,000.00) and as more particularly detailed in Exhibit "B," which is attached hereto and incorporated herein for all intents and purposes.

b. Payment.

- (1) The Professional shall invoice the City monthly for its services and charges incurred. The Professional shall invoice based upon total services actually completed during the applicable month. Invoices shall be tendered no more often than once a month. The Professional shall not invoice the City for services or expenses that were incurred more than sixty (60) days before the date of the invoice. Failure to timely invoice the City for services or expenses shall result in the Professional's invoice being denied and the City being relieved from any liability for payment of the late invoice.
- (2) The City agrees to pay the Professional within thirty (30) days of its receipt of the invoice, including all necessary backup information, or the receipt of services, whichever is later; provided, however, in the event of a disputed or contested invoice, the City may withhold from payment that portion so disputed or contested, and the undisputed portion will be paid. All invoices must identify with specificity the work or services performed and the date(s) of such work or services.

6. Records.

The Professional shall keep accurate records, including, but not limited to, time sheets, travel vouchers and payroll records, of all time and expenses allocated to performance of the services performed hereunder. Such records shall be kept in the office of the Professional for a period of not less than five (5) years and shall be made available to the City, at no cost, for inspection and copying within the City's corporate limits within ten (10) days of the City's request.

7. Ownership of Documents.

- a All documents, including original drawings, estimates, specifications, field notes and data are the property of the City and shall be tendered to the City prior to final payment hereunder. The Professional may retain reproducible copies of drawings and other documents for its use.
- b All documents, including drawings prepared by the Professional are instruments of service with respect to the Project. They are not intended or represented to be suitable for reuse by the City or others on extensions of the Project or on any other project. Any reuse without written verification or adaption by the Professional for the specific purpose intended shall be at the City's sole risk and without liability or legal exposure to the Professional.

8. Insurance.

The Professional shall procure and maintain at its sole cost and expense for the duration of the Agreement, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the scope of work by the Professional, its agents, representatives, volunteers, employees or subconsultants.

- a The Professional's insurance coverage shall be primary insurance with respect to the City, its officials, employees, and agents. Any insurance or self-insurance maintained by the City, its officials, employees, or agents shall be considered in excess of the Professional's insurance and shall not contribute to it. Further, the Professional shall include all subconsultants, agents and assigns as additional insureds under its policy or shall furnish separate certificates and endorsements for each such person or entity. All coverages for subconsultants and assigns shall be subject to all of the requirements stated herein.

- (1) Commercial General Liability
 - General Aggregate: \$2,000,000
 - Products & Completed Operations Aggregate: \$2,000,000
 - Personal & Advertising Injury: \$1,000,000
 - Per Occurrence: \$1,000,000
 - Fire Damage \$500,000
 - Waiver of Subrogation required.
 - Coverage shall be broad form
 - No coverage shall be deleted from standard policy without notification of individual exclusions being attached for review and acceptance.
 - (2) Business Automobile Policy
 - Combined Single Limits: \$1,000,000
 - Coverage for "Any Auto"
 - Waiver of Subrogation required.
 - (3) Errors and Omissions
 - Limit: \$1,000,000 per claim and in the aggregate
 - For all architects, engineers, and/or design companies
 - Coverage will be in force for one (1) year after completion of the Project
 - Waiver of Subrogation required.
 - (4) Workers' Compensation
 - Statutory Limits
 - Employer's Liability \$500,000
 - Waiver of Subrogation required.
- b. The following shall be applicable to all policies of insurance required herein:
- Insurance carrier for all liability policies must have an A.M. Best Rating of A:VII or better.
 - Only insurance carriers licensed and admitted to do business in the State of Texas will be accepted.
 - Liability policies must be on occurrence form. Errors and Omissions can be on claims-made form.
 - Each insurance policy shall be endorsed to state that coverage shall not be suspended, voided, canceled, or materially changed except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City.
 - The City, its officers, agents, and employees are to be added as Additional Insureds to all liability policies, with the exception of the Errors and Omissions and Workers' Compensation policies required herein.
 - All insurance required herein shall be secured and maintained in a company or companies satisfactory to the City, and shall be carried in the name of the Professional.
 - The Professional shall provide copies of insurance certificates to the City prior to the City's execution of this Agreement and shall ensure that throughout the term of this Agreement, all certificates on file with the City are up-to-date and not expired. Failure to provide certificates constitutes a breach of this Agreement.

9. Standards of Performance.

- a. The Professional agrees the services it provides as an experienced and qualified architect/engineer will reflect the professional standards, procedures, and performances ordinarily used by members of Professional's profession practicing under the same or similar circumstances, time, and locality.
- b. The Project shall be designed and furnished in accordance with the most current codes and/or standards adopted by City, state, or federal government or in general custom and usage by the profession. The codes and standards used in the profession set forth minimum requirements.
- c. The Professional further agrees that any analysis, reports, preparation of drawings, the designation or selection of materials and equipment, the selection and supervision of personnel and the performance of other services under this Agreement will be pursuant to the standard of performance common in the profession.
- d. The Professional shall be responsible for the technical accuracy of its services and documents resulting therefrom, and the City shall not be responsible for discovering deficiencies therein. The Professional shall promptly correct any defective analysis at no cost to City. The City's approval, acceptance, use of or payment for all or any part of the Professional's services hereunder or of the Project itself shall in no way alter the Professional's obligations or the City's rights under this Agreement.
- e. The Professional shall submit all final construction and support documents in both hard copy and electronic format. Plans shall be AutoCAD compatible, and all other documents shall be Microsoft Office compatible. The software versions used shall be compatible to current City standards. As applicable, the Professional shall provide the City with record "as-built" drawings relating to the Project, in an electronic format that is acceptable to the City. The City shall be in receipt of record drawings, if applicable, prior to final payment.

10. INDEMNIFICATION AND RELEASE.

a. INDEMNIFICATION.

THE PROFESSIONAL AGREES TO AND SHALL INDEMNIFY, HOLD HARMLESS, AND DEFEND THE CITY, ITS OFFICERS, AGENTS, AND EMPLOYEES (COLLECTIVELY HEREINAFTER REFERRED TO AS THE "CITY") FROM AND AGAINST ANY AND ALL CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, SUITS AND LIABILITY OF EVERY KIND, INCLUDING ALL EXPENSES OF LITIGATION, COURT COSTS, AND ATTORNEY'S FEES, FOR INJURY TO OR DEATH OF ANY PERSON, FOR DAMAGE TO ANY PROPERTY OR FOR ANY BREACH OF AGREEMENT TO THE EXTENT ARISING OUT OF OR IN CONNECTION WITH AN ACT OF NEGLIGENCE, INTENTIONAL TORT, INTELLECTUAL PROPERTY INFRINGEMENT, OR FAILURE TO PAY A SUBCONTRACTOR OR SUPPLIER COMMITTED BY THE

PROFESSIONAL AND/OR ITS OFFICERS, AGENTS, EMPLOYEES OR OTHER PERSON OR ENTITY OVER WHICH THE PROFESSIONAL EXERCISES CONTROL (COLLECTIVELY PROFESSIONAL'S PARTIES). IT IS THE EXPRESSED INTENTION OF THE PARTIES HERETO, BOTH THE PROFESSIONAL AND THE CITY, THAT THE INDEMNITY PROVIDED FOR IN THIS PARAGRAPH IS INDEMNITY BY PROFESSIONAL TO INDEMNIFY AND PROTECT THE CITY FROM THE CONSEQUENCES OF PROFESSIONAL'S PARTIES' OWN WILLFUL MISCONDUCT, JOINT OR SOLE NEGLIGENCE AS WELL AS THE PROFESSIONAL'S PARTIES' INTENTIONAL TORTS, INTELLECTUAL PROPERTY INFRINGEMENTS, AND FAILURES TO MAKE PAYMENTS ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT. SUCH INDEMNITY SHALL NOT APPLY, HOWEVER, TO LIABILITY ARISING FROM THE PERSONAL INJURY, DEATH, OR PROPERTY DAMAGE OF PERSONS THAT IS CAUSED BY OR RESULTS FROM THE NEGLIGENCE OF ANY PERSON OTHER THAN THE PROFESSIONAL'S PARTIES. IN THE EVENT THAT ANY ACTION OR PROCEEDING IS BROUGHT AGAINST THE CITY FROM WHICH THE CITY IS INDEMNIFIED, PROFESSIONAL FURTHER AGREES AND COVENANTS TO DEFEND THE ACTION OR PROCEEDING BY LEGAL COUNSEL ACCEPTABLE TO THE CITY. THE INDEMNITY PROVIDED HEREINABOVE SHALL SURVIVE THE TERMINATION AND/OR EXPIRATION OF THIS AGREEMENT.

b. Release.

By this Agreement, the City does not consent to litigation or suit, and the City hereby expressly revokes any consent to litigation that it may have granted by the terms of this Agreement or any other contract or agreement, any charter, or applicable state law, except as otherwise provided in Subchapter I of Chapter 271 of the Texas Local Government Code to the extent applicable. Nothing herein shall be construed so as to limit or waive the City's sovereign immunity. Professional assumes full responsibility for its services performed hereunder and hereby releases, relinquishes and discharges the City, its officers, agents, and employees from all claims, demands, and causes of action of every kind and character, including the cost of defense thereof, for any injury to or death of any person (whether they be either of the Parties hereto, their employees, or other third parties) and any loss of or damage to property (whether the property be that of either of the Parties hereto, their employees, or other third parties) that is caused by or alleged to be caused by, arising out of, or in connection with Professional's services to be performed hereunder, provided that nothing in this Release provision shall expand or otherwise alter Professional's indemnification obligation set forth above. This release shall apply with respect to Professional's

services regardless of whether said claims, demands, and causes of action are covered in whole or in part by insurance.

c. Subconsultants.

The Professional shall require all of its approved subconsultants to include in its subcontracts a release and indemnity in favor of the City in the same form as above.

11. Notices.

Unless otherwise provided in this Agreement, any notice provided for or permitted to be given must be in writing and delivered in person or by depositing same in the United States mail, postpaid and registered or certified, and addressed to the Party to be notified, with return receipt requested, or by delivering the same to an officer of such Party. Notice deposited in the mail as described above shall be conclusively deemed to be effective, unless otherwise stated in this Agreement, from and after the expiration of three (3) days after it is so deposited.

For the purpose of notice, the addresses of the Parties shall be as follows unless properly changed as provided for herein below:

CITY:

City of Friendswood
910 S. Friendswood Drive
Friendswood, Texas 77546
Attn: Morad Kabiri
Title: City Manager

PROFESSIONAL:

Kimley-Horn and Associates, Inc.
11700 Katy Freeway, Suite 800
Houston, Texas 77079
Attn: Stephen Kelly, P.E.
Title: Project Manager | Associate

Each Party shall have the right from time to time at any time to change its respective address and each shall have the right to specify a new address, provided that at least fifteen (15) days' written notice is given of such new address to the other Party.

12. Captions.

Each paragraph of this Agreement has been supplied with a caption to serve only as a guide to the contents. The caption does not control the meaning of any paragraph or in any way determine its interpretation or application.

13. Successors and Assignments.

The City and the Professional each binds themselves and their successors, executors, administrators, and assigns to the other Party of this Agreement and to the successors, executors, administrators and assigns of such other Party, in respect to all covenants of this Agreement. However, neither the City nor the Professional shall assign, sublet, or transfer its interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer of any public body which may be a Party hereto.

14. Termination of Agreement.

The City, besides all other rights or remedies it may have, shall have the right to terminate this Agreement without cause upon ten (10) days' written notice from the City Manager to the Professional of the City's election to do so. Furthermore, the City may terminate this Agreement with written notice to Professional if the Professional breaches this Agreement, but only after providing Professional seven (7) days' written notice of the breach during which the Professional shall have the opportunity to cure. If the breach is not cured within such timeframe, the City may terminate this Agreement. A breach of this Agreement shall include, but not be limited to, the following:

- failing to pay insurance premiums, liens, claims or other charges;
- failing to pay any payments due the City, state, or federal government from the Professional or its principals, including, but not limited to, any taxes, fees, assessments, liens, or any payments identified in this Agreement;
- the institution of voluntary or involuntary bankruptcy proceeding against the Professional;
- the dissolution of the Professional;
- refusing or failing to prosecute the Project or any separable part, with the diligence that will ensure its completion within the time period specified in this Agreement;
- failing to complete the Project within the time period specified in this Agreement; and/or
- the violation of any provision of this Agreement.

Upon delivery of any notice of termination required herein, the Professional shall discontinue all services in connection with the performance of the Agreement. Within ten (10) days after receipt of the notice of termination, The Professional shall submit a final statement showing in detail the services satisfactorily performed and accepted and all other appropriate documentation required herein for payment of services. At the same time that the final statement is tendered to the City, the Professional shall also tender to the City's Representative all of the Professional's instruments of service, including all drawings, special provisions, field survey notes, reports, estimates, and any and all other documents or work product generated by the Professional under this Agreement, whether complete or not, in an acceptable form and format together with all unused materials supplied by the City. No final payment will be made until all such instruments of service and materials supplied are so tendered.

Notwithstanding the above, the Professional shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of the Agreement by the Professional and the City may withhold any payment to the Professional for the purpose of setoff until such time as the exact amount of damages due the City from the Professional is determined. The rights and remedies of the City in this section are in addition to any other rights and remedies provided by law or under this Agreement.

15. Changes.

The City may, from time to time, request changes in the scope of the services to be performed by the Professional under this Agreement. Such changes, including any increase or decrease in the amount of the Professional's compensation, which are mutually agreed upon by and between the City and Professional shall be incorporated in written amendments to this Agreement. The City shall not be liable for any additional services performed hereunder unless an amendment to this Agreement for such services is executed prior to the performance thereof.

16. Personnel.

- a. The Professional represents that it has, or shall secure at its own expense, all personnel required in performing the services under this Agreement. Such personnel shall not be employees of or have any contractual relationship with the City.
- b. All of the services required hereunder shall be performed by the Professional or under its supervision and all personnel engaged in the work shall be fully qualified and, if applicable, shall be authorized or permitted under State and local law to perform such services.
- c. None of the work or services covered by this Agreement shall be subcontracted without the prior written approval of the City. Any work or services subcontracted hereunder shall

be specified by written contract or agreement and shall be subject to each provision of this Agreement.

17. Reports and Information.

The Professional shall, at such times and in such forms as the City may require, furnish the City such periodic reports as it may request pertaining to the work or services undertaken pursuant to this Agreement, the costs and obligations incurred or to be incurred in connection therewith, and any other matters covered by this Agreement.

18. Independent Contractor.

The Professional is an independent contractor and the City neither reserves nor possesses any right to control the details of the services performed by the Professional under the terms of this Agreement.

19. Civil Rights.

The Professional shall comply with applicable requirements of Chapter 106 Civil Practice and Remedies Code of the State of Texas, which prohibits discrimination on the grounds of race, religion, color, sex, or national origin, while performing work on behalf of the City. The Professional shall carry out its work under this Agreement in a manner that shall ensure full compliance by the City with such statute and all applicable state and federal laws.

20. Interest of Professional and Employees.

The Professional covenants that it presently has no interest and shall not acquire any interest, direct or indirect, in the study area or any parcels therein or any other interests which would conflict in any manner or degree with the performance of its services hereunder. The Professional further covenants that in the performance of this Agreement, no person who has any such interest shall be employed by the Professional.

21. Incorporation of Provisions Required by Law.

Each provision and clause required by law to be inserted into the Agreement shall be deemed to be enacted herein, and the Agreement shall be read and enforced as though each were included herein. If through mistake or otherwise any such provision is not inserted or is not correctly inserted, the Agreement shall be amended to make such insertion upon application by either Party.

22. Governing Law.

This Agreement has been made under and shall be governed by the laws of the State of Texas.

23. Venue.

Any action brought by either Party based on any claim arising under or as a result of this Agreement shall be brought in a court of competent jurisdiction in Galveston County, Texas.

24. Time is of the Essence.

Professional shall perform the services herein as expeditiously as is prudent considering the ordinary professional skill and care of a competent engineer. It is anticipated that all work will be completed within the time as stated in the schedule from the date of execution and that any delay in the completion of the work described herein shall constitute a breach of this Agreement.

25. No Third-Party Beneficiary.

This Agreement shall not bestow any rights upon any third party, but rather, shall bind and benefit Professional and the City only.

26. No Right to Arbitration.
Notwithstanding anything to the contrary contained in this Agreement, the City and the Professional hereby agree that no claim or dispute between the City and the Professional arising out of or relating to this Agreement shall be decided by any arbitration proceeding, including, without limitation, any proceeding under the Federal Arbitration Act (9 U.S.C. Sections 1-14), or any applicable state arbitration statute, including, but not limited to, the Texas General Arbitration Act, provided that in the event that the City is subjected to an arbitration proceeding notwithstanding this provision, the Professional consents to be joined in the arbitration proceeding if the Professional's presence is required or requested by the City of complete relief to be recorded in the arbitration proceeding.
27. Waiver.
No waiver by either Party to this Agreement of any term or condition of this Agreement shall be deemed or construed to be a waiver of any other term or condition or subsequent waiver of the same term or condition.
28. Complete Agreement.
This Agreement represents the entire and integrated agreement between the City and Professional in regard to the subject matter hereof and supersedes all prior negotiations, representations, or agreements, whether written or oral, on the subject matter hereof.
29. Severability.
All Parties agree that should any provision of this Agreement be determined to be invalid or unenforceable, such determination shall not affect any other term of this Agreement, which shall continue in full force and effect.
30. Ambiguities.
In the event of any ambiguity in any of the terms of this Agreement, it shall not be construed for or against any Party hereto on the basis that such Party did or did not author the same.
31. Authority.
The officers executing this Agreement on behalf of the Parties hereby represent that such officers have full authority to execute this Agreement and to bind the Party he/she represents.

[Signatures Follow on the Next Page.]

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement in multiple copies, each of which shall be deemed to be an original, but all of which shall constitute but one and the same Agreement, on the ____ day of _____, 2024, the date of execution by the City Manager of the City of Friendswood.

EXHIBIT "A"

Scope of Work

A. PROJECT INFORMATION

The City desires the Professional to provide professional engineering services associated the Project, including the reconfiguration of the discharge piping, the replacement of the electrical equipment to reduce the criticality of failure of the lift station, and minor structural rehabilitation to the current wet well such as cleaning, coating, grouting and shaping of the floor, and minor structural repair work for damages identified after cleaning are included in this scope. The Scope of Services shall include preliminary design, final design, bidding, and construction phase services.

B. SCOPE OF SERVICES

Basic Services: The Professional shall provide or cause to be provided the following scope of services after the City's issuance of a notice to proceed:

Task 1 – Topographic Survey

The Professional will utilize a subconsultant to perform the following services:

1. Topographic survey will be performed on an approx. 25'x25' gride where available including all visible grade breaks and changes in elevation. Topographic survey will show all improvements, elevations, and observable utilities within the proposed development area and portion of Deepwood Drive.
2. Vertical topographic information will be based on the nearest existing published benchmark, and a minimum of two (2) temporary benchmarks will be established on-site at the time of survey. Additional future TBM's will be set if necessary, at additional cost.
3. Utility information shown on the survey is based on visible above ground improvements and evidence found on-site at the time of survey, coupled with markings from Digtess, and available record drawings from the City of Friendswood and other local jurisdictions and agencies.
4. Property boundaries and existing easements within the development area will be included in the survey by way of a limited title report.
5. Surveyor is liable to show only that information which is marked and available at the time of survey. Surveyor is not responsible for other utility lines or plans that may exist or discovered during future investigation or uncovered during ongoing construction phases. It is the Contractor's responsibility to contact Digtess or other utility location service, for future underground utilities, prior to construction.

Task 2 – Geotechnical Investigation

The Professional will utilize a subconsultant to perform the following services:

1. Field exploration of one (1) boring approximately twenty-five (25) feet deep.
2. Preparation of field samples and boring log.
3. Laboratory test required for classification purposes.
4. Engineering services and report to include the following:
 - a. Soil and groundwater conditions encountered at the boring location.
 - b. Lift station recommendations
 - c. Utility related recommendations
 - d. Earthwork recommendations, including material and compaction requirements.

- e. Construction considerations related to soil and groundwater conditions at the boring.

Task 3 – Preliminary Design

Upon the City's issuance of a notice to proceed with the preliminary design phase, the Professional shall perform the following preliminary design services:

1. Record Information. The Professional will review record information, as-builts, GIS shapefiles, and Project data provided by the City.
2. Lift Station Preliminary Design. The Professional will perform the following preliminary lift station design:
 - a. Confirm the current wet well has sufficient volume for peak flow per Texas Commission on Environmental Quality (TCEQ) Ch. 217 design criteria.
 - b. Perform design calculations for sizing the lift station discharge piping. It is assumed the lift station pumping rate is not changing.
 - c. Develop total dynamic head (TDH) calculations based on discharge piping reconfigurations to determine if the existing pumps will remain within their preferred operating range.
3. Lift Station Site Layout. The Professional will produce up to two (2) site plan layouts depicting the proposed electrical improvements, discharge piping reconfiguration, and structural improvements for review by the City. The Professional will digitally submit a PDF copy of the site plan options to the City.
4. "No Rise" Certification Study. Because the lift station is located within regulatory floodway and improvements to grading will likely be made as part of this Project, a "No Rise" Certification study is required. The Professional will perform the following as part of this study:
 - a. Request the HEC-RAS hydraulic model from the City. This task assumes a baseline model based on cross sections of Cowards Creek and Clear Creek for the Deepwood Flood Control Project can be provided for use and update.
 - b. Update the model with proposed structures and grading based on the lift station improvements to determine if a "no-rise" condition exists and the proposed improvements do not impact the 100-year base flood elevation.
 - c. Document the results and findings.
 - d. Submit a "No-Rise" certification to the City for approval.
 - e. The "No-Rise" study will be submitted as an appendix in the Preliminary Engineering Report.
5. Preliminary Engineering Report. This task consists of the effort to prepare the Preliminary Engineering Report (PER) document per TCEQ requirements:
 - a. The Professional will prepare a draft PER with the following outline:
 - i. Executive Summary
 - ii. Documentation of Lift Station Flow Assumptions
 - iii. Lift Station Hydraulic Calculations
 - iv. Analysis of the two (2) site plans options
 - v. Lift Station Equipment Selected
 - vi. FEMA Floodplain Elevation

- vii. Emergency Power Provisions
 - viii. Opinion of Probable Construction Cost (OPCC)
 - ix. Exhibit 1: Site Plan Option 1
 - x. Exhibit 2: Site Plan Option 2
 - b. The Professional will utilize an electrical engineering subconsultant to analyze the existing electrical equipment and make recommendations to replace the equipment. The subconsultant will prepare up to two (2) options for electrical upgrades to be included with the site plan options.
 - c. The Professional will utilize a structural engineering subconsultant to analyze the existing structural components of the lift station and make recommendations to deficient components or proposed components per the site plan options. The structural engineering subconsultant will provide a layout and specify a lifting crane to be installed at the lift station to remove/replace the four smaller pumps.
 - d. Information provided by the electrical and structural engineering subconsultants will be documented as appendices in the PER.
 - e. The Professional will submit a draft PER (pdf version) to the City for review and attend one (1) review meeting to discuss the comments.
 - f. The Professional will address comments then prepare a final signed/sealed PER (pdf version) to the City.
6. Meetings and Deliverables. The Professional's meetings and deliverables for this task shall include, at a minimum, the following:
- a. Review meeting to discuss site plan options.
 - b. Delivery of a draft PER (PDF version) for review.
 - c. Meeting to discuss the draft PER comments.
 - d. Delivery of a signed/sealed PER (PDF version). The delivery of a signed/sealed PER will be considered the 30% design milestone for the Project.

Task 4 – Final Design

The Professional shall perform the following final design services:

- 1. Construction Documents. Upon delivery by the Professional and acceptance by the City of a final PER, the Professional will develop construction plans and specifications for the Project. It is anticipated one (1) plan set will be produced containing approximately thirty (30) 22"x34" pages and include the following sheets:
 - a. Cover Page
 - b. General Construction Notes
 - c. Erosion Control Plan
 - d. Erosion Control Details
 - e. Lift Station Demolition, Construction Access, and Construction Phasing
 - f. Lift Station Bypass Pumping Plan
 - g. Lift Station Dimension Control
 - h. Lift Station Grading Plan
 - i. Lift Station Site Plan
 - j. Lift Station Plan/Section Details and Wet Well Improvements
 - k. Lift Station Construction Details
 - l. Electrical Abbreviations, Legends, and General Notes

- m. Electrical Site Plan
- n. Electrical One-Line Diagrams
- o. Electrical Building Plan
- p. Electrical Schedules
- q. Electrical Controls Diagrams
- r. Generator Details
- s. Plumbing Abbreviations, Legends, and Symbols
- t. Structural General Notes, Special Inspections, and Abbreviations
- u. Structural Plan and Section Details
- v. Structural Foundation Details
- w. Crane Details
- x. Typical Structural Construction Details

2. Technical Specifications. The Professional will develop technical specifications for the Project. Standard specifications will be utilized from the City's website. If a specification is needed for the Project that is unavailable on the City's website, then the Professional will provide supplemental specifications as necessary for the Project.

3. Approval of Appropriate Authorities. In addition to technical specifications for the Project, the Professional shall provide written descriptions and design data as needed for the Professional on behalf of the City to file applications for permits from or to obtain approvals of governmental authorities having jurisdiction to review or approve the final design of the Project and assist the City in consultations, if any, with appropriate authorities.

4. OPCC. The Professional will update the OPCC provided in the PER. Updated OPCC's will be provided with the 90% and 100% Project Milestones.

5. Meetings and Deliverables. The Professional anticipates the following meetings and deliverables for this task:
 - a. 90% Design Project Milestone: Deliverables for this milestone will include 90% design level plans, technical specifications, draft bid form, and OPCC.
 - b. 90% Design Review Meeting: The Professional will meet with the City to discuss 90% design comments. The Professional will prepare a comment response matrix to track and document comments.
 - c. 100% Design Project Milestone: Deliverables for this milestone will include bid-ready and signed/sealed plans, technical specifications, comment response matrix, final bid form, and OPCC. The Professional will coordinate with the City to develop the upfront contract documents language prior to advertising the Project.

6. Approvals. The Professional will provide technical criteria, written descriptions, and design data as needed for the Professional on behalf of the City to file applications for permits from or to obtain approvals of governmental authorities having jurisdiction to review or approve the final design of the Project and assist City in consultations, if any, with appropriate authorities, including, but not limited to, the following:
 - a. City of Friendswood and
 - b. TCEQ

Task 5 – Bid Phase Services

After the acceptance of the Final Design Phase deliverables by the City, the Professional will perform the following as part of this task:

1. Assist the City with advertising the bid documents.
2. Answer questions and issue Addenda as appropriate to clarify, correct, or change the Bid Documents.
3. Consult with the City as to the acceptability of subcontractors, suppliers, and other individuals and entities proposed by the Contractor for those portions of the Project as to which such acceptability is required by the Bid Documents.
4. Conduct a pre-bid conference and prepare a summary of meeting minutes for the Project and distribute to all prospective bidders.
5. Attend the bid opening, prepare bid tabulations, assemble contract documents, assist the City in both evaluating Bids or proposals, recommend award to the City, and assist in awarding contracts for the Project.
6. Prepare, compile, and issue conformance plans "Issued for Construction".

Task 6 – Construction Phase Services

Upon the successful completion of the Bidding Phase Services and upon written authorization from the City, the Professional will provide the construction phase services specifically listed below.

1. General Administration of Construction Contract. The Professional shall consult with the City and the Resident Project Representative that the City engages for this Project (the "RPR") as provided in the General Conditions. The extent and limitations of the duties, responsibilities and authority of the Professional as assigned in said General Conditions shall not be modified, except as the Professional may otherwise agree in writing. All of the City's instructions to Contractor will be issued through the Professional, who shall have authority to act on behalf of the City in dealings with Contractor to the extent provided in this Agreement and said General Conditions except as otherwise provided in writing.
2. Pre-Construction Conference. The Professional will attend a Pre-Construction Conference before the start of construction.
3. Baselines and Benchmarks. As appropriate, establish control and temporary benchmarks for locating the work which in the Professional's judgment are necessary to enable Contractor to proceed.
4. Site Visits and Construction Observation. The Professional will make visits to the site at intervals appropriate to the various stages of construction to observe, as an experienced and qualified design professional, the progress and quality of the work and Project. Such visits and observations are not intended (i) to be exhaustive, (ii) to extend to every aspect of Contractor's work (iii) to involve detailed inspections

of Contractor's work in progress, or (iv) to involve inspections beyond the responsibilities specifically assigned to the Professional in this Agreement and Contract Documents, but are rather limited to spot checking, selective sampling, and similar methods of general observation of the Project. Based on the site visits, the Professional, as an experienced and qualified design professional, will evaluate whether Contractor's work is generally proceeding in accordance with the Contract Document and keep the City informed of the general progress of the work. Nothing contained herein shall place the responsibility on the Professional to supervise, direct, or control Contractor's work; to stop the work; to control the means, methods, techniques, equipment choice and use, schedules, or procedures of construction selected by Contractor; to dictate safety programs incident to Contractor's work; or to be accountable for the failure of Contractor to comply with laws.

5. Construction Meetings. The Professional will attend up to two (2) construction meetings on site.
6. Recommendations with Respect to Defective Work. The Professional will recommend to the City that Contractor's work be disapproved and rejected while it is in progress if the Professional believes that such work will not produce a completed Project that substantially conforms to the Contract Documents or that it will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents.
7. Clarifications and Interpretations. The Professional will coordinate with the City or RPR and respond to Contractor requests for information made in accordance with the Contract Documents and issue necessary clarifications and interpretations. Such clarifications and interpretations will be consistent with the intent of and reasonably inferable from the Contract Documents. Any orders authorizing variations from the Contract Documents will be made only by the City.
8. Change Orders. The Professional shall coordinate with RPR, recommend Change Orders to the City, and review and make recommendations related to Change Orders submitted or proposed by the Contractor. The Professional shall prepare such change orders, as may be required by the City.
9. Shop Drawings and Samples. The Professional will review and approve or take appropriate action in respect to Shop Drawings and Samples and other data which Contractor is required to submit, but only for conformance with the Contract Documents and compatibility with the design concept of the completed Project. Such review and approvals or other actions will not extend to means, methods, techniques, equipment choice and usage, schedules, or procedures of construction or to related safety programs. Any action in response to a shop drawing will not constitute a change in the Contract Documents, which can be changed only through the Change Orders.
10. Substitutes and "or-equal/equivalent." The Professional will evaluate and determine the acceptability of substitute or "or-equal/equivalent" materials and equipment proposed by Contractor in accordance with the Contract Documents.

11. Disputes between City and Contractor. The Professional will, if requested by the City and/or the RPR, render written decision on all claims of the City and Contractor relating to the acceptability of Contractor's work or the interpretation of the requirements of the Contract Documents. In rendering decisions, the Professional shall be fair and not show partiality to the City or Contractor.
12. Applications for Payment. Based on its observations and on review of applications for payment and supporting documentation, the Professional will recommend amounts that Contractor be paid. Recommendations will be made in writing and will constitute the Professional's representation to the City, based on the Professional's knowledge, information and belief, Contractor's work has progressed to the point indicated, the quality of such work is substantially in accordance with the Contract Documents (subject to an evaluation of the work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Contract Documents and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is the Professional's responsibility to observe Contractor's work. In the case of unit price work, the Professional's recommendations of payment will include final determinations of quantities and classifications of Contractor's work (subject to any subsequent adjustments allowed by the Contract Documents). The Professional's recommendations will not be a representation that its observations to check Contractor's work have been exhaustive, extended to every aspect of Contractor's work, or involved detailed inspections.
13. Substantial Completion. When requested by Contractor and the City, the Professional, in the company of the City, RPR, and the Contractor, will conduct inspections of the Project to determine if the Project is substantially complete. The Professional will coordinate with the City and the RPR to develop a punch-list. The Project will be considered substantially complete when the Professional determines, to best of the its knowledge, information and belief and upon the exercise of the its due diligence, determines that that the Contractor has satisfactory completed of all items, with the exception of those identified on a final punch list, and that that the City can occupy or utilize the Project for the use for which it is intended, as expressed in the Contract Documents. Upon such determinations, the Professional shall issue a certificate of substantial completion.
14. Final Notice of Acceptability of the Project. The Professional conduct inspections of the Project to determine if the completed Project of Contractor is substantially in accordance with the Contract Documents and the final punch list so that the Professional may recommend final payment to Contractor. Accompanying the recommendation for final payment, the Professional shall also provide a certificate of final completion, which indicates that to the best of the Professional's knowledge, information and belief and upon the exercise of the Professional's due diligence, the Project is complete, acceptable, and is in compliance with the Contract Documents.

Additional Services:

The City shall not be responsible or liable for any additional services performed by the Professional unless such additional services have been approved in writing prior to the performance of the same. The Professional will perform additional services at a price agreed upon by the Parties in writing prior to the performance of such services. Additional services, which require the advance written approval of the City may include the following:

Record Drawings. The Professional will prepare a record drawing showing significant changes reported by the contractor or made to the design by the Professional. Record drawings are not guaranteed to be as-build but will be based on information made available.

Exhibit "B"
Compensation

Basic Services

Basic Services required under this Agreement, including all expenses associated therewith, shall be performed for a lump sum fee of FOUR HUNDRED FIVE THOUSAND AND NO/100 DOLLARS (\$405,000) based upon the following:

Basic Services		
Task	Description	Lump Sum Fee
1	Topographic Survey	\$6,000.00
2	Geotechnical Investigation	\$9,000.00
3	Preliminary Design	\$95,000.00
4	Final Design	\$224,000.00
5	Bidding	\$19,000.00
6	Construction Phase Services	\$59,000.00
Total Lump Sum Fee		\$405,000.00

Additional Services

The City shall not be responsible or liable for any additional services performed by the Professional unless such additional services have been approved in writing prior to the performance of the same. The Professional will perform additional services at a price agreed upon by the Parties in writing prior to the performance of such services.

Exhibit "C" Schedule

The Professional shall perform the Basic Services specified in Exhibit "A" in accordance with the following schedule:

Basic Services		
Task	Description	Completion
1	Topographic Survey	21 Calendar Days from the Notice to Proceed
2	Geotechnical Investigation	21 Calendar Days from the Notice to Proceed
3	Preliminary Design	
	Submit Draft PER to City for Review	45 Calendar Days after the City's Acceptance of Tasks 1 and 2
	Submit Final PER to City	14 Calendar Days from Receipt of City Comments
4	Final Design	
	90% Design Milestone Submittal	60 Calendar Days after the City's Acceptance of Task 3
	100% Milestone Submittal	21 Calendar Days from the Notice to Proceed
5	Bidding Phase Services	Beginning of Construction Phase
6	Construction Phase Services	Final Payment to Contractor constructing the Project

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 09/10/2024

Prepared by: Karen Horner, City Attorney

Subject: Consider ratifying the City Manager's signature and authorizing an agreement with Westbrook Contractors, LLC, for the emergency repair of the sinkhole located at 4443 and 4439 Ravine Drive and the associated storm sewer infrastructure.

Originating Department: Engineering

Degree of importance:

SUMMARY / ORIGINATING CAUSE

This item ratifies the City Manager's signature and authorizes an agreement with Westbrook Contractors, LLC for the emergency repair of the sinkhole located at 4443 and 4439 Ravine Drive and the associated storm sewer infrastructure (the "Agreement"). Following Hurricane Beryl, the City identified a utility failure within the Forest Bend subdivision, where a sinkhole developed near a storm sewer outfall in a drainage easement between lots on Ravine Drive. The sinkhole, estimated at 15 feet wide and 20 feet deep, had swallowed a dividing fence and showed signs of infrastructure failure. The City assessed the situation and began coordinating with contractors to address the issue. The repair will involve excavating the sinkhole, removing debris, and replacing damaged storm sewer components, including a manhole and sections of culvert. Due to the deteriorating conditions and proximity to the creek, the City deemed emergency repairs necessary to prevent further infrastructure damage.

The total lump-sum cost of the Agreement is \$117,000. The emergency repair will be funded by unassigned general fund balance.

IMMINENT CONSEQUENCES / BENEFIT TO COMMUNITY

RECOMMENDATIONS

Staff recommends approval.

CONTRACT BETWEEN CITY AND CONTRACTOR FOR THE RAVINE DRIVE EMERGENCY SINKHOLE REPAIR PROJECT

STATE OF TEXAS §
 §
COUNTY OF GALVESTON §

THIS CONTRACT is entered into by and between the City of Friendswood (the "City"), having a business address of 910 S Friendswood Dr., Friendswood, TX 77546, and Westbrook Contractors LLC (the "Contractor"), a Texas limited liability company having a business address of 4216 Tawakon Dr., Pearland, TX 77584, for the Ravine Drive Emergency Sinkhole Repair Project (the "Project"), which includes the repair of the sinkhole located at 4443 and 4439 Ravine Drive, Friendswood, Galveston County, Texas (the "Site") as well as the associated storm sewer infrastructure as more particularly described herein.

1. **SCOPE OF WORK.** The Project entails the Contractor (i) removing the RCP and manhole at sinkhole, (ii) installing new manhole and RCP with positive drainage on top of stabilized sand material, (iii) backfilling pipe and manhole with compacted stabilized sand, (iv) filling the remaining area of sinkhole with select fill, and (v) replacing all grass in damaged areas and any damage at street. The Project includes, but is not limited to, the following work at the total cost indicated:

Description of Work	Total Contract Price
Scope of Work: ➤ Bring in equipment and trench safety devices. ➤ Dig existing grade down to establish safe working condition and increase visibility to hole. ➤ Remove all debris from hole and begin excavation and removal of existing manhole and RCP. ➤ Lay stabilized sand and compact for new precast manhole. ➤ Install base and first section. ➤ Lay and compact stabilized sand for RCP. ➤ Set RCP in place and connect to remaining sections. ➤ Begin backfilling pipe and manhole with stabilized sand in 6" lifts while using select fill outside that. ➤ Add next section manhole and backfill in lifts until back at existing grade. ➤ Remove all remaining debris and equipment. ➤ Replace all disturbed areas with new sod and repair any damage at street/ curb from operations. Inclusions: ➤ Removal and disposal of existing manhole at sinkhole. ➤ Removal and disposal of RCP after manhole at sinkhole up one section past fence line. ➤ Removal of all trash/debris currently on Site in sinkhole. ➤ Install new precast concrete manhole on top of 1.5' stabilized sand base with 6" stabilized sand on all sides. ➤ Install new 30" RCP to connect to existing RCP near edge of bank. All RCP set on 1.5' of compacted stabilized sand, 1' on each side and 1.5' on top. ➤ Sinkhole backfilled with select fill dirt to existing grade. ➤ Replace grass in all areas disturbed by the construction. ➤ Any damage to street or curb at street to be replaced. ➤ Performance, Payment, and Maintenance Bonds and Insurance. Exclusions: ➤ Replacement of fences at back of property. ➤ Replacing pipe more than 8 ft beyond back fence line. ➤ Replacement of any irrigation or sprinklers from homeowners. ➤ Replacement of fences to access property if needed. ➤ Cost of permitting and engineering.	\$117,000.00
Total Contract Price	\$117,000.00

This turnkey job will consist of all necessary parts, materials, equipment, freight, delivery, installation, labor, travel time, mileage, cleanup, and any other related costs to complete the Project. The Project will be constructed to meet the City's specifications.

2. **CONTRACT DOCUMENTS.** The contract documents shall consist of the following documents, which are listed in the order of priority of interpretation should there be a conflict:
 - a) Addenda to this Contract,

- b) Contract,
- c) Plans, if any,
- d) Technical Specifications, and
- e) Performance, Payment and Maintenance Bonds.

No amendments to this Contract shall be effective and binding until it is reduced to writing and signed by the duly authorized representatives of both parties. Contract documents shall be distributed by the Contractor to its subcontractors as necessary and must be kept and be accessible at the Site. The plans and specifications must be returned to the City on request at the completion of the work.

3. **CITY'S REPRESENTATIVE.** The Project shall be administered by the City's Representative, who is the City's Director of Engineering and whose duties shall include, but not be limited to, the following:
 - a) periodically review and inspect the Contractor's work;
 - b) issue instructions and directives to the Contractor, with which Contractor is obligated to comply, provided such directions and instructions are consistent with the obligations of this Contract;
 - c) make visits to the Site at intervals appropriate to the various stages of construction, appropriate to observe as an experienced and qualified design professional the progress and quality of the work; and
 - d) keep City informed of the progress of the work.

4. **COMMUNICATIONS.** The Contractor shall forward all communications, written or oral, to the City through the City's Representative. Written notice shall be deemed to have been duly served if delivered in person to an officer of the limited liability company, or if delivered or sent by telecopier, overnight or facsimile transmission or if delivered or sent by certified or registered mail to the business address referenced hereinabove. Each party will have the right to change its business address by giving at least thirty (30) calendar days' written notice to the other party of such change. Notice given by mail shall be deemed given three (3) calendar days after the date of the mailing thereof.

5. **COMMENCEMENT AND COMPLETION OF WORK.** Once the bonds and the certificate of insurance have been submitted to and approved by the City, the Contractor shall perform the work in the most expedient manner possible. The work shall commence as soon as possible, but no later than **three (3) calendar days** from the date specified in the written notice to proceed. Completion of this Contract shall be within **sixty (60) calendar days** of the date specified in the notice to proceed. Time is of the essence in this Contract and the date of beginning and the date for final completion of work as specified in this Contract are essential conditions of this Contract. Contractor has submitted its quote in full recognition of the time required for the completion of this work taking into consideration all factors, including, but not limited to, the average climatic range, industry conditions, and liquidated damages. At final completion of the work, a certificate of final completion shall be obtained from the City. For final acceptance, the Contractor shall supply a one-year Maintenance Bond dated the date of Council Acceptance, and effective for one (1) year, in the total amount of the Contract.

6. **WORK.** The Contractor shall complete the work described in the contract documents in strict conformity therewith. The Contractor shall:
 - a) provide and pay for all materials, supplies, machinery, equipment, tools, superintendents, laborers, insurance, fuel, transportation, and all other facilities and utilities necessary for the execution and completion of the work;
 - b) secure all permits, fees, licenses, and inspections necessary for the proper execution and completion of the work;
 - c) give all notices required by law and comply with all laws, ordinances, regulations, codes, rules and lawful orders of all public authorities bearing on the performance of the work;
 - d) pay sales, consumer, use and similar taxes as legally required; and
 - e) provide shop drawings and schedules to the City's Representative and secure the City's Representative's approval of the same, which approval shall not relieve Contractor from responsibility for errors.

7. **EXTENSIONS AND DELAYS.**

- a) **EXTENSIONS.** Within three (3) calendar days of any act or incident that the Contractor reasonably believes may justify an extension of time for final completion, the Contractor may apply in writing for an extension of such time, submitting therewith all written justification as may be required by City. Thereafter, the City's Representative, within three (3) calendar days after receipt of a written request for an extension of time from the Contractor, which is supported by all requested documentation, shall then grant or deny such written request; provided that the request for an extension is not based upon weather conditions. Should an extension be requested within the three (3) calendar-day period based upon weather conditions, the City's Representative shall grant or deny such a written request upon final completion of the work based upon any variation from the average climatic range.
- b) **DELAYS.** The Contractor, in undertaking to complete the work within the time herein fixed, has taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing material or workmen or weather or otherwise. No charge whatsoever shall be made for hindrances or delays from any cause whatever, except where the work is stopped by order of the City or by extraordinary causes. Any extension shall not exceed the time actually lost by Contractor.

8. **PAYMENT.** The Contractor agrees to perform the work for the prices specified hereinabove, which the City shall pay upon final completion and acceptance of the work, subject to any adjustment allowed herein. The Contractor shall never be entitled to anticipated or lost profits on the deleted or reduced portion of a job whether bid on a unit price or lump sum basis. The Contractor shall not have the right to obligate the City to make any payments to another party.

No changes shall be made and no bills for changes, alterations, modifications, deviations, and extra orders shall be recognized or paid for except upon a written change order signed by the Contractor and the City. Any change shall not affect the validity of any bonds. Any requests by the Contractor for a change in original payment amount shall be made prior to the beginning of the work covered by the proposed change or the right to payment for extra work shall be waived.

9. **INDEPENDENT CONTRACTOR.** In all activities or services performed hereunder, the Contractor is and at all times shall remain an independent contractor, not an agent or employee of the City. The Contractor, as an independent contractor, shall be solely responsible for the final product contemplated under this Contract. It shall be the responsibility of the Contractor to furnish a completed work product that meets the requirements of the City. Any additional work, material, or equipment needed to meet the intent of this specification shall be supplied by the Contractor without claim for additional payment, even though not specifically mentioned herein.

10. **DISORDERLY EMPLOYEES.** The Contractor agrees to employ only orderly and competent persons, skillful in the performance of the type of work required under this Contract, to do the work. The Contractor shall retain personal control and shall give its personal attention to the faithful prosecution and completion of the work and fulfillment of this Contract. The Contractor shall appoint and keep on the Project during the progress of the work a competent Project Superintendent/Manager and any necessary assistants, all satisfactory to City to supervise its employees and subcontractors. Adequate supervision by Contractor is essential to the proper performance of the work, and lack of such supervision shall be grounds for suspending the operations of the Contractor and declaring Contractor in breach of this Contract. Whenever the City or the City's Representative shall inform the Contractor in writing that any person or persons performing any of the requisite work are, in the opinion of the City or the City's Representative, incompetent, unfaithful or disorderly, such person or persons shall be discharged and shall not again be employed to perform any work on the Project without prior written consent of the City or the City's Representative.

11. **NATURE OF THE WORK.** It is understood and agreed that the Contractor has, by careful examination, satisfied itself as to the nature and location of the work, the confirmation of the ground and soil, the nature of any structures, including surface and subsurface utilities, the character, quality and quantity of the material to be utilized, the character of equipment and facilities needed for and during the prosecution of the work, the time needed to complete the work, Contractor's ability to meet all deadlines and schedules required by this Contract, the general and local conditions, and all other matters that in any way affect the work under this Contract.

12. **PROGRESS OF WORK.** The Contractor may prosecute its work at such time and sessions, in such order of precedence, and in such manner as shall be most conducive to the economy of the Project; provided; however, that the order and time of prosecution shall be such that the work shall be finally completed as a whole, in accordance with this Contract. Further, the parties shall be subject to the following:
- a) The City reserves the right to enter the property by such employee(s) or agent(s) as it may elect for the purpose of inspecting the work;
 - b) The Project Superintendent/Manager shall coordinate its activities and work with the City. If required by the City, the Contractor shall provide a weekly schedule of planned activities, which may be reviewed on a daily basis. In the case of any completed work or material that is to be covered over by other material, the Project Superintendent/Manager shall provide notice to the City no later than twenty-four (24) hours before the anticipated cover-up of the previously completed work or material. In the event, however, that such notice is provided on a Friday, the City will have until the following Monday afternoon to approve the previously completed work and its cover-up and the Contractor shall take no action until such approval is given by City;
 - c) The Contractor shall submit, at such time as may reasonably be requested by City, further schedules that shall list the order in which the Contractor proposes to carry on the work with dates at which the Contractor will start the several parts of the work and the estimated dates of completion of the several parts; and
 - d) The Contractor and the engineer performing services under this Contract shall attend additional meetings called by the City or the City's Representative upon twenty-four (24) hours' notice unless otherwise agreed by the parties.

13. **SITE CONDITIONS AND MANAGEMENT.** Throughout the progress of the work, the Contractor shall keep the working area free from debris of all types, and remove from premises all rubbish, resulting from any work being done by the Contractor. At the completion of the work, the Contractor shall leave the premises in a clean and finished condition. Any failure to do so may be remedied by the City or its designee and charged back to the Contractor. Where the Contractor is working around or in existing structures, it shall verify conditions at the Site, including, but not limited to, roads, easements, door openings, sprinklers, passages, and other existing site conditions. All special handling equipment charges shall be at the Contractor's sole cost and expense.

Where gas, water, and sewer lines exist in the vicinity, the Contractor shall assume that service connections exist to each building and exercise appropriate caution during excavation. It is the Contractor's responsibility to notify various owners in advance when excavation is to be done in the vicinity of their underground lines and structures. Damage to such underground lines and structures, whether or not shown on the plans, shall be the responsibility of the Contractor, and it shall bear the cost of necessary repair or replacement of damaged parts.

The Contractor shall be responsible for verifying all conditions at the Site prior to performing the work. As such, the Contractor understands and agrees that it shall be responsible for conditions encountered at the Site, including, but not limited to, (i) subsurface or otherwise concealed physical conditions which differ from those indicated in the contract documents, and (ii) unknown physical conditions, which differ from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the contract documents. No additional compensation shall be afforded to the Contractor for differing site conditions. Any information provided by the City, including but not limited to geotechnical information, shall be for the Contractor's convenience only; and the City does not guarantee the accuracy or correctness of any information so provided.

14. **LAYOUT OF WORK.** The Contractor shall lay out all work in a manner acceptable to the City in accordance with applicable codes and ordinances of the City, county and state. The City's Representative will review the Contractor's layout of all structures and any other layout work done by the Contractor, but this review does not relieve the Contractor of the responsibility of accurately locating all work in accordance with the specifications and contract documents.

15. **CONTRACTOR'S STRUCTURES.** Whenever the Contractor erects, installs, or uses additional structures on the property for the storage, maintenance of materials or use of employees and subcontractors, such structure shall not damage the property, and the Contractor shall maintain sanitary conditions in and about such structures at all times

in a manner satisfactory to the City. The Contractor shall provide and maintain necessary sanitary conveniences for the use of laborers on the work. Such conveniences shall be properly secluded from public observation and shall be in a location approved by the City's Representative. The City may charge the Contractor for any damage or injury to the City, its property or third persons as a result of the location or use of any of Contractor's structures.

16. MATERIALS.

- a) Materials or work described in words which when so applied have well-known technical or trade meaning shall be held to refer to such recognized standards. All work shall be done and all materials furnished in strict conformity with the contract documents and recognized industry standards.
- b) Materials and supplies utilized in the final product that will be turned over to the City shall be new and of good quality. Upon request, the Contractor shall supply proof of quality and manufacturer.
- c) No refurbished, reconditioned or other previously utilized materials or supplies will be used without the signed authorization of the City.
- d) Where the product is to be turned over to the City, the Contractor may utilize substitutes of equal quality and function as provided for in the specifications, if any.
- e) The City shall have full and final decision over the use of substitute materials and supplies.
- f) The Contractor shall certify to the City that all materials installed are free from asbestos containing material.

17. OBSERVATION, INSPECTIONS, TESTS.

- a) The City and the City's Representative reserve the right to enter the Site by such employee(s) or agent(s) as he may elect for the purpose of inspecting the work. In accordance therewith, the Contractor shall supply the City or the City's Representative, upon request, with any keys or information necessary for the City or the City's Representative to have access to the property. The City and the City's Representative shall have the right to enter the property or location of the work for the purpose of performing such collateral work as the City or the City's Representative deems necessary or appropriate.
- b) The City and the City's Representative shall have the right, at any reasonable time, to observe and test the work. The Contractor shall make necessary arrangements and provide proper facilities and access for such observation and testing at any location wherever the work or any part thereof is in preparation or progress. The Contractor shall ascertain the scope of any observation that may be contemplated by the City or the City's Representative and shall give ample notice as to the time each part of the work will be ready for such observation.
- c) The City or the City's Representative may reject any work found to be defective or not in accordance with the contract documents, regardless of the state of its completion or the time or place of its discovery and regardless of whether the City or the City's Representative has previously accepted the work through oversight or otherwise. Neither observations by the City or the City's Representative nor inspections, tests, or approvals made by the City or the City's Representative, or persons authorized under this Contract to make such inspections, tests, or approvals, shall relieve the Contractor from its obligation to perform the work in accordance with the requirements of the contract documents.
- d) The City or the City's Representative, upon approval of the City, may require the Contractor to remove, dismantle or uncover work completed. In the event that the Contractor has failed to perform the work as required by the specifications, or drawings, or other contract documents, Contractor shall assume and pay the costs of repair and restoration of the work required to be removed, dismantled, or uncovered. In the event that the Contractor has performed the work correctly to specifications, City shall assume and pay the cost of restoration of the construction to the point that the City has required the work to be uncovered or dismantled.

18. WORK STOPPAGE. The City or the City's Representative shall have the right to order the work of the Contractor or any subcontractor wholly or partially stopped immediately under any one or more of the following conditions:

- a) the work may be ordered stopped immediately if in the judgment of the City or the City's Representative, any of the materials furnished or the work being done is not in strict accordance with this Contract;
- b) the work may be ordered stopped immediately until any objectionable person or material is removed from the premises; or
- c) the work may be ordered stopped immediately if any portion of the work is being performed so as to create a hazardous condition.

Such stoppage or suspension shall neither invalidate any of the Contractor's performance obligations under this Contract, including time of performance and deadlines therefor, nor will extra charges be allowed the Contractor by reason of such stoppage or suspension.

19. **REJECTED WORK.** The City or the City's Representative, in its discretion, may reject any and all work that is found to be defective or deemed not in conformity with this Contract. The City or the City's Representative may reject said work or any portion thereof regardless of the stage of its completion or time or place of discovery of such errors. Further, the City or the City's Representative may reject said work regardless of whether the City or the City's Representative has previously accepted the work through oversight or otherwise. Neither observations by the City or the City's Representative nor inspections, tests, certificates or approvals made by the City or the City's Representative, or persons authorized under this Contract to make such inspections, tests, certificates or approvals, shall relieve the Contractor from its obligation to perform the work in accordance with the requirements of this Contract and the other contract documents. In the event that any work or any part thereof is rejected by the City or the City's Representative, the Contractor shall, at its sole expense and after receipt of written notice thereof from the City or the City's Representative, remove such material and rebuild or otherwise remedy such work so that it shall be in full compliance with this Contract and the other contract documents, as follows:
- a) At the option of the City, the Contractor may be required to remedy such work so that it shall be in full compliance with this Contract. As soon as possible but not later than three (3) calendar days after receipt of notice from the City or the City's Representative or such other period of time specified by the City's Representative in writing, the Contractor shall, at its sole expense, replace or repair all rejected work or materials so as to conform with this Contract.
 - b) If the City or the City's Representative in its discretion deems it inexpedient to correct work damaged or not done in accordance with this Contract, an equitable deduction for the Payment Amount may be made by the City.
 - c) If the Contractor does not remove or replace any rejected work within the time specified in subsection (a) hereof, then the City or the City's Representative may have the work removed, replaced or repaired at the Contractor's expense.

20. **SUBCONTRACTORS.** The Contractor shall retain personal control and give its personal, utmost attention to the faithful prosecution and completion of the work and fulfillment of this Contract. The subletting of any portion or feature of the work or materials required in the performance of this Contract shall not relieve the Contractor from its obligations to the City under this Contract. All subcontractors must be approved by the City's Representative prior to performing any work on the Project. If the City's Representative judges any subcontractor to be failing to perform the work in strict accordance with the drawings and specifications, the Contractor shall discharge the same, but this shall in no way release the Contractor from its obligations and responsibility under this Contract. Every subcontractor shall be bound by the terms and provisions of this Contract as far as applicable to its work. The Contractor shall be fully responsible to the City and the City's Representative for the acts and omissions of its subcontractors.

The Contractor shall be solely and exclusively responsible for compensating any of the Contractor's employees, subcontractors, materialmen and/or suppliers of any type or nature whatsoever. The Contractor shall further be exclusively responsible for ensuring that no claims or liens of any type are filed against any property owned by the City arising out of or incidental to the performance of any services performed pursuant to this Contract. In the event a statutory lien notice is sent to the City or the City's Representative, the Contractor shall, where no payment bond covers the work, upon written notice from the City or the City's Representative, immediately obtain bond at the Contractor's sole expense and hold the City harmless from any losses that may result from the filing or enforcement of any said lien notice. In the event that the Contractor defaults in the provision of the bond, the City may withhold such funds as are necessary to ensure the payment of such claim until litigation determines to whom payment shall be made.

21. **POSSESSION AND USE OF COMPLETED PORTIONS.** The City shall have the right to take possession of and use any completed or partially completed portions of the work, notwithstanding the time for completing the entire work or such portions may not have expired, but such taking possession and use shall not be deemed an acceptance of any work not completed in accordance with the contract documents.

22. **PERMITS AND CERTIFICATES.** The Contractor shall secure all necessary permits, licenses and/or certificates issued by the state, municipality or other authorities and submit the same to the City's Representative. The City may withhold any payments due under this Contract or that may become due under this Contract until the necessary permits, licenses and/or certificates are procured and delivered. The Contractor will not, however, be required to pay for any permit fees for permits to be issued by the City, which will be waived in conjunction with this Contract.
23. **FAULTY WORKMANSHIP.** Neither the final payment nor any acceptance nor certificate nor any provision of this Contract shall relieve the Contractor of any responsibility for faulty workmanship or materials. At the option of the City, as provided in this Contract, the Contractor shall remedy any defects thereto and pay for any damage to other work resulting therefrom, which may appear after final acceptance of the work.
24. **WARRANTY.** Upon acceptance of the work by the City, the Contractor warrants for a period of one (1) calendar year from the date thereof that all materials provided to the City under this Contract shall be new unless otherwise approved in writing by the City's Representative and that all materials and work will be of good quality, free from faults and defects, and in conformance with this Contract. All work not conforming to these requirements, including, but not limited to, substitutions not properly approved and authorized, may be considered defective. This warranty is in addition to any rights or warranties expressed or implied by law and consumer protection claims arising from misrepresentations by the Contractor. Where more than a one (1) year warranty is specified for individual products, work or materials, the longer warranty shall govern. This warranty obligation shall be covered by any performance or payment bonds tendered in compliance with this Contract.
25. **DEFECTIVE WORK DISCOVERED DURING WARRANTY PERIOD.** If within one (1) calendar year after the date of acceptance by the City of designated equipment or within such longer period of time as may be prescribed by law or by the terms of any applicable special warranty required by this Contract, any of the work is found or determined to be defective, including obvious defects, or otherwise not in accordance with this Contract, the Contractor shall correct it PROMPTLY.
- a) After receipt of written notice from the City to begin corrective work, the Contractor shall promptly begin the corrective work. This obligation shall survive the termination of this Contract. The guarantee shall not constitute the exclusive remedy of the City, nor shall other remedies be limited to either warranty or guarantee period.
 - b) If within three (3) calendar days after the City has notified the Contractor of a defect, failure or abnormality in the work, the Contractor has not started to make the necessary corrections or adjustments, the City is hereby authorized to make the corrections or adjustments, or to order the work to be done by a third party. The cost of the work shall be paid by the Contractor.
 - c) The cost of all materials, parts, labor, transportation, supervision, special instruments, and supplies required for replacement or repair of parts and for correction of defects, shall be paid by the Contractor or by the surety.
 - d) The one (1) calendar year warranty shall cover all work, equipment, and materials that are part of this Project, whether or not a warranty is specified in the individual section prescribing that particular aspect of the work.
26. **LIQUIDATED DAMAGES.** It is expressly understood and agreed by the parties that time is of the essence to this Contract and that the date set for the final completion of the work described herein is an essential condition of this Contract. It is further understood and agreed that the date for final completion of the work is reasonable for the completion of the Project, taking into consideration all conditions, including, but not limited to, the average climatic change and conditions and usual industrial conditions prevailing in this locality. If the Contractor should neglect, fail, or refuse to complete the work required for final completion within the date specified in this Contract, or any proper extension that is granted in writing by the City, then the Contractor hereby agrees, as a part of the consideration for the awarding of this Contract, that the City may withhold permanently from the Contractor's total Payment Amount the sum of FIVE HUNDRED AND NO/100 DOLLARS (\$500.00) for each and every **calendar day** that the Contractor is in default after the date stipulated for final completion, not as a penalty, but as liquidated damages for the breach of the Contract. The amount of liquidated damages for the Contractor's failure to meet the deadline for final completion is fixed and agreed on by the Contractor because of the impracticability and extreme difficulty in fixing and ascertaining actual damages that the City would in such an event sustain. The amounts to

be charged are agreed to be the damages that the City would sustain and may, at the option of the City, be retained from final payment or any other payment made hereunder.

27. **WITHHOLD PAYMENT AND CONTRACTOR'S PAYMENT.** Regardless of any bond, the City may, on account of subsequently discovered evidence, withhold payment or nullify the whole or part of any acceptance or certificate to such extent as may be necessary to protect the City from loss on account of:
- a) Defective work or work that is not in strict accordance with the terms of this Contract, the Specifications, or the other contract documents;
 - b) Claims filed or reasonable evidence indicating probable filing of claims, as determined at the sole discretion of the City;
 - c) Failure of the Contractor to make prompt payments to subcontractors or for material or labor or materialmen;
 - d) Claims filed or reasonable evidence, as determined at the sole discretion of the City, of damage to another Contractor or a third party, including adjacent property owners;
 - e) Reasonable doubt, as determined at the sole discretion of the City, that the work can be completed for the unpaid balance of the Contract amount;
 - f) Reasonable indication, as determined at the sole discretion of the City, that the work will not be completed within the Contract time;
 - g) Liquidated damages and administrative charges, as determined by the City at its sole discretion;
 - h) Charges made for repairs to the Contractor's defective work or repairs made by the City to correct damage to other property;
 - i) Claims filed or reasonable evidence as determined at the sole discretion of the City indicating unremedied damage to property owned by the City; or
 - j) Other amounts authorized under this Contract.

Whenever the Contractor and/or its surety is required to make a payment under this Contract, it is expressly understood and agreed that such payment shall be due within 15 days after receipt of an invoice therefore unless expressly stated otherwise. Payments required by Contractor and/or its surety which are not timely made shall accrue interest at a rate of one percent per month.

28. **CHARGES FOR INJURY OR REPAIRS.**
- a) **REPAIRS.** The Contractor shall be liable and responsible for any damages incurred or repairs made necessary by reason of its work and/or caused by it. Repairs of any kind required by the City or the City's Representative will be made and charged to the Contractor by the City. The Contractor shall take the necessary precautions to protect any areas adjacent to its work. The work specified consists of all work, materials and labor required by the City or the City's Representative to repair any damage to the property of the City, including, but not limited to, structures, roadways, curbs, parking areas and sidewalks, to an equal or better condition than before such property was damaged.
 - b) **INJURY.** The Contractor shall at all times exercise reasonable precautions for the safety of employees and others on or near the work and shall comply with all applicable provisions of Federal, State, and Municipal safety laws and building and construction codes. All machinery and equipment and other physical hazards shall be guarded in accordance with the "Manual of Accident Prevention in Construction" of the Associated General Contractors of America except where incompatible with Federal, State, or Municipal laws or regulations. The Contractor shall provide such machinery guards, safe walkways, ladders, bridges, gangplanks, and other safety devices. The safety precautions actually taken and their adequacy shall be the sole responsibility of the Contractor, acting at its discretion as an independent Contractor.

29. **PAYMENT OF EMPLOYEES AND FOR MATERIALS.** Wage rates paid on this Project shall not be less than specified in the schedule of general prevailing rates of per diem rates attached hereto as Exhibit "A" and incorporated herein for all intents and purposes. Should the Contractor or any of its subcontractors fail to pay the general prevailing rate to a worker performing work on the Project, the Contractor shall pay to the City SIXTY AND NO/100 DOLLARS (\$60.00) for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rates stipulated in this Contract. The Contractor and each of the subcontractors shall pay each of its employees engaged in work on the Project under this Contract in full (less mandatory legal

deductions), in cash or by check readily cashable, without discount, no less than once every two (2) weeks. The City or City's Representative may, prior to final acceptance of the Project, require the Contractor to execute an affidavit in legal form stating that all bills for labor, materials, and incidentals incurred have been paid in full and that there are no claims pending of which the Contractor has been notified.

30. INSURANCE REQUIREMENTS.

Contractor shall procure and maintain at its sole cost and expense for the duration of the Contract, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by Contractor, its agents, representatives, volunteers, employees or subconsultants.

- a) Contractor's insurance coverage shall be primary insurance with respect to the City, its officials, employees and agents. Any insurance or self-insurance maintained by the City, its officials, employees or agents shall be considered in excess of Contractor's insurance and shall not contribute to it. Further, Contractor shall include all subconsultants, agents and assigns as additional insureds under its policy or shall furnish separate certificates and endorsements for each such person or entity. All coverage's for subconsultants and assigns shall be subject to all of the requirements stated herein.

The following is a list of standard insurance policies along with their respective minimum coverage amounts required in this Contract:

1. Commercial General Liability

- General Aggregate: \$2,000,000
- Products & Completed Operations Aggregate: \$1,000,000
- Personal & Advertising Injury: \$1,000,000
- Per Occurrence: \$1,000,000
- Fire Damage: \$50,000
- Coverage shall be broad form CGL
- Waiver of subrogation required
- No coverage shall be deleted from standard policy without notification of individual exclusions being attached for review and acceptance.

2. Business Automobile Policy

- Combined Single Limits: \$1,000,000
- Coverage for "Any Auto"
- Waiver of subrogation required.

3. Workers' Compensation

- Statutory Limits
- Employer's Liability: \$500,000
- Waiver of Subrogation required.

- b) The following shall be applicable to all policies of insurance required herein.

1. Insurance carrier must have an A.M. Best Rating of A: VII or better.
2. Only insurance carriers licensed and admitted to do business in the State of Texas will be accepted.
3. Liability policies must be on occurrence form.
4. Each insurance policy shall be endorsed to state that coverage shall not be suspended, voided, canceled or reduced in coverage or in limits except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City.
5. The City, its officers, agents and employees are to be added as Additional Insureds to all liability policies.
6. Upon request and without cost to the City, a certified copy of all insurance policies and/or certificates of insurance shall be furnished to the City.
7. All insurance required herein shall be secured and maintained in a company or companies satisfactory to the City, and shall be carried in the name of Contractor.

- 31. BONDING.** Both the Contractor and the City agree that the Contractor will execute performance and payment bonds, each in the sum of one hundred percent (100%) of the total Contract price, in standard forms for this purpose, guaranteeing faithful performance of the Contract and faithful payment to all persons supplying labor and materials

or furnishing any equipment in the execution of the Contract. It is agreed that this Contract shall not be in effect until such bonds are furnished and approved by the City. The cost of the premium for the bonds have been included in the Contractor's quote.

The bonds shall be executed by the Contractor and by a corporate surety, the qualifications of which shall be as required below. The bond required herein shall remain in effect throughout the term of this Contract and for a period of one (1) year after the completion of the work and shall be extended for any warranty work to cover the warranty period. If at any time during the execution of this Contract or in the required period thereafter, the bond becomes invalid or ineffective for any reason, the Contractor shall promptly supply within ten (10) days such other bond, which bond shall assure payment as required. Such replacement bond(s) shall be issued by a surety acceptable to the City.

Changes and alterations in the work herein contemplated, or any part thereof, does not affect the validity of this Contract and any accompanying bond.

32. **PROJECT UNDER CONTRACTOR'S CONTROL.** Any injury or damage caused to the Contractor or the Project prior to and including the date of final completion caused by an act of God, natural cause, a party or entity not privy to this Contract, or other force majeure shall be assumed and borne by the Contractor.
33. **COMPLIANCE WITH LAWS.** Contractor shall comply with all Federal and State laws and City Ordinances and Codes applicable to the Contractor's operation under this Contract. Violations will be corrected at Contractor's expense. The Contractor will pay for all applicable royalties, permits, and license fees and defend all suits and claims of infringements of any rights.
34. **SAFETY PRECAUTIONS.** Safety precautions at the Site are a part of the construction techniques and processes for which the Contractor shall be solely responsible. The Contractor is solely responsible for handling and use of hazardous materials or waste, and informing employees of any such hazardous materials or waste. The Contractor has the sole obligation to protect or warn any individual of potential hazards created by the performance of the work set forth herein. The Contractor shall, at its on expense, take such precautionary measures for the protection of persons, property and the work as may be necessary. The safety of the public and convenience of traffic shall be regarded as prime importance during construction.
- a) During normal construction, the Contractor shall not hinder or inconvenience travel of streets or intersecting alleys for more than two blocks at any one time. The Contractor shall use warning signs as necessary to adequately protect the traffic. If the City or other appropriate entity approves a street closure, the Contractor shall furnish and maintain at each end of the closed section, at all intersecting streets within the section, and in all intersecting streets at a distance of one block on each side of the work, properly worded signs and barricades announcing the closure to the public. The Contractor shall not be allowed to start any operation that will close a street or streets until the required barricades are in place. Barricades and warning signs shall meet the specifications as shown in the plans and/or specifications. Warning lights shall be kept burning from sunset to sunrise. When a street is to be closed, the Contractor must notify the City's Engineering and Public Works Departments forty-eight (48) hours in advance of the closure.
 - b) The Contractor shall remove, as soon as practicable, accumulated rubbish, surplus dirt, etc., from the Site, thereby opening each block for public use. Use by the public, however, of any portion of a street where work has been done, shall not constitute in itself acceptance of the work done therein. The Contractor shall backfill and shape trenches across street intersections or driveways to permit safe usage at night. If trenches must be left open for any length of time, the Contractor shall span with wooden mats or bridges to permit traffic flow and prevent injury to the public. When driveways are cut, the City may direct the immediate placement of mats for ingress and egress of vehicles if, in the City's Representative or City's opinion, undue hardship to property owners would otherwise result.
 - c) The Contractor shall not block ditches, inlets, fire hydrants, etc. The Contractor shall provide temporary drainage where necessary or as directed by the City's Representative or the City.
 - d) When persons or equipment are working in streets open to moving traffic, or if otherwise ordered by the City's Representative, the Contractor shall furnish flagmen for direction of traffic to protect both the moving traffic and the Contractor's operations. The flagmen shall wear an orange fluorescent vest over their normal work clothes.

The Contractor shall be held responsible for all damages to property, personal injuries and/or death due to failure to use safety devices of any type or nature that may be required to protect or warn any individual of potential hazards created by the performance of the work; and when any property damage is incurred, the damaged portion shall immediately be replaced or compensated for by the Contractor at its own cost and expense.

35. **RELEASE.** By this Contract, the City does not consent to litigation and expressly revokes any consent to litigation that it may have granted by the terms of this Contract, any charter, or applicable state law. The Contractor assumes full responsibility for the work to be performed and releases, relinquishes, and discharges the City, its officers, agents and employees from all claims, demands and causes of action of every kind and character for any injury to, including, but not limited to, death of any person (whether third persons, the Contractor, or employees of either of the parties). This release includes the cost of defense of any claim and any loss of or damage to property (whether property of the parties or of third parties) that is caused by or alleged to be caused by, arising out of, or in connection with the Contractor's work to be performed under this Contract whether or not said claims, demands, and causes of action are covered in whole or in part by insurance.

36. **INDEMNITY AGREEMENT.**

THE CONTRACTOR HEREBY AGREES TO AND SHALL INDEMNIFY, HOLD HARMLESS, AND DEFEND THE CITY, ITS OFFICERS, AGENTS AND EMPLOYEES FROM AND AGAINST ANY AND ALL CLAIMS, LOSSES, DAMAGES, DEMANDS, CAUSES OF ACTION, SUITS AND LIABILITY OF EVERY KIND, INCLUDING ALL EXPENSES OF LITIGATION, COURT COSTS AND ATTORNEYS' FEES, FOR INJURY TO OR DEATH OF ANY PERSON, FOR LOSS OF USE OR REVENUE, OR FOR DAMAGE TO ANY PROPERTY ARISING OUT OF OR IN CONNECTION WITH THE ACTUAL OR ALLEGED MALFUNCTION, DESIGN OR WORKMANSHIP IN THE MANUFACTURE OF EQUIPMENT, THE FULFILLMENT OF CONTRACT, OR THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES UNDER THIS CONTRACT. SUCH INDEMNITY SHALL APPLY WHERE THE CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, SUITS OR LIABILITY ARISE IN PART FROM (I) THE JOINT NEGLIGENCE OF THE CITY AND THE CONTRACTOR, AND/OR THEIR RESPECTIVE OFFICERS, AGENTS AND/OR EMPLOYEES OR (II) THE SOLE NEGLIGENCE OF THE CONTRACTOR, ITS OFFICERS, AGENTS AND EMPLOYEES. IT IS THE EXPRESSED INTENTION OF THE PARTIES HERETO, BOTH CONTRACTOR AND THE CITY, THAT THE INDEMNITY PROVIDED FOR IN THIS PARAGRAPH IS INDEMNITY BY CONTRACTOR TO INDEMNIFY AND PROTECT THE CITY FROM THE CONSEQUENCE OF (I) THE CITY'S OWN NEGLIGENCE WHERE THAT NEGLIGENCE IS A CONCURRING CAUSE WITH THAT OF THE CONTRACTOR OF THE INJURY, DEATH OR DAMAGE AND/OR (II) THE CONTRACTOR'S OWN NEGLIGENCE WHERE THAT NEGLIGENCE IS THE SOLE CAUSE OF THE INJURY, DEATH, OR DAMAGE. FURTHERMORE, THE INDEMNITY PROVIDED FOR IN THIS PARAGRAPH SHALL HAVE NO APPLICATION TO ANY CLAIM, LOSS, DAMAGE, CAUSE OF ACTION, SUIT AND LIABILITY WHEREIN INJURY, DEATH OR DAMAGE RESULTS FROM THE SOLE NEGLIGENCE OF THE CITY UNMIXED WITH THE FAULT OF ANY OTHER PERSON OR ENTITY. IN THE EVENT ANY ACTION OR PROCEEDING IS BROUGHT AGAINST THE CITY BY REASON OF ANY OF THE ABOVE, THE CONTRACTOR AGREES AND COVENANTS TO DEFEND THE ACTION OR PROCEEDING BY COUNSEL ACCEPTABLE TO THE CITY.

THE INDEMNITY PROVIDED FOR HEREIN SHALL SURVIVE THE TERMINATION OR EXPIRATION OF THIS CONTRACT.

37. **ABANDONMENT.** In case the Contractor should abandon, fail or refuse to resume work within three (3) days after written notification from the City or the City's Representative, or if the Contractor fails to comply with the orders of the City or the City's Representative, when such orders are consistent with the contract documents, then, and in that case, where performance and payment bonds exist, the sureties on these bonds shall be notified in writing and directed to complete the work, and a copy of said notice shall be delivered to the Contractor. After receiving said notice of abandonment, the Contractor shall not remove from the work any machinery, equipment, tools, materials, or supplies then on the job, but the same, together with any materials and equipment under contract for the work, may be held for use on the work by the City or the surety on the performance bond, or another Contractor in completion of the work; and the Contractor shall not receive any rental or credit therefor, it being understood that the use of such equipment and materials will ultimately reduce the cost to complete the work and be reflected in the final settlement.
38. **BREACH OF CONTRACT.** The City shall have the right to declare the Contractor in breach of this Contract for cause when the City determines that this Contract is not being performed according to its understanding of the intent and meaning of this Contract. Such breach shall not in any way invalidate, abrogate or terminate the Contractor's obligation under this Contract.
39. **TERMINATION.** If this Contract is terminated for cause, the City shall have the right, but shall not be obligated, to complete the work either itself or by others; and to this end, the City shall be entitled to take possession of and use such equipment and materials as may be on the Site and to exercise all rights, options and privileges of the Contractor under its subcontracts, purchase orders or otherwise; and the Contractor shall promptly assign such rights, options, and privileges to the City. If the City elects to complete the work itself or by others, pursuant to the foregoing, then the Contractor will reimburse the City for all costs incurred by the City's Representative, (including, without limitation, applicable, general and administrative expenses, and field overhead, and the cost of necessary equipment, materials and field labor) in correcting work by the Contractor that fails to meet the requirements of the Contract Documents.

After receipt of a notice of termination, whether with or without cause, the Contractor shall, in good faith and to the best of its ability, do all things necessary in light of such notice to assure the efficient and proper close-out of the terminated work (including, but not limited to, the protection of the City's property). Among other things, the Contractor shall, except as otherwise directed or approved by the City, do the following:

- a) Stop the work on the date and to the extent specified in the notice of termination;
- b) Place no further orders or subcontracts for services, equipment, or material, except as may be necessary for completion of such portion of the work as is not terminated;
- c) Immediately terminate all orders and subcontracts to the extent that they relate to the performance of the work terminated by the notice of termination;
- d) Assign to the City, in the manner and to the extent directed by it, all of the right, title and interest of the Contractor under the orders or subcontracts so terminated, in which case the City shall have the right to settle or pay any or all claims arising out of the termination of such orders and subcontracts;
- e) With the approval of the City, settle all outstanding liabilities and all claims arising out of such termination, orders and subcontracts;
- f) Deliver to the City, when directed by the City, all documents and all property, which if the work had been completed, the Contractor would have been required to account for or deliver to the City, and transfer title to such property to the City to the extent not already transferred; and/or
- g) Take actions necessary or as otherwise directed by the City's Representative or the City for the protection and preservation of the work.

In the event of such termination, there shall be an equitable reduction of the Payment Amount to reflect the reduction in the work. Costs incurred after the effective date of the notice of termination shall not be treated as reimbursable costs unless they relate to carrying out the unterminated portion or taking close-out measures.

40. **TERMINATION FOR CAUSE.** Without prejudice to any other legal or equitable right or remedy that the City would otherwise possess hereunder or as a matter of law, the City, upon giving the Contractor five (5) days' prior written notice, shall be entitled to terminate this Contract in its entirety at any time for the following:
- a) If the Contractor becomes insolvent, commits any act of bankruptcy, makes a general assignment for the benefit of creditors, or becomes the subject of any proceeding commenced under any statute or law for the relief of debtors;
 - b) If a receiver, trustee or liquidator of any of the property or income of the Contractor shall be appointed;
 - c) If the Contractor shall fail to prosecute the work or any part thereof with diligence necessary to ensure its progress and completion as prescribed by the time schedules;
 - d) If within five (5) calendar days after written notice thereof from the City or the City's Representative, the Contractor shall fail to remedy any defective work or work that does not conform to the requirements of this Contract, specifications, and other contract documents, or any other default under any of the terms, provisions, conditions, or covenants contained in this Contract or any other current agreement between the Contractor and another City for similar construction work on other property; or
 - e) If the Contractor shall fail for any reason other than the failure by the City to make payment called upon when due.

In the event of such termination for cause, the Contractor shall only be paid its reimbursable costs incurred prior to the effective date of the termination and shall not be entitled to receive any further payment hereunder and shall be further subject to any claim that the City's Representative or the City may have against the Contractor under the provisions of this Contract or as a matter of law, including the refund of any overpayments of reimbursable costs or other payments.

41. **TERMINATION FOR CONVENIENCE.** The performance of the work may be terminated at any time in whole or in part, by the City's Representative for its convenience. Any such termination shall be effected by delivery to the Contractor of a written notice (notice of termination) specifying the extent to which performance of the work is terminated and the date upon which termination becomes effective. If, for whatever reason, this Contract is terminated for cause, which is later determined not to exist, the parties agree that the Contract will be deemed to be terminated for convenience. In the event of termination for convenience, the Contractor shall only be paid its reimbursable costs incurred prior to the effective date of the termination notice and shall not be entitled to receive any further payment hereunder and shall be further subject to any claim the City may have against the Contractor under other provisions of this Contract or as a matter of law, including the refund of any overpayment of reimbursable costs and/or other payment.

42. **COMPLETION AFTER ABANDONMENT OR TERMINATION.** In the event that the Contractor has abandoned the Project or the City has terminated the Contract for cause and where there is no performance bond provided or where there is a surety but such surety, within three (3) calendar days after the notice demanding completion is sent, fails to commence the completion and diligent prosecution of the work in compliance with this Contract, then the City may AT ITS OPTION provide for completion of the work in either of the following elective manners:

- a) The City may employ such force of men and use such machinery, equipment, tools, materials, and supplies as said City may deem necessary to complete the work and charge the expense of such labor, machinery, equipment, tools, materials, and supplies to said Contractor, and expense so charged shall be deducted and paid by the City out of such monies as may be due, or that may thereafter at any time become due to the Contractor under and by virtue of this Contract. In case such expense is less than the sum which would have been payable under this Contract, if the same had been completed by the Contractor, then said Contractor and/or its surety hereby waives any and all privileges, rights, and claims to receive the difference. In case such expense is greater than the sum which would have been payable under this Contract, if the same had been completed by said Contractor, then the Contractor and/or its surety shall, within three (3) calendar days, pay the amount of such excess to the City.
- b) The City, under sealed bids, after notice published as required by law at least twice in a newspaper having general circulation in the City, may let the Contract for the completion of the work under substantially the same terms and conditions which are provided in this Contract. In case any increase in cost to the City under the new contract as compared to what would have been the cost under this Contract, such increase shall be charged to the Contractor and the surety shall be and remain bound therefor. However, should the cost to complete any

such new contract prove to be less than what would have been the cost to complete under this Contract, the

Contractor and/or its surety hereby waives any and all privileges, rights and claims to such excess.

In the event of abandonment by the Contractor, the Contractor shall assign to the City, in the manner and to the extent directed by the City, all of the right, title, and interest of the Contractor in and to any and all materials located on the property and any subcontracts for work to be performed on the property; in which case the City shall have the right to settle or pay all claims arising out of the termination of such orders and subcontracts.

43. **DAMAGES.** Without prejudice to any other legal or equitable right or remedy that the City would otherwise possess hereunder or as a matter of law, the City upon giving the Contractor five (5) days' prior written notice shall be entitled to damages for breach of contract, upon but not limited to the following occurrences:
- a) If the Contractor shall fail to remedy any default after written notice thereof from the City or the City's Representative; or
 - b) If the Contractor shall fail for any reason other than the failure by the City to make payments called upon when due; or
 - c) If the Contractor commits a substantial default under any of the terms, provisions, conditions or covenants contained in this Contract.
44. **INVALIDITY.** If any provision of this Contract shall be held to be invalid, illegal or unenforceable by a court or other tribunal of competent jurisdiction, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby. The parties shall use their best efforts to replace the respective provisions or provisions of this Contract with the legal terms and conditions approximating the original intent of the parties.
45. **ENTIRE AGREEMENT.** It is understood that this Contract contains the entire agreement between the parties and supersedes any and all prior agreements, arrangements or understandings between the parties relating to the subject matter. There are no oral understandings, statements, promises or inducements contrary to the terms of this Contract. This Contract cannot be changed or terminated orally. No verbal agreement or conversation with any officer, agent, representative or employee of the City, either before or after the execution of this Contract, shall affect or modify any of the terms or obligations hereunder.
46. **AMENDMENT.** No amendments to this Contract shall be effective and binding until they are reduced to writing and signed by duly authorized representatives of both parties.
47. **TEXAS LAW.** This Contract has been made under and shall be governed by the laws of the State of Texas.
48. **PLACE OF PERFORMANCE.** The place of making and the place of performance for all purposes shall be Friendswood, Galveston County, Texas.
49. **NO ARBITRATION.** Notwithstanding anything to the contrary contained in this Agreement, City and the Contractor hereby agree that no claim or dispute between City and the Contractor arising out of or relating to this Agreement shall be decided by any arbitration proceeding, including, without limitation, any proceeding under the Federal Arbitration Act (9 U.S.C. Sections 1-14), or any applicable state arbitration statute, including, but not limited to, the Texas General Arbitration Act, provided that in the event that City is subjected to an arbitration proceeding notwithstanding this provision, the Contractor consents to be joined in the arbitration proceeding if the Contractor's presence is required or requested by City for complete relief to be recorded in the arbitration proceeding.
50. **NON-WAIVER.** Failure of any party, at any time, to enforce a provision of this Contract shall in no way constitute a waiver of that provision, nor in any way affect the validity of this Contract or part hereof or the right of the City or the City's Representative thereafter to enforce each and every provision hereof. No term of this Contract shall be deemed waived or breach excused unless the waiver shall be in writing and signed by the party claimed to have waived the same. Furthermore, any consent to or waiver of a breach will not constitute consent to or waiver of or excuse of any other different or subsequent breach. Nothing contained in this Contract or any of the contract documents shall be deemed to limit or waive the sovereign immunity of the City

51. **HEADINGS.** The article headings are used in this Contract for convenience and reference purposes only and are not intended to define, limit or describe the scope or intent of any provision of this Contract and shall have no meaning or effect upon its interpretation.
52. **GENDER AND NUMBER.** Words of any gender used in this Contract shall be held and construed to include any other gender, and words in the singular number shall be held to include the plural, and vice versa, unless context requires otherwise.
53. **CONSTRUCTION OF CONTRACT.** The parties agree that this Contract shall not be construed in favor of or against any party on the basis that the party did or did not author this Contract.
54. **AUTHORITY TO ENTER CONTRACT.** Each party has the full power and authority to enter into and perform this Contract, and the person signing this Contract on behalf of each party has been properly authorized and empowered to enter into this Contract. The persons executing this Contract hereby represent that they have authorization to sign on behalf of their respective corporations and/or business entities.
55. **CONTRACT READ.** The parties acknowledge that they have read, understand and intend to be bound by the terms and conditions of this Contract.
56. **ASSIGNMENT.** Contractor may not assign or otherwise transfer this Contract or any rights or obligations hereunder without the prior written consent of the City.
57. **SUCCESSORS AND ASSIGNS.** This Contract shall inure to the benefit of and be binding upon the Contractor and its successors and assigns.
58. **MULTIPLE ORIGINALS.** It is understood and agreed that this Contract may be executed in a number of identical counterparts, each of which shall be deemed an original for all purposes.
59. **SEVERABILITY.** If any section, subsection, paragraph, sentence, clause, phrase or word of these requirements or specifications shall be held invalid, such holding shall not affect the remaining portions of these requirements and the specifications; and it is hereby declared that such remaining portions would have been included in these requirements and the specifications as though the invalid portion had been omitted.

IN WITNESS WHEREOF, the parties hereto have executed this Contract in multiple copies, each of which shall be deemed to be an original, but all of which shall constitute but one and the same Contract on the ____ day of October, 2024, the date of execution by the City Manager of the City of Friendswood.

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 10/21/2024

Prepared by: Leticia Brysch, Assistant City Manager/City Secretary

Subject: Consider approving the purchase of two 2023 Ford F150 service trucks for the Public Works Department from Silsbee Ford through The Interlocal Purchasing System (TIPS) Contract No. 210907.

Originating Department: Public Works

Degree of importance: Significant.

SUMMARY / ORIGINATING CAUSE

This item allows the Council to approve the purchase of the following two vehicles for the Public Works Department (the "Department"):

- a 2023 Ford F150 Crew Cab 4X4 in the amount of \$44,591.25 for the new Sewer Operator position, and
- a 2023 Ford F150 Crew Cab 4X2 in the amount of \$43,299.50 for the new Water Operator position.

The trucks are being purchased from Silsbee Ford through The Interlocal Purchasing System (TIPS) Contract No. 210907.

In the approval of the City's FY2024-2025 operating budget, the Department received the approval of its decision package related to the purchase of these two vehicles that will be used by the two new positions of Water Operator and Sewer Operator.

The cost associated with this item is within the budget's approved amount, and as the City is purchasing this item through the TIPS, it satisfies the State's legal requirements for competitive bidding.

The City of Friendswood is a member of The Interlocal Purchasing System (TIPS), which was created to increase the purchasing power of governmental entities and simplify their purchasing of needed equipment and services.

IMMINENT CONSEQUENCES / BENEFIT TO COMMUNITY

The approval of the purchase and implementation of the vehicle in question will immediately, and significantly, improve the continued effective operation of the City of Friendswood's Public Works Department.

RECOMMENDATIONS

Staff recommends approval.

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 10/21/2024

Prepared by: Leticia Brysch, Assistant City Manager/City Secretary

Subject: Consider approving the purchase of emergency medical supplies from Life Assist Inc., and Bound Tree Medical, LLC, through the Texas Local Government Purchasing Cooperative (BuyBoard) Contract Nos. 698-23 and 704-23.

Originating Department: Emergency Services Department

Degree of importance:

SUMMARY / ORIGINATING CAUSE

The City Council approved the purchase of medical supplies and pharmaceuticals for the City of Friendswood's Emergency Medical Services (EMS) in the City's FY 2024-2025 budget. EMS estimates the purchase of said supplies from the following Texas Local Government Purchasing Cooperative (BuyBoard) contract and vendors:

Vendor	BuyBoard Contract No.	Amount Not to Exceed
Life Assist Inc.	698-23 & 704-23	\$85,000
Bound Tree Medical, LLC	704-23	\$70,000
	Total Amount:	\$155,000

These two vendors provide the medical, dental, and ambulatory supplies, and pharmaceuticals required by emergency units to operate effectively. These supplies are critical in the day-to-day field operations of Friendswood EMS and will be purchased as needed throughout the year, which in total will not exceed \$155,000.

BuyBoard is a Texas Local Government Purchasing Cooperative that provides public agencies the opportunity to comply with bidding requirements by utilizing their bid process. Agencies that utilize BuyBoard contracts also receive a 2% rebate on all purchases and also save administrative costs by alleviating the bid process.

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 09/30/2024

Prepared by: Leticia Brysch, Assistant City Manager/City Secretary

Subject: Consider authorizing a Pension System Contract Amendment with the Texas Emergency Services Retirement System on behalf of the Friendswood Volunteer Fire Department to increase the monthly contribution rate for the Department's pension.

Originating Department: Emergency Services Department

Degree of importance: Significant

SUMMARY / ORIGINATING CAUSE

This item authorizes a contract amendment based upon the attached Texas Emergency Services Retirement System (TESRS) Contribution Change Request form. This is the volunteer pension program that Friendswood Volunteer Fire Department (FVFD) provides for its volunteer membership. By state statute, the contract with TESRS requires the City of Friendswood to participate as the governing body.

This request and amendment to the contract increased the current pension by \$12.00 per month per volunteer, moving the pension amount from \$156.00 to \$168.00 per month per volunteer. The change became effective October 1, 2024.

The costs for this increase are incorporated within the Department of Emergency Services FY 2025 annual budget as currently proposed. As such, signing this amendment does not further increase city costs.

IMMINENT CONSEQUENCES / BENEFIT TO COMMUNITY

Texas Emergency Services Retirement System (TESRS) and a small per call stipend that help defray costs of volunteering are the only financial benefit individual volunteers receive. As such, this is a critical piece in the recruitment and retention process of volunteers.

Continued increases in the TESRS contribution puts FVFD at a position to stay competitive among neighboring departments.

RECOMMENDATIONS

Staff recommends approval.

- Note: FVFD and Friendswood EMS participate under a common contract

FRIENDSWOOD CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Manager's Office as soon as possible prior to the first date that the item is expected to be placed on the Friendswood City Council agenda.

Date requested for City Council consideration: November 4, 2024

Date submitted: 09/09/2024

Prepared by: Karen Horner, City Attorney

Subject: Consider authorizing the Friendswood Downtown Economic Development Corporation to expend funds for the design and placement of artwork on traffic control boxes in the City of Friendswood's Downtown District and authorizing an Art Services Agreement with UP Art Studio, LLC, for such services.

Originating Department: City Attorney

Degree of importance:

SUMMARY / ORIGINATING CAUSE

On September 10, 2024, the Friendswood Downtown Economic Development Corporation (the "FDEDC") authorized, subject to the City Council's approval, the expenditure of up to \$36,000 to fund an Art Services Agreement (the "Agreement") between the City of Friendswood and UP Art Studio, LLC (the "Company").

Under the Agreement, the Company shall provide turn-key services for all phases of the installation of mini-murals approved by the City on twelve (12) traffic boxes in the downtown area. The Company shall work with Keep Friendswood Beautiful ("KFB") in selecting artists and reviewing photos and project renderings. Each traffic control box shall be primed and painted and shall have a graffiti-proof coating. The cost for each box is \$3,000. One-half of the total contract amount will be due within thirty (30) days after receiving an invoice therefor but is subject to recapture by the City. The remaining amount will not be paid until thirty (30) days after the later of (i) all of the mini-murals are completed and accepted by the City or (ii) receipt of an invoice.

Please note that the installation of the artwork is contingent upon receiving TxDOT authorization of the Project -- the general form of which is attached to this agenda item. Once the exhibits are complete, the TxDOT agreement will be submitted to the City Council for its final approval.

IMMINENT CONSEQUENCES / BENEFIT TO COMMUNITY

RECOMMENDATIONS

Staff recommends approval.

ATTACHMENTS

1. Art Services Agreement
2. Form 1295 Certificate
3. TxDOT Agreement - Mini Murals on Traffic Signal Controller Cabinets

ARTIST SERVICES AGREEMENT

STATE OF TEXAS §
 §
COUNTY OF GALVESTON §

This AGREEMENT ("Agreement") is entered into by and between UP Art Studio, LLC, (the "Company"), located at 806 Northwood St., Houston, TX 77009, and the City of Friendswood (the "City"), a home-rule municipality, located at 910 S Friendswood Dr., Friendswood, Texas 77546, (collectively the "Parties" and individually each a "Party") on the date set forth below.

Terms:

1. Contingency. The installation of the artwork on the traffic control cabinets pursuant to this Agreement shall be contingent upon the Texas Department of Transportation's authorization of the Project, as defined hereinbelow.
2. Scope of Services. The Company will perform the services as set forth in Exhibit "A," which is attached and incorporated herein (the "Project"). Services related to design and construction of the Project shall conform to all requirements herein.
3. Time of Performance. The Company shall perform the services required herein in accordance with the schedule attached hereto as Exhibit "C" and incorporated herein for all intents and purposes. Company shall not proceed with the work or any stage thereof until written notice to proceed is provided by the City. The Company shall immediately submit to the City in writing evidence of any delay. If satisfactory to the City's Representative, the City may grant in writing an extension of time equal to the period of actual delay.
4. Term and Termination.
 - a. Term. This Agreement shall commence on the date signed by the City Manager, and shall expire five (5) years after the City accepts the Project, unless extended in writing by the Parties.
 - b. Termination. The City, besides all other rights or remedies it may have, shall have the right to terminate this Agreement for cause or for convenience upon seven (7) days written notice to the Company. Upon delivery of any notice of termination required herein, the Company shall discontinue all services in connection with the performance of the Agreement. Within ten (10) days after receipt of the notice of termination, the Company shall submit a final statement showing in detail the services satisfactorily performed and accepted and all other appropriate documentation required herein for payment of services. At the same time that the final statement is tendered to the City, the Company shall also tender to the City all of the Company's instruments of service, including all drawings, special provisions, field survey notes, reports, estimates, and any and all other documents or work product generated by the Company under this Agreement, whether complete or not, in an acceptable form and format together with all unused materials supplied by the City. No final payment will be made until all such instruments of service and materials supplied are so tendered. The termination of this Agreement shall not relieve the Company of liability to the City for damages sustained by the City by virtue of any breach of the Agreement by the Company and the City may withhold any payment to the Company for

the purpose of setoff until such time as the exact amount of damages due the City from the Company is determined. The rights and remedies of the City in this section are in addition to any other rights and remedies provided by law or under this Agreement.

5. Compensation and Method of Payment.

- a. Compensation. The Company shall be paid for the services in accordance with Exhibit "B." In no event shall the total compensation exceed THIRTY-SIX THOUSAND AND NO/100 DOLLARS (\$36,000.00) during the term of this Agreement.
- b. Payment. Subject to subsection c of this section, the City shall tender payment for services only after (i) all such services are completed and accepted by the City, in its sole reasonable discretion and (ii) receipt of an invoice therefor from the Company. Payment by the City shall be due within thirty (30) days of receipt of an invoice, including all necessary backup information or approval of each Project, whichever is later; provided, however, in the event of a disputed or contested invoice, the City may withhold from payment that portion so disputed or contested, and the undisputed portion will be paid.
- c. Advance. The City agrees that it will pay one-half of the amount specified in subsection a of this section (the "Advance"), once the City has selected all of the artists for the Project and has received an invoice for the Advance from the Company. However, it is expressly understood and agreed that should this Agreement be terminated by the City pursuant to Section 4, the Company agrees that it will refund to the City that portion of the Advance for services, which have yet to expended by the Company at the time of receipt of the notice of termination. Such refund will be due within ten (10) days of the Company's receipt of the City's notice of termination and shall be accompanied by an accounting of all expenses paid by the Company in furtherance of this Agreement in a form acceptable to the City. Failure to pay such amounts when due shall result in interest accruing on the overdue amounts at the rate specified in Section 2251.025 of the Texas Government Code. This subsection shall survive the termination of this Agreement.

6. Insurance. The Company shall procure and maintain at its sole cost and expense for the duration of the Agreement, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the scope of work by the Company, its agents, representatives, volunteers, employees or subconsultants.

- a. The Company's insurance coverage shall be primary insurance with respect to the City, its officials, employees, and agents. Any insurance or self-insurance maintained by the City, its officials, employees, or agents shall be considered in excess of the Company's insurance and shall not contribute to it. Further, the Company shall include all subconsultants, agents and assigns as additional insureds under its policy or shall furnish separate certificates and endorsements for each such person or entity. All coverages for subconsultants and assigns shall be subject to all of the requirements stated herein.

- (1) Commercial General Liability
 - General Aggregate: \$2,000,000
 - Products & Completed Operations Aggregate: \$2,000,000
 - Personal & Advertising Injury: \$1,000,000
 - Per Occurrence: \$1,000,000
 - Fire Damage \$500,000
 - Waiver of Subrogation required

- Coverage shall be broad form
 - No coverage shall be deleted from standard policy without notification of individual exclusions being attached for review and acceptance.
- (2) Business Automobile Policy
 - Combined Single Limits: \$1,000,000
 - Coverage for "Any Auto"
 - Waiver of Subrogation required
 - (3) Professional Liability
 - Limit: \$2,000,000 per claim and in the aggregate
 - Coverage will be in force for one (1) year after completion of the Project
 - Waiver of Subrogation required
 - (4) Workers' Compensation
 - Statutory Limits
 - Employer's Liability \$500,000
 - Waiver of Subrogation required
- b. The following shall be applicable to all policies of insurance required herein:
- (1) Insurance carrier for all liability policies must have an A.M. Best Rating of A:VII or better.
 - (2) Only insurance carriers licensed and admitted to do business in the State of Texas will be accepted.
 - (3) Liability policies must be on occurrence form. Professional Liability policies can be on claims-made form.
 - (4) Each insurance policy shall be endorsed to state that coverage shall not be suspended, voided, canceled, or materially changed except after thirty (30) days' prior written notice by certified mail, return receipt requested, has been given to the City.
 - (5) The City, its officers, agents, and employees are to be added as Additional Insureds to all liability policies, with the exception of the Professional Liability and Workers' Compensation policies required herein.
 - (6) All insurance required herein shall be secured and maintained in a company or companies satisfactory to the City, and shall be carried in the name of the Company.
 - (7) The Company shall provide copies of insurance certificates to the City prior to the City's execution of this Agreement and shall ensure that throughout the term of this Agreement, all certificates on file with the City are up-to-date and not expired. Failure to provide certificates constitutes a breach of this Agreement.

7. Indemnification and Release.

a. **INDEMNIFICATION.**

THE ARTIST AGREES TO AND SHALL INDEMNIFY, HOLD HARMLESS, AND DEFEND THE CITY, ITS OFFICERS, AGENTS, AND EMPLOYEES (COLLECTIVELY THE "CITY") FROM AND AGAINST ANY AND ALL CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, SUITS AND LIABILITY OF EVERY KIND, INCLUDING ALLEXPENSES OF LITIGATION,

COURT COSTS, AND ATTORNEY'S FEES, FOR INJURY TO OR DEATH OF ANY PERSON, FOR DAMAGE TO ANY PROPERTY OR FOR ANY BREACH OF AGREEMENT TO THE EXTENT ARISING OUT OF OR IN CONNECTION WITH AN ACT OF NEGLIGENCE, INTENTIONAL TORT, INTELLECTUAL PROPERTY INFRINGEMENT COMMITTED BY THE ARTIST AND/OR ITS OFFICERS, AGENTS, EMPLOYEES OR OTHER PERSON OR ENTITY OVER WHICH THE ARTIST EXERCISES CONTROL (COLLECTIVELY THE "THE ARTIST'S PARTIES"). IT IS THE EXPRESSED INTENTION OF THE PARTIES HERETO, BOTH THE ARTIST AND THE CITY, THAT THE INDEMNITY PROVIDED FOR IN THIS PARAGRAPH IS INDEMNITY BY THE ARTIST TO INDEMNIFY AND PROTECT THE CITY FROM THE CONSEQUENCES OF THE ARTIST'S PARTIES' OWN WILLFUL MISCONDUCT, JOINT OR SOLE NEGLIGENCE AS WELL AS THE ARTIST'S PARTIES' INTENTIONAL TORTS AND INTELLECTUAL PROPERTY INFRINGEMENTS OUT OF OR IN CONNECTION WITH THIS AGREEMENT. SUCH INDEMNITY SHALL NOT APPLY, HOWEVER, TO LIABILITY ARISING FROM THE PERSONAL INJURY, DEATH, OR PROPERTY DAMAGE OF PERSONS THAT IS CAUSED BY OR RESULTS FROM THE NEGLIGENCE OF ANY PERSON OTHER THAN THE ARTIST'S PARTIES. IN THE EVENT THAT ANY ACTION OR PROCEEDING IS BROUGHT AGAINST THE CITY FROM WHICH THE CITY IS INDEMNIFIED, THE ARTIST FURTHER AGREES AND COVENANTS TO DEFEND THE ACTION OR PROCEEDING BY LEGAL COUNSEL ACCEPTABLE TO THE CITY. THE INDEMNITY PROVIDED HEREINABOVE SHALL SURVIVE THE TERMINATION AND/OR EXPIRATION OF THIS AGREEMENT.

b. Release.

By this Agreement, the City does not consent to litigation or suit, and the City hereby expressly revokes any consent to litigation that it may have granted by the terms of this Agreement or any other contract or agreement, any charter, or applicable state law. Nothing herein shall be construed so as to limit or waive the City's sovereign immunity. The Company assumes full responsibility for its services performed hereunder and hereby releases, relinquishes and discharges the City, its officers, agents, and employees from all claims, demands, and causes of action of every kind and character, including the cost of defense thereof, for any injury to or death of any person (whether they be either of the Parties hereto, their employees, or other third parties) and any loss of or damage to property (whether the property be that of either of the Parties hereto, their employees, or other third parties) that is caused by or alleged to be caused by, arising out of, or in connection with the Company's services to be performed hereunder, provided that nothing in this Release

provision shall expand or otherwise alter the Company's indemnification obligation set forth above. This release shall apply with respect to the Company's services regardless of whether said claims, demands, and causes of action are covered in whole or in part by insurance.

c. Subconsultants.

The Company shall require all of its approved subconsultants to include in its subcontracts a release and indemnity in favor of the City in the same form as above.

8. Notices. Unless otherwise provided in this Agreement, any notice provided for or permitted to be given must be in writing and delivered in person or by depositing same in the United States mail, postpaid and registered or certified, and addressed to the Party to be notified, with return receipt requested, or by delivering the same to an officer of such Party. Notice deposited in the mail as described above shall be conclusively deemed to be effective, unless otherwise stated in this Agreement, from and after the expiration of three (3) days after it is so deposited.

For the purpose of notice, the addresses of the Parties shall be as follows unless properly changed as provided for herein below:

CITY:

City of Friendswood
910 S Friendswood Drive
Friendswood, Texas 77546
Attn: Morad Kabiri
Title: City Manager

ARTIST:

UP Art Studio, LLC
806 Northwood St.
Houston, TX 77009
Attn: Elia Quiles
Title: Chief Operating Officer

Each Party shall have the right from time to time at any time to change its respective address and each shall have the right to specify a new address, provided that at least fifteen (15) days' written notice is given of such new address to the other Party.

9. Confidentiality. During the course of the services to be provided under this Agreement, the Company may become privy to confidential information of the City. The Company agrees to treat as confidential the information or knowledge that becomes known to the Company during performance of this Agreement and to not use, copy, or disclose such information to any third party unless authorized in writing by the City. This provision does not restrict the disclosure of any information that is required to be disclosed under applicable law. The Company shall promptly notify the City of any misuse or unauthorized disclosure of the City's confidential information and upon expiration or termination of this Agreement shall return to the City all confidential information in the Company's possession or control. The Company shall further comply with all information security policies of the City that may apply and shall not make any press releases, public statements or advertisement referring to the services provided under this Agreement or the engagement of the Company without the prior written approval of the City.

10. Warranties and Representations.

- a. Compliance with Law. The Company warrants and agrees that the Company shall perform its services and conduct all operations in conformity with all applicable federal, state, and local laws, rules, regulations, and ordinances. For any service performed on premises owned or controlled by the City, the Company warrants and agrees that the Company will perform said services in compliance with all the City rules, including, but not limited to, prohibitions related to tobacco use, alcohol, and other drugs.

- b. Licenses/Certifications. The Company represents and warrants that it will obtain and maintain in effect, and pay the cost of, all licenses, permits or certifications that may be necessary for the Company's performance of this Agreement.
- c. Authority. If the Company is a business entity, the Company warrants, represents, covenants, and agrees that it is duly organized, validly existing and in good standing under the laws of the state of its formation; and is duly authorized and in good standing to conduct business in the State of Texas, that it has all necessary power and has received all necessary approvals to execute and deliver the Agreement and is authorized to execute this Agreement according to its terms on behalf of the Company.
- d. Performance/Qualifications. The Company agrees and represents that the Company has the personnel, experience, and knowledge necessary to qualify the Company for the particular duties to be performed under this Agreement. The Company warrants that all services performed under this Agreement shall be performed consistent with generally prevailing professional or industry standards.
- e. Conflict of Interest. The Company warrants, represents, and agrees that the Company presently has no interest and shall not acquire any interest, direct or indirect, that would conflict in any manner or degree with the Company's performance of the services hereunder. The Company further warrants and affirms that no relationship or affiliation exists between the Company and the City that could be construed as a conflict of interest with regard to this Agreement.
- f. Prohibitions Pursuant to Texas Government Code. By executing this Agreement the Company verifies that the Company: (i) does not boycott Israel and will not during the term of this Agreement per Section 2274.002; (ii) is not engaged in business with Iran, Sudan, or any company on the list referenced in Section 2252.152; (iii) does not boycott energy companies and will not during the term of this Agreement per 2274.002; and (iv) does not have a practice, policy, guidance, or directive of this Agreement against a firearm entity or firearm trade association and will not during the term of this Agreement per 2274.002.

11. Miscellaneous.

- a. Captions. Each paragraph of this Agreement has been supplied with a caption to serve only as a guide to the contents. The caption does not control the meaning of any paragraph or in any way determine its interpretation or application.
- b. Successors and Assignments. The City and the Company each bind themselves and their successors, executors, administrators, and assigns to the other Party of this Agreement and to the successors, executors, administrators and assigns of such other Party, in respect to all covenants of this Agreement. However, neither the City nor the Company shall assign, sublet, or transfer its interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer of any public body which may be a Party hereto.
- c. Changes. The City may, from time to time, request changes in the scope of the services to be performed by the Company under this Agreement. Such changes, including any increase or decrease in the amount of the Company's compensation, which are mutually agreed upon by and between the City and the Company shall be incorporated in written amendments to

this Agreement. The City shall not be liable for any additional services performed hereunder unless an amendment to this Agreement for such services is executed prior to the performance thereof.

- d. Reports and Information. The Company shall, at such times and in such forms as the City may require, furnish the City such periodic reports as it may request pertaining to the work or services undertaken pursuant to this Agreement, the costs and obligations incurred or to be incurred in connection therewith, and any other matters covered by this Agreement.
- e. Independent Contractor. The Company is an independent contractor, and the City neither reserves nor possesses any right to control the details of the services performed by the Company under the terms of this Agreement.
- f. Civil Rights. The Company shall comply with applicable requirements of Chapter 106 of the Civil Practice and Remedies Code of the State of Texas, which prohibits discrimination on the grounds of race, religion, color, sex, or national origin, while performing work on behalf of the City. The Company shall carry out its work under this Agreement in a manner that shall ensure full compliance by the City with such statute and all applicable state and federal laws.
- g. Interest of Company and Employees. The Company covenants that it presently has no interest and shall not acquire any interest, direct or indirect, in the study area or any parcels therein or any other interests which would conflict in any manner or degree with the performance of its services hereunder. The Company further covenants that in the performance of this Agreement, no person who has any such interest shall be employed by the Company.
- h. Incorporation of Provisions Required by Law. Each provision and clause required by law to be inserted into the Agreement shall be deemed to be enacted herein, and the Agreement shall be read and enforced as though each were included herein. If through mistake or otherwise any such provision is not inserted or is not correctly inserted, the Agreement shall be amended to make such insertion upon application by either Party.
- i. Governing Law. This Agreement has been made under and shall be governed by the laws of the State of Texas.
- j. Venue. Any action brought by either Party based on any claim arising under or as a result of this Agreement shall be brought in a court of competent jurisdiction in Galveston County, Texas.
- k. Time is of the Essence. The Company shall perform the services herein as expeditiously as is prudent considering the ordinary professional skill and care of a competent artist. It is anticipated that all work will be completed within the time as stated in the schedule from the date of execution and that any delay in the completion of the work described herein shall constitute a breach of this Agreement.
- l. No Third-Party Beneficiary. This Agreement shall not bestow any rights upon any third party, but rather, shall bind and benefit the Company and the City only.
- m. No Right to Arbitration. Notwithstanding anything to the contrary contained in this Agreement, the City and the Company hereby agree that no claim or dispute between the City and the Company arising out of or relating to this Agreement shall be decided by any

arbitration proceeding, including, without limitation, any proceeding under the Federal Arbitration Act (9 U.S.C. Sections 1-14), or any applicable state arbitration statute, including, but not limited to, the Texas General Arbitration Act, provided that in the event that the City is subjected to an arbitration proceeding notwithstanding this provision, the Company consents to be joined in the arbitration proceeding if the Company's presence is required or requested by the City of complete relief to be recorded in the arbitration proceeding.

- n. Waiver. No waiver by either Party to this Agreement of any term or condition of this Agreement shall be deemed or construed to be a waiver of any other term or condition or subsequent waiver of the same term or condition.
- o. Force Majeure. Neither Party shall be liable to the other for (i) any delay in performance; (ii) any other breach; (iii) any loss or damage; or (iv) any contribution to or aggravation of any of the foregoing; arising solely from uncontrollable forces such as fire, theft, storm, war, or any other cause that could not have been reasonably avoided by the Parties' exercise of due diligence.
- p. Products and Materials Produced in Texas. If the Company will provide services under the Agreement, the Company covenants and agrees that in performing its duties and obligations under the Agreement, it will purchase products and materials produced in Texas when such products and materials are available at a price and delivery time comparable to products and materials produced outside of Texas.
- q. Risk of Loss. All Work performed by the Company pursuant to the Agreement will be at the Company's exclusive risk until final and complete acceptance of the Work by City. In the case of any loss or damage to the Work, or the need to redo or revise the Work for any reason except to accommodate a City request to materially alter the Work, prior to the City's acceptance, bearing the costs of such loss or damage to or such redo or revision of the Work will be the Company's responsibility.
- r. Publicity. The Company shall not use the City's name, logo or likeness in any press release, marketing materials or other public announcement without receiving the City's prior written approval.
- s. Complete Agreement. This Agreement represents the entire and integrated agreement between the City and the Company in regard to the subject matter hereof and supersedes all prior negotiations, representations, or agreements, whether written or oral, on the subject matter hereof.
- t. Severability. All Parties agree that should any provision of this Agreement be determined to be invalid or unenforceable, such determination shall not affect any other term of this Agreement, which shall continue in full force and effect.
- u. Ambiguities. In the event of any ambiguity in any of the terms of this Agreement, it shall not be construed for or against any Party hereto on the basis that such Party did or did not author the same.
- v. Authority. The officers executing this Agreement on behalf of the Parties hereby represent that such officers have full authority to execute this Agreement and to bind the Party he/she represents.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement in multiple copies, each of which shall be deemed to be an original, but all of which shall constitute but one and the same Agreement, on the ____ day of _____, 2024, the date of execution by the City Manager of the City of Friendswood.

SCOPE OF SERVICES

1. Basic Services. The Company will provide turn-key services for all phases of the installation of mini-murals approved by the City on twelve (12) traffic signal boxes located in Friendswood. This turn-key service includes working with City staff and with the Keep Friendswood Beautiful ("KFB") citizen committee, managing all logistics and materials related to the Project to ensure timely and quality execution, and overseeing each phase of the Project to ensure high-quality work throughout. Basic Services include, but are not limited to, the following:
 - a. Artist and Artwork Selection and Approval
The Company shall:
 - Work closely with City staff on selection of boxes, including their age, dimensions, and locations;
 - Facilitate the review process and work with KFB committee on selection of artists, based upon their portfolio, experience and alignment with the Project's aesthetic and community engagement goals;
 - Assign each selected artist to a cabinet to develop a design concept in collaboration with KFB committee and the Company;
 - Provide project photos and project renderings/description/documentation for final approval by KFB committee before mini-mural is created; and
 - Facilitate the review process with the KFB committee, the City and, if required, TxDOT for feedback and final approval.
 - b. Painting/Clearcoating/Photography
The Company shall or shall ensure that the selected artists perform the following services:
 - Surface Preparation and Priming.
The Company shall clean the cabinets to ensure the surface is ready for painting; and apply a direct-to-metal primer to the cabinets before painting begins to ensure proper paint adhesion.
 - Painting
The Company shall ensure that artists will use a combination of acrylic-based exterior latex paint and/or aerosol paint, tailored to each design and project specifications.
 - Clear Coating
The Company shall apply an industrial-grade UV and graffiti-resistant clear coat after painting is complete to protect the artwork from environmental wear and vandalism.
 - Photography:
The Company shall manage photography so that photographs of the mural creation process in process (if possible) of final images once the artwork is completed are taken.
 - c. Completion Phase
Upon acceptance of the Project by the City, the Company shall provide the following deliverables:
 - Final Report:
Upon project completion, the Company will provide a final report to the City detailing the process, including images of the finished murals.
 - Website Upload:

The Company shall upload the completed murals, along with photos and details to the Mini Murals™ website for public viewing and documentation.

d. Project Maintenance

Commencing on the date the City accepts the Project, the Company shall provide three years of maintenance, covering minor incidents of vandalism (up to three incidents).

- Since Mini Murals are painted on functioning equipment, which may require repair or replacement, the Company cannot guarantee the condition or longevity of each Mini Mural and makes no representation or warranty regarding how long each mural will remain intact.
- If an artist is unable to complete the work within the agreed-upon timeline, the Company reserves the right to replace the artist with one of a similar skill set to ensure timely project completion.
- If artwork is removed or replaced by TxDOT, regardless of the reason, a new mural will not be provided unless payment is made for the creation of a new mural.

e. Project Management

The Company shall be responsible for all the Company relations and Project management, including:

- Being responsible for all contract negotiations and payments/stipends for each artist as well as oversight of Project delivery and any recommendations changes or additions to the piece suggested by the KFB committee;
- Ensuring that the selected artists:
 - create designs that align with the Project's vision and TxDOT's guidelines;
 - paint the cabinets based on their approved designs;
 - acquire paints and any additional tools needed for their mural execution; and
 - permit photographs of the painting process, which will contribute to the Project's visual archive.
- Maintaining liability insurance and being responsible for risk management of the Project.
- Performing necessary measures for quality assurance, site inspections, and public safety assurance; and
- Maintaining the Project throughout the term of this Agreement and the three-year warranty period to conform to the requirements of TxDOT.

2. Additional Services. The City shall not be responsible or liable for any additional services performed by the Company unless such additional services have been approved in writing prior to the performance of the same. The Company will perform additional services at a price agreed upon by the Parties in writing prior to the performance of such services.

Exhibit "B"
COMPENSATION

Basic Services

Basic Services required under this Agreement, including all expenses associated therewith, shall be performed for a lump sum fee of THREE THOUSAND AND NO/100 DOLLARS (\$3,000.00) per electrical box accepted by the City. Payment will be made in two lump sum amounts as provided in Section 5 of the Agreement as follows:

Advance: Selection of Artists	\$18,000
Final Acceptance of the Project	\$18,000

Exhibit "C" Schedule

The Company shall perform the Basic Services specified in Exhibit "A" in accordance with the following schedule:

- **Mid-November - Early December 2024:**
 - **Artist and Artwork Selection:** Artists will be selected, and designs will be developed and submitted for approval. The design phase will take approximately 3 weeks.
 - **Artwork Approval:** The approval process, involving UP Art Studio, the City, and TxDOT, will ensure designs meet the project's standards.
- **Mid December 2024:**
 - **Surface Preparation & Priming:** Cabinets will be cleaned, sanded, and primed for each location.
- **Mid-December 2024 – January 2025:**
 - **Painting:** Artists will begin painting the murals. Each mural will take 2-7 days, with documentation through photos during the painting process, if possible. This stage is weather permitting.
- **Late January 2025:**
 - **Clear Coating:** After painting, the protective clear coat will be applied, taking an additional 2 days for curing. This stage is also weather permitting.
- **February 2025:**
 - **Final Inspection and Photography:** UP Art Studio will conduct a final inspection, take final photographs, and prepare a detailed report for submission to the City.
 - **Website Upload:** The completed murals and associated documentation will be uploaded to UP Art Studio's website.

STATE OF TEXAS §

COUNTY OF TRAVIS §

**AGREEMENT FOR PAINTING/WRAPPING OF
TRAFFIC SIGNAL CONTROLLER CABINET
FOR GOVERNMENTAL ENTITIES**

THIS AGREEMENT IS MADE BY AND BETWEEN the State of Texas, acting through the Texas Department of Transportation, hereinafter called the "State" or "TxDOT," and the City of Friendswood, Texas hereinafter called the "Local Government."

WITNESSETH

WHEREAS, Transportation Code, Chapter 201 and Transportation Code, Chapter 221 authorizes the State to lay out, construct, maintain, and operate a system of streets, roads, and highways that comprise the State Highway System; and,

WHEREAS, the State, allows local governments an opportunity to support the aesthetic improvement of the state highway system by donating the project development, establishment, and maintenance of decorating a traffic signal controller cabinet on a section of the state highway system upon approval of the State.

WHEREAS, the Local Government has requested that the State allow the Local Government to participate in said improvement by funding the improvement described as decorating the traffic signal controller cabinet, hereinafter called the "Project"; and,

WHEREAS, the State has determined that such participation is in the best interest of the citizens of the State; and

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, the State and the Local Government do agree as follows:

AGREEMENT

ARTICLE 1. TIME PERIOD

- A.** This agreement becomes effective when signed by the last party whose signing makes the agreement fully executed and shall terminate on **[INSERT A SPECIFIC DATE THAT IS NO MORE THAN 5 YEARS AWAY]** or unless terminated in accordance with Article 10. This agreement may be renewed in writing by mutual agreement of the parties for two additional five-year terms after the expiration of the initial term of the contract.
- B.** At the end of the agreement, the Local Government shall restore the State's property to that of its previous condition unless mutually agreed otherwise. The cost of restoring the property shall be borne by the Local Government and meet standards in accordance with Article 7.

ARTICLE 2. PROJECT

- A.** The Local Government agrees to have the work performed as described in Attachment A, Plan, which consists of traffic control plans, sketches, drawings, and in Attachment B, Work Responsibilities. The plan shall be subject to the review and satisfactory approval by the State prior to Painting/Wrapping. No modification to the approved plan may be made without the prior written approval of TxDOT's local District Engineer.
- B.** Unless otherwise specifically stated in Attachment B, the State may supervise and inspect all work performed and provide such engineering inspection services as may be required to ensure that the project is accomplished in accordance with Attachment A.
- C.** The Local Government agrees to maintain the Painting/Wrappings to the State's satisfaction for the period of this agreement in accordance with Attachment C, Project Work Schedule.
- D.** The Local Government shall provide, erect, and maintain to the satisfaction of the State any barricades, signs, and traffic handling devices necessary to protect the safety of the traveling public while performing any work on the project.
- E.** The Local Government shall be responsible for any additional exhaust fan, or fans, should the equipment in the traffic signal controller cabinets included in the Painting/Wrapping plan not have a second fan already present. The fans should be inspected to ensure full functionality.
- F.** Traffic Signal Controller cabinets included in the Painting/Wrapping plan shall be evaluated by the State on a

case-by-case basis for suitability. Cabinets more heavily populated with equipment will have higher temperatures than those less populated with equipment and will be more likely to approach the rated temperature and may be excluded from the plan by the State.

- G. The Local Government shall consult with the manufacturers of the Traffic Signal Controller cabinet to identify paint types/Wrapping Material that will adhere to aluminum and use the recommended products.
- H. All aspects of the project shall be carried out in compliance with applicable federal and state laws and regulations. The project shall be designed in accordance with Attachment A and with TxDOT's latest policies, procedures, standards, and guidelines. The Local Government shall award and manage all work.
- I. It is expressly understood that the State does not purport hereby to grant any right, claim, title or easement in or upon this State property.

ARTICLE 3. PROJECT FUNDING

- A. The Local Government is responsible for 100% of the cost of designing, decorating and maintaining the project. State funds shall not be made available to contribute to the design, Painting/Wrapping, or maintenance of this project under any circumstances.
- B. Any costs incurred by the State for repairs to the State Property, for removal of debris or any other necessary restoration work as a result of the project shall be billed to the Local Government at cost. The Local Government shall make full and complete payment to the State within thirty (30) days from receipt of State's written notification.

ARTICLE 4. REPRESENTATIONS AND WARRANTIES

- A. The Local Government represents and warrants that it has unrestricted and full use of any materials and items described in Attachment A and that by signing this agreement it relinquishes and transfers all rights and interest in and use to the State.
- B. The Local Government acknowledges that while it is not an agent, servant, nor employee of the State, it is responsible for its own acts and deeds and for those of its agents or employees during the performance of the work on the Project.

ARTICLE 5. MAINTENANCE

- A. Upon completion of the Project, the Local Government will assume responsibility for the maintenance of the Painting/Wrapping.
- B. If the State requires to perform maintenance work on the decorated Traffic Signal Controller Cabinet it shall, and if there is any damage to the Painting/Wrappings the Local Government will be responsible for 100% of the cost of the repair to the Painting/Wrapping

ARTICLE 6. RIGHT OF ACCESS

- A. The State shall permit the Local Government access to the site to perform any activities required to execute the work.
- B. Ingress and egress shall be allowed at all times for Federal and Highway Administration personnel and state employees and equipment when highway maintenance operations are necessary and for inspection purposes.
- C. This agreement does not give the Local Government any right to display or permit any other party to display literature, memorabilia, artifacts, or anything else in or around the Painting/Wrapping project, with the exception of the project itself. The Local Government shall follow all current TxDOT rules, policies, procedures, and regulations, which may be modified by TxDOT at any time without notice.

ARTICLE 7. CONDITION OF THE PROPERTY

- A. The Local Government shall complete the project in strict conformity to the plan as approved by the State. The Local Government shall not deposit any waste products on the premises and shall remove any materials and debris from the premises at the end of the project. The Painting/Wrapping project shall pose no danger or interfere to the traveling public. The State may halt the project at any time if, in its sole judgment, construction is posing a danger to the traveling public.
- B. The Local Government shall avoid damage on or outside the State property. At the State's request, the Local Government shall, at its own expense, restore or repair damage occurring on or outside State property, including but not limited to roadway and drainage structures, overhead signs, signs, traffic signals, pavement markings, and pavement to a condition equal to that existing before the project, and restore the natural and cultural environment in accordance with federal and state laws, including landscaping and historical features.

ARTICLE 10. TERMINATION

- A. This agreement may be terminated by: mutual written agreement and consent of both parties; the State upon the Local Government's violation of contract terms or failure to fulfill the obligations of this agreement; or the State if it determines that the performance of the project is not in the best interest of the State.
- B. If the Local Government fails to maintain the project in accordance with Attachment C, Maintenance Schedule, the project shall be subject to removal at the State's discretion and at the Local Government's expense.
- C. If the project is not completed within one year of the date of execution of this agreement, this agreement shall be terminated.

In the event the Project is not completed, the State shall seek reimbursement from the Local Government for repairs to the State Property, for removal of debris or any other necessary restoration work as a result of the project. The State shall bill the Local Government at cost and the Local Government shall make full and complete payment to the State within thirty (30) days from receipt of State's written notification.

ARTICLE 11. NOTICES

All notices to either party by the other required under this agreement shall be delivered personally or sent by certified or U.S. mail, postage prepaid or sent by electronic mail, (electronic notice being permitted to the extent permitted by law but only after a separate written consent of the parties), addressed to such party at the following addresses:

Local Government:	State:
<i>Mail to:</i> City of Friendswood Attn: City Manager 910 S Friendswood Dr. Friendswood, TX 77546	<i>Mail To:</i> District Engineer Texas Department of Transportation, Houston District 7600 Washington Avenue Houston, Texas 77007

All notices shall be deemed given on the date so delivered or so deposited in the mail, unless otherwise provided herein. Either party may change the above address by sending written notice of the change to the other party. Either party may request in writing that such notices shall be delivered personally or by certified U.S. mail and such request shall be honored and carried out by the other party.

ARTICLE 12. SOLE AGREEMENT

In the event the terms of the agreement are in conflict with the provisions of any other existing agreements between the Local Government and the State, the latest agreement shall take precedence over the other agreements in matters related to the Project.

ARTICLE 13. AMENDMENTS

By mutual written consent of the parties, this contract may be amended prior to its expiration.

ARTICLE 14. EMPLOYEES NOT TO BENEFIT

Texas Transportation Commission policy mandates that employees of the Texas Department of Transportation shall not accept any benefit, gift or favor from any person doing business with or who reasonably speaking may do business with the State under this contract. The only exceptions allowed are ordinary business lunches and items that have received the advance written approval of the Executive Director of the Texas Department of Transportation.

ARTICLE 15. DISPUTES

In the event of disputes as to obligations under the agreement, the State's decision shall otherwise be final and binding.

ARTICLE 16. ORDER OF DOCUMENT PRECEDENCE

In the event of any conflict among the elements of this agreement, they should prevail in this order

- A. This Agreement,
- B. Attachment A, Painting/Wrapping Plan,
- C. Attachment B, Work Responsibilities,
- D. Attachment C, Project Work Schedule.

ARTICLE 17. CONFIDENTIALITY

To the extent permitted by law, the Local Government shall not disclose information obtained from the State under this contract without the express written consent of the State.

ARTICLE 18. ASSIGNMENTS OR SUBCONTRACTS

The Local Government shall not assign or otherwise transfer their obligations under this agreement except with prior written consent of TxDOT. Subcontracts in excess of \$25,000 shall contain all applicable terms and conditions of this contract. A copy of the subcontract must be sent to TxDOT immediately following execution.

ARTICLE 19. INDEMNIFICATION

A. Errors, Omissions, Negligent Acts. To the extent permitted by law, the Local Government shall indemnify and save harmless the State and its officers and employees from all claims and liability due to activities of itself, its agents, or employees, which are performed under this contract, and which are caused by or result from error, omission, or act of the Local Government, its agent, or any person employed by the Local Government.

B. Attorney Fees. To the extent permitted by law, the Local Government shall also indemnify and save harmless the State from any and all expense, including, but not limited to, attorney fees, which may be incurred by the State in litigation or otherwise resisting a claim or liabilities that may be imposed on the State as a result of error, omission, or act of the Local Government, its agents, or its employees.

ARTICLE 20. COMPLIANCE WITH LAWS

The Local Government performance shall be in compliance with all federal, state, and local laws, ordinances, and regulations including but not limited to:

- ◆ the Endangered Species Act of 1973, 16 USC Section 1531 et seq., and the regulations there as amended;
- ◆ TxDOT erosion and sedimentation control standards and TxDOT Vegetation and Management Standards, which may in any way regulate or control the activity; and
- ◆ all state and federal environmental laws and any conditions required by the State to protect the environment.

ARTICLE 21. STATE AUDITOR

The state auditor may conduct an audit or investigation of any entity receiving funds from the state directly under the contract or indirectly through a subcontract under the contract. Acceptance of funds directly under the contract or indirectly through a subcontract under this contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.

ARTICLE 22. INSURANCE

If the Local Government or its subcontractors shall perform work on the State's right of way, the Local Government or its subcontractors shall maintain insurance on file with Contract Services of the Texas Department of Transportation in the amount specified on Texas Department of Transportation Form 1560, Certificate of Insurance, as required by the State. No other proof of insurance is acceptable to the State. The Local Government or its subcontractors certifies that it shall keep current insurance on file with that office for the duration of the contract period. If insurance lapses during the contract period, the Local Government or its subcontractors must stop work until a new certificate of insurance is provided.

ARTICLE 23. SIGNATORY WARRANTY

The signatories to this agreement warrant that each has the authority to enter into this agreement on behalf of the party they represent.

IN WITNESS WHEREOF, THE STATE AND THE LOCAL GOVERNMENT have executed duplicate counterparts to effectuate this agreement.

THE STATE OF TEXAS

Executed for the Executive Director and approved for the Texas Transportation Commission for the purpose and effect of activating and/or carrying out the orders, established policies or work programs heretofore approved and authorized by the Texas Transportation Commission.

**MINUTES OF THE REGULAR MEETING OF THE
CITY COUNCIL OF THE CITY OF FRIENDSWOOD
OCTOBER 7, 2024**

THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD MET IN A REGULAR MEETING ON MONDAY, OCTOBER 7, 2024, AT 5:30 P.M. IN THE COUNCIL CHAMBERS OF THE FRIENDSWOOD CITY HALL, LOCATED AT 910 S. FRIENDSWOOD DRIVE, FRIENDSWOOD, TEXAS, WITH THE FOLLOWING MEMBERS PRESENT CONSTITUTING A QUORUM:

Trish Hanks	Councilmember
Sally Branson	Councilmember
Robert J. Griffon	Councilmember
Joe Matranga	Mayor Pro Tem
Brent Erenwert	Councilmember
Mike Foreman	Mayor
Morad Kabiri	City Manager
Karen Horner	City Attorney
Leticia Brysch	City Secretary

1. CALL TO ORDER

Mayor Foreman called the meeting to order with a quorum present at 5:30 P.M. All members were present with the exception of the absence of Councilmember John Ellisor.

2. INVOCATION

The invocation was led by City Manager Morad Kabiri.

3. PLEDGE OF ALLEGIANCE - United States and State of Texas

Mayor Foreman led the Pledge of Allegiance of the United States and the Pledge to the State of Texas.

4. COUNCIL FOR A DAY

A. Consider a proclamation declaring October 7, 2024, as Wedgewood Elementary School Day in the City of Friendswood.

Mayor Foreman introduced the students and teachers from Wedgewood Elementary. He noted the Council for a Day Program allows second graders from the four elementary schools in Friendswood to “take over” the council dais and sit-in for the Council and Staff. The participants included the following:

Position	Student Name	Teacher Name
Councilmember 1 (Ellisor)	Madilyn Powell	Ms. Mayo
Councilmember 2 (Branson)	Nora Sanford	Ms. Brosseit-Aguiree
Councilmember 3 (Hanks)	Braedyn Brown	Ms. Nettles

Mayor (Foreman)	Savannah Johnston	Ms. Davis
Councilmember 4 (Griffon)	Logan Alley	Ms. Brosseit-Aguiree
Councilmember 5 (Matranga)	Jeremiah Gradnigo	Ms. Brosseit-Aguiree
Councilmember 6 (Erenwert)	Marina Mihajlovska	Ms. Mayo
City Attorney (Horner)	Claire Emig	Ms. Davis
City Manager (Kabiri)	Lincoln Peterman	Ms. Davis
City Secretary (Brysch)	Elle Whitehead	Ms. Nettles

A motion was made by Councilmember Madilyn Powell (John Ellisor) and seconded by Councilmember Nora Sanford (Sally Branson) proclaiming October 7, 2024, as Wedgewood Elementary School Day in the City of Friendswood. The vote was the following:

Ayes: Mayor Savannah Johnston (Mike Foreman), Councilmember Braedyn Brown (Trish Hanks), Councilmember Madilyn Powell (John Ellisor), Councilmember Nora Sanford (Sally Branson), Councilmember Logan Alley (Robert J. Griffon), Councilmember Jeremiah Gradnigo (Joe Matranga) and Councilmember Marina Mihajlovska (Brent Erenwert)

Nays: None

The item passed unanimously.

At 5:43 P.M., Mayor Foreman recessed the meeting for the Council for a Day reception.

At 5:53 P.M., Mayor Foreman reconvened the meeting.

5. COUNCIL COMMENTS AND REPORTS

Mayor Foreman opened the item inviting the Councilmembers to provide their comments and reports. Councilmember Branson took a moment to thank City Staff for hosting National Night Out. She also shared that an article, Small Seed Living, named six Houston neighborhoods as the best small cities in America with the City of Friendswood being number one. Councilmember Hanks commented over her experience attending the event of the last call for Friendswood EMS volunteers. She expressed her appreciation to everyone as it was a testament to the spirit of volunteerism in their community.

Councilmember Griffon announced that the Clear Creek Watershed Steering Committee meeting scheduled for tomorrow has been cancelled. He also reported over the success of the Anson Jones Masonic Lodge Annual Golf Tournament this past Monday and thanked everyone for their support. Mayor Pro Tem Matranga reported that a private non-profit has been created to support Friendswood's Animal Control Shelter named Fans of Friendswood. Mayor Foreman closed the comments by thanking his fellow Councilmembers for taking over the previous meeting in his absence.

6. PUBLIC COMMENT

Mayor Foreman announced a citizen, Mr. Chris Johnson, had signed up to speak on the item.

Mr. Johnson spoke before the Council to comment on Item 12.A., regarding reappointing Councilmember Branson to the Houston-Galveston Area Council (H-GAC). He requested the item to be pulled from the Consent Agenda for further discussion for citizens to understand what Friendswood's interaction is with that board as it relates to regional transportation projects.

7. COMMITTEES OR SPECIAL REPORTS

A. Receive the Senior Citizens Advisory Committee Annual Report.

As the report was attached to their agenda packet, Mayor Foreman considered the report received.

B. Receive the Chamber of Commerce Annual Report.

Friendswood Chamber of Commerce Chairman Denise Spruiell provided the following highlights from the Chamber's Annual Report:

- The Chamber partnered with the City for Santa in the Park and the Christmas lights parade.
- They hosted the "State of the City" luncheon for the Mayor in March.
- The Annual Car Show was hosted in conjunction with the Farmer's Market in April.
- "Party on the Patio," a reception for businesses, was held in May.
- A "Lunch and Learn" on hurricane awareness was presented by the Fire Marshal's Office in June.
- The Chamber co-hosted the "State of the District" with Friendswood Independent School District (FISD) in September.
- A candidates' forum for the FISD School Board election was hosted last Thursday.
- The Chamber partnered with Friends of Downtown Friendswood Association (FDFA) to promote the "Shop Local Love Friendswood" gift card.

8. WORK SESSION TOPICS

A. Receive and discuss the City of Friendswood Library and Community Center needs assessment studies.

Engineering Assistant Director Michael Medwedeff prefaced the item for Council. He noted that the Friendswood Library and Community Center needs assessments were identified in the City's long-range study approved by Council in March 2023. PGAL was retained to provide surveys, cost estimates, and assessments for both facilities. Multiple meetings helped identify current deficiencies and future needs. Both the Library and Community Center are aging and performing functions they were not intended or programed for. With that note, Mr. Medwedeff turned the floor over to their PGAL Representative.

PGAL Representative Ryan Bass then provided a presentation to Council with the following highlights:

- *Proposed New Community Center:* A three-story building with stacked functions across levels, as identified by the department's needs, with a possible park amenity. Permeable pavement parking spaces will be included to enhance site aesthetics and meet stormwater requirements. Two gymnasiums and a

walking track are included to support the growing senior and youth programs. The third floor will offer leasable office space for potential partners.

- *Cost Estimate for Community Center:* The total estimated cost for the fully built-out Community Center, as presented, is projected at \$47.17 million. However, additional cost options were provided omitting certain spaces that were presented which reduced the cost.
- *Library Renovation and Expansion:* The library has received upgrades but still requires improvements to HVAC, electrical systems, and plumbing. The expansion will also add space, primarily focusing on administrative areas and community meeting rooms. It was also highlighted that the expansion will create spaces for STEM and maker space activities, particularly for homeschoolers.
- *Cost Estimate for Library:* The projected total cost for the renovation and expansion is \$13.86 million.

The Councilmembers then engaged Mr. Bass and City Staff with inquiries about this project and the designs presented. City Manager Morad Kabiri noted that this project is not funded beyond the design work PGAL completed. In order to accomplish this, it would require partners and a potential bond election.

9. CITY MANAGER'S REPORT

A. Receive and update regarding National Night Out on October 1, 2024.

City Manager Morad Kabiri opened his report by presenting a few images of the National Night Out event that took place this past Tuesday. He thanked everyone that participated in the event.

B. Recognize City Secretary Administrative Assistant Linda Newsted for successfully completing the Texas Municipal Clerks Association (TMCA) Certification Program.

City Manager Morad Kabiri recognized City Secretary Administrative Assistant Linda Newsted for recently completing the Texas Municipal Clerks Associations (TMCA) Certification Program.

C. Receive an update regarding the Friendswood Public Library Summer Reading Program.

City Manager Morad Kabiri presented the following figures on the Library's Summer Reading Program:

CHILDREN AND YOUNG ADULT (2024)	
Number of Programs	158
Participants in Reading Challenge	1,338
Number of Attendees	9,163
Minutes Read	743,920
Teen Volunteer Hours	272
Children's/Young Adult Books Checked Out	33,685

ADULT SERVICES (2024)	
Number of Programs	135
Participants in Reading Challenge	222
Number of Attendees	1,703
Minutes Read	192,247
Home Deliveries & Outreach Programs	75

10. BUSINESS ITEMS

A. Consider authorizing an interlocal agreement with the Harris-Galveston Subsidence District to participate in the Water Conservation School Program, H2O Lab for 2024-2025.

City Manager Morad Kabiri explained that the item is a contract with the Harris-Galveston Subsidence District. The Water Conservation School Program, H2O Lab, is a tool to educate third graders on water conservation. The City, in exchange for its participation, receives groundwater credits in case they cannot use surface water resources during drier months. The program costs the City around \$19,000 and would be paid through the Water and Sewer Fund. Mr. Kabiri noted that if the City exceeds water usage thresholds, penalties would be significantly higher than what the City charges residents. The City would be charged \$5 to \$7 per 1,000 gallons, as compared to \$2 per 1,000 gallons.

A motion was made by Councilmember Hanks and seconded by Councilmember Matranga, to authorize an interlocal agreement with the Harris-Galveston Subsidence District to participate in the Water Conservation School Program, H2O Lab for 2024-2025. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, and Mayor Pro Tem Joe Matranga

Nays: Councilmember Brent Erenwert and Councilmember Robert J. Griffon

Absent: Councilmember John Ellisor

The item passed 4-2.

B. Consider authorizing a contract with Galveston County Health District for Water Pollution and Abatement Services for 2024-2025.

City Manager Morad Kabiri relayed that the item is an annual contract with the Galveston County Health District for assistance in pollution abatement of city streams. Councilmember Griffon inquired over other options. Mr. Kabiri noted that the Health District remains the most cost-effective solution. Mayor Pro Tem Matranga noted the cost for the contract is \$30,779, an increase of \$1,000 from the previous year.

A motion was made by Councilmember Branson and seconded by Councilmember Griffon, to authorize a contract with Galveston County Health District for Water Pollution and Abatement Services for 2024-2025. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matranga, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.

11. ORDINANCES & RESOLUTIONS

A. Consider an ordinance amending the City's General Budget for Fiscal Year 2023-2024 by approving "Budget Amendment XI" and providing for supplemental appropriation and/or transfer of certain funds.

A motion was made by Councilmember Branson and seconded by Councilmember Erenwert to approve Ordinance No. 2024-31, related to Item 11.A., as submitted. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Mayor Pro Tem Joe Matranga, and Councilmember Brent Erenwert

Nays: Councilmember Robert J. Griffon

Absent: Councilmember John Ellisor

The item passed 5-1.

ORDINANCE 2024-31

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, AMENDING ORDINANCE NO. 2023-20, PASSED AND APPROVED AUGUST 28, 2023, THE SAME BEING AN ORDINANCE APPROVING AND ADOPTING THE CITY'S GENERAL BUDGET FOR FISCAL YEAR 2023-24, BY APPROVING "BUDGET AMENDMENT XI" THERETO; PROVIDING FOR SUPPLEMENTAL APPROPRIATION AND/OR TRANSFER OF CERTAIN FUNDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR OTHER MATTERS RELATED TO THE SUBJECT; AND PROVIDING FOR THE EFFECTIVE DATE.

B. Consider an ordinance amending the City's General Budget for Fiscal Year 2024-25 by approving "Budget Amendment I" and providing for supplemental appropriation and/or transfer of certain funds.

A motion was made by Councilmember Branson and seconded by Councilmember Matranga to approve Ordinance No. 2024-32, related to Item 11.B., as submitted. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matranga, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.

ORDINANCE 2024-32

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, AMENDING ORDINANCE NO. 2024-25, PASSED AND APPROVED AUGUST 26, 2024, THE SAME BEING AN ORDINANCE APPROVING AND ADOPTING THE CITY'S GENERAL BUDGET FOR FISCAL YEAR 2024-25, BY APPROVING "BUDGET AMENDMENT I" THERETO; PROVIDING FOR SUPPLEMENTAL APPROPRIATION AND/OR TRANSFER OF CERTAIN FUNDS; PROVIDING FOR SEVERABILITY; PROVIDING FOR OTHER MATTERS RELATED TO THE SUBJECT; AND PROVIDING FOR THE EFFECTIVE DATE.

C. Consider on second and final reading an ordinance renaming Mills Drive to Mills Lane.

A motion was made by Councilmember Branson and seconded by Councilmember Griffon to approve Ordinance No. 2024-33, related to Item 11.C., as submitted. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matrang, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.

ORDINANCE 2024-33

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, RENAMING MILLS DRIVE TO MILLS LANE; AND PROVIDING FOR THE EFFECTIVE DATE THEREOF

D. Consider an ordinance on second and final reading amending Appendix D "Schedule of Fees, Rates, Charges, Deposits, Bonds and Insurance Amounts" of the Friendswood City Code to add fees for Emergency Medical Service's patient medical records.

A motion was made by Councilmember Hanks and seconded by Councilmember Branson to approve Ordinance No. 2024-34, related to Item 11.D., as submitted. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matrang, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.

ORDINANCE 2024-34

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, AMENDING APPENDIX D "SCHEDULE OF FEES, RATES, CHARGES, DEPOSITS, BOND AND INSURANCE AMOUNTS" OF THE FRIENDSWOOD CITY CODE TO ADD FEES FOR EMERGENCY MEDICAL SERVICE RECORDS; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES INCONSISTENT OR IN CONFLICT HERewith; PROVIDING FOR SEVERABILITY, PUBLICATION AND THE EFFECTIVE DATE

E. Consider a resolution amending Resolutions Nos. R2008-54 and R2008-103 to further define improvements that are eligible for incentives in Neighborhood Empowerment Zone #1 and to refine the incentives available.

City Manager Morad Kabiri provided a summary of the item for Council. He explained that the City established the Neighborhood Empowerment Zone #1 in 2008 following the establishment of their Downtown District. The Zone entailed reduced setback requirements and waived development fees, including building permit fees and impact fees, as an encouragement for development. Over the years, infrastructure improvements such as sidewalks and lighting were added. As such, Staff is recommending that there is no need to continue waiving fees for everything, like water heater replacements where the City sends out inspectors. However, waived fees would still apply to larger, whole-scale redevelopments.

A motion was made by Councilmember Hanks and seconded by Councilmember Griffon to approve Resolution No. 2024-30, related to Item 11.E., as submitted. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matranga, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.

RESOLUTION 2024-30

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, AMENDING RESOLUTION NOS. R2008-54 AND R2008-103 TO FURTHER DEFINE IMPROVEMENTS THAT ARE ELIGIBLE FOR INCENTIVES IN NEIGHBORHOOD EMPOWERMENT ZONE #1 AND TO REFINER THE INCENTIVES AVAILABLE; REPEALING RESOLUTIONS INCONSISTENT OR IN CONFLICT HERewith; AND PROVIDING AN EFFECTIVE DATE.

F. Consider a resolution accepting the Preliminary Service and Assessment Plan for authorized improvements within the Friendswood City Center Public Improvement District and setting a public hearing on the proposed levy of assessments.

City Manager Morad Kabiri summarized the Preliminary Service and Assessment Plan (SAP) for the Friendswood City Center Public Improvement District (PID) to Council. The PID is a funding mechanism for infrastructure improvements which would be broken down into two categories. The initial public

improvements will include road extensions and various internal street construction. The second phase of infrastructure would be the continuation of roadways, drainage, water and wastewater systems, landscaping, park amenities, and a fire station. The costs are divided into District (PID) and Non-District costs. District costs solely benefit PID property owners as they pay that additional tax, while Non-District costs benefit the broader community. For example, 12% of the fire station's cost is covered by the PID, and 87% by the Tax Increment Reinvestment Zone (TIRZ).

Mr. Kabiri further reviewed the Council actions to date, including accepting the PID petition, holding a public hearing, and adopting the resolution that authorized the City Center PID. Tonight's resolution seeks approval of the SAP, which covers a five-year period and outlines the costs, indebtedness, and assessment roll for properties within the PID. Future actions will involve holding a public hearing on the levying of assessments, approving the PID bond sales, and finalizing the SAP.

Councilmember Griffon asked about the timing for issuing the PID bonds and the amount to be raised. Mr. Kabiri confirmed the bond issuance would be \$37 million. Councilmember Griffon then inquired how the fire station's portion would be assessed, and Mr. Kabiri clarified that the City does not assess itself. However, the 12% share for the fire station would be paid by private property owners within the PID. He confirmed the developers were fully aware of these terms and had been involved in drafting the plan. Councilmember Griffon raised additional concerns regarding drainage, asking if Harris County Flood Control District approved the detention plans. Mr. Kabiri confirmed both the City's Engineering Department and Harris County Flood Control had signed off on the drainage plans. Further discussion ensued regarding the timelines, drivers of costs, and matters concerning the PID property owners.

A motion was made by Councilmember Griffon and seconded by Councilmember Matranga to approve Resolution No. 2024-31, related to Item 11.F., as submitted. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matranga, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.

RESOLUTION 2024-31

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, ACCEPTING THE PRELIMINARY SERVICE AND ASSESSMENT PLAN FOR AUTHORIZED IMPROVEMENTS WITHIN THE FRIENDSWOOD CITY CENTER PUBLIC IMPROVEMENT DISTRICT; SETTING A DATE FOR PUBLIC HEARING ON THE PROPOSED LEVY OF ASSESSMENTS; AUTHORIZING THE PUBLICATION AND MAILING OF NOTICE; ENACTING OTHER PROVISIONS RELATING THERETO; AND PROVIDING FOR THE EFFECTIVE DATE.

12. CONSENT AGENDA

A motion was made by Councilmember Hanks and seconded by Councilmember Griffon to approve Consent Agenda Items 12.C. and 12.N., as Items 12.A. and 12.B. were pulled for further discussion. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matranga, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.

A. Consider a resolution designating Sally Branson as representative and Mike Foreman as alternate to the Houston-Galveston Area Council 2025 General Assembly and Board of Directors.

Mayor Foreman took a moment to praise Councilmember Branson's excellent service in her role as the City of Friendswood representative to the Houston-Galveston Area Council (H-GAC). Councilmember Branson shared over her experience and added her thoughts on the value of H-GAC, emphasizing the importance of teamwork amongst the counties and highlighting their partnerships with other agencies. The Mayor also pointed out that she had also chaired the board of directors of the H-GAC.

A motion was made by Councilmember Hanks and seconded by Councilmember Erenwert to approve Resolution No. 2024-33, related to Item 12.A., as submitted. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matranga, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.

RESOLUTION NO. 2024-33

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FRIENDSWOOD, TEXAS, DESIGNATING THE CITY OF FRIENDSWOOD'S REPRESENTATIVE AND ALTERNATE TO THE GENERAL ASSEMBLY OF THE HOUSTON GALVESTON AREA COUNCIL FOR THE YEAR 2025; AND PROVIDING FOR THE EFFECTIVE DATE THEREOF.

B. Consider a resolution regarding nomination(s) to the board of Directors of the Galveston Central Appraisal District (GCAD) for a two-term set to begin January 1, 2025, and end on December 31, 2026.

Councilmember Griffon raised a concern about one of the nominees possibly being term-limited and questioned why someone ineligible would be nominated. City Secretary Leticia Brysch took a moment to explain the nomination process. The Council discussed and inquired if there were potential term limits, but there was uncertainty. Staff agreed to review the legislative wording and confirmed that Council could remove nominees before the next month's vote. With that, Councilmember Griffon nominated Ms. Cheryl Johnson, a current non-voting member, on the board as a voting-member. City Attorney Karen Horner noted that Ms. Johnson might not be able to serve two positions on the board. Staff would check.

A motion was made by Councilmember Griffon and seconded by Mayor Foreman to approve Resolution No. 2024-34, related to Item 12.B., approving the nomination(s) with the addition of Ms. Cheryl Johnson to the board of Directors of the Galveston Central Appraisal District (GCAD), contingent on the nominees' eligibility. The vote was the following:

Ayes: Mayor Mike Foreman, Councilmember Trish Hanks, Councilmember Sally Branson, Councilmember Robert J. Griffon, Mayor Pro Tem Joe Matranga, and Councilmember Brent Erenwert

Nays: None

Absent: Councilmember John Ellisor

The item passed unanimously.
